## Ambrotypes

## UNISON & FAY

WOULD respectfully announce to their friends and the public that they have entered into copartnership for the purpose of taking Ambrotype Likenesses in connection with Daguerreotyping. The Ambrotype is a new and beautiful style of picture taken on glass, and for delicacy of shade, tone and brilliancy are unequaled by any other style. To be appreciated they must be seen. Having obtained the Ambrotype process from one of the best practical operators in the United States, they flatter themselves that they can produce these pictures equal to any taken in this country.—Their cost is but a trifle more, than a Daguerreotype, and they are indestructable to the action of the atmosphere and cannot be injured by rubbing or washing. Call and examine specimens.

RESPECTFULLY announce to the public that they are no longer in any way interested in the SHAWHAN HOUSE STABLES, but still carry on the LIVERY BUSINESS at their old stand, where the public, as heretofore, will always find good horses and fine carriages—better and cheaper than at any other stable in Tiffin. PASSENGERS will be taken to any section of the country on short notice, DAY OR NIGHT. Any of Staub's friends can have their horses kept and fed in his stable at all times. That is our aim and we are bound to do it, without fear of 'friend or foe.'

I have sold quite a number of bottles through her recommendation, and as far as I can learn, it has given satisfaction to all.

David Abbott, Austinburg, Ohio, December 5, 1853, says: "Permit me to bear testimony to the remarkable efficacy of your German Bitters in the cure of Liver complaint. For years previous to taking it, I was severely afflicted with disease of the liver, so much so that I did not expect to live, but by a free use of the bitters thanks
