URBANA UNION.

CITY AND COUNTY.

WEDNESDAY, NOV. 23, 1870.

PUBLISHER'S NOTICE.

We aim to make THE UNION a medium of local events transpiring in all parts of the county, and to that end would thank our friends in the different townships to forward to us any items that may be of interest in their neighborhoods. Send in facts, in brief, if you choose, and we will "dress them up" for publication.

TO ADVERTISERS.

All advertisements intended to appear in the current week should be handed in as early as Tuesday noon.

A man by the name of T. A. Leavell committed suicide at Piqua on last Monday, by shooting himself.

THE attention of our readers is called to the advertisement of Prof. John Candy—Residence for sale.

Thanks.—Our thanks are due to Mr. Henry T. Niles for a few boxes of very fine Catawba Grapes.

Denial Notice.—Dr. W. P. Hall will be in his office, over Weaver & Benjamin's Grocery, on Thursday and Friday, December 1st and 2d, 1870.

THE Superintendent of the Logan County Infirmanry was accidently shot in the face and head last Tuesday, by a boy who was shooting quails.

Removal—Mr. Jas. Nolan has removed his Saloon to the room formerly occupied by Mr. Sheahan, one door West of his old Stand, on Miami Street.

FUNERALS.—The expense of funerals has become a crying evil and it behoves every right minded community to set it right. Write to us and form us about this.

THE youngest daughter of Mr. Geo. M. Russell, was slightly scalded on last Monday, by the oversetting of a Teakettle of boiling water, fortunately no scarious injuries was sustained.

PRESIDENT Sewall of Urbana University will commence a series of discourses on the "Second advent of the Lord: what it is:"—in the New Church house of worship next Sunday evening commencing at 7½ o'clock. The Public are invited.

WE see that Mr. Herman Fisher has removed his Fashionable Clothing Establishment to the corner of North Main and Court streets, to Room formerly occupied by Powell, Purcell & Co., his old customers are invited to give him a call at his new stand.

Two of the employes working on the new Court House at Bellefountain, were hurt last Friday by the falling of a large derrick, while hoisting a heavy stone.—The Breaking of a guy rope was the cause. One had his hand very badly crushed while the other received slight injuries.

Some Pumpkin.—We received this morning from the hands of our friend Mr. Geo. Soller, a fine share of a large pumpkin, which he has been saving for his friends.

This pumpkin is of the California variety, and its weight was 91 lbs. We shall try this Mr. Soller, and never forget you the Printer's friend.

FIRE.—The Flouring Mill belonging to Mr. J. G. Redmond, about 3 miles South of Urbana, was burned to the ground on Tuesday morning about 1 o'clock. Mr. Redmond, has no knowledge as to how the fire originated, and he states that there was no fire in the stove when he left the mill.

We understand that the Mill was insured, lost not known.

SNOW.—It commenced Snowing yesterday at about 1 o'clock, and it has kept it up pretty lively until this (Wednesday) morning, and on fair measurement find it to be 7½ inches deep on the level.

The merry Sleigh bells can now be heard through our Streets, while the Shovel brigade are busy scraping the snow from the sidewalks.

This reminds us that Winter is at hand.

QUITE a crowd assembled in the Public Square on Monday evening last to witness an exhibition of a fire annihilator. A large bonfire was built at the expense of several store boxes, but the machine wouldn't annihilate worth a cent. The fire burnt about as vigorously after as before it was annihilated. The apparatus was probably out of order, as fires can be put out by such means as has been abundantly tested.

As announced by hand bill—the Berger family—bellringers and vocalists—will give two concerts at the City Hall in this city on Wednesday and Thursday evenings Nov. 30 and Dec. 1st.

We have had the pleasure of hearing this troupe before, and can promise our readers a pleasant evenings entertainment in going to hear them. Besides their bell ringing and vocal music, they perform on several instruments, and offer a varied and interesting programme.

THE School Board are erecting a building at the Second Ward School Grounds 80 feet long by 33 feet wide for the purpose of establishing a Jymnasum for the benefit of the School Boys. Mr. A. C. Deuel has already purchased a set of ladders, balancing bars and a leaping rack he contemplates furnishing a regular Jymnasum this winter, when the building is finished, this will be quiet a benefit for the School boys in the way of amusements between school hours.

