the directors, and by the cashier of such branch a statement of all the material facts necessary to enable the board of bank commissioners to determine whether such branch is lawfully entitled to commence the business of banking under the provisions of this act, and such board shall immediately report to the board of bank commissioners such statement and his proceedings in the premises.

Sec. 32. If upon a careful examination of the certificates of association, and the reports and statements of the special agents appointed to ascertain whether the branches to organize have complied with the provisions of this act, it shall appear that five or more such branches have been formed, and that their stockholders, directors and officers, are men of responsibility and integrity, and entitled to public confidence, and that such branches are lawfully entitled to commence the business of banking, the commissioners shall certify the same to the governor, and shall immediately notify each of said branches thereof; and within ten days after receiving such notice, each branch shall appoint, in such manner as the directors thereof shall prescribe, one person to be a director of the Bank of Ohio. But no person who is not a citizen of the United States, and a resident of this State, and who has not resided within this State at least one year next previous to his appointment, shall be such director.

Sec. 33. The governor if he be satisfied that the law has in all respects been complied with, shall issue his proclamation, setting forth that such branches are authorized to commence and carry on banking, at the places severally designated in their certificates of association, which proclamation shall be recorded in the office of the secretary, and a copy of said record certified under the great seal of the State of Ohio, shall be prima facie evidence of the organization of said branch.

Sec. 34. The bank commissioners and all agents appointed by them, shall each be entitled to receive for their services under this act, five dollars per day for every day necessary employed in the discharge of their duties, and their reasonable expenses, to be paid by the Bank of Ohio.

Sec. 35. This act shall take effect and be in force and after the second Tuesday of October next, if the same shall be approved by a majority of the electors voting on that day, and not otherwise.

N. H. VAN VORHES,
Speaker of the House of Representatives
THOMAS H. FORD
President of the Senate

April 14, 1857.

AN ACT

Relating to certain proposed Amendments to the Constitution, and the publication of this act, and an act herein named.

WHEREAS, The General Assembly of the State of Ohio, three-fifths of the members elected to each House agreeing thereto, have proposed five several Amendments to the Constitution to be submitted to the electors for their approval or rejection at the election for Senators and Representatives, on the second Tuesday of October, 1857, therefore,

SEC. 1. Be it enacted by the General Assembly of the State of Ohio, That the electors of the State shall vote upon said proposed amendments at the general election in October 1857, in the manner prescribed, viz: Those voting for amendment number one, shall put upon their ballots these words: "Annual Sessions—Yes;" those voting against it shall put upon their ballots these words: "Annual Sessions—No." Those voting for amendment number two, shall put upon their ballots: "Change of District Court—Yes;" those voting against it shall put upon their ballots: "Change of District Court—No." Those voting for amendment number three, shall put upon their ballots: "Bank and individual taxation equal—Yes;" those voting against it shall put upon their ballots: "Bank and individual taxation equal—No." Those voting for amendment number four, shall put upon their ballots: "Corporations—Yes;" those voting against it shall put upon their ballots: "Corporations—No." Those voting for amendment number five, shall put upon their ballots: "Single Districts—Yes;" those voting against it shall put upon their ballots: "Single Districts—No."

SEC. 2. A return, additional to the return now required by law to be made, of the votes cast at such election for State officers, and Senators and Representatives, and also for and against each of said five proposed amendments to the constitution, shall be certified and made by the clerk of each county to the Secretary of State, within ten days after said election, and within twenty days after said election, the Governor, Secretary of State and Attorney General shall upon said returns so count the votes, and ascertain whether or not a majority of the votes cast at said election have been cast for said proposed amendments, or either of them; and if it appears that a majority of the votes cast at such election have been cast for said proposed amendment, or either of them, the Governor shall make proclamation thereof, without delay.

