Wynkoop's Iceland Pectoral.

Diseases of the throat, chest and pulmonary organs are ever prevalent, insidious and dangerous. The properties of a medicine to alleviate, cure and protect these complaints, must be expectorant, anodyne and invigorating, loosening the mucus of the throat, and imparting tone to the entire system. No discovery in medical science ever mastered this class of diseases like Dr. Wynkoop's Iceland Pectoral. It is used with the most astonishing results in all cases of bronchitis, influenza, whooping cough, diptheria or putrid sore throat, asthma, croup, coughs, colds, nervous irritability, &c.

The Rev J. J. Potter certifies that, "I have used Dr Wynkoops Pectoral for several years, myself and in my family, for severe pulmonary complaints, and have recommended it to many others, and have never seen its equal." Rev. J. J. Potter, Brooklyn N. Y.

Hundreds and thousands of important testimonials could be produced, showing its remarkable cures and that it never fails.

It is composed of pure Iceland Moss, Balm of Gilead, Peruvian Balsam, Elecampane, Comfrey, Burdock, and other invaluable expectorant and tonic ingredients. It is harmless, prompt and lasting. Invalids and sufferers cannot afford to neglect a trial. Every family should have it. It is remarkable for Croup. Full descriptions, recommendations and directions accompany each bottle.

Sold in Dayton by W. W. Stewart and all principal druggists.

Prepared by Dr. R. D. Wynkoop, and sold by D. S. Barnes & Co., New York.

There is soon to be a new enrollment under the Conscription Act preparatory to a new draft. The following shows whose names are to be put down:

"All persons who shall arrive at the age of twenty years before the draft, all aliens who shall declare their intention to become citizens, all persons discharged from the military service of the United States, who have not been in such service two years during the present war, and all persons who have been exempted under the provisions of the second section of the Act to which this is an amendment, but who are exempted by the provisions of the Act, and said Boards of Enrollment shall release and discharge from the draft all persons who, between the time of the enrollment and the draft shall have arrived at the age of forty-five years, and shall strike the names of such persons from the enrollment."

The land is to be crimsoned with blood, more widows and orphans are to be made, a few more billions of debt is to be incurred, and this beyond the ability of the Government to meet, no matter how wise a system of taxation instituted, and all of this for what? Not that they will finally obtain victory. This can never be. Our enemy, who has successfully battled us for three years with limited resources, has nor been weakened, nor does he show signs of surrender; on the contrary, he confronts us as all points with stronger and better appointed armies than he ever had, and throws defiance in our teeth. Is it in the nature of the case—does history afford one parallel instance that victory to us is possible? I boldly say it does not.

FREEDOM OF THE PRESS.—In France a newspaper is entitled to receive three seperate warnings for as many offences, in the way of giving currency to false reports or publishing seditious articles; but then it must be remembered that France under its present rules is a much milder despotism than either Russia, Austria or the United States.

"How are we to pay the interest on such a sum?

MRS LINCOLN.—Mrs. President Lincoln arrived in this about 7 o'clock this morning on her way to New York. She was accompanied by servants and occupied a special car, into which none but herself and retinue were allowed.—*Jersey city Standard*, 27th.

A singular case occurred at Williamsburg, N. Y., last Sunday. A soldier named Wm. Smith was dying. His brother-in-law, Charles Fisher, was so affected that he seized a pistol and tried to kill himself. A man named Casey wrestled the pistol from him, and in doing so it exploded, inflicting a severe wound in his (Casey's) side.

It is said that the attempt to be made in the Senate to strike out the $300, exemption clause in the enrollment act will probably fail in the House; and that the proposition to draft for a single year will be adopted.
