T. KINGSFORD & SON'S
PURE
OSWEGO STARCH.
(FOR THE LAUNDRY.)

HAS established a greater celebrity than has ever been obtained by any other Starch.

This has been the result of its marked superiority in quality, and its invariable uniformity.

The public may be assured of the continuance of the high standard now established. The production is over 90 Tons daily, and its demand has extended throughout the whole of the United States, and to foreign countries. Working thus on a very large scale, and under a rigid system, they are able to assure a perfect uniformity in the quality throughout the year. This is the great desideratum in Starch making, and is achieved now for the first time.

The very best Starch that can be made, and no cheaper, is always wanted by consumers, and this will be supplied to them by the grocers, as soon as their customers have learned which is the best, and ask for it—satisfied that they would be likely to get that article in which the larger profit can be made.

Mr. Kingsford has been engaged in the manufacture of Starch continuously for the last 27 years, and during the whole of the period, the Starch made under his supervision has been beyond any question, the best in the market. For the first 17 years, he had charge of the works of Wm. Colgate & Co., in which period he invented the process of the manufacture of Corn Starch.

☞ ASK FOR KINGSFORD'S STARCH, AS THE SAME OSWEGO STARCH HAS BEEN RECENTLY PUT UP IN IMITATION BOXES.

☞ It is sold by all of the best grocers in nearly every part of the country. ☜

T. KINGSFORD & SON'S
OSWEGO CORN STARCH,
(FOR PUDDING, &c.)

Has obtained an equal celebrity with their Starch for the Laundry. This article is perfectly pure, and is, in every respect, equal to the best Arrow Root, besides having additional qualities which render it invaluable for the dessert.

Potato Starch has been extensively packed and sold as Corn Starch, and has given false impressions to many, as to the real merits of our Corn Starch.

From its great delicacy and purity, it is coming also into extensive use as a diet for infants and invalids.

TO THE SICK.
September and October Appointments.
DR. H. TUBBS,

A NALYTIC PHYSICIAN, will be in attendance at TIFFIN, at the Shawhan House, Monday, the 28th day of October;

NORWALK, American House, Thursday, the 30th day of September, and Friday, the 23d day of October.

FREMONT, Kessler's American, Friday, the 11th day of September, and Saturday, the 24th day of October.

BUCYRUS, McCoy House, Tuesday, 29th September.

The Sick and Afflicted are invited to call.

PHTHISIC OR ASTHMA.

The statement given this month, will be read with deep interest by all who have endured the inexpressible horrors of Asthma. Especially does it commend itself to those who have believed that no earthly relief, but cannot cure.

HOLMES TP., Crawford Co., O., July, '57.

Dr. TUBBS—Sir: Since childhood I have been afflicted with Phthisic or Asthma. My mother before me suffered from the same disease. As I grew older it became worse, the paroxysms occurred oftener and were more protracted and severe, especially so during the winter season. At all times a little more than ordinary exertion caused a violent cough and great oppression in breathing.

While the paroxysms lasted there was a distressing cough, and a constant agonizing struggle for breath, being, at times, oppressed to open the verge of suffocation. Very little sleep could be obtained at such times, and that very little while sitting in my chair. Two years ago I was induced by the statement of a lady whom you cured of asthma, to make one more trial. I had little faith at that time, partly because I had so often been disappointed, and partly because others said I could not get well. The treatment was pursued under circumstances most unfavorable, having the care of sick friends, yet I have been not only fully relieved of all symptoms of asthma, but of other difficulties accompanying. I have no cough now, breathe freely, feel well, and have good strength.

Yours truly, SUSANNA W. GLASENANCE.

QUINN'S
ICE CREAM SALOON.

Same Course, for Ladies	35
Twenty Lessons in Practical Penmanship, simply	5
For full course in Flourishing, etc., as per agreement	

N. B. For particulars send for Catalogues and Circulars.

THE COLLEGIATE COURSE

which is intended to embrace all branches "Purely Mercantile, has been recently enlarged, and can now be regarded as one of the most lengthy, thorough and complete ever introduced to the public in any similar institution in the United States.

