HENRY CLAY.—There is no mail which reaches us that does not bring intellligence of the great and growing popularity of Mr. Clay, and of the spontaneous rising of the people in his favor. Public opinion now most plainly unequivocally points to him as the opposition candidate for the high and responsible office of President of the United States. In speaking of him, therefore, in that capacity, we but follow the lead of the people. We could easily collect from the exchange papers, on our table, to day, columns, to show how universal is the wish on the part of those not favorable to the course and measures of the administration, to take up Mr. Clay, 'pick the flint, and try it again.' Our own letters from the neighboring counties in Virginia prove that the same feeling is ripe and strong in the Old Dominion. We were told in one received yesterday, from a highly respectable gentlemen in Fauquier, that, in his neighborhood, a very populous one, there is but one quasi Van Buren man—and that the people there seem ready 'to go their deaths for Clay.' Another from Stafford tells us that 'in the Northern Neck, Clay, always strong, is stronger than ever,' &c. &c. Further South too, the feeling prevails. That old and respectable journal, the leading paper in North Carolina, the Raleigh Register, has come out for Mr. Clay, &c. We should not be surprised if the Whigs in the Legislature of Virginia, should agree to act promptly in this matter, and respond to the wishes of the party in the State by some action on their part in favor of *Mr.* Clay.—*Alex. Gaz.*

We are informed by deputy U. S. *Marshal Mills* of our village that since the 29th of June last, he has assisted in detecting *six hundred and sixty two thousand dollars* in counterfeit money which was in readiness, but had never been put in circulation. Has made 26 arrests and captured 3 presses, together with the plates, dies and other apparatus for manufacturing counterfeit money. —*Akron Ballance.*

THE MANDANS NOT EXTERMINATED.—We are gratified to learn fron the St. Louis papers that a gentleman just arrived there from the Mandan nation reports that the rumors in circulation of their total destruction by small pox are unfounded, only one-fourth of them having died—a pretty fair hecatomb, however, we should call it to the voracity of the remorseless trader.—*N. Y. Sun.*

Why is a cat standing on its hind legs, like the Falls of Niagara? Because it is a cat erect.

'How do donkeys live here ?' said a man in S. America, 'I see no grass.' 'Why,' said his friend, 'we put green spectacles on them, and feed them, with shavings.'

Keep your temper in dispute or quarrel; as your opponent warms, do you cool down.—The cold hammer fashions the red hot iron into any shape needed.

The Legislature of New York have accepted the bill of the Senate providing for a temporary suspension of the small bill law, instead of its repeal, and the Albany Banks have commenced issuing small bills.

A STEAM WIND INSTRUMENT.—We notice in the United States Gazette that *Mr* Norris of Philadelphia has applied a trombone to steam locomotives, which is played with such a gusto by the steam, that it can be heard many squares, tooting away above the noise of the steam engine and cars. Not content with a single pipe, *Mr* N. is about to add several of different keys, so that their may be a concert of steam instruments.—

Gen. Van Rensselaer, was lately arrested at *A*uburn by the U. S. *M*arshal, Garrow; and committed to jail in that place. The *M*arshal, it is said is in pursuit of *M*ackenzie.

FLORIDA.—Apprised, as we have been from time to time of the deadly service in Florida, in which our army has been since 1835, engaged, we were not a little surprised to learn the great mortality among its officers and men. Since the commencement of hostilities, not less than fifteen of the former, viz. one lieutenant-colonel, one major, four captains, nine subalterns, and one assistant surgeon, have fallen where they fought—in the hottest of the fight, by the rifles of ferocious Indians.

To the above number must be added fifteen other officers, who have fallen victims to the unhealthiness of the climate, where it has been their fate to be employed.

Eleven officers, too, have received wounds, many of whom yet bear the missiles that inflicted them about their persons.

A like proportion of the regular rank and file have likewise been killed and wounded. but the precise number cannot now be ascertained.

It may be interesting to learn that the militia force, at times, which has been mustered into the service of the United States, for the duty in Florida, is about twenty thousand men, of which number the killed, reported thus far, is four officers and twelve men.—*Army and Navy Chronicle.*

There have been flying rumors in town this week, said to have originated at Toronto, that it had been projected in England that the British NorthAmerican Provinces were to be divided into four sections, forming a vice-royalty, with the Duke of Cambridge as Viceroy.—*Kingston Gaz.*

The State of Ohio is said to have more children within its circuits, in proportion to the number of inhabitants, than any other State in the Union. This is an alarming fact for the corps of *singles.*

The funeral of Mr. Cilley was very numerously attended on Tuesday. The collection at the Capitol, says a Baltimore correspondent, was greater than was ever before witnessed. It is stated that about six hundred attended the funeral.—*Cleveland Intelligencer.*

MARRIED,

In this city, on Thursday evening last, by the Rev. Mr. Birdsall, Mr. MOSES ROBINSON, to Miss LUCY SOUTHWORTH.

Accompanying the above we received *bountiful* evidence, in the shape of a beautiful loaf of Cake, that the printer was not forgotten on this joyous occasion. The happy pair have our best wishes for their present and lasting enjoyment.

THE HESPERIAN.

A Monthly Miscellany of General Literature, Original and Select.—Edited by WILLIAM D. GALLAGHER and OTWAY CURRY.

PROSPECTUS.—The subscriber, having made the necessary arrangements as to editorship and publishing, will issue in April coming the first regular number of a New Monthly Magazine, to bear the above-written name. For an outline of the plan upon which the proposed publication is to be conducted, he refers to the accompanying circular of the editors.

The size of the Hesperian will be a Royal octavo, two columns to the page. The work will be printed on paper of superior quality, with new and beautiful type, of the long primer, bourgeois and brevier sizes. A number will be published on the first day of each month, containing from eighty to ninety octavo pages of letter-press, of the size of this pamphlet, well covered, stitched and trimmed, so as to make two handsome volumes a year of *five hundred pages each.*

The annual subscription will be Five Dollars, payable at the beginning of the year: the work to be mailed punctually for subscribers, done up in substantial wrappers, and forwarded to any Post Office in the Union to which it may be ordered.

As he has embarked in an expensive and laborious undertaking, with a determination to do every thing for its successful accomplishment which individual industry and enterprise CAN do, the Publisher earnestly but respectfully solicits the co-operation, especially in the matter of procuring subscribers, and making remittances, of the Friends of Literature and wholesome intellectual Culture throughout the Mississippi Valley. It is desirable that the names of subscribers be returned by the first of April coming.

Communications intended for The Hesperian, may be directed from this date, as the publication will positively be commenced at the specified time, to either or both of the Editors, at this city. All letters containing subscriptions, or otherwise relating to the business department of the work, must be directed to the undersigned.

About 10 acres are cleared, and the rest is heavily timbered, principally with the finest white oak, fit for staves, lumber, &c. Dry Creek runs through the tract, on which there is considerable of the best bottom land. It lies within less than half a mile of two saw mills, now in operation. I want the funds, and will sell the whole for 1500 dollars. H. O. BEATTY.