No Whiskey, No Tobacco, No Profane Language.—We have found out that the undersigned has never drank any intoxicating drinks, or never used tobacco by smoking or chewing, or never used profane language, and we understand he has taken a pledge from Arch Bishop Purcell, of Cincinnati, when he was only eleven years and six months old never to use any one of these three nuisances mentioned, and we find that all his other habits are in correspondence with the above. WM. F. FARRELL.

CITIZEN.

Runaway.—On Tuesday about noon a young man by the name of Joseph Taylor was driving a colt attached to his buggy, down Main Street, the colt getting scared at a wood wagon he became unmanageble, throwing Mr. T., from the buggy and taking down South Main on his way scaring the team of Mr. Eichelbarger, which lit out for home at a rapid speed, then running against a spring wagon in the Public Square taking off a front wheel, and brought up at the Public Pump where a complete wreck was made of the buggy.

We have not understood what the damage amounts to.

WE clip the following from the *Toledo Blade*.—An Urbana man a victim:

HORSE AND BUGGY TAKEN.—A horse and buggy belonging to a prominent citizen, which was tied in the front of the Court House yesterday afternoon, very strangely disappeared just previous to sundown. It is reported that the team was seen going towards Manhattan in charge of a man who is above suspicion.

ANY person desiring to know about that official 'plug' and buggy, or to know who *will not* be postmaster next term, will call at the St. Vincent and get a glass of Lager, at the expence of one who is still ABOVE SUSPICION.

THE first Complimentary Entertainment, by Porter's Cornet Band, to the members of the Urbana Band Association, will be given this Thursday evening at City Hall, commencing at 7½ o'clock. All persons contributing to the Association fund are considered members, and will be admitted with their families, free—other persons will be charged 25 cents at the door. ROB'T YOUNG, Pres.
H. G. HAPPERSETT, Sec'y.

THE lecture of Prof. Winchell of the University of Michigan, before the Young Mens Christian Association of this city, on Tuesday evening of last week was so near the time of our going to press as to cause a notice of it to be omitted in our last issue. We were present at the lecture and found a good audience. The lecturers theme was primeval man, and his account of many of the traces of ancient population found in the lakes of Switzerland—the gravel beds of France and the *tumuli* or burial mounds scatterd over both the old and new worlds were very interesting, but we think his reasons for regarding the antiquity of any of these remains as coeval with the geological period of drift were hardly satisfactory.

The professor is a man of education and a pleasant speaker, but we think he might improve his lectures by studying brevity and condensation. A theme needs to be very interesting to hold an audience from half past seven till quarter before ten.

We hear that the next lecture before the Association will be delivered by Hon. C. L. Vallandigham on the subject of the Bible. The distinguished reputation and ability of the speaker will doubtless ensure a large audience.

Mr. Vallandigham we believe in his Church relation is a Presbyterian.

GEN. B. F. Butler has been reported as saying in a letter written since the recent elections, that the only hope of General Grant's re-election as president was in vigorously urging the Alabama claims in such a way that England would be obliged either to accede to the demands made on her or fight; in either of which cases Grant could be reelected; and intimations have been thrown out that the President himself and other of his supporters incline to the same course of policy. We do not believe that the idea has any popular support and are pleased to see it discountenanced by prominent men of all parties. We are glad to find so influential a journal as the *Cincinnati Commercial* denouncing the proposition as it deserves. The idea that such a thing as a war between two great nations in which thousands of lives and millions of property would be sacrificed and untold suffering inflicted should be seriously spoken of—not in response to to any national impulse—not as necessary to the national existence or in vendication of the country's honor, but as a set up job undertaken for the political interests of an indivdual or party is so abhorrent to the popular sense as to make argument upon it unnecessary.

OUR readers will find on the outside of this paper an amusing account—taken from that eminent Radical authority the *Cin. Gazette*—of an interview between "the Dents" and Col. Fisher the lately retired commissioner of patents. Whether the account is entirely accurate or not of course we cannot vouch—we take it from Radical sources—but taken in connection with an extract we gave last week from the same paper concerning the farcical nature of the examinations for the civil service, it shows, a wide spread conviction among the Radicals themselves of the demoralization, nepotism and corruption prevailing at Washington. We have spoken of the account taken from the *Gazette* as amusing, we should rather say that it would be amusing if it did not display such a state of affairs. Much has been said in the newspapers especially the Republican papers—about the retirement from the cabinet of Secretary Cox, and it is evident that he retired because he was in favor of certain reforms which would have promoted the efficiency and purity of the civil service but which stood in the way of the interests of certain politicians who had ends of their own to serve.