BOOK KEEPING DEPARTMENT

embraces three distinct grades, viz: Initiatory, Regular and Extended Courses, and taught on Folsom's New Method, recommended by over twenty of the most reliable Practical Accountants of Cleveland.

NEW METHOD OF TEACHING

strikes at the very germinating point of the Science, revealing the great natural two-fold division of the Ledger, whereby is seen the proper line of demarkation between Real and Representative Property and the governing law of transfer, as regards its affecting the two classes of accounts, and those of the same class, in every variety of transaction, thus stripping this most useful and beautiful science of much of its time-honored mystery, made such by arbitrary and indefinable rules, meaningless forms and false notions; and hence enables the student to acquire correct notions of accounts as embodied in actual practice.

THE INITIATORY COURSE

embraces a regular progressive series of manuscript cards, classified somewhat as to the variety of transactions. It aims to develope the first principles and philosophy of Accounts, rather than mere routine and actual formula, by addressing the reason and judgment of the student, who studies with the view of apprehending and arriving at results, and so places on his investigations with much greater confidence, pleasure and independence.

THE REGULAR COURSE

is intended to represent every species of business, from the smallest Retail to the heaviest and most intricate of Wholesale and Commission, as well as Banking, Railroading, etc., demanded at present by our vast and constantly increasing Commerce.

THE EXTENDED COURSE

embraces a lengthy, practical set, from the various Business Firms, and is designed for such students as may wish to spend longer time than that required by the Regular Course, (and that gratuitously,) preparatory to entering some Special House.

By taking in addition the Extended Course, the student will be faithfully and profitably employed six months.

PENMANSHIP, "Practical and ornamental," in all its varieties, will be taught in the most thorough and efficient manner, by one of the best teachers in the West. Besides a usual method of teaching Business Writing, the Chirographic Systems will also be taught. This system, so popular and recommended by our best educational men, is now taught in the Public Schools of Cleveland, Columbus & Toledo. Many other schools are open for good teachers of Chirothromography, as soon as they can be qualified.

DAILY LECTURES on Practical and Theoretical Book-Keeping, Mercantile Laws, Commercial Ethics, Political Economy, Art of Composition, Commercial Calculations, Mercantile Customs, Banking, Exchange, Commerce, Railroading, Commercial History, Business Correspondence, Penmanship, etc.

The New Suit of Rooms, of this College, occupies the best location in the city, situated as they are on the corner of the Public square and Superior street, affording a fair view of most parts of the city and the Lake. The rooms are neatly and tastefully furnished, surpassing in beauty and convenience, perhaps those of any similar institution in the Union.

The LADIES' COURSE is the same as that of the Gentlemen, affording equal facilities to all ladies who may wish to avail themselves of the Commercial Course.

The Principal having an extensive business acquaintance is enabled to secure good situations for many of his graduates.

March 3, 4th, '57-1y.

DENNAL SURGERY.

Dr. C. C. Beilhars, Surgeon Dentist,

WOULD respectfully announce to the Citizens of Tiffin and public generally, that he may be found at "COMMERCIAL HOTEL" Room, in the Seneca County Bank, where he is ready at all times to attend to any operation connected with the teeth, from extracting a tooth to inserting an entire set on the

ATMOSPHERIC PRINCIPLE.

Particular attention paid to regulating children's teeth.—Teeth inserted on Gold Plates, if required. Dr. Beilhars returns his thanks to his numerous friends and the public generally, for their liberal patronage during a series of years' practice among them, and flatters himself, by diligent attention to business, keeping up with the improvements of the Profession, and a determination not to be excelled, he may continue to merit their confidence and patronage. Call and have your decayed teeth filled and save the expense of a new set.

All operations warranted. Terms moderate.

Tiffin, Nov. 29, 1856. tf. C. C. BEILHARZ.

TO THOSE WHO WANT FARMS.

