Starved!

"On Saturday a soldier's wife—Mary Ann Kidney—was found in her room, No. 862 Central avenue, dead. Two children, one nine and the other thirteen years of age, were clinging in agony to the lifeless body of all that remained of that which to them was dearest on earth. The neighbors sent for the Coroner, a jury was impanneled, evidence heard as to the causes of death, and a verdict returned of 'Died from want of care!'

The truth was that this woman had not the means to sustain life. Her husband, her protector, is in the army; her supporter is in the army, and the Government has no money for her brave defenders. In an effort to sustain herself and two children, she was prostrated, and died 'from want of care.' No one came round to look after the soldier's wife, to pour consolation into her withering heart, and to render the succor for which she was dying. Alone, penniless, heart-broken, suffering the pains of disease, and the pangs of distress, she drew her two friendless children around her, and died 'from want of care.'

Where, we ask, is all our boasted patriotism, philanthropy and Christianity, when a scene like this takes place in our midst? While this poor soldier's wife was dying 'from want of care,' our streets were thronged with gayety, our places of amusement crowded with merry audiences, and money poured out lavishly for articles of luxury and wear. Of the gay thousands how many had a thought of the suffering wives and children of our soldiers who were compelled to spend Christmas in sorrow and gloom?

Time and again have appeals been made in their behalf through the columns of this journal. Upon the authority of those who had gone from house to house and witnessed the sorrowful destitution of many of these families, we warned the community that unless measures were taken for their relief, they would early be shocked with such an announcement as we make to-day. We wonder if it will cause the people to pause in the enjoyment of their holiday festivities, and give an hour's thought to the suffering families of volunteers.

Will the rich pause? will those who have made money out of the war pause? will the professing Christian and the pretending patriot deign to think a moment of their duty in this case? Of seventeen wards, only three have provided to relieve the distress of these people. In fourteen wards ten men have not been found willing to play the philanthropists to those pitiable ones.

In fourteen wards there is not a hand to offer relief to the wives and children of the unpaid volunteer soldiers of the Union. And now they commenced dying 'from want of care'—starving, yes starving, in this wealthy gay and merry city; and after life has flickered away, their bodies are hurried to the Potter's Field, upon an order from the Coroner, with no tear of sympathy to fall upon their graves. To all of this we cry shame!

If this thing is to continue, the Coroner will be called to hold many such inquests this winter, if relief is not soon provided. Let our churches be closed, let the golden calf be erected as our God, and all fall down and worship it. There is no place for Christianity in the hearts of those who will suffer the wife of a patriot soldier to die 'from want of care.'"—*Cincinnati Times.*

Government Investments.

Here is one of the ways the money goes:

"Government, having nothing better to do with its money, has invested a large sum in a Hoe press, type, ink and 3,000 reams of paper, and sent the whole to Beaufort, S. C., to establish an anti-slavery journal there, to be given away if it cannot be circulated in any other manner."

At Hilton Head the Government is sustaining a negro school; it has a single contract with a house in New York for clothing for 50,000 negroes; it is feeding 15,000 or 20,000 negroes in different military camps, with the same rations as are allowed to white soldiers.

As the farmers of the Northwest, who cannot get enough for their corn, in consequence of the war, to pay the cost of raising it, shall be called upon for their taxes, they will be likely to bear in mind some of the ways the money goes.—*Chicago Times.*

Jno. Morgan in a Federal Camp.

The Atlanta *Intelligencer* states the following incident:

"We learn, from reliable authority, that recently (Thursday last) the gallant General John Morgan left his camp, which was in the vicinity of Gallatin, Tenn., on a tour of observation, and, while absent, the unexpected appearance of a large force of the enemy caused his command to retire from it and leave it in the enemy's possession. Shortly after Morgan, who wore the uniform a Federal officer, returned to find his camp thus occupied, and himself surrounded by the Abolition soldiery. Nothing daunted, they not recognizing him, his uniform, too, deceiving them, he demanded what they were doing there when the—— rebels were fast advancing upon them from the quarter in which he approached them, and gave them an authoritative command to retire in an opposite direction. This they hastily did, when Morgan himself, with no less haste, retired also in an opposite direction, safely reaching his command."

The Prince of Wales hasn't yet sown his wild oats. He was in Paris one night recently on his way to Lisle to meet his sweetheart, and "put up" at the Hotel Mirabeau, refusing, so it is whispered, to go to the Embassy or to Compeigne, as he was traveling incognito. With one of his suit, a gay boy like himself, he went in the evening to one of the dancing gardens (Mabille), had a jolly little supper at the Maison Dorce with a couple of duchesses they met there, and didn't get home until ever so much o'clock in the morning, is he did at all. Shocking, positively shocking, in the destined husband of the loveliest maiden in Denmark.

They are telling a good story in Troy, New York; as follows: "It was rumored that a gentleman known to be a loyal citizen had a secession flag flying from his house. Of course there was a flutter, and an excited party started for the premises. On reaching the house it was found to be a Lady's balmoral that had been washed and hung from a back window to dry. The husband avowed his determination to stand by that flag as long as he lived, and the effervescent crowd exploded and disappeared."

The Governor of Maryland has appointed ex-Gov. Hicks to fill the vacancy occasioned by the death of United States Senator Pearce, until the Legislature shall meet to elect a successor.

THE SCANDINAVIAN
"No power this extracts our power,

DR. ROBACK'S
BLOOD PURIFIER
and
BLOOD PILLS
have been introduced to the public for more than six years, and have acquired an
Immense Popularity,
far exceeding any Family Medicines of a similar nature in the market.
An appreciating public was not long in discovering they possessed remarkable
Curative Properties,
and hence their
Rapid Sale
and consequent profit to the Proprietor, thus enabling him to expend
Many Thousands
of dollars each year in advertising their merits, and publishing the
Numerous Certificates
which have been showered upon him from
All parts of the Country.
The peculiarity of the
Blood Purifier and Pills
is that they strike at the root of Disease, by eradicating every particle of impurity
In the Blood,
for the life and health of the body depends upon the purity of the blood.
If the blood is poisoned, the body drags out a miserable existence. These medicines

ONE person writes, her daughter was cured of fits of nine years' standing, and St. Vitus' dance of two years.
ANOTHER writes, his son was cured after his flesh had almost wasted away.
The doctors pronounced the case incurable.
ANOTHER was cured of Fever and Ague after trying every medicine in his reach.
ANOTHER was cured of Fever Sore which had existed fourteen years.
ANOTHER of Rheumatism of eight years.
Cases innumerable of Dyspepsia and Liver Complaint could be mentioned in which the Purifier and Pills
Work like a Charm.
The Blood Pills
are the most active and thorough pills that have ever been introduced.
They act so directly upon the Liver, exciting that organ to such an extent as that the system does not relapse into its former condition, which is too apt to be the case with simply a purgative pill.
They are really a
Blood and Liver Pill,
which, in conjunction with the
Blood Purifier,
will cure all the aforementioned diseases, and, of themselves, will relieve and cure

T. W. O. also pays very particular attention to preparing all kinds of Blanks with Printed Books—Railroad and other work requiring neatness and dispatch.
Having recently greatly added to his already large facilities, he is better than ever prepared to please the public.
He refers to the County offices of Montgomery Preble, Darke and to the various Banks, Railroad offices, &c., in the Miami Valley, for specimens of his work. dec13
