Platform of the Democratic Party of Tennessee.

The Democracy of Tennessee, in State Convention assembled, declare:

1. That the Democrats of Tennessee, with their majority of the popular vote, are the rightful guardians of the honor and good name of the State, and they willingly accept the duty and responsibility of preserving them from taint or suspicion, and that it is equally their right and duty to settle its indebtedness.

2. That while we accord to all an honest difference of opinion, we regard the enactment of the 60-3-4-5-6 as unwise, because it is, in our opinion not in accordance with the views of the people.

3. That there is a portion of the State debt, such as the bonds issued for the building of our Capitol, for the purchase of the Hermitage, etc, and commonly known as the State debt proper, has never been disputed by any portion of our party, we consider as a valid and sacred obligation of the State, and favor the payment of the same in full, less war interest; and that we are in favor of paying in full the twenty-nine bonds held by the widow of James K. Polk, and all bonds held by educational, literary and charitable institutions on the first day of January, 1882.

4. That we tender to our creditors a settlement of the remainder of the State debt by paying one-half the principal and accrued interest by issuing bonds of the State bearing interest at the rate of three per cent, per annum.

5. That we are unalterably opposed to every species of monopoly as destructive of liberty and the best interest of the people, and to this end we favor the establishment of a commission, the object of which shall be to regulate the tariffs charged by the railroads of the State so as to put an end to the unjust discrimination by said roads, in favor of through as against local freights; and we are in favor of such a system of taxation as will force railroad companies to pay their just proportion of the taxes of the State according to the real value of their property; and that we are opposed to all unequal taxation upon the mercantile and manufacturing interests of the State,

6. That we favor the time-honored doctrine of instruction and recognize the right of the people at all times and upon all questions to communicate their views to their representatives.

7. That we favor an efficient public school system, and the liberal education of all the children of the State.

8. That we arraign the Republican party for its venality and corruption in the administration of the State and Federal Government, and for its total disregard of all civil service reform; and do hereby declare our unqualified opposition to the practice of said party in levying upon the employes of the Government a tax for political purposes.

9. That we are opposed to the calling of a Constitutional Convention at this time.

Rally to Bate.

Democratic division has made and will make republican ascendency in the state a fixed fact. The opposition to Bate is to help in the election of Hawkins. The division two years ago and that of the present are scaling the doom of the democratic party. The people fire of such procedure and will not support a party manifesting such want of unanimity. To save the party from defeat is to rally to the support of Bate. We beleive this and earnesly appeal to the people to stand firm to his nomination. His success is the safety of the party, his defeat will be its ruin. Come, then, let democrats as one man give him an enthusiastic adherence.

The men nominated for the legislature from Hardeman should be those whom the people at large will support. It is no time to attempt to monipulate in favor of any set of candidates. The temper of the people will not sustain such procedure.

We are glad to say that the State debt proper is only $2,105, 000, and with interest to date about $3,000,000 and not as we stated last week $9, 000 000. Our statement was from leading papers in the State, but Gen. Bate gives us the correct amount as gathered from official reports.

The speech of our popular candidate, Gen. Bate, in Jackson was an eloquent and stirring vindication of democracy. Let him speak through out the State as he spoke in Jackson and a full tide of enthusiasm will bear him in triumph into the gubernatorial chair.

Fruit Trees.

The celebrated Cherry Hill Nurseries, West Chester Pa., Hooper Brothers and Thomas, Proprietors have been doing business for half century.

Their fruit trees are annually sent to England, Scotland, France, Canada Mexico, and Australia.

