To Teachers.

THE BOARD OF SCHOOL EXAMINERS, will meet in the school house on Marietta street in St. Clairsville, on Saturday Dec. 13, at 10 o'clock A. M.

By order of the Board.

D. D. T. COWEN, Clerk.

SCHOOL EXAMINATION.

The public examination of the schools of Town will take place on Wednesday, Thursday and Friday, the 19th, 20th and 21st, days of December 1855, in the following order to wit:

The primary departments under the instruction of Miss. Carle, and Miss Simpson at the School House east end of town on Wednesday.

The grammar department under the instruction of Miss Edgington on Thursday, at the Court House the high school department under the instruction of D. T. Moore on Friday at the Court House, to commence each day at 9 o'clock. A. M. A full attendance of all who feel an interest in the cause of education is urgently requested.

By order of the board. M. J. W. GLOVER. Cl'k.

☞We will commence the publication of Seward's speech at Albany in October last, in a week or two. It is a capital speech and we speak for it a general perusal.

☞FIRE!—The fire which caused the alarm on Friday morning was the residence of MILLER PENNINGTON, Esq. It seemed to have been burning all night, but owing to the closeness of the apartment it did not burst forth until a hole was burned, which caused a draft when it speedily burst forth. The neighbors were promptly on the spot, and the fire was soon extinguished.

☞Geo W. Hoge and Ross J. Alexander were admitted to the bar at Columbus on Monday of last week. Success to them, wherever they stick out their "shingles."

☞Gov. CHASE has our thanks for favors received during the past week.

☞The Wheeling GAZETTE has the following:—MARTIN KOSTA—The newly arrived Hungarian, has arrived at Galveston, Texas, from Chicago with the intention of making Texas his future residence. *Neutralized!* Thunder what does that mean?

☞THE HOG.—Some person or persons, not having the fear of the law before their eyes, or wanting meat, and not being possessed of the needful to buy it, made quite a speculation in pork, last week, upon the premises of Mr. JOHN CLOSE, of this vicinity, carring off a whole hog. Considering the high price of pork this may be considered cheap, but it seems that sellers are unwilling to part with any more upon the same terms.

ALSO,

☞ELIJAH PICKERING missed from his premises a fine young steer, under circumstances which lead him to suppose that it is gone upon the same terms with Mr. CLOSE's hog.

☞We will furnish the President's Message to our subscribers in an *extra*, a very few hours after its delivery in Congress. Rumor says it is longer than any message which has preceded it. If longer than Polk's long message, we pity any one who is compelled to read it.

☞SMALL POX.—This loathsome disease has been prevailing in the southwestern part of Pickaway county. Seven persons in one family were down with it, only one of whom died. The others are in a fair way of recovery.—O. S. *Journal*

On Sunday last, a man from Pickaway county, who had been about town for several days, quite indisposed, was sent to the Infirmary. The superintendent and one of the directors thinking his disease was small-pox, very properly refused to admit him, and he is now lying at a house in the suburbs of the town. His disease is pronounced smallpox, but in a comparatively mild form. With proper care, the disease may be kept from spreading, as the weather is favorable.

THE FIRST SNOW FALL.—Winter, after loitering in the Arctic regions beyond his time, has at last made his appearance, and last Sabbath

The snow had begun in the gloaming,
And busily all the night
Had been heaping field and highway
With a silence deep and wide.

Every pine, and fir, and hemlock,
Were ermine too dear for an earl,
And the porrest twig on the elm tree
Was rigid inch deep with pearl.

From sheds, new roofed with Carrara,
Came Chanticleer's muffled crow,
The stiff rails were softened to swans-down—
And still fluttered down the snow.

From the *Statesman*, Columbus, Ohio.

THE NEW CONGRESS.

WASH., Nov. 28—Over 50 members of Congress have already arrived. The Republicans and Fusionists among them have consulted, expressing a readiness to meet in caucus for nomination of officers of the House with all opponents of the Administration, irrespective of any distracting political issues.

The Anti Slavery Americans will, they say, positively refuse to meet their non-intervention brethren in caucus as a distinct party.

Several Democrats threatened that if in the Democratic caucus the support of the Kansas and Nebraska act be the test of orthodoxy, they will withdraw.

