No Paper to-morrow.—To-morrow being New Years, and an old-time Holiday the Printers insist on observing, no paper will be issued from this Office.

Turkey.—We are looking for a turkey, but we "can't see it."

Box for the 11th Ohio.—The friends of the 11th Ohio are making up a box of socks, mittens, handkerchiefs, needle-books, &c., for the Montgomery county boys. All wishing to send such articles to friends, can do so by putting their names on them, and leaving them within one week at Payne & Hatfield's Store, No. 300 Third street.

(Journal please copy.)

New Year.—This is the last day of the Old Year! A retrospect of the past twelve months does not offer any thing pleasant to contemplate. After another year of Civil War, noted for its terrible destruction of life, enormous waste of treasure, and immense depletion of resources, we are—to all seeming—farther from the accomplishment of the purposes of the contest than when the first blow was struck to compel the continuance of the Union of the States, nearly two years ago. We need not refer to the gloomy incidents of a long catalogue of disasters to the Union arms during the year. They have not had the effect of imparting confidence in the ability of our Government to suppress the Rebellion. It is useless to deny that the mismanagement of the war has shaken the hopes of the best friends of the Union and the Government of our ultimate success in the contest. The only hope we can have is in an entire change in the conduct of the war, so as to destroy the criminal pettifoging of political generals, stop the reckless waste of money, destruction of Government property, and bring the public plunderers and robbers to grief; or a cessation of hostilities with the hope of a reconstruction of the Union on a basis that will be acceptable to a majority of the People North and South. It must come to some such complexion at last. We repeat, then, that in the retrospect of the past year we find nothing of a public character pleasant to contemplate.

Life, however, has not been without its hopes, enjoyments and endearments, during the year which is now departing. It has imparted joys as well as sorrows. We might enumerate a great many items of individual delectation, as an offset to the public gloom; but it is not necessary to do so. These will be remembered and properly credited when we come to make up the account of the year. And we should be thankful that we have not fared worse than we have.

To-morrow will begin the New Year. Let us all begin to live anew with the morrow, determined to improve upon the past. It will not be difficult to do so. There is room for improvement. If we had time and space we would devote them to suggestions pertinent to the occasion. But each reader of this Department is aware of particular shortcomings, and besetting sins, and we trust that wherein they have failed they will redouble their diligence and increase their exertions in well-doing for the future.

A world of Hope is centered upon the New Year! Oh! how vastly are the living interested in the events which will crowd upon its opening season! May we not trust that the gloom which overshadows us at the close of the Old Year will be dissipated ere New Year passes its first quarter!

To this Glorious End let the united energies of the Nation be directed in sober, determined earnest, and good will surely come of it.

And in the spirit of these hopes, with an honest purpose to improve the past of our own poor life, we tender our earnest prayer for the increased happiness of our readers, and for the return of Peace and Prosperity to our now distracted country.

Maltby Oysters, &c.—The good reputation of the Maltby Oysters is too well established in every city, village and neighborhood in the Great West, to need any special commendation now. A large number of people will eat none but the Maltbys, if they can get them. And it is only necessary to inform the public that Payne & Hatfield, No. 300 Third street, are constantly supplied with the best quality, direct from Baltimore, and they have arranged to sell them at the old prices—and that is as cheap as the cheapest. Go there and secure your New Years oysters.

Payne & Hatfield are in frequent receipt of all manner of good things in the Confectionery line, such as Candies, Candy Toys, Raisins, Figs, Dates, Nuts, Green and Dried Fruits, Fine Cigars, Tobaccos, &c., &c., &c.

P. & H. are fixed up big for the New Year trade.

To-night—To-morrow night.—Don't forget the Festival at Walker Hall to-night and to-morrow night. The snow will not make any difference, if you only *think* so. But it will really make matters merrier. The ladies have taken great pains to prepare for the occasion, and we have assurance that they have succeeded admirably. The object is a good one—the payment of a church debt, and it is a very agreeable way of discharging a debt. The agreeableness of the occasion will be a compensation, and it will, under the circumstances, be a pleasure to assist in the discharge of the debt. Don't forget the Festival to-night and to-morrow night, at Walker Hall, Oregon. And take the Postage Currency!

The Weather.—The weather "set in" yesterday with an inclement *raid*, and was as disagreeable as a Norwegian could desire. During the night the cold was more intense, and the snow became solid, with the prospect of lying on the ground for a day or two. The climate is too uncertain to make calculations a day ahead, and we will not speculate upon the chances of an old-fashioned sleigh-ride, such as we invariably had on New Years when we were a youngster, some forty years ago! The Times have sadly changed since then, and the Seasons, too.

Burglary and Arson at Franklin.—Yesterday morning, about 5 o'clock, fire was discovered issuing from the establishment of M. V. Barkalow, dealer in hats, caps, boots, shoes, etc., in Franklin. On entering the establishment it was found to have been robbed of part of the stock and $2,700 in money, which the robbers obtained by picking the lock of the safe.

Mr. Barkalow loses his entire stock, together with a part of his books, notes, &c. The total loss, including damage to building, is estimated at $6,000. Up to this time no clue has been obtained as to who are the guilty parties.

