WHAT WILL YOU TAKE?

Cheap and Good Reading.

We had not intended to club with any paper this year, but at the earnest solicitation of many old patrons, have concluded to make the following offer

To all subscribers who are paid up on the JEFFERSONIAN, we will send it and

The New York *Times*, one year, for $3 00
The Toledo *Blade*, one year, for $3 25

This arrangement will terminate February 1, 1873.

Farmers Attention!—The highest market price is always paid for Clover and Timothy Seed by Davis Bros. & Co.

READ the advertisement of the old reliable Lorillard Insurance Co., in another column, D. B. BEARDSLEY & Co., Agents.

Money Orders.—There were $468.97 in money orders issued at the Findlay Post-office, for the month ending Dec. 31st. There were $549.87 paid for the same time.

"Double-Minded Men."—The Pastor of the English Lutheran Church will deliver a sermon to the young next Sabbath evening; subject: Double-Minded men. A good attendance is requested.

OWING to sickness among our employees, our paper does not present the usual variety nor as fair an appearance as we had intended the first number of 1873 should. We are "on the improve" however, and will make it better next week.

Recovering.—We are glad to learn that Hon. Wm. Mungen, who was severely injured by being thrown from a sleigh the latter part of last week, is recovering, and will soon be able to be around again. His collar bone was broken, and he received severe internal injuries.

Good Work.—We are in receipt of a large stock of very fine stationery, and are prepared to do Bill-heads, Letter heads, Statements, &c., in good style, and as cheap as good work can be afforded—at least so cheap that no business man can make it pay to do without.

Special Religious Service.—There will be a special communion service in the Congregational Church next Sunday, following the morning sermon. Several new members are to be received on profession of faith, and baptism will be administered to such as have not been baptised.

Getting Well.—Michael Newman, Jr., left Findlay Saturday night a week ago with his team for his home in Madison township, but was found near Arlington so badly frozen that for a time his life was despaired of. His team had run away, throwing him out. We are glad to learn that he will recover, but will be somewhat crippled. It seems almost a miracle that he survived.

A Mistake.—It's all a mistake—Fred. Selbach has not removed his music store to Kimmel's Block, as stated by us last week, nor does he intend to remove until the first of April. The mis-statement arose from the fact that Fred. got his tenses somewhat mixed. He desires us to say that he may still be found at the old stand, where he is prepared to accommodate all who call on him with good wares, at low prices. This is reliable. Call and see.

A Big Days' Work.—Mr. Rinaldo Moffatt, of Blanchard township, on a wager this last fall, cut 200 shocks of corn, 144 hills to the shock, in 11½ hours, stopping for dinner and supper. The corn averaged sixty bushels to the acre. He commenced work at six o'clock, A. M., took dinner at 11 o'clock, and by noon had cut 119 shocks. He took supper at 4, and completed his task by 5½ o'clock. We should like to hear from the man who can beat it.

A Good Suggestion—That made by A. Grable, Esq., at the "Farmers' Club" last Saturday. In discussing as to the best agricultural paper for the farmers of Hancock county, Mr. G. said that the best plan was for every farmer to contribute practical observations on farming to his county papers, giving the benefit of his experience and observation at home on our own soil and our own climate. There was a world of wisdom in that remark. Let the suggestion be carried out.

Poisonous Bites—Prof. "Anderson's Dermador" instantly cures Bee Stings, Wasp Stings and Musquito Bites. It neutralizes the poison and removes the Pain and Swelling in a few moments. It should be applied at once. The writer has used it many times without a single failure. It will be equally effectual in neutralizing and extracting the Poison from the Bites of all Venomous Insects or Reptiles. No one traveling in the woods should be without it. See advertisement in another column.

THE CORN PREMIUM.

Below we give the report of the committee appointed by the Farmer's Club to award the Corn Premium offered by the proprietors of the JEFF.:

FINDLAY, O. Dec. 14, 1872.

Your committee appointed to award the premium offered by the pripietors of the FINDLAY JEFFERSONIAN, for the best ten ears of corn, respectfully submit the following report:

In the foregoing table, 50 is made to represent perfection. As No. 52 carried the greatest aggregate of points it is entitled to the premium.