Holloway's Pills, the most celebrated Remedy in the Union for the cure of diseases of the Liver and Stomach.—Edmund Alga, of Cooperstown, New York, was for the period of nineteen years a complete misery to himself, and a burden to his friends, he suffered so severely and continuously from liver complaint, and a disordered stomach, that he was constantly for weeks together confined to his bed, the doctor did him no good, and he therefore left off consulting them. Nine weeks ago he commenced using Holloway's Pills, and his wife called last week at the store of Professor Holloway's to acknowledge most greatfully that her husband is quite cured. Professor Holloway hopes that the thousand others in he Union who have been benefitted will now come forward.

Isaac B. Wall, Collector of the Port of Monterey, had been murdered, near San Louis Peiste, together with a man named Williamsnn. The murder of Gen. The murderers of the latter gentlemen were supposed to be a party of Mexicans under one named Garcia; pursuit was made by a party of Americans under the Sheriff of the county. The murderers were overtaken at Salina where a fight ensued, during which two of the Sheriff's party were killed.

Capt. Archbold McRea of the Revenue cutter, McLain had committed suicide during a temporary fit of insanity.

THE WIDOW BEDOTT PAPERS.

Here is a capital Synopsis of this

LAUGHTER-PROVOKING BOOK.

From the New York Daily News.

"This is a book of genuine humor. Mr. Samuel Slick, Esq., may as well take up his hat, make his bow and retire. Parts of the book exceed any papers from the pen of the illustrious Mrs. Caudle; but it is Yankee humor and fun. The old lady is presented to us as the wife of Deacon Hezekiar Bedott. She sits him to the gravy—seats her cup for almost all the marriageable men in Wiggleton—makes an excursion to Scrabblehill, to visit her sister—learns that Elder Alcoholego Shadrack Sniffles has become a widower, though a violent Presbyterian before, she all at once becomes baptized with the Baptist doctrines of the Elder, and becomes a devout attendant on his powerful preaching. The Elder is "took sick" —Widow Bedott sends him consolation in the shape of some post linnes; and as these afford a fair specimen of the widow's poetic talent, we selects couple of stanzas of average merit from the lines to Elder Sniffles:

"Oh, Reverend Sir, I do declare,
It drives me most to frenzy,
To think o' you lyin' there,
Down sick with indigenzy."

"A lively thought it was enough
To mourn yer wife's departer,
Without such trouble as this 'ere
To come a follerin' arter.'

"The poetry and some medicine sent, to be dipped in hot vinegar every ten minutes all night, to make the Elder rest comfortable, worked a cure, and enabled the widow to take advantage of the absence of the disease to carry off the patient—which she did by marrying him—he being all the time under the delusion that she was a rich widow, when she was not worth her shoe-strings.

"Shortly before the Elder 'popped the question' the widow retired to a grove near the house, and there sang a plaintive ditty, from which we extract the following:

"I heard him preach—I heard him pray—
I heard him sweetly sing,
Dear Suz! how I did feel that day!
It was a drefful thing!

"Full forty dollars would I give
If we'd continued apart—
For though he's made my sorrit live,
He, surely beat my heart!"

"The widow's song was overheard by the Elder; and what follows the reader will find in the book."

The most staid and conservative editors

CANNOT KEEP THEIR FACES STRAIGHT

Says the New York Observer:—"A volume more full of genial humor and irresistible Yankee character has not yet been published.

Says the Boston Olive Branch.—"The book is one that will keep all eyes wide awake. Its author was a gifted creature, the wife of a clergyman, and is now alive dead. Hers were the keenest powers of satire—her drollery is inimitable. The preface is delightfully written by Alice B. Neal."

Says the New York Commercial Advertiser—"The Widow Bedott is made the medium of the most humorous sketches of Yankee character, which it is impossible to read without laughing immoderately."

The Publisher takes the liberty of adding the following. On page 31 of the book the widow writes as follows:

"I'll never change my single lot—
I think 'twould be a sin;
The unconsolable widow of Deacon Bedott
Don't *intend* to get married again."

But after her capture of Elder Sniffles she indites the following lines to him:

"Priscilla the fair, and Shadrach the wise,
Have united their fortunes in the tenderest of ties;
And being mutually joined in the matrimonial connection,
Have bid adieu to their previous affliction."

