PENCILETTES.

Chew Jackson's Best Sweet Navy Tobacco

Rush Strong's cheap Hats and Shoes!

Memphis receives her fresh Florida oranges by way of New York.

So far, the spring style of chickens is entirely devoid of anything new.

They had a slight fall of snow, and thin sheets of ice in Memphis last Saturday.

In the Memphis meat market, choice beef roasts and steaks sell for 15 cents per pound.

The management of the Street Railway Company are improving the condition of the ground between the tracks on Gay street, by the addition of some macadam.

The citizens of Knoxville and Knox county will find the new B. Howe Sewing Machine, which unites the good improvements of all others, making a perfect machine, at an extremely low price, at W. W. Woodruff & Co.'s.

It is all very well to talk about economy, but the difficulty is to get anything to economize. The little baby who puts his toes in his mouth is almost the only person who, in these hard times, manages to make both ends meet.

"Can a man belong to a brass band and be a Christian?" asks an exchange. We see no impediment in the way. But if he is given to practicing at home, it is an utter impossibility for the man living next door to be a Christian.

Patrick League, a brother of Hon. John League, member of the Legislature from Shelby county, was drowned in the river at Memphis a few days since. He was a drayman, and fell from his dump-cart into the stream, but couldn't be rescued.

Morgan *Dispatch:* W. C. Threet and George Bolles, members of the notorious "Tinker Dave" gang, were arrested last week in McMinn county and taken to Nashville. They are charged with having committed murder twelve years ago, and will be tried in the United States District court.

At the March term of the Circuit Court at Wartburg, as we learn from the *Dispatch*, Jim McClellan and Lou Shoemaker were convicted, the former of larceny and the latter of miscegenation, and sentenced to one year each in the penitentiary. They have been turned over to the authorities at Coal Creek.

Correction.

In our sketch of Saint Patrick, published in yesterday's issue, the types made us say 372, B. C. Of course our readers will know that instead, it should have been 372, A. D. A small thing—only two letters—but it makes some 741 years difference in the venerable man's age; the more so, because we had him to die in 464, A. D. That would have made him a gay and festive youth of 836 summers.

The District Attorneyship.

Col. Xen. Wheeler, of Chattanooga, the newly appointed United States District Attorney for East Tennessee, is in the city on a business trip, to remain a few days. Col. Wheeler has not yet assumed charge of the office, but Judge Andrews is still conducting the business. We understand that it is probable the change will not take place for some little time yet, not until the business of the last term of the court is wound up, so that Col. Wheeler can take a new start.

Peaches Killed.

It was severe cold weather Monday night, for the season, and yesterday morning there was a pretty sharp freeze with plenty of ice of considerable thickness. There was no frost on account of the cloudy weather. Tender vegetation suffered more or less according to the locality. Some of the early peaches which had put out were nipped in the bud. A Knox county nurseryman informs us that it is his opinion that about half of the peaches are killed. It was not all done by this freeze, however, but partly by the snaps a few days ago. We are inclined to think though, that, with no further mishap, there will be plenty of fruit yet. We hope so at least.

Reasons Why.

The reasons why Dr. Price's Flavoring Extracts, Lemon Vanilla, etc., are superior to all others is because they are prepared from choice selected fruits and aromatics without coloring or poisonous oils, all the flavoring principles are retained unchanged by chemical action, highly concentrated, requiring less to flavor.

While in New York this winter or spring, you need not pay *twice* for meals that you only get *once*. In other words, as the Grand Central Hotel, on Broadway, is now conducted on both plans, the American $2 50 or $3 00, and the European $1.00, and upwards, per day, which allows you to take your meals at the elegant Restaurant, attached to the Hotel, at moderate prices, or to take a room only, and pay for what meals you get.

Rheumatism.

This dreadful torment, the doctors tell us, is in the blood, and, knowing this to be true, we advise every sufferer to try a bottle of Durang's Rheumatic Remedy. It is taken internally and will *positively cure the worst* case, in the shortest time. Sold by every druggist in Knoxville.

Nov. 5, 1878.

The CHARTER OAK can not be excelled.

Chancery Court.

The Chancery Court re-assembled at the appointed hour yesterday morning, Hon. W. B. Staley on the bench, and the following was entered of record:

E. C. Branner et al., vs. J. A. Mabry, et al.; defendant allowed till first Monday in March to answer.

J. F. Horne & Bro., vs. Julius Barkhouse & Bro.; dismissed, complainant and security to pay cost not already paid.

Exchange & Deposit Bank vs. Samuel Watson, trustee, et al.; abated as to Samuel Watson.