In the estimation of your committee a large per cent. of the samples are not worthy of cultivation by the progressive farmer.

J. R. TUSSING, Sec. Chairman.

TOLEDO & COLUMBUS RR.

A Request.

Those who have subscribed to the Capital stock of the Columbus & Toledo RR., and who are willing to transfer their subscriptions to the Toledo & Columbus RR., are requested to call at the store of Patterson & Winders, and do so at once. The committee desire to say that such a course will greatly lighten their labor, and as they have already worked faithfully in securing the original subscriptions, it but a reasonable request that they make. We take it for granted that our citizens generally are aware that the propect for a road on the Western route was never more encouraging than at present. We have only to do our duty and the ultimate completion of the road may be regarded as a certainty. We hope that all who have subscribed to the C. & T. Road will lose no time in transferring their stock to the new Company to the end that the entire matter may be put in shape at the earliest possible moment.

DEATH OF MRS. J. M. CROSS

The many friends of Rev. J. M. Cross and his estimable wife will learn with sadness of the death of Mrs. Cross, which occurred November 30, 1872. She died as she had lived—strong in the faith of the gospel, and with a bright hope of immortality through our Lord and Savior, Jesus Christ. Her remains were taken East, and buried near her birth-place. She left four children—the youngest a daughter, four days old.

Of such as our departed friend and sister we may truly say: "Blessed are the dead, who die in the Lord."

Since his return to Grand Haven Brother Cross has had a severe attack of fever, and is but just able to sit up. May the God of all comfort and consolation sustain him in this his time of affliction.

JAN. 1, 1873. M. G.

RELIGIOUS NOTICE.

At the Ministerial Meeting held Dec. 30, the following arrangements in relation to the observance of the Week of Prayer, were unanimously adopted.

1. Each Church shall hold its own services in the evenings in conformation to the programme recommended by the Evangelical Alliance.

2. There shall be a Union prayer meeting held each day during the week at 1½ P. M. according to the following plan of rotation: Monday, at Presbyterian Church; Tuesday, at M. E. Church; Wednesday, at U. B. Church; Thursday, at Evangelical; Friday, at Congregational and Saturday, at English Lutheran.

3. Each Pastor will have charge of the meeting when held in his own Church—and will conduct it according to the usages of his church.

Fine Chickens.—Judge M. C. Whiteley showed us a July chicken last Saturday which weighed 9½ pounds. The parent of this chicken weighed 15 pounds. They are of the Light Brama variety, which the Judge thinks for all purposes is decidedly the best.

Mr. J. R. Tussing, of Big Lick township, recently received by express a trio of Houdans, a very fine looking chicken, which are said to be an excellent variety.

Poultry and eggs are forming no small part of the wealth of our county and we are glad to see the disposition to introduce improved varieties. Mr. J. A. Baldwin, of the firm of Osborne & Baldwin, has done much in this direction by bringing in new and rare breeds of turkeys and chickens, which he has sold at cost, for the purpose of making an improvement in this direction.

NEIGHBORHOOD NEWS.

SENECA COUNTY.

Somebody threw a lighted cigar stub in a box filled with saw dust in Judge Seney's office one night last week, and the office was locked up for the night. The next morning the box was found consumed, a respectable hole burned in the floor, and everything progressing finely for a first-class conflagration.

The question of water supply is agitating the people of Tiffin. The cisterns and wells are rapidly giving out. The *Star* pronounces in favor of water works.

The *Star* says that a lot of bummers got drunk very early on Christmas morning and made considerable more noise than was necessary. What queer tastes some people have in their manner of observing holidays.

The indebtedness of the Seneca County Agricultural Society is nearly $3,000.

The Tiffin Woolen Mills have adopted ten hours as a day's work in their establishment, instead of eleven, as heretofore.

The *Tribune* says that twenty-five houses are under contract, to be built next season, and adds, by way of giving us an opportunity to exercise our imagination, that "many others are talked of."

Mr. Peter Scott, aged 78 years, of Seneca township, died very suddenly of apoplexy, at Forest, on Tuesday of last week. He had been to Fort Wayne and was on his way home when he died.