Thereat of the "Poem" the reader will find on page 49 of the book, which can be found at all book store. Price, $1.25. Copies sent by mail on receipt of price.

COMMERCIAL.

CINCINNATI, Dec. 10.—Hogs firm; sellers ask $6.60 @6.75. Sale of 600 head at $6.50.

The Louisville Courier says: The market continues dull and inanimate in all respects, with no buyers in the market except packers, who are holding off. The prevailing quotations are $6.25 and 6.50 nett for choice Hogs.

PEORIA, Nov. 22.—The Pork packing campaign opens to-day by Messrs. Tyng & Brotherson, who have ready for slaughter some seven thousand Hogs previously engaged at $5 per cwt. It is believed that the prices of pork must recede a fraction or two, as the season advances.

KEOKUK, Nov. 22.—Hogs, Contractors are paying from $5 to $5.25 net. Receipts on the increase. Messrs. W. A. Patterson & Co. commenced slaughtering to-day, the first of the season.

HANNIBAL, Nov. 22.—Pork is worth $5, and probably a little more. Extra Hogs for immediate delivery would command $5.25. There are three houses prepared to purchase and pack on liberal terms.

GREAT CURE OF PILES.

HUNTSVILLE, N. C., Nov. 1, 1855.

Dr. C M. Jackson—Dear Sir—Allow me to express my sincere thanks for your discovery of a medicine, which to say the least of it, has effected a cure that all other medicines that I have taken have entirely failed to do. "Hoofland's German Bitters" *have cured me of the most stubborn and aggravated case of the* PILES *that, perhaps, ever fell to the lot of man.* My case is not a stranger to this community, as I am well known in this and the surrounding counties, and can truly say that my recovery has astounded all my friends and relations, as I had tried everything recommended, and nothing did me any good until I was prevailed upon to try the Bitters.—You are at liberty to make any use of this communication, for the benefit of the afflicted, as you may think proper.

Truly yours, WM. J. ATWOOD.

TO FANNY FERN'S 1,000,000 READERS!

A NEW BOOK COMING!

WE HAVE THE PLEASURE of announcing that we have in press, and shall publish about the first December, a new work of fiction, entitled

ROSE CLARK,

A ROMANCE—BY FANNY FERN.

The last work, and first continuous tale of this brilliant and fascinating authoress, "Ruth Hall," achieved a success unprecedented in the annals of letters. In the language of a leading periodical, it "created a more profound sensation than any fiction has been issued during a quarter of a century." But it is unnecessary to allude to the merits of "Ruth Hall." Judging from the number of copies of it we have sold, we judge that everybody in the United States has read it. As respects the work we have put in press, Rose Clark, we can only say that we regard it as, in every respect, a greater, better work; and are confident it will not only sustain, but even increase the reputation of its distinguished author ess. We have reason for thinking "Rose Clark" will make a greater sensation than did "Ruth Hall."

It will form an elegant 12 mo. volume of over 400 pages. Price $1.25, on receipt of which copies will be sent by mail, post paid. It will be for sale by all booksellers.

☞Any newspaper giving this advertisement three insertions, and sending us a copy of paper, with advertisement marked, will receive an advance copy of the work, by mail, post paid.

A MARVELLOUS REMEDY!

FOR A MARVELLOUS AGE!

HOLLOWAY'S OINTMENT.

THE GRAND EXTERNAL REMEDY.

By the aid of a microscope, we see millions of little openings on the surface of our bodies. Through these this Ointment, when rubbed on the skin, is carried to any organ or inward part. Diseases of the kidneys, disorders of the Liver, affections of the heart, inflammation of the lungs, Asthmas, Coughs and Colds, are by its means effectually cured. Every housewife knows that salt passes freely through bone or meat of any thickness. This healing ointment for more readily penetrates through any bone or fleshy part of the living body, curing the most dangerous wounds and complaints, that resistance received by any other means.

Erysipelas, Salt Rheum & Scorbutic Humors.

