The Lancaster Gazette.

CITY OF LANCASTER:

Thursday Morning Sept. 27, 1855

Gov. Medill and the Kansas Swindlers—A New Discovery—The D. O. G. S.

So great and general was the indignation of the people of Ohio at the swindle practiced upon the North by Pierce, Douglas, Atchinson and company, in the Nebraska affair, that only four of the delegates in Congress from this State had the courage to sell themselves, in the face of their insulted constituents, to aid in its perpetration. Of these, Messrs. Green & Shannon have received their rewards—Messrs. Disney and Olds are waiting with what patience they can muster. It is well known that the President went into the market and bought such of the Northern delegates as were venteable, until he had secured the requisite; but it was kept secret that our Governor—William Medill—now, we beg the people to remember, a candidate for re-election, and professing to be a Freesoiler, was also enlisted in aid of that iniquity. This, however, seems to have been the case; and, if the following, which appeared in the Lancaster Gazette, is true, Ohio, disgraced as she was in the conduct of a small minority of her local representatives, was still more deeply degraded by the infamous behaviour of her Chief Magistrate:

We have it from good authority, and now CHARGE, that William Medill the present Sag Nicht leader and candidate for Governor of Ohio, during the pendency of this infamous outrage upon freemen and the sacred compact between the States of this Union, the "Missouri Compromise," made it his business to visit Washington, and there urge personally and privately upon every Democratic delegate from Ohio, the great importance of his vote and influence for this most hellish outrage upon every sacred compact that should connect and bind this people together as a nation, for the reason, that it would become the "chief corner stone" in the cardinal principles that should bind together the tottering fabric of the present Administration. We make this charge from the authority of one of the Democratic Delegates from our State, who had the manliness and honesty to record his vote against this unholy swindle.

We further *charge*, and CAN PROVE that during this same visit, one of the refractory Ohio Delegates was brought into direct contact with President Pierce and Governor Medill, when both these *worthies* threatened the vengeance of the Democratic party of Ohio upon his head if he *dared* to *vote against* this damning blight upon freedom!

This is a matter of some consequence. By a vast majority, the people of Ohio have declared that their opinions were misrepresented, and their sense of right outraged by the passage of that most disgraceful measure—the repeal of the compact of 1820. So far as they could reach the actors in that affair they have been delivered over to an exemplary punishment. Another agent in the commission of this national offense has been discovered. The Governor of this great free State, powerful as a party leader, but with no calling as a national legislator, leaving his duty as a servant of this people, to make an unholy pilgrimage to Washington, to add his rotteness to the reeking rankness of a national imposthume. And this soulless demagogue is now—"save the mark"—a *free soil* candidate for re-election. It would seem as if very few people would vote for him.—*Cincinnati Commercial.*

☞ The Rev. N. Schleich announces that he will preach on the evening of the 2d Tuesday of October. We suppose this preacher has a commission from Bishop Young as a missionary to this city! We advise *Father* Schleich not to *steal* Young's sermon denouncing the Common Schools of Ohio as "seminaries of heresy, prostitution and infidelity." Take something with which your readers may be less familiar.

☞ Speaking of the nomination of ALFRED KELLY, in our neighboring Senatorial District, the Cleveland *Herald* says:

"No man in Ohio, now upon the stage, has more indelibly made his mark than Mr. Kelly. As a financier in the darkest days of our pecuniary troubles, Mr. K., was instrumental in carrying the Buckeye State through with a spotless character. In the Senate of the State Mr. K., originated and carried through the best tax law we ever had, and the present banking system was established under the judicious exertions of Mr. K. There never was a time in the history of the State when such men as Mr. Kelly were more needed in the Legislature."

We have the gratification to announce that Col. Medill will address his fellow-citizens of this county in their several tp's, the week preceding the election.—*Ohio Eagle.*

Thank you, gentlemen, for the news.—Since Medill's departure there has been quite a fall in the price of wheat. We hope the Governor wont forget to put it up to two dollars again.

AN EDITOR IS LUCK.—Our esteemed friend, A. P. RUSSELL, of the "Wilmington Republican," has been nominated by the Repuulicans of 'Old Clinton' to represent them in the next Legislature. Brother R. has been elected by a sweeping majority, and will make one of the most efficient "TAX KILLERS" in the next Legislature.

A FEW weeks ago the American party of Louisiana elected Mr. MEAURICK, their candidate for Judge, by a majority of over *seventeen hundred*, the whole State voting. A few days since the American party achieved another triumph by electing their judicial candidate in New Orleans, by a majority of twelve hundred and fifty.