HARDIN COUNTY.

Miss J. O. DeForest lectured in Kenton last Saturday evening, on "Popular Evils"

Rev. Father Waddle, of Kenton, has not missed church, on Sunday, but once for twenty-nine years.

The assessment of taxes in Kenton is greater this year than in any of the surrounding towns, except Lima. The *Republican* intimates that it is the result of too much Democratic administration.

James Parton will deliver his lecture entitled, "Who are the Vulgar," at Kenton next Monday evening, under the auspices of Kenton Lecture Association.

ALLEN COUNTY.

The Bluffton hack has suspended operation. The L. E. & L. R. R. is the prevailing cause.

The *Gazette* claims that Lima saves 33 per cent. on freight bills from Cleveland, by reason of the completion of the L. E. & L. RR.

Blakeney's Theater is now entertaining Lima audiences for a second time this season. The troupe must be appreciated.

The *Gazette* says the P. Ft. W. & C. RR. is clogged with freight from one end to the other, and 300 cars were at Crestline a few days since waiting an opportunity to be forwarded East.

A PAPER FOR THE PEOPLE.

THE PITSBURG DAILY DISPATCH.

Prospectus for 1873.

Those of our readers who desire a first-class daily paper should by all means subscribe for the Pittsburg DAILY DISPATCH, one of the largest, liveliest and cheapest papers in the United States. The DISPATCH has been established over a quarter of a century; it is independent in politics, advocating always those measures which promise the greatest possible good to the largest possible number; gives daily thirty-six columns of matter, embracing the largest news by telegraph, the most reliable market reports, the latest cable telegrams, the freshest Legislative news, the latest Congressional reports, the fullest local reports, with all the news by mail, including the most interesting personal and political items, full telegraphic market reports from all points of importance, east and west, and much other mater of an entertaining and instructive character. It is the most widely circulated paper in the State, outside of Philadelphia, its daily edition being now considerably over 13,000, and new subscribers are every day being added to its lists. Terms per year to mail subscribers, $8 00, or it can be ordered through agents in any town or village within one hundred and fifty miles of Pittsburg, at fifteen cents per week.

THE WEEKLY DISPATCH.

To those wishing a good and reliable city weekly we would recommend the Pitsburg *Weekly Dispatch*, one of the handsomest, cheapest and most reliable papers published. The *Weekly Dispatch* gives thirty-six columns of matter, printed in clear large type, and is one of the best, as it has long been one of the cheapest, if not *the* cheapest, weeklies in the country. It contains all the latest news of the day—political, commercial, and general—and as an entertaining, instructive and acceptable family journal is not excelled by any paper in the country.

The *Weekly Dispatch* is furnished to single subscribers at $1.50 a year, or in clubs of ten to one address at $1,00 each, with a free paper to the party getting up the club. Subscribers may remit by mail either in money or Postoffice Order, which is the safer mode. Postmasters receiving subscribers for the *Dispatch* either Daily or Weekly, are authorized to tain twenty per cent on published rates for single subscribers, or ten per cent on our club rates. Address O'NEILL & ROOK, publishers of the Daily and Weekly *Dispatch* (*Dispatch* Iron Building), 67 and 69 Fifth avenue, Pitsburg, Pa. Dec 27, 3t

BUCKWHEAT FLOUR for sale at R. Fellers & Co's.

Newspaper Advertising.—Now, what the honest advertisers want, and indeed, what every advertiser in the land wants, is the greatest return for the amount of money invested. In order to secure this there is but one reliable method, and that is the newspaper [for which there is a demand because of its worth.] The American people are pre-eminently a reading people, and of all the literature thrown broadcast over the country, that of the newspaper predominates and is the most generally read. The people are gradually being educated up to the practice of looking into the advertising columns of the newspaper in order to find where their wants can be supplied. This being the fact, it is patent to every sensible advertiser that the place to display his wares is where they will be most likely to be seen and read. In conclusion, then, the advertiser, in order to receive a rich return for his investment, must seek the most reliable medium, which is most emphatically the newspaper, and the wise and judicious advertiser will always reject every other.—*American Press.*

FARMERS' CLUB.