SEC. 3. This act, and the act entitled "An act providing for the submission to the electors, of an act entitled 'An act to incorporate the Bank of Ohio and Branches,' passed at the present session of the General Assembly, shall be published in each County Auditor, in two weekly Editors, if two be published in the county, and in one German weekly paper, if published in the county, for two weeks next preceding said election.

SEC. 4. The cost of publication of this act, and of the act to the third section named, and of the said five proposed amendments to the constitution for six months, shall be paid out of the County Treasury, and if the Auditor of any county has not already contracted for the publication of said proposed amendments to the constitution, such Auditor shall immediately proceed to contract for the same as directed by a resolution heretofore passed.

SEC. 5. This act shall take effect immediately.

N. H. VAN VORHES,
Speaker of the House of Representatives
THOMAS H. FORD,
President of the Senate.

April 27, 1857.

TO THE SICK.

September and October Appointments.

D. H. TUBBS,

ANALYTIC PHYSICIAN, will be in attendance at TIFFIN, at the Shawhan House, Monday, the 28th day of October.

NORWALK, American House, Thursday, the 10th day of September, and Friday, the 25th day of October.

SENECA FALLS, Kessler's American, Friday, the 11th day of September, and Saturday, the 26th day of October.

BUCYRUS, McCoy House, Tuesday, 29th September.

The Sick and Afflicted are invited to call.

PHTHISIC OR ASTHMA.

The statement given this month, will be read with deep interest by all who have endured the incomparable horrors of Asthma. Especially does it commend itself to those who have believed that treatment may relieve, but cannot cure.

BOLIVAR, Crawford Co., O., July, 57.

Dr. Tubbs—In my childhood I have been afflicted with Phthisic or Asthma. My mother before me suffered from the same disease. As I grew older it became more, the severe seasons of the year and every change of weather, especially during the winter season. At all times a little more than ordinary exertion caused a violent cough and great oppression in breathing.

While the paroxysms lasted there was a distressing cough, and a constant agonizing struggle for breath, being, as it were, apparently upon the verge of suffocation. Very little sleep could be obtained at such times, and that very little while sitting in my chair. Two years ago I was induced by the statement of a lady whom you cured of asthma, to make one more trial. I had little faith at that time, partly because I had so often been disappointed, and partly because other relief I could not get well. The treatment was personal since consultation was out of the question, having the care of sick friends, yet I have been not only fully relieved of all symptoms of asthma, but of other affections accompanying. I have no cough now, breathe freely, feel well, and have good strength.

Yours truly, SUSANA W. [illegible]

HAVE YOU TRIED

THE

WESTERN FAMILY REMEDIES

PUT UP BY

A. LANGWORTHY,

FINDLAY, OHIO.

THEY ARE THE

AROMATIC VEGETABLE CATHARTIC PILLS,

—THE—

AROMATIC FEVER AND AGUE PILLS,

AND THE

EXCELSIOR EYE BALM.

SOLD BY DRUGGISTS EVERYWHERE.

DO YOU DESIRE HEALTH?

THEN READ A WORD

BEFORE YOU THROW THIS DOWN AS WORTHLESS!

It is a fact well known to all our Western citizens, that the miasma that is constantly present in the air of this rich western country, and the changes which occur so frequently from heat to cold, give rise to various forms of disease, and it becomes an important inquiry then to us, what we can do to prevent these various attacks, to which we are subjected? An old saying is, "an ounce of prevention is worth a pound of cure," and in nothing is it more true than in this.—For in however many forms we are attacked with illness, the primary cause is nearly the same. We catch cold, or overheat, the pores of our body become closed and the noxious matter which is generally thrown out of the system by sensible or insensible perspirations, remains in it and clogs it up, and the consequence is that the inward functions of the body cannot perform their duty, any more than a watch can, the cogs of whose wheels are filled with dirt. Every part of our bodies demands its different element from the food, and the part our stomachs take is to eliminate such parts, and send them in their proper direction; when our system is fully upon this it is well and beneficially done, and such parts of our food as are not needed, are thrown out by perspiration, and the natural outlets of our bodies,—but when cold, or any other cause, stops these outlets, this offal (if we may so speak,) remains in the body, and Fevers, Rheumatism, Jaundice, Liver Complaint, Agues, Neuralgia, &c., &c., occur. What then shall we do? the answer is easy—cleanse the system thoroughly, restore these natural outlets and we are free. When shall we do it? Shall we wait till the disease becomes settled upon us? No, let us take