Stringfellow's Paper—Squatter Sovereignty.

There is, in Kansas, a paper called the "*Squatter Sovereign*," which is edited in chief, by the Speaker of the Kansas Legislature, whose name is STRINGFELLOW. It is the most vile and pernicious publication in the domains of the Union.

Whether it is a recognized organ of the Pierce Administration or not, we cannot say. We know that most of the filibustering papers in Kansas and Platte county are publishers of the laws of the U. States, and their editors receivers of public money. The people of Ohio are taxed to pay for advertisements placed in these pernicious and nullification organs; placed in them, too, by Mr. PIERCE, Gov. MEDILL, and other government officers.

The St. Louis Intelligencer of Tuesday, contains a long and truly excellent editorial upon the outrageous course pursued by Stringfellow's paper, and gives honest and timely warning to the people of St. Louis, and of Missouri, how they tie themselves to the tail of Stringfellow's kite. The *Intelligencer* publishes an article from a late number of the *Squtter Sovereign*, in which every man who emigrates to Kansas from the free States, and prefers to have free, instead of slave institutions fastened upon that virgin soil, is denounced as an "Abolitionist." In the same article we are told that "the system of tarring and feathering, drowning, and lynching, and hanging, are to be continued, and emigrants from the free States to Kansas are to be made the victims of this gang of Missouri miscreants. It is not in the power of language to describe these fellows as they really are. The history of our country affords no parallel to set off their rascalities; and what is worse than all, we have a national administration which follows in their trail, and panders to their wickedness. When, a year ago, a poor negro was arrested in Boston, as a fugitive from bondage, the whole civil & military power was brought into requisition to carry him back to "Old Virginia." The civil posse was increased; the marines from the navy yard were placed on guard at the courthouse; the public streets were blockaded with cannon, loaded with grapeshot, ready to be vomited forth upon the citizens at the first sign of insubordination or rescue. The people of that old and worthy city looked on the scene with compressed lips and bated breath. The negro passed on to the dockyard; he was placed on board a revenue cutter and taken to Norfolk. The Union was once more saved in the restitution of the negro.

Now look on the opposite picture. An old compromise, which dedicated forever the lands of Kansas and Nebraska to freedom, was repealed by the traitorous votes of northern doughfaces—four of them from Ohio. The people of the free States, indignant at this breach of faith, resolved that the soil should yet be free,—free by their votes—by the sovereignty of squatters. They have their peaceful homes, and voluntarily bury themselves in the far western wilds. They would save that land from the curse of bondage. They go forth and obtain possession. The election day arrives, in which the great question is to be settled. Settled too, by law and the ballot-box. Presently, their territory is invaded by gangs of interlopers from Missouri, armed to the teeth with bowie knives, revolvers, six-barrelled, Colt's best; and rifles that will bring down a deer at three hundred paces. At the head of these land pirates is the late Vice President of the U. States, DAVID R. ATCHISON. They take possession of the voting places, blow-beat, insult, tar and feather the peaceful settlers; drive them from the voting places; elect their own men, not one of them a resident of the territory; not one of the voters eligible to vote. They elect a Legislature, and that body is now in session, passing laws for the free people of Kansas, with Stringfellow sitting in the Speaker's chair, and fulminating pro-slavery bulls with more impudence than a Romish Pope, warning men from the free States, who seek a home in Kansas, if they breathe a word for freedom, they will be tarred and feathered, hanged or drowned, as his political mightiness may in his wisdom decree; and this is "Squatter Sovereignty." This is the people's rights entertainment to which the Kansas-Nebraska Bill invited us; and this is it which the freemen Ohio are asked to vote for and indorse, by electing WILLIAM MEDILL, and crushing SALMON P. CHASE. And where have been the PIERCE administration all this time? What have they been doing? Have they called in the aid of either the civil or military power to repress or supress these wrongs and indignities?—The soldiers at Fort Leavenworth have not been orderer out to maintain law and order, as were the marines at Boston to return a poor negro back to slavery. Nothing has been done to maintain either the laws or popular soverignty. Every valued right has been ground to the earth; insult and villainy unequalled has been practiced, and yet the administration do nothing, and will do nothing, except to aid the rascality of the interlopers. Gov. REEDER has been recalled, to make room for one more favorable to scoundrelism.

The people of Ohio have to pass upon all of these questions. They will do it fearlessly, and according to those solemn principles of justice and of right in which they were born and educated.—*Cin. Gazette.*

The Trimble—Capt. Norton.