A Farm within the reach of Every Man!

THE RIDGWAY FARM COMPANY has made arrangements by which all who desire to settle or purchase a home can do so.

The Farms consist of the best limestone soil of the most superior quality for farming, in a rapidly improving place, into which an extensive emigration is now pouring. The property is located in Elk County, Pennsylvania, in the midst of a thriving population of some 10,000. The climate is perfectly healthy, and the terrible plague of the west fever is unknown. It also has an abundance of the best quality of coal and iron. The price to buy it out is from $3 to 20 per acre, payable by instalments, to be located at the time of purchasing, or a share of 23 acres entitling to locate the same for $300, payable $6 per month, or 12½ acres payable $4 per month. Discount for every sum of $100 and under, paid in advance, a discount of 5 per cent will be allowed, and for over $100 a discount of 10 per cent.

In considering the advantages of emigrating to this locality, the following are presented:

FIRST—The soil is a rich limestone, capable of raising the heaviest crops, owing to which this township has attained its present great prosperity.

SECOND—It is the centre of the great North West Coal Basin, and is destined soon to become one of the greatest business places in the State. It will supply the great Lake market, (according to population and travel the greatest in the Union.) It has five workable veins of the best Bituminous Coal, amounting in the aggregate to over 22 feet, which makes 22,000 tons of coal under each acre. This will make the land of inestimable value.

The eminent State geologist, Dr Chas. T. Jackson, of Boston, has made a geological survey of the land, and analyzed the coal, the iron ore and the limestone. This report together with maps will be furnished to inquirers.

FOURTH—Three railroads are laid out through this property. The Sunbury & Erie Railroad gives us a market for our coal to the Lakes—it runs from Erie to Philadelphia. A large part of this road has been finished, and is now in running order. A heavy force is now working from Erie towards our line in the western direction, the means for the completion of which has been raised—it will soon be finished. The Allegheny Valley Railroad connects us with New York, Boston, and Pittsburg. The Venango Road connects us with the West.

There are already good turnpike roads running through this property, various other roads have been opened to accommodate the emigration and settlement which has already taken place.

There is an opportunity equal to it now offered to the man who wants to provide himself a home in an easy way, and make a settlement where he can live in prosperity and independence in a climate perfectly healthy.

No case of the fever ever having been known to occur in this settlement. It is not like going to the back woods of the West, among perhaps intolerant people, where there is no society, churches, or schools, where the price of land is high, and where the emigrant, after being used to the best climate in the world, has to endure sickness and pain, and perhaps ruins his health and that of his family. But here is a thriving settlement having three towns, containing churches, schools, hotels, stores, saw mills, grist mills, and everything desired. There is a cash market at hand. The lumber trade last year amounted to over two hundred million feet of lumber. In a short time, owing to the coal, it will become still more valuable, as a number of iron works and manufactories will soon be started; they are at present stopping from the want of fuel, at Warren. Even for those who do not wish to go there, the property is so cheap that they can easily buy a farm to save their rising families from want in the future, or to gain a competency by the rise which will take place in the value of lands. By an outlay scarcely missed, a substantial provision can be made.

Persons should make early application, apply or write to E. Jefferies, Horse Arr, No 135 Walnut Street, below Fifth Philadelphia. Letters carefully answered giving full information.

Shares, or tracts of land can be bought or secured by letter enclosing the first instalment of five dollars, when the subscriber will be furnished with books, maps, &c. Warranties Deeds given. Persons can also purchase from our Agents.

Route from Philadelphia to Tyrone on the Pennsylvania Central Railroad, and thence by stage to the land. This is a delightful excuse to visit Mt Mary's—the best hotel accommodation is offered. Enquire for R. C. Schultz, Esq., the Agent for the property at Mt. Mary's. Jan. 12 3m

March13,'57.1y

He that hath Eyes to See Let Him See.

Dr. J. SNYDER.
OCULIST.