A SIMPLE VEGETABLE REMEDY,

immediately when the first symptoms commence.

NO CALOMEL! NO POISON!!

but a good physic composed of the healing plants Nature has herself provided. This you can find in the

AROMATIC VEGETABLE CATHARTIC PILLS,

PREPARED BY

A. LANGWORTHY, FINDLAY, O.

We compound them from a Western experience—we know what you want, because we want them ourselves. Then when that Dull Headache, Pain in the Back or Ill be commences, when in short you feel your system getting out of order,

GO RIGHT TO WORK,

take enough to cleanse your system thoroughly, then take them along for a while to keep the bowels open and regular, and you will thank us for compounding them.

It may be that you have neglected yourself until you have Fever and Ague, Chill Fever, Dumb Ague—either Acute or Chronic—then procure a bottle of

"LANGWORTHY'S AROMATIC AGUE PILLS,"

take them according to directions, and break up the disease; if you have had it a long time, take the Physic Pills, to keep your system regular, and

DO YOUR SUMMER'S WORK.

These Ague Pills are compounded for those who are tired of taking Quinine, Arsenic, or any poisons. We warrant them entirely compounded from Vegetable Kingdom, and offer a reward of $1,000, to any one who will detect any Mineral in our Medicine we advertise as Vegetable.

These Pills were compounded, and first used in the fall of 1855, during the great prevalence of Bilious disease—were compounded on the ground where the disease prevailed, and not where they theorize about it (as is the fact,)—it was gotten up when Quinine, and the other Medicines failed, and was warranted to cure, and not one in a dozen bottles failed—it is the

PEOPLE'S REMEDY!

It is not gotten up with miraculous powers; but it will cure

FEVER AND AGUE,

AND ALL FORMS OF BILIOUS DISEASE SAFELY AND SURELY.

There are some cases where the system is so full of disease, that nothing but a thorough turning over will do any good, and in these cases, this Remedy proceeds to do it—in such cases nausea is produced, (in the common dose,) but persons can avoid this by doing the whole slower, and taking small doses, and a longer time to cure.

In some cases where the Liver is torpid, the patient will have one or two Chills after commencing the Medicine; but as soon as the Pills are fairly taken up by the stomach, and the system is able to influence the Chills must stop. In any case where it is desired to stop a sickness at the stomach, this is produced by these Ague Pills, a dose or two of Peppermint Essence will relieve.

Look out for your appetite after being cured by these Pills, or you will overeat.

One bottle will BREAK the Ague upon four grown persons, but to fairly cure should all be taken by one.

We would also call your attention to the

EXCELSIOR EYE BALM,

FOR ALL DISEASES OF THE EYE OR EYELID, UPON PERSONS OR HORSES.

Inflammations, Films, Ulcerations, Weak sight, and all forms of Diseased Eyes are cured so rapidly, that where it is best know it is considered almost MAGICAL in its healing influence. A Physician from Indiana writes:—

"Your medicine has given PERFECT and ENTIRE satisfaction in every case."

One Drug Store that has sold the past season, over EIGHT HUNDRED BOTTLES says it did not fail in a single instance.

An old Horse Jockey, who has handled horses all his life, says:—

"If your Eye Balm, with a little Bleeding and Physicing where the system is too full, will not cure, then may give up the Eye."

One lady, who has been deprived of sight in one Eye, by a blow, and it for six years says:—

"After thirty Physicians had prescribed, without any good result, your Medicine is performing a cure."