The retirement of Mr. Fisher from the Patent office—a bureau in Gen. Cox's department—following so immediately the resignation of the latter is doubtless connected with it and due in some measure to similar causes. It is much to be regreted, for he was one of the best officers the President ever appointed—probably the best qualified man that ever held the office. He had for years devoted himself to the study and practice of that branch of the law relating to patents—had a fine mechanical insight enabling him to grasp the ciple of an invention, was engaged in nearly all the principal patent cases in the West and the author of a collection of patent law reports. That a man possessing these qualifications added to an irreproachable private character, should be lost to the service in a position of a judicial nature requiring such attainments in an eminent degree and which should be among the last to be invaded by the mere political adventurer is certainly greatly to be regretted. We have seen no intimation that Mr. Fisher resigned on account of any exigency in his private affairs, and the inference is very strong that he retired from reasons similar to those influencing the head of his department. If so it is little to the credit of the administration.

WE are in receipt of the initital No. of the Young Pilot, a handsome monthly, hailing from Chicago, devoted especially to the interests of young people in their teens. Contents equal to any magazine of like character. Its contributors number many of our best writers.—December number free to all subscribers for the year 1871. $1 per annum. Send stamp for specimen copy.

Respectfully yours,
YOUNG PILOT PUBLISHING CO.

DEMOREST'S YOUNG AMERICA, for December, is sparkling as ever. Provident fathers and mothers, who wish to cultivate the mental appetites of their children and provide for their amusement, will find a rich feast for boys and girls in each successive issue of Young America. The December number, besides its usual array of entertaining stories, engravings, puzzles, music, poems, etc., has a complete suit of full size patterns for a doll. Extraordinary premiums are offered to each subscriber, one of which is a fine $5 chromo; or, for two subscriptions, a fine $10 chromo, and splendid premiums for clubs. Yearly, $1.50. Address W. Jennings Demorest, 838 Broadway, New York.

THE December No. of Demorest's Monthly Magazine' besides giving the words and music of Mdlle. Nilsson's favorite song (Spring and Autumn), and the usual display of the only *reliable* fashions, useful information, and other rare novelties, gives Mme. Demorest's Mammoth Bulletin Plate of Fashions, price 50 cents, as a supplement, all for 25 cents, post free. The premiums offered by this model Magazine for yearly subscribers are unparalleled. A $5 chromo, equal in beauty to a fine oil-painting, size 10 x 13, is given to each subscriber; while for a club of two, or a two years' subscription, is given the best $15 chromo, "Hiawatha's Wooing," after Jerome Thompson, being $18 in value for only $6 in money, with other splendid premiums equally desirable. Address W. Jennings Demorest, 838 Broadway, New York.

The Lady's Friend for December.—We have heard enthusiastic readers declare that this holiday number was the best that has ever been issued, and when we look at the varied and superb embellishments and the captivating stories, we are inclined to think it is so. The steel-plate, "Olive Plants," is a very pretty domestic scene; the beautiful frontispiece, "Sorrow Under the Sun," is a romance in itself—such a world of expression is in the face of the girl leaning from the window-sill; the colored "Pattern for a Slipper" furnishes just the design for a holiday present; and the colored Fashion Plate, as usual, is unsurpassed. Nothing of the kind can compare with this in all a fashion plate should be. We like the wood-cut—"An Idyl on the Ice," and the patterns for dresses, winter wraps, &c., are uncommonly elegant. The music is "Alone and from Home." The literary matter, in prose and poetry, places this magazine at the head of its class, and the editorial department, with many readers, is the special attraction. Great inducements are offered to new subscribers. All *new* subscribers for 1871, who subscribe by the first of January, shall receive the December number *free*—making *Thirteen Months* in all! Price $2.50 a year (which also includes a large steel engraving). Four copies, $8. Five copies (and one gratis), $8. "The Lady's Friend" and "The Saturday Evening Post" (and *one* engraving), $4.00. Published by Deacon & Peterson, Philadelphia. *Sample copies sent gratis.*

MIRIAM M. COLE says that it is not magnaninous to accuse women of thinking more of their personal looks than any thing else, when every newspaper once a week offers them a specific for homeliness. "It is evident," she adds, "that women, as they are made, do not altogether please men, and yet they were created expressly and solely for them—there is a mistake somewhere."