IS still on hand and ready at all times to wait upon the afflicted with diseased eyes. Thankful for the unusually liberal patronage he has received during the few months of his residence in Tiffin, he would respectfully solicit a continuance of the same. From his unusual success in treating the numerous persons who have been under his care from this place and various parts of the State, he feels renewed confidence in soliciting the patronage of the public. He has in many cases

RESTORED THE BLIND TO SIGHT,

And badly diseased eyes to a healthy condition during his short residence in this place.

Dr. Snyder has also paid particular attention to scrofulous diseases which he has treated with unparalleled success.

Dr. S. could refer to many cases at a distance, but deems unnecessary, and will only present a letter from Mr. P. Boyles of Carey, and will refer to a few only of the many cases that have been benefited in this vicinity.

CAREY, June 28th, 1856.

Dr. J. SNYDER.—Feeling myself under the highest obligations to you for the benefit I have received under your treatment. After having undergone all the usual modes of treatment during the last 18 months, without the least apparent benefit, and having almost lost the sight of my eyes, and being left in a very unhealthy condition, my case being given up as a hopeless one by my former doctors, after which, in the course of 3 weeks my eyes were restored to good sight and to a healthy condition, under your new mode of treatment.

I therefore take great pleasure in expressing my sense of gratitude, and you are at liberty to use this for the benefit of the afflicted Public. Yours truly, P. BOYLE.

Mrs. P. FRANKHOUSER, of Tiffin, for four years was almost disqualified for any kind of business; had quite lost her sight, but on application to Dr. S. has been restored so that she is able to do any kind of business.

Also—HENRY WALTER, of this place (Fort Ball) was afflicted with very bad diseased eyes and ulceration of the corners, and applied to Dr Snyder and was soon restored to a good sight and to a healthy condition.

PHILIP BINCK, of Tiffin city, was afflicted with a remarkable bad case of opthalmia, could not leave a dark room for some weeks; an application to Dr. S., his eyes was soon restored to a healthy condition.

Mr. E. G. LEYDAVHER, Tiffin, was afflicted for five years with very bad diseased eyes and almost blind; applied to Dr. S. and has been restored to sight, and his eyes to a healthy condition, so that he is qualified to do any kind of business.

Also—Miss WALTER, of this place (Fort Ball) was afflicted with very bad diseased eyes; had quite lost her sight, but on application to Dr. S. has been restored so that she is able to do any kind of business.

Also—HENRY WALTER, of this place (Fort Ball) was afflicted with very bad diseased eyes and ulceration of the corners, and applied to Dr Snyder and was soon restored to a good sight and to a healthy condition.

PHILIP BINCK, of Tiffin city, was afflicted with a remarkable bad case of opthalmia, could not leave a dark room for some weeks; an application to Dr. S., his eyes was soon restored to a healthy condition.

Mr. E. G. LEYDAVHER, Tiffin, was afflicted for five years with very bad diseased eyes and almost blind; applied to Dr. S. and has been restored to sight, and his eyes to a healthy condition, so that he is qualified to do any kind of business.

Also—G. W. BLACK, son and daughter of G. W. Black of Tiffin, with remarkably bad cases of opthalmia, which had baffled the skill of the physicians, which had wholly disqualified them from any kind of business. By application to Dr. J Snyder, they have been restored to a healthy condition—are now able to do any kind of labor.

Mr. THOMAS GERNEY, of Sandusky City was afflicted with very bad diseased eyes; had entirely lost the sight of one of his eyes, and almost the other; applied to Dr. Snyder of Tiffin, and was soon restored to his family a useful husband and father.

Many others could be mentioned, but it is deemed unnecessary, and would only add that the mode of treatment practiced by Dr. Snyder is a recent discovery, and leaves altogether out of use the old mode of reducing the system—cutting, cauterization, blistering, &c., as well as the use of the usual powerful caustics, viz: blue stone, blue or vitrol, any other thing which cauterizes and disfigures the eye by contracting the muscles.

☞ Any persons wishing further information will do well to communicate with either of the persons referred to above.