John Baxter vs. W. P. Washburn et al.; S. B. Lyon allowed to become party to suit.

First National Bank vs. John Baxter et al.; order of reference revived.

W. H. Graves, trustee, vs. George McFarland; order of reference revived.

Jas. Johnson vs. W. M. Churchwell et al.; dismissed, complainant and security to pay costs.

Wm. Morrow vs. John Tunnell et al.; order allowing note to be withdrawn.

Curtis Eames vs. C. Powell et al.; death of complainant suggested and proved.

Wm. A. Widener vs. A. D. C. Hiors; leave to withdraw deeds upon leaving copies.

Eli May et al. vs. P. Hall; order to pay out fund.

John Baxter vs. Tennessee and Pacific Railroad Company; *pro confesso* against J. A. Mabry on cross bill.

Court adjourned till 9 o'clock this morning.

Received another lot of that 5 and 8 cents Cheese, at Hudiburg's yesterday.

Personal.

Capt. Isham Newman, of the North and South Railroad, who has his headquarters at Birmingham, Ala., came up Monday night and will spend a short leave of absence with relatives at Mossy Creek.

Among the visitors registered at the Cotton Exchange, Memphis, last Saturday, were Messrs. E. J. Sanford and J. R. Ogden, of our city.

A Centenarian.

The Morgan *Dispatch* was visited a few days since by Solomon Porter, sr., who claims to be one hundred years of age. He is a native of Knox county, has resided the most of his life in Morgan, but is now in Cumberland county. He was a Mexican war soldier, and also a soldier in the late war. His eyesight is said to remain remarkably good, and he can shoot his trusty rifle almost as well as he ever did.

KNOXVILLE, March 18 h, 1879.

Being frequently asked whether I would give lessons in drawing and painting, I wish to say that I am not prepared to teach, but would refer all wishing instructions to Mrs. Brinkley, whom I can recommend as a competent teacher in Drawing and Painting.

Very respectfully,

LLOYD BRANSON.

Not Symptoms, but the Disease.

It would seem to be a truth appreciable by all, and especially by professors of the healing art that to remove the disease, not to alleviate its symptoms, should be the chief aim of medication. Yet in how many instances do we see this truth admitted in theory, ignored in practice. The reason that Hostetter's Stomach Bitters is successful in so many cases, with which remedies previously tried were inadequate to cope, is attributable to the fact that it is a medicine which reaches and removes the causes of the various maladies to which it is adapted. Indigestion, fever and ague, liver complaint, gout, rheumatism, disorders of the bowels, urinary affections and other maladies are not palliated merely, but rooted out by it. It goes to the fountain head. It is really, not nominally, a radical remedy, and it endows the system with an amount of vigor which is its best protection against disease.

Annual Meeting of the State Medical Society.

Says the Nashville *American:*

The annual meeting of the State Medical Society in Nashville, on Tuesday, April 1st, promises to be one of unusual interest. Since the session last year at Memphis, one of the most noted epidemics known in the history of America has ravaged a great portion of Tennessee and spread alarm through all its borders. Grave apprehensions are felt as to the coming hot weather. Certainly the profession which so nobly faced the storm, and to which the people look for counsel and guidance, should now have full conference. The entire Committee of Arrangements are diligently at work for the comfort and convenience of the members. The Nashville, Chattanooga & St. Louis railway will issue round trip tickets from all stations having agents, on March 31st, valid until April 7th. The other railroads will doubtless extend the same courtesy. Excellent hotel accommodations have been secured at reasonable rates.

Every effort has been made for six years past to render this really a State society, and with much success. The meeting at Memphis was one of the largest ever held. Probably the Society will go to Knoxville next year. At all events, a thorough organization of the medical profession in Tennessee will be speedily effected.

We hope our East Tennessee physicians will become thoroughly aroused to the necessity of attending and participating, as far as practicable, in this important convention, and it is hoped they may succeed in having the meeting in Knoxville next year. We can certainly entertain them handsomely, and it would be a matter of mutual benefit all around.

CONSUMPTION CURED.

An old physician, retired from practice, having had placed in his hands by an East India missionary the formula of a simple vegetable remedy for the speedy and permanent cure for consumption, bronchitis, catarrh, asthma, and all throat and lung affections also a positive and radical cure for nervous debility, and all nervous complaints, after having tested its wonderful curative power in thousands of cases, has felt it his duty to make it known to his suffering fellows. Actuated by this motive and a desire to relieve human suffering I will send free of charge to all who desire it this receipt with full directions for preparing and using in German, French and English. Sent by mail by address with stamp, naming this paper. W. W Sherar, 149 Powers Block, Rochester, New York.