The Portsmouth Tribune represents this old-fashioned craft to be in a crazy condition, and "running on one wheel." "She was in the trade thirty years ago; and we are afraid of her 'bottom.' Its pretty well eaten out, gentlemen. Her engines are rusty and her steampipes are cracked.—Besides, we don't like the way she was put into the trade this last time. The stockholders are most too mixed—too many of the 'opposition line' in her to suit us. Shall we give up our staterooms and move ourselves and baggage on board this kind of craft? No one believes that she will ever reach port." Insurance offices, take care! She isn't worth the paper on which the policy is written, and if the inspectors don't tie her up and suspend Capt. NORTON before the season is over, we go for having them removed.

HOW THE OLD DEMOCRACY SUPPORT MR. PIERCE.—Hon. John M. Niles, of Connecticut, one of the old Jackson democrats, and Postmaster General under Van Buren, has been on his travels. In a letter to the Hartford Times, he says he traveled through ten States and one Territory, and he says he could not find one solitary defender of the present administration.—Even the party editors had deserted him, and said he was the hardest load that the patient pack-mule of democracy had ever carried.

AYER'S PILLS

GOOD MEDICINES.—It is estimated that AYER'S CHERRY PECTORAL AND CATHARTIC PILLS have done more to promote the public health, than any other one cause. There can be no question but the Cherry Pectoral has by its thousand on thousand cures of Colds, Coughs, Asthma, Croup, Influenza, Bronchitis &c., very much reduced the proportion of deaths from consumptive diseases in this country. The Pills are as good as the Pectoral and will cure more complaints.

Every body needs more or less purging. Purge the blood from its impurities. Purge the bowels, Liver and the whole visceral system from obstructions.—Purge out the diseases which fasten on the body to work its decay. But for diseases we should die only of old age. Take antidotes early and thrust it from the system before it has yet too strong to yield.

Ayer's Pills do thrust out disease, not only while it is weak but when it has taken a strong hold. Proof the astonishing operations of these pills have been cured by them from dreadful Scrofula, Dropsy, Ulcers, Skin Diseases, Rheumatism, Neuralgia, Dyspepsia, Internal Pains, Bilious Complaints, Heartburn, Headache, Gout, and many less dangerous but still threatening ailments, such as pimples on the face, Worms, Nervous Irritability, Loss of appetite, Irregularities, Dizziness in the head, Colds, Fevers, Dysentery, and indeed every variety of complaints for which a Purgative Remedy is required.

These are no random statements, but are authenticated by your own neighbors and your own Physicians.

Try them once, and you will never be without them. Price 25 cents per Box—5 Boxes for $1.00.

Prepared by Dr. J. C. AYER, Chemist, Lowell, Mass., and sold by F. Rahm, Lancaster; Kauffman & Co., and M. Z. Kreider, Lancaster; G. F. Hamlin, Oakland; K. Kalb, Rushville, and by all Dealers in Medicine every where. September 6, 1855—2m 18.

DR. JOHN BULL.

SOMETHING

NEW AND VALUABLE.

THE most powerful King on the face of the globe now reigns supreme in the American Republic. The power of the crowned heads of Europe sink into insignificance when compared to that of our American King.

European Kings employ the power vested in them to increase the riches of the rich and lordly, and to reduce to greater misery and degradation the poor and dependent. Our American King goes forth with equal willingness to the lordly mansion and humble cabin, ready alike to administer relief and to offer health and happiness to the lofty and lowly, the rich and the poor.

DR. JOHN BULL'S

GREAT AMERICAN KING OF PAIN!!

Is the TENTH WONDER OF THE WORLD, and the greatest blessing ever offered to afflicted humanity; to the suffering millions, the Doctor can say, relief is at your command. You have only to use this magical remedy. All those who still suffer, and will not accept the proffered balm, deserve not the pity of their families.

This wonderful medicine, during the brief period since its introduction, has carried happiness to the hearts of thousands, and made life a charm to many who heretofore regarded it only as a painful and miserable existence.

To the winds with all Liniments, Embrocations, Pain Killers, and Pain Extractors, and let millions of glad tongues proclaim the merits of the great "American King of Pain," a preparation composed solely of vegetable and roots, produced by America's own rich and bounteous soil.