☞ No charges for examination or advice—if no benefit is received no charges will be made.

☞ Dr. SNYDER takes pleasure in saying to the public that Tiffin City is a pleasant and healthy location, and good boarding can be had from $2,50 to $3,00 per week.

Office—in G. W. Black's Block, Washington Street, Tiffin City, Ohio.

Jan. 23, 1857 (n16.)

C CRONISE.

June 22th'55.

GRISWOLD'S
Malarian Antidote.

THE GREAT FEVER AND AGUE MEDICINE OF THE AGE.—This great remedy will be found a specific for all the common forms of Miasmatic Diseases, especially Fever and Ague, Bumb Ague, Bilious Fever, Live Complaints, Jaundice, Bilious Diarrhœa, and Enlarged Spleen.

The Malarian Antidote is a scientific preparation, simple and safe in composition, but prompt and certain in its effects. It originated in one of the great Valleys of the West, and cost the labor, observation, and experience of twenty years spent in studying the Miasmatic atmospheres of the West. Hence, its adaptedness to the diseases, climate, and constitutions of the Mississippi Valley, and tributaries, rendering it finally superior to all the trash got up in the East by those who know nothing of little about the climate and diseases of the West. It is most emphatically a Western Remedy.

GRISWOLD'S
Bilious Pills.

THEY are one of the best and safest Family Pills now in use, adapted to the climate, diseases, and constitutions as they exist in the West and South. They are just what they pretend to be, a good, safe, and thorough family physic; good on less all circumstances, when physic is needed, and particularly so, when bilious.

☞ Prepared only by GRISWOLD and BALLARD, Druggists, Circleville, Ohio, and for sale at GIBSON & BLANKER'S Drug store, Tiffin, O. aug22

GAS.

An assortment of

Chandeliers,
Pendants,
Brackets,
Pilents,

and other fixtures, may now be seen at the Company's store room in

WEBSTER HALL,

corner of Perry and Washington streets, Tiffin. Those persons who are desirous of purchasing, should not delay making their selection before the stock is diminished, and the choice has rested. As the stock is intended rather to choose from than for sale, it is indispensable to make the selection immediately, in order that they may be procured in time for the workmen to put them in their places before the 4th of July next, when it is expected the company will be ready to furnish Gas.

Tiffin, June 5, 1856 tf

TIFFIN WOOLEN FACTORY

THE subscribers would respectfully inform the citizens of Seneca county, that they are prepared as usual, to

Card Wool into Rolls,

and to Full Color and Finish Cloth.

Having made arrangements with the proprietors of the Springfield Woolen Factory, we will receive

Wool,

to manufacture into Cloth, Cassimere, Satinet, Flannel, Blankets, &c., by the yard, or on shares. We will take wool to manufacture by the yard, at the following prices:

For lb. wool, and 37 1-2 cents, we will make one yard of Satinet.

For 1 1-4 lbs. of wool, and 40 cents, we will make one yard of Cloth or Cassimere.

For 1½ lbs. wool, and $3,00, we will make one pair of Blankets.

For 14 ounces wool, and 37 1-2 cents we will make one yard of Plaid Flannel.

For 14 ounces wool, and 25 cents we will make one yard of White Flannel.

Or we will take WOOL to manufacture on the shares, as follows:

2 pounds of wool for one yard of Satinet.
1 1-2 pounds of wool for one yard of Cloth or Cassimer.
2 pound of wool for one yard of Plaid Flannel.
1 1-2 pounds of wool for one yard of White Flannel.
7½ pounds of wool for one Pair of Blankets.

We shall have on hand an assortment of the above named Goods, likewise Indigo Blue Mixed Stocking yarns to sell at the same prices as sold at the Factory at Springfield, Ohio.

We Will also Pay Cash for Wool.

We ask the Farmers and others wanting such goods, to call and examine them, as the goods will recommend themselves.

N B. All work warranted to be done in a workmanlike manner. LOOMIS & BROWN.

Tiffin, O., May 15, 1857-6m.