This great establishment is represented in our midst by home talent, in the persons of H. M. Woodson, General Agent, assisted by Robert Newbern, Southall Dickson, Thomas Newbern, and D. L. Roberts. Mr. Woolson will canvass the town of Bolivar and have his headquarters at the store of Moore & Harvey's. The other gentlemen will make a thorough canvass the entire county soliciting orders for trees of every description. These nurserius took highest premium at the Centennial Exhibition and for reliability are unexcelled in the country. They guarantee that the trees they sell will bear the exact kind and quality of fruit represented. As the order have to be in hand of the nurseries by August 1st. Persons wanting trees should give orders at once, that they may be promptly fitted. A delivery will be made at Bolivar on Nov. 6th, and Saulsbary and the Junction immediately thereafter. We cordially commend Mr. Woodson as one of the most reliable business men to be found anywhere His agents as he is are all well-known by our people and what they say may be confidently relied on as true. Now is the best chance our people will ever have to supply themselves with the best and most choice fruit trees. Fruit culture is a rising industry in the South and large money is to be made in raising the best verities. Already this season big money has been made by our people in selling fruit for shipment North. When these agents call on you give them your order promptly, and let it be a large one as the investment will pay you handsomely in money and in the valuable improvement of your property. The prices are low and you cannot afford to lose this opportunity to get a choice selection of trees.

BOLIVAR District Conference.

The Bolivar District Conference of the Methodist Episcopal Church, South, composed of all the preachers, travelling and local, and one lay representative for every fifty members of the church in the district, will convene at 9 o'clock, a. m. on Thursday, the 6th, of July, 1882, in Purdy Tennessee.

Full and concise reports in writing will be expected, giving the spiritual state of the church, the contributions to church purposes, the progress of the Sunday-schools, the openings for missionary operations, the circulation of our books and periodicals, the condition of houses of worship and parsonages, the manner of keeping the records of the quarterly conference, and the prospects of our District High School at Purdy. The following vital questions will be considered by the Conference:

1. How can the spiritual state of the church in the District be improved?

2. How may the contributions to church purposes in the District be increased?

3 What do Sunday schools in the District most need?

4. In what way can the missionary and unoccupied territory in our bounds be most successfully cultivated?

5. The best means of promoting the circulation of our books and periodicals?

6. What can be done to promote the building and improvement of houses of worship?

7. How can the demand for men to perform the various departments of church work be supplied.

8. The question for building parsonages for each charge in the District.

The discussion on Sunday-school will take place in the Sunday-school convention. All Sunday-school workers are invited to participate in the convention.

Four delegates to the ensuing Annual Conference will be elected Prominence will be given to religious exercises during the session of the Conference. The Conference sermon will be preached on Thursday night by Rev. W. T. Locke. On Sunday morning the 9th, at 8 o'clock conference love feast. At 10½ o'clock preaching and the sacrament; at 3, a Sunday-school mass-meeting; and at night, preaching. Final adjournment at close of service.

Paducah, July 3, 1882.

W. H. Leigh.

To the State Democrats of Tennessee.

In all the counties where other arrangements have not been made by the county committees, those democrats who are opposed to the platform of the readjusters and who favor maintaining the settlement of the state debt made by the present legislature, are requested to meet in mass convention at their county seats on Saturday, July 8, at 12 o'clock, for the purpose of sending delegates to the democratic convention at Nasaville, July 11, 1882.

J. M. Dickinson
Chairman.

By order of the state executive committee the following was also issued:

To the State Democracy of Tennessee:

Your committee have entered actively upon the work assigned them and will vigorously push measures for organizing the friends of the state credit democracy all over the state. Rumors have been circulated that the action of your committee would be doubtful and which are made for the purpose of shaking your faith and inspiring you with distrust of the earnestness of the party and its resolution to maintain its principles by positive and uncompromising action are without foundation and are entirely false. Your committee, has been charged with a sacred trust in behalf of a sacred cause, and you can rest assured that they will not falter in their resolution nor relax their efforts to faithfully discharge that trust. You are earnestly called upon to unite your forces, stimulate your fellow democrats and present a solid and determined front and vindicate the good name of the party of Tennessee from the blighting charge of repudiation, by protesting against the recent action of the readjusters convention, spurning it as an undemocratic measure and not binding on the party, combatting its heresies before the people and by maintaining before the world and in the political arena the time honored state credit principles of democracy.

J. M. Dickinson.

The well-known family medicines of Dr. J. C. Ayer's & Co. have been before the public forty years, and time strengthens the favorable impression with which they were at first received We have been in the habit of using them ourselves, and recommending them to our acquaintances. Ayers Pills are a perfect regulator of the system; Ayer's Extract of Sarsaparilla is the best known purifier of the blood Ayer's Cherry Pectoral is a safe and sure remedy in complaints of the throat and lungs; and Ayer's Ague Cure is an effectual cure in cases of Fever and Ague and other malarial fevers. These medicines are compounded with skill and accurate medical knowledge, and they are in no sense to be classed with the cheap nostrums of the day. The formula from which they are prepared are not secret, but are furnished to all physicians, and are published for the benefit of all interested.—St. Johns, P. Q., News.