There was quite a large attendance at the adjourned meeting of this Club last Saturday. The contents of the "Query Box" elicited much discussion, especially as to the best agricultural paper. In the afternoon session the subject of "Farming" was discussed at length. Several new members made their appearance, and added much to the interest of the occasion. The Committee to award the JEFF. premium on Corn, made their report which will be found elsewhere. Mr. Thos. L. Martin, of Biglick, carried off the premium, though the competition, as will be seen, was pretty close.

The next regular meeting will be held Saturday, January 11, at 10 o'clock, A. M., and promises to be more than usually interesting.

Merited Distinction.—The well-known Groton Junction, on the great thoroughfare of the Northern Lines to Boston, has ceased to be. With a large and increasing population, proud as well as prosperous, its citizens, in mass meeting assembled, have voted to change the name of their town to "Ayer"—after one of the best known men in America, Dr. J. C. Ayer, of Lowell—and the Legislature of Massachusetts has enacted that decesion into law. We commend their choice, for not only is the name short and distinctive, but Dr. Ayer's Medicines have made it gratefully known to the ends of the earth. Probably no living man has carried relief to such countless multitudes of the sick as he; and this high honor, from his neighbors, tells the estimation in which he is held by those who know him.—*Bristol Times.*

The Fire at Arcadia.—A correspondent at Arcadia informs us that about 8 o'clock on Tuesday night the steam grist-mill belonging to Mr. J. F. Veon, was discovered to be on fire, and the flames had gained such headway that it was found impossible to control them. The greater part of the contents, however, was saved. The fire is supposed to have caught among the machinery on the second floor.—The mill was insured in the Sun, of Cleveland, for $2,500, which will about half cover Mr. Veon's loss. Mr. V. will have the sympathy of all who know him in his loss, and we hope he may rebuild, as the loss of his mill will be severely felt in that neighborhood.

The fire could be distinctly seen from Findlay.

Run Off the rack—The L. E. & L. RR. had an accident last Friday, by a switch getting out of place. The baggage and mail car were damaged and a brakesman and passenger slightly injured. The accident was unavoidable, and no blame attaches to any one.

OUR Arcadia correspondent has our thanks for his favor. We are always glad to receive news.

Local Business Notices.

Found—On Main Street, near the Joy House, on last Friday night, a child's water proof cape. The owner can get it by calling at this office, and paying for this notice.

Dissolution.

The partnership heretofore existing between Wm. Sliker and Lemuel McManness will be dissolved on the first day of January, 1873. L. McManness & Co. continue the business at the old stand, where the books and accounts of the old firm may be found. All persons knowing themselves indebted to the late firm will please call and settle AT ONCE, as our books must be settled.

I Have Found It at Last!

Dr. Townsend's Magic Oil for Epizootic, or *Horse Disease*, has proved within the last few days, nearly the only remedy that gave relief at once. If the horse coughs heavy, give him two table-spoonfuls, morning and evening, and bathe the throat and glands twice a day. Keep your horse warm by means of blankets, and give him moderate exercise if his limbs or body should swell. Give the Magic Oil, in larger doses—no danger of an overdose, as it passes into the circulation and will renovate the system and cure in less time than any remedy we have ever used. Try it! It is a tip-top remedy. You can use your horses in less than one-half the time, by using it, than other remedies. You will find his trade mark—"star and crescent"—on all his remedies, Worm Lozenges included. None genuine without this trade mark.

The Burdet Organ.

Fred Selbach has been appointed agent for this well-known instrument, and those wanting a bargain in that line should call with him. He also sells several of the very best styles of Pianos manufactured, which he warrants to give satisfaction in price and quality.

N. B.—An agent wanted to travel and sell instruments on commission or salary.

Special Notice.—Elm Timber

Farmers and others desiring to avail themselves of the opportunity to contract to get out and deliver *Elm Stave Bolts*, must let us know right away how much they will deliver inside of nine days, as our Elm Staves contract will then expire, when we will not want to buy that class of timber.

Call at the Stave Factory at once and make your contracts.