The "Only Place."—We advise you to call at Mr. James Rickey's Book Store, No. 326, Third street for Holiday Gifts—splendid Books, Photographic Albums, Engravings, Fancy Articles, Stationery,—everything, indeed which can be found at a similar establishment in Cincinnati or New York. Indeed Rickey's is the "only place" where you can get "everything you want" in his line in this meridian.

Gifts.—Go to Lafee's No. 320, Third St., and get some of those nice Cake Baskets, Butter Dishes, Parlor Bells, Cake Dishes, Castors, and lots of other nice goods, suitable for New Year's Gifts. Lafee offers more attraction than can be had in the Jewelry line elsewhere. Go there to-day.

Tremendous Rush!—The Store Room No. 76 Main street is just crammed with customers who are attracted there by the goods selling at cost! There is no humbug about this! It's SO. The rush there is perfectly astonishing. It reminds us of the attempt to get into the concert the other night.

Oysters, &c.—Brandenburg, one door West of the P. O., is in daily receipt of large quantities of the best qualities of Baltimore Oysters, and is prepared to supply families and dealers in any number they may desire. He is licensed to sell at wholesale, and he offers big inducements to retail dealers.

Dentistry.—The particular attention of our readers is called to the Dental Card of Dr. Gillespie, in another column. He has an excellent reputation for ability in his profession.

The Dance.—Of course the devotees to the shrine of Terpsichore will remember the Harmonia Society Ball at Beckel Hall to-night.

Photographs.—Don't neglect to go to Gross' Gallery Main street, opposite the Court House, and get your photographs taken for New Year's Gifts for your friends.

New Years Lunch.—John Gangnagel will set an extra Lunch, with Oyster Soup, to-morrow morning at half past 9 o'clock, at 5th St. Exchange.

Just Arrived.—A splendid lot of Ladies' Dress Goods, Muffs, Victorines, Balmoral Skirts, Boots and Shoes, and lots of fancy goods, just received at the Store of C. P. Huber & Son, 280 Third street. Call! Call!

Religious Notice.—Elder John McMillen of Carthage, Illinois, will preach on Friday evening in the Christian Church in Miami City.

Special Notices.

SHOOTING AND ROLLING MATCH.—The subscriber has arranged a shooting and rolling match for Turkies, Ducks and Chickens on New Year's Day, January 1st, 1863. Everybody is entitled to use his own gun on the Shooting Stand, but no pointed balls are allowed to be used. An extra fine lunch will be served up at nine o'clock in the morning. All fun loving people are invited to attend.

JOHN GRUBEL,
McPhersontown, Dec. 30.

DO YOU REMEMBER?—Do you remember that you have put off your wife for over a year with promises that you would buy her a Sewing Machine after while? Now, open your heart, and on Christmas morning, give her a happy surprise with a Wheeler & Wilson.

"ECONOMY IS COMFORT."—W. F. Gebhart, No. 263, Third street, offers for sale the most Complete and Handsome "COAL STOVE" we have ever seen. They are warranted not to consume over one half the coal ordinary Coal Stoves do. The heat generated is much pleasanter than furnace heat, and the stove is never red hot, and does not create a sickening warmth in a close room. At the very least a *saving of fifty per cent.* is realized.

This stove is now used by the Telegraph Office, State Bank, Stewart's Drug Store, Lunatic Asylum, E. E. Barney, W. W. Wall, Mr. Leland, W. F. Comly, and others. 1w

S-T-1860-X.

DRAKE'S PLANTATION BITTERS.—Exhausted nature's great restorer. A delightful beverage and active tonic. Composed of pure St. Croix Rum, roots and herbs. It invigorates the body without stimulating the brain. It destroys acidity of the stomach, creates an appetite, and strengthens the system. It is a certain cure for Dyspepsia, Constipation, Diarrhea, Liver Complaint, and Nervous Headache, and prevents Miasmatic disease from change of diet, water &c. It can be used at all times of day by old or young, and is particularly recommended to weak and delicate persons. Sold by all Grocers, Druggists, Hotels, and Saloons. P. H. DRAKE & CO.,
de22daw6m 202 Broadway, N. Y.

THAT'S SO!—A. H. West has resolved to sell Wheeler & Wilson's Sewing Machines at the old prices, until after the Holidays. Leave your orders early, as there will be a rush, in prospect of the price going up.

COALE'S NEW JAPAN.—We have already apprized our readers of a new article of Japan, now in general use in this city. The excellence of the article is fully set forth in the following certificate from Messrs. John Thompson & Co., who are well known here.

PITTSBURG, 18th April, 1862.

We have tried Coale's Patent Japan Drier, and find it an excellent article. We tried it with lampblack ground in raw oil. We found that for these two colors we had to use a larger proportion of drier than that recommended by Mr. Coale, but for others colors we found the quantity (one eight) quite enough to dry them thoroughly. Practical painters know that a Japan that will dry lampblack and Vandyke brown will dry any other color that it is put into. We therefore have no hesitation in recommending it to the trade and to the public generally.

So call early and lay aside your toys,
And have your name placed on hand and secure