FOR NERVOUS DEBILITY

AND SPERMATORRHŒA.

A Simple Discovery and New Departure in Medicine, being entirely New and positively effective in curing the most Desperate Cases of Seminal Debility by the only true way, viz: Direct Application to the principal Seat of the Disease, and Absorption, and acting as a specific ointment on the Seminal Vesicles, Kidneys, Prostate Gland, and Urethra. This is effected with no pain or inconvenience, and does not interfere with the ordinary pursuits of life, as it is quickly dissolved and soon absorbed, producing immediate soothing and restorative effects upon the vital and nervous organism, disappointed from solitude and excesses, stopping the drain, restoring the mind to a healthy tone, removing the Dimness of Sight, Nervous Debility, Confusion of Ideas, Loss of Memory, etc., and the appearance of premature old age usually accompanying this malady, and perfect Sexual Vigor, when all else has failed, for years. This mode of treatment has been used by many eminent physicians, and is now a proven success. Drugs are too much prescribed in these troubles, and in many can lead without doubt to permanent ruin. There is no Nauseous, Medicinal Preparation. Practical chemistry and Medical Science guarantees that it will a real effection. During the eight years that it has been in use, we have received testimonials of benefit from many individuals, who, in this case, consulted by the medical profession, but to no permanent good, and who, in many instances, had exhausted the very prevalent nostrums, until, with shattered nerves, they were ready to become victims of premature old age, and the insane asylum, when a few boxes of the Pastille restored them to health and happiness. This Remedy is put up in neat boxes, containing three dozen Pastilles, sufficient to effect a permanent cure, sent to any address, postpaid, $2; No. 3 (lasting over three months), $5; No. 5 (will stop emissions and restore vigor in the worst cases), $7. Sent by mail sealed in plain envelopes. Full DIRECTIONS for using each package. EACH BOX.

Send for Sealed Descriptive Pamphlet, giving Anatomical Illustrations and Testimonials, which will convince the most skeptical that they can be restored to perfect manhood and relieved for the future at trifling cost, if never affected. Sold ONLY by

Ayer's Hair Vigor,

For restoring Gray Hair to its natural Vitality and Color.

A dressing which is at once agreeable, healthy, and effectual for preserving the hair. *Faded or gray hair is soon restored to its original color, with the gloss and freshness of youth.* Thin hair is thickened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed. But such as remain can be saved for usefulness by this application. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. Free from those deleterious substances which make some preparations dangerous, and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a

HAIR DRESSING,

nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich, glossy lustre and a grateful perfume.

William Thompson, vs. W. M. Crawford, } No. 16985.

By virtue of a writ of venditioni exponas in the above cause, to me directed from the Hon. Circuit Court of Hardeman county, Tenn., at the April term 1882, I will sell to the highest bidder, for cash, at the Court-House door in the town of Bolivar, on

SATURDAY JULY 8, 1882.

The following described tract of land.

There being no personal property of Defendant W. M. Crawford to be found in my County, I have levied this attachment upon all the real estate bequeathed to W. M. Crawford by Isaac W. Crawford dec'd, his father, in his last will and testament, being an undivided one-half interest in the same after the death or marriage of Sarah S. Crawford, widow of Isaac W. Crawford, dec'd, being the same land upon which Isaac W. Crawford lived at the time of his death, containing about 222 acres situate in Range 1 and Section 4 in the 9th Surveyor's district in the County of Hardeman, State of Tennessee, and bounded on the North by the lands of Nathaniel Hulsey; on the East by the Fish tract; on the South by the lands of Mrs. Martha A. Crawford and on the West by the lands of Robert Hanna, and being the same land which Isaac W. Crawford bequeathed to his wife during her life or her widowhood and at the termination of either, to his two sons Julius and W. M. Crawford. The interest here levied upon is W. M. Crawford's undivided half of the same after the death or marriage of his said mother.
