ALL HAIL!!!

SOMETHING FOR THE MILLIONS!!!

PROF. WOOD'S

HAIR RESTORATIVE.

WE CALL THE ATTENTION OF ALL, old and young, to this wonderful preparation, which turns back to its original color, gray hair—stops the fall of the hair, with a healthy growth—removes the dandruff, leaving not a trace of it on the person—is a regular dressing for the hair, and preserves its color, and keeps it from falling to a second age in all its natural beauty. We call then upon the bald, the gray, or diseased (if any such be left) and young, the young old men, and aged youth, the young ladies, and even the young children, over so wisdom's sake, the young men of America, the pride and hope of the league of democracy.

Waterford, Mass., July 25, 1855.

PROF. O. J. WOOD: With satisfaction, I recommend your Hair Restorative, as being the most efficacious article I ever saw. I have used the Washes and other preparations of the day, all without effect. Since using your Hair Restorative my hair and whiskers which were almost white, have gradually grown darker, and I now feel confident that a few more applications will restore it to its natural color. It also has relieved me of all dandruff and unpleasant itching, so annoying among persons who perspire freely.

J. G. KILBY.

North East, Pennsylvania, March 6, 1855.

SIR: In consequence of having hair for several years past, not only gray, but perfectly white, I have sat it down, and seen some in different lights, and some three months since, I was induced to use your Hair Restorative and sent in jacket say, that its effects were almost miraculous! Your hair has changed to precisely to all its former splendor as to color and left it as soft and glossy as in the most beautiful days of ever sun, when under the influence of the Sun oil. I cordially, therefore, recommend it to every lady as decidedly the brightest preparation for toilet use of anything in the world.

REUBEN SMITH.

PROF. WOOD: Having experienced the magic effects of your Hair Restorative, I drop you this upon the subject. About five years ago, my hair commenced falling off and turning gray; it was fast becoming bald. I had a friend who had used your Restorative, and spoke so highly of its virtues, I was induced to try it, although I had but little faith, as I had before tried so many other remedies. I commenced using your Restorative in January, last. A few applications then fastened my hair firmly. It began to fill up, grow out and turned back to its former color (black). At this time, it is fully restored to its original color, health and appearance, and I cheerfully recommend its use to all.

J. D. HOSE.

Chicago, Ill., May 1, 1854.

New York, Oct. 2, 1854.

PROF. WOOD: After reading the advertisement in one of our New York journals, of your celebrated Hair Restorative, I procured a bottle, and was so much pleased with it that I continued its use for two months and now feel it is decidedly the best preparation introduce the public.—It not merely removed all the dandruff and unpleasant itching from the scalp, but has restored my hair naturally, and I have no doubt' praise sufficiently.

You have permission to refer to me, all who entertain any doubt of the preforming all that is claimed for it.