Candidly and honestly, will you deprive yourself of good remedies, because some, would be wise, merely out of Quackery—or you will try one box of our

FAMILY MEDICINES,

and be healed of your Diseases. We do not put up our Eye Balm for anything but sore Eyes and Eye Lids; but if you have it in the house, you need not suffer with Sore Mouth, or Ulcers upon any part of the body, for it is no healing in all such surfaces, that it will CURE THEM QUICKER, than anything else. Apply it, if you wish, with a quill feather, to the sores, once, twice or three times a day, as you deem necessary.

TUITION FEE IN ADVANCE.

For entire Mercantile Course, time unlimited $40
Same Course, for Ladies 25
Twenty Lessons in Practical Penmanship, simply . 5
For Full course in Phonography, etc., as per agreement.

N. B. For particulars send for Catalogues and Circulars.

THE COLLEGIATE COURSE

which is intended to embrace all branches "Purely Mercantile, has been recently enlarged, and can now be regarded as one of the most lengthy, thorough and complete series introduced to the public in any similar institution in the United States.

BOOK KEEPING DEPARTMENT

embraces three distinct grades, viz: Initiatory, Regular and Extended Courses, and taught on Folsom's New Method, recommended by over twenty of the most reliable Practical Accountants of Cleveland.

NEW METHOD OF TEACHING

strikes at the very germinating points of the Science, revealing the great natural threefold division of the Ledger, whereby is seen the proper line of demarkation between Real and Representative Property and the governing law of transfer, as regards its affecting the two classes of accounts, and those of the same class, in every variety of transactions, thus stripping this most useful and beautiful science of much of its time-honored mysteries made such by arbitrary and indefinite rules, meaningless forms and false notions; and hence enables the student to acquire correct notions of accounts as embodied in actual practice.

THE INITIATORY COURSE

embraces a regular progressive series of manuscript cards, classified somewhat as to the variety of transactions. It aims to develope the first principles and philosophy of Accounts, rather than mere routine and actual formula, by addressing the reason and judgment of the students, who studies with the view of apprehending and arriving at results, and so pushes on his investigations with much greater confidence, pleasure and independence.

THE REGULAR COURSE

is intended to represent every species of business, from the smallest Retail to the heaviest and most intricate of Wholesale and Commission, as well as Banking, Railroading, etc., demanded at present by our vast and constantly increasing Commerce.

THE EXTENDED COURSE

embraces lengthy, practical sets from the various Business Forms, and is designed for such students as may wish to spend longer time the time required by the Regular Course, (and that gratuitously,) preparatory to entering some Special House.

By taking in addition the Extended Course, the student will be faithfully and profitably employed six months.

PENMANSHIP, "Practical and ornamental," in all its varieties, will be taught in the most thorough and efficient manner, by one of the best teachers in the West. Besides it a real method of teaching Business Writing, the Chirographic System will also be taught. This system, so popular and recommended by our best educational men, is now taught in the Public Schools of Cleveland, Columbus & Toledo. Many other schools are open for good teachers of Chirothonography, as soon as they can be qualified.

DAILY LECTURES on Practical and Theoretical Book-Keeping, Mercantile Laws, Commercial Ethics, Political Economy, Art of Computation, Commercial Calculations, Mercantile Customs, Banking, Exchange, Commerce, Railroading Commercial History, Business Correspondence, Penmanship, etc.

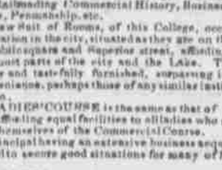
The New Hall of Rooms, of this College, occupies the finest location in the city, situated as they are on the corner of the Public square and Superior street, affording a fair view of most parts of the city and the Lake. The rooms are neatly and tastefully furnished, surpassing in beauty and convenience, perhaps those of any similar institution in the Union.