No remedy has ever done so much for the cure of diseases of the skin, whatever they may assume, as this Ointment. No case of Salt Rheum, Scurvy, Sore Heads, Scrofula, or Erysipelas, can long withstand its influence. The inventor has travelled over many parts of the globe, visiting the principal hospitals, dispensing this Ointment, giving advice free to all applicants, and has thus been the means of restoring countless numbers to health.

Sore Legs, Sore Breasts, Wounds & Ulcers.

Some of the most scientific surgeons now rely solely on the use of this wonderful Ointment, when having to cope with the worst cases of sores, wounds, ulcers, glandular swellings, and tumors. Professor Holloway has, by command of the Allied Governments dispatched to the hospitals of the East, large shipments of this Ointment, to be used under the directions of the Medical Staff in the worse cases of wounds. It will cure any ulcer, glandular swelling, stiffness or contraction of the joints, even of 20 years standing.

Piles and Fistulas.

These and other distressing complaints can be effectually cured if the Ointment be well rubbed in over the parts affected, and by otherwise following the printed directions around each pot.

Both the Ointment and Pills should be used in the following cases:

Bunions	Lumbago	Sore Legs	Swelled Glands
Corns	Mercurial S.	Sore Breasts	Stiff Joints
Chapped Hands	Ringbone	Sore Heads	Ulcers
Chilblains	Piles	Sore Throats	Venereal Sores
Fistulas	Rheumatism	Sores of all kinds	Wounds of

HELMBOLD'S

GENUINE PREPARATIONS.

Helmbold's Highly Concentrated

Compound Extract Fluid Buchu,

For Diseases of the Bladder and Kidneys, Obstructions of the Urine, Chronic Gonorrhœa, Strictures, Gleets, Weaknesses, and all Diseases of the Sexual Organs,

Whether in Male or Female,

from whatever cause they may have originated and no matter of how long standing.

If you have contracted the terrible disease which, when once seated in the system, will surely run down from one generation to another, and, combining the consumption and ruining the very vital fluids of life, do not trust your health in the hands of Quacks, who to-day, every day in a city in the land, and in the newspapers, will claim a reputation that is calculated to deceive the young and those not acquainted with their tricks.—You cannot be too careful in the selection of a remedy in these cases.

The Fluid Extract Buchu has been pronounced by eminent physicians the invaluable Remedy ever known. It is a medicine perfectly pleasant in its taste and very immediate in its action, and yet so thoroughly that it attacks every particle of the foul and poisonous matter of this disease, and in the most speedy manner, it does not dry up the disease in blood.

Constitutional Debility.

brought on by self-abuse, a most terrible disease, which has brought thousands and tens of thousands to untimely graves, that blasting the brilliant hopes of parents, and blighting in the bud the glorious ambition of many a noble youth, can be cured by this Inestimable Remedy. And as a medicine which most benefit everybody, from the simply delicate to the confined and despairing invalid, no equal is to be found, being both an Alterative and Preventive.

Helmbold's Highly Concentrated

Compound Fluid Extract

SARSAPARILLA,

For Purifying the Blood, removing all diseases, arising from Excess of Mercury, exposure and imprudences in life, chronic constitutional diseases, arising from an impure state of the Blood, are the only reliable & effectual known remedy.

For these diseases Scrofula, Salt Rheum, Scald Head, Ulcerations of the Throat and Legs, Pains and Swellings of the Bones, Tetter, Pimples on the Face, and all Scaly Eruptions of the Skin.

This article is now prescribed by some of the most distinguished Physicians in the country, and has proved more efficient in practice than any preparation of Sarsaparilla yet offered to the public. Several cases of secondary Syphilis, Mercurial and Scrofulous diseases have entirely recovered in the incurable wards of our Public Institutions where had for many years resisted every mode of treatment that could be devised. These cases furnish striking examples of the salutary effects of this medicine in arresting some of the most inveterate diseases, after the glands were destroyed and the bones already affected.

NOTICE.—Letters from responsible Physicians and Professors of several Medical Colleges, and certificates of cures from patients will be found accompanying both Preparations.

Prices, Fluid Extract of Buchu, $1 per bottle, or 6 bottles for $5.

Prices, Fluid Extract of Sarsaparilla, $1 per bottle, or 6 bottles for $5, equal in strength to one gallon Syrup of Sarsaparilla.
