Doing busines on borrowed capital is burning the candle at both ends.

Buying and selling for cash are powerful factors in up-to-date merchandizing. Cash buyers get the right price. Cash sellers make the prices right.

The above is the title of a new comedy that is to be put on the boards at the opera house in this city next Monday evening. The Republican Campaign.

The local campaign was opened at several places last Tuesday evening.

Judge Theo Botkin spoke at Nickerson and the editor went up to learn what he would talk about.

The judge is a good speaker and fair to the opposition party. He made an old time republican speech on the tariff. He favored leaving the silver question to men who were in a position to study this question that McKinley, Cleveland, Carlisle, Reed and Sherman knew more of this question than he did and also that he believed he knew as much about it as A. L. Sponsler did although on this point he could not be positive.

The crowd was small, but listened attentively to his talk of two hours.

We are under obligations to Mr. Yeager for bringing us back to the city for not being in the habit of riding on the Santa Fee we did not know that the train which formerly left thee at at 10:00 o'clock had been taken off and had not our friends, the enemy, taken pity on us we would not have gotten home until Wednesday morning and our word to our good wife would have been broken.

There are longer but no better roads in this or any other country than the Chicago & Alton R. R. This fine makes a permanent patron of every traveler who once gives it a trial. Its tracks are of the heaviest steel and as smooth as glass. Its roadbed is stone ballasted throughout. Its equipment is superb. It was the first line on which a Pullman sleeping car was ever run, the first line to adopt dining cars and the first line to run free reclining chair cars, and today its solid vestibuled trains, containing all of these modern luxuries, are running through on fast time to and from Union Depots in Kansas City, St. Louis and Chicago with astonishing regularity and with exceeding comfort to its ever increasing patrons. If you ever make a trip in any a trip in any direction between Cansas City and Chicago, or Kansas City and St. Louis or St. Louis and Chicago, and fail to patronize the Chicago & Alton, you may be sure that you have missed at least one opportunity for increasing your happiness in this life