The LADIES' COURSE is the same as that of the Gentlemen, affording equal facilities to all ladies who may wish to avail themselves of the Commercial Course.

The Principal having an extensive business acquaintance is enabled to secure good situations for many of his graduates.

March, 6th, '57-1y.

DENNAL SURGERY.



Dr. C. C. Beilhars, Surgeon Dentist,

WOULD respectfully announce to the Citizens of Tiffin and public generally, that he may be found in "COMMERCIAL ROW" above the Seneca County Bank, where he is ready at all times to attend to any operations connected with the teeth, from extracting a tooth to inserting an entire set on the

ATMOSPHERIC PRINCIPLE.

Particular attention paid to regulating children's teeth.—Teeth inserted on Gutta Percha, if required. Dr. Beilhars returns his sincere thanks to his numerous friends and the public generally, for their liberal patronage during a fourteen years' practice among them, and flatters himself that by diligent attention to business, keeping up with the improvements of the Profession, and a determination not to be excelled, He may continue to merit their confidence and patronage. Call and have your decayed teeth filled and save the expense of a new set.

All operations warranted. Terms moderate.

Tiffin, Nov. 28, 1856. tf. C. C. BEILHARZ.

T. KINGSFORD & SON'S

PURE

OSWEGO STARCH,

(FOR THE LAUNDRY)

HAS established a greater celebrity than has ever been obtained by any other Starch.

This has been the result of its marked superiority in quality, and its invariable uniformity.

The public may be assured of the continuance of the high standard now established. The production is over 90 Tons daily, and the demand has extended throughout the whole of the United States, and to foreign countries. Working thus on a very large scale, and under a right system, they are able to secure a perfect uniformity in the quality throughout the year. This is the great Desideratum in Starch-making, and is realized now for the first time.

The very best Starch that can be made, and no other, is always wanted by consumers, and this will be supplied to them by the grocers, as soon as their customers have learned which is the best, and ask for it—otherwise they would be likely to get that article on which the largest profit can be made.

Mr. Kingsford has been engaged in the manufacture of Starch continuously for the last 27 years, and during the whole of the period, the Starch made under his supervision has been universally esteemed the best in the market. For the first 17 years, he had charge of the works of Wm. Colgate & Co., at which period he invented the process of the manufacture of Corn Starch.

☞ ASK for KINGSFORD'S STARCH, AS THE SAME OWING TO HIS SKILL HAS RECENTLY TAKEN BY ANOTHER FACTORY.

☞ It is sold by all of the best grocers in nearly every part of the country.

T. KINGSFORD & SON'S

OSWEGO CORN STARCH,

(FOR PUDDING, &c.)

Has obtained an equal celebrity with their Starch for the Laundry. This article is perfectly pure, and is, in every respect, equal to the best Bermuda Arrow Root, besides having additional qualities which render it invaluable for the dessert. Potato Starch has been extensively packed and sold as Corn Starch, and has given false impressions to many, as to the real merits of our Corn Starch.

From its great delicacy and purity, it is coming also into extensive use as a diet for infants and invalids.

He that hath Eyes to See Let Him See.

Dr. J. SNYDER.

OCULIST.

IS still on hand and ready at all times to wait upon the afflicted with diseased eyes. Thankful for the unusually liberal patronage he has received during the few months of his residence in Tiffin, he would respectfully solicit a continuance of the same. From his unusual success in treating the numerous persons who have been and this case from this place and various parts of the State, he feels renewed confidence in soliciting the patronage of the public. He has in many cases

RESTORED THE BLIND TO SIGHT,

And badly diseased eyes to a healthy condition during his short residence in this place.

Dr. Snyder has also paid particular attention to scrofulous diseases which he has treated with unparalleled success.

Dr. S. could refer to many cases as a distance, but deems unnecessary, and will only insert a letter from Mr. P. Boyle of Carey, and will refer to few only of the many cases that have been benefited in this vicinity.