We would ask the LADIES, who are always competent judges of what is and what is not a valuable family medicine, to do us a special favor by giving the King of Pain a single trial, and if satisfactory, exert their influence in its behalf, recommend it, speak well and often of it, and see that it is used by their afflicted neighbors. The Ladies are always charitable, and when they induce their suffering friends to use this really valuable medicine, they will be doing an act of benevolence that they can well be proud of. This is a powerful and truly magical remedy for all external diseases, sores, swellings, burns, &c., and for all internal affections, it is a certain cure, yet it is perfectly harmless, and incapable of producing the least injurious effects in the most delicate cases or the weakest constitution.

It is entirely useless to follow the old and worn-out system of publishing to the public thousands of certificates of wonders performed by this medicine. It costs but twenty-five cents to try it; and Dr. Bull stakes his well-earned reputation on the King of Pain doing all and more than he claims for it.

We would ask, have you the Rheumatism or Gout, these are not pleasant companions, and we know that you would like to drive them away as soon as possible, then use

"BULL'S KING OF PAIN."

Would you be cured almost immediately of Bowel Complaint, Dysentery, Summer Complaint, Cholera Morbus, Cramp Colic, Head Ache, Tooth, or any other ache or pain, the remedy is simple and the cure certain.

USE THE GREAT KING OF PAIN.

Would you have your Sores, Swellings, Cuts, Burns, Scalds, Bruises, or any other wounds healed, we repeat it, use the

MAGICAL KING OF PAIN.

Would you be cured of Scall Head, Stiff Joints, Sore Throat, Neuralgia, Sore Breast, Lumbago, Tetter or Ring Worm, Salt Rheum, Bites of Poisonous Insects, Chapped Hands, and all other Sores, either day or morning, we say again and again, YOUR REMEDY is Dr. John Bull's

"KING OF PAIN."

Would you be cured of King's Evil, Cancer, Tumors, Eruptions, or any disease of the Skin caused by impure blood, then use Dr. John Bull's Sarsapadilla internally, and the King of Pain externally, nothing can be more certain than a speedy and effectual cure.

It is a remarkable fact, that among the hundreds of eminent physicians who have examined the recipe by which Bull's Sarsaparilla is prepared, not one has condemned it, but all approved it, and commend it in the highest terms. Many physicians express themselves strongly in the belief that it is decidedly the best preparation of Sarsaparilla that has ever been placed before the public. Although there are many physicians who feel a reluctance to having their names appended to the recommendation of any particular remedy, notwithstanding they may approve of it in the highest degree, there are others who frankly yield their support in favor of a remedy which they know is capable of doing so much good in an afflicted community. As an evidence, read the following from old and respectable physicians, of high standing in the community in which they live:

TESTIMONY.

☞ Testimony like the following renders superfluous all commendations of Dr. Bull's Sarsaparilla. From Dr. E. P. Yandell, Professor of Chemistry in the Louisville Medical College: I have looked over the list of ingredients composing John Bull's Compound Extract of Sarsaparilla, and have no hesitation in saying that they form a safe compound, and one that promises well in chronic diseases, to which it is applicable. E. P. YANDELL, M. D.

Louisville, June 6, 1848.

What Dr. Pyles, physician by appointment to the Louisville Marine Hospital, says of Bull's Sarsaparilla:

LOUISVILLE, March 20, 1848.

I have examined the prescription for the preparation of John Bull's Sarsaparilla, and I believe the combination to be an excellent one, and well calculated to produce an alterative impression on the system. I have used it both in public and private practice, and think it the best article of Sarsaparilla now in use. M. PYLES, M. D.,

Resident Physician Louisville Marine Hospital

Better Testimony than was ever Offered in favor of any Medicine.

Rev. E. W. Schon, Rev. E. Stevenson,

LOUISVILLE, May 20th, 1849.

We have used John Bull's Sarsaparilla, and have known it to be used, with entire satisfaction; and we have no hesitation in stating our belief, that it is a safe and valuable medical compound, and calculated to produce much good and relieve much suffering; and therefore would cheerfully and most earnestly recommend it to the afflicted. E. W. SCHON,

(Signed) E. STEVENSON.

We earnestly invite all persons who are suffering with any of "the ills that flesh is heir to," to call on Dr. John Bull's agent, and get a copy of Bull's Family Journal GRATIS; and for the sake of humanity, we hope that a single individual will not be found who will give Bull's Sarsaparilla a TRIAL, after reading, and recollecting, at the same time, that it is impossible for the Doctor to publish the tenth part of the number of certificates of astounding cures performed by his Sarsaparilla. The amount of testimony voluntarily showered on Dr. Bull's Sarsaparilla, from well known and distinguished individuals, both in public and private life, has been perfectly overwhelming.