CAREY, June 28th, 1856.

Dr. J. SNYDER.—Feeling myself under the highest obligations to you for the benefit I have received under your treatment. After having undergone all the usual modes of treatment during the last 18 months, without the least apparent benefit, and having almost lost the sight of my eyes, and being left in a very unhealthy condition, my case being given up as a hopeless one by my former doctors, after which, in the course of 3 weeks my eyes were restored to good sight and to a healthy condition, under your new mode of treatment.

Therefore I take great pleasure in expressing my sense of gratitude, and you are at liberty to use this for the benefit of the afflicted Public. Yours truly, P. BOYLE.

Mrs. P. FRANKLIN, of Tiffin, for four years was almost disqualified for any kind of business; had quite lost her sight, but on application to Dr. S., has been restored so that she is able to do any kind of business.

Also—HENRY WALTER, of this place (Fort Ball) was afflicted with very bad diseased eyes and ulceration of the corneas, and applied to Dr Snyder and was soon restored to a good sight and to a healthy condition.

PHILIP ERICK, of Tiffin city, was afflicted with a cataract so that he could not leave a darkened room for some weeks; an application to Dr. S., his eyes was soon restored to a healthy condition.

Mr. E. G. LEINAWEAR, Tiffin, was afflicted for five years with very bad diseased eyes and almost blind; applied to Dr. S. and has been restored to sight, and his eyes to a healthy condition, so that he is qualified to do any kind of business.

Also—G. W. BLANK, son and daughter of G. W. Blank of Tiffin, with remarkably bad cases of opthalmia, which had baffled the skill of the physicians, which had wholly disqualified them from any kind of business. By application to Dr. J. Snyder, they have been restored to a healthy condition—are now able to do any kind of labor.

Mr. THOMAS GERRY, of Sandusky City, was afflicted with very bad diseased eyes; had entirely lost the sight of one of his eyes, and almost the other; applied to Dr. Snyder of Tiffin, and was soon restored to his family's, a useful husband and father.

Many others could be mentioned, but it is deemed unnecessary, and would only substitute the mode of treatment practiced by Dr. Snyder is a recent discovery, and leaves the gather out of use the old modes of reducing the system—cutting, scarification, blistering, &c., as well as the use of the usual powerful caustics, viz: blue stone, blue or vitriol, and other thing which cauterizes and disfigures the eye by contracting the muscles.

☞ Any persons wishing further information will do well to communicate with either of the persons referred to above.

☞ No charges for examination or advice—if no benefit is received no charges will be made.

☞ Dr. SNYDER takes pleasure in saying to the public that Tiffin City is a pleasant and healthy location, and good boarding can be had from $2.50 to $3.00 per week.

Office—in G. W. Black's Block, Washington Street. Tiffin City, Ohio.

Jan. 23, 1857. (n'6.)

HOLT HOUSE,

E. N. HOLT PROPRIETOR.

Situated on the corner of Adams and Sandusky Streets, westside of the Sandusky River in the City of Tiffin; has been lately repaired and furnished for the especial accommodation of the traveling public, this House is in the pleasantest part of the City, and is a large commodious and splendid building, well adapted to the purpose of a public house, it is but a few rods from, and in sight of the Railroad Dedot, it is the nearest and most commodious tavern to that point. Mr. HOLT takes pleasure in announcing to the public that his House contains plenty of large airy and

WELL FURNISHED

ned Rooms. He would also invite all of his old customers, to give him a call, as he thinks they will be satisfied.

BOOTS & SHOES!

M. MARTIN.

THE subscriber, in addition to his custom made work, has just received an assortment of Eastern made work—consisting of Ladies' and Misses' Boots, Buskins, Gaiters, &c., both plain and embroidered; and every description of children's shoes, both plain and fancy. All of which he will sell as cheap as the cheapest.

Long experience in the business, and having the best of workmen, warrants him in saying that his work will be in style to suit. Particular attention paid to

GENTLEMEN'S FINE CUSTOM BOOTS,

Sewed, French Calf, Morocco, or Patent Leather, and not sale without a perfect fit. Thankful for past patronage, I would respectfully ask a continuance of the same. All work sold, whether Eastern or Home-Made, warranted, and repaired gratis. Call and see for yourselves.

M. MARTIN,

Jun 12-6m Main street opposite Seneca County Bank.

WATER LIME.—"Sandusky Cement" can also be found in quantities to suit purchasers at the Earl Warehouses.

Also "Lockport Cement," warranted when skillfully used.

Ditch Notice.

TO Stephen Charles, James McClung, Calvin Fismore, Henry Smith, David Belose and Timothy Baker, owners of land in Pleasant township, Seneca county, and State of Ohio, and non residents of said county, you will take notice that on the 12th day of Oct., A. D. 1857, application will be made to the Trustees of said Pleasant township, for the location and establishment of a water-course and ditch on the following described lands, in said township, to-wit: Commencing at or near the east half-quarter post, on the north line of section 10, running thence in a north-easterly direction, and along the new channel of a small, to the east line of said section 10; thence in a north-easterly and southerly direction on the west part of section eleven (11) in said township, and continuing along the main channel of the small aforesaid, to the north line of said section 11; thence in a northwesterly direction, and through the south-west corner of section two (2) in said township, and continuing in the channel of the said small, to the west line of said section two (2) and thence continuing in the direction last aforesaid, through the north-east corner of section three (3) in the township aforesaid, and in the channel aforesaid, to the north line of the county aforesaid. And commencing at or near the south east corner of section twelve (12) in the township aforesaid, thence running in a northwesterly direction to the west line of said section twelve (12,) and thence continuing in said northwesterly direction through the north-east corner of said section eleven (11), and across the south-east corner of said section two (2), and to intersect and connect with the ditch herein above described.

And that on the day named the said trustees will proceed to cause the said ditches to be located, and surveyed and set apart to each person interested in the same, such portion thereof to be opened, as shall be deemed right and just by them, pursuant to the statute in such case made and provided.

SAMUEL V. HUMES,
DEWITT BRINKERHOFF.

TIFFIN WOOLEN FACTORY

THE subscribers would respectfully inform the citizens of Seneca county, that they are prepared as usual, to

Card Wool into Rolls,

and to Full Color and Finish Cloth.

Having made arrangements with the proprietors of the Springfield Woolen Factory, we will receive

Wool,

to manufacture into Cloth, Cassimers, Satinet, Flannel, Blankets, &c., by the yard, or on shares. We will take wool to manufacture by the yard, at the following prices:

For lb. wool, and 37 1-2 cents, we will make one yard of satinet.

For 1 1-4 lbs. of wool and 40 cents, we will make one yard of Cloth or Cassimere.

For 11 lbs. wool, and $3,00, we will make one pair of Blankets.

For 14 ounces wool, and 37 1-2 cents we will make one yard of Plaid Flannel.

For 14 ounces wool, and 25 cents we will make one yard of White Flannel.

Or we will take WOOL to manufacture on the shares, as follows:

2 pounds of wool for one yard of Satinet.
1 1-2 pounds of wool for one yard of Cloth or Cassimere.
2 pounds of wool for one yard of Plaid Flannel.
1 1-2 pounds of wool for one yard of White Flannel.
21 pounds of wool for one Pair of Blankets.

We shall have on hand an assortment of the above named Goods, likewise Indian Blue Mixed Stocking yarns to sell at the same prices as sold at the Factory at Springfield, Ohio.

We Will also Pay Cash for Wool

We ask the Farmers and others wanting such goods, to call and examine them, as the goods will recommend themselves.

N. B. All work warranted to be done in a workmanlike manner. LOOMIS & BROWN.
