FROM SEVIER COUNTY.

Close of School at Middle Creek Academy.

MR. EDITOR: Your correspondent had the pleasure of being one of the many spectators at the close of the Academical High School at Middle Creek, which closed out recently and which has for the last fifteen months been under the control and instruction of Professor D. H. Emert; and we are proud to say that every student and every recitation throughout the entire closing exercise reflected much credit, both on student and teacher. The examination was thorough and rigid considering the short time allotted to each class for recitation; and we must say that the students acquited themselves with honor. Their promptness and deliberation throughout all the exercises showed that no pains had been spared on the part of the tutor to direct the minds of his pupils to a deep and thorough investigation of the different branches of science taught in his school.

The examination was largely attended by the patrons and friends of the school, the academy not being sufficiently large to accommodate the audience.

After the classes had all been taken through their review, Rev. E. B. Clark was called to the stage and addressed the school and audience with feeling and animation and with great encouragement to the students.

The following resolutions, which had been adopted by the Board of Trustees of the Academy were then read by Mr. A. W. Trotter:

MIDDLE CREEK ACADEMY, May 23, 1879.

At a meeting of the Board of Trustees of the Middle Creek Academy, the following resolutions were unanimously adopted:

Resolved, That we consider the cause of education one of the greatest vital importance, and that it is one of the highest duties of every good citizen to give it the attention and support that the importance of the cause demands.

Resolved, That as we have had a flourishing school in our Academy for the last fifteen months under the instruction of Prof. D. H. Emert, and as for the present his services can not be procured longer, therefore,

Resolved, That we regret very much having to give him up as a teacher.

He came among us, took charge of our school, and is now closing out his third term at this place.

His services have been very much appreciated by us as an incorporated Board of Trustees, and by the people generally. His gentlemanly bearing has been seen, felt and appreciated by the people of this community. His experience as a teacher has drawn to our school many nice and intelligent young gentlemen and ladies from other neighborhoods and from other counties, the school having been so large a part of the time as to require an assistant

Resolved, That while Prof. Emert desires to change his field of labor for the present, believing that it is best for a teacher not to teach too long at the same place, to wear down his school, but to leave it in a flourishing condition, as he is doing here, and while we are very sorry to lose his services in our academy, we congratulate the neighborhood that is so fortunate as to secure him as a teacher. And our kindest feelings and best wishes for his prosperity shall go with him; hoping that some day not far in the future he will return to our academy again.

Resolved, That we tender our thanks and best wishes to the students from a distance for their patronage, and for their gentleman and lady-like conduct in our school, and for their attendance and aid in our Sunday School. We believe that their stay here has been one of both pleasure and profit; so far as we know, not a single jar or hard feeling has existed in the school since the commencement, and doubtless the present hour fills their hearts with sadness as the time has come when they must take their leave from each other, some of them, perhaps, for many long months or years, but we would recommend that they find a solace in the cheering thought that by a zealous application there is a brighter day just ahead, when they, by continued efforts, rise to eminence and fortune.

Resolved, That our kindest feelings and best wishes accompany them to their homes, and may success and prosperity follow them through life, and when our school opens out again, which we trust it will do soon, we hope that many of them will return to Middle Creek, where we guarantee them a hearty welcome.

W. H. TROTTER, Chairman.

A. W. NICHOLS, Secretary.

After the resolutions were read, it was announced that the exercises at night would be at the church, commencing at 7½ o'clock. And long before the appointed hour, the spacious church was filled with anxious spectators. The night's entertainment consisted chiefly of declamations and compositions interspersed with vocal music of which the following is the programme: Mr. Willie Marshall, Welcome; Mr. Gates Marshall, The Good Scholar; Mr. J. C. Trotter, What They Say; Mr. John Marshall, The Happy School Boy; Miss Hannah Butler, The Children's Picnic; Mr. S. W. Emert, Supposed Speech of John Adams; Mr. R. S. Fox, The School Boy; Mr. P. R. Emert, The Being and Attributes of God; Song, The Beautiful Valley of Eden; Mr. G. S. Clark, Touch Not, Taste Not, Handle Not; Mr. R. S Bohanan, Incentives to Culture; Mr. A. E Watson, The Cultivated Intellect; Mr. J. R Shields, True Glory of a Nation; Mr. J. H. Whaley, Formation of Character; Mr. F. S. Caton, The Grandeur of the Universe; Song, Be Careful of Your Money, Boys; Miss A. E. Trotter, composition, For What are We Made?' Mr. J. S. Wear, The American Indians; Miss S. E. Marshall, composition, Light; Mr. N. H. Ogle, The Value of Time and Knowledge; Mr. G. S. S. Fox, Good Advice; Miss Addie M. Trotter, composition, Hope; Mr. S. A. Whaley, Self Culture; Song, To Be There; Miss Alma Trotter, composition, A Few Words to Our Boys; Mr. W. A. Atchley, Intellectual and Moral Power; Miss S. R. Fox, composition, The Voyage of Life; Mr. H. Trotter, The Teacher the Hope of America; Miss D. V. Shults, composition, Memory; Mr. S. S. Trotter, The Progress of Discovery; Song, The Glad Forever; Miss. E. R. Trotter, composition, Love of Home; Mr. R. M. Bales, Education Our Own Work; Miss Mary A. Trotter, composition, The Starry Heavens; Mr. J. H. Drinen, Benefits of Agriculture; Miss Sallie J. Bales, composition, Farewell; Song, We're Going Home To-morrow; Mr. H. B. Trotter, Valedictory.

The exercise was opened with prayer, by Rev. E. B. Clark. He said: "Before we engage in prayer, I want to remind the audience that this is the house of God, and as the greater part of this assembly are young and full of life and glee, and as it is natural for such occasions, especially where there is good music, to awaken a spirit of levity, we trust that you will remember that you are in the house of God, and that the best of order will be preserved."

These requests were strictly adhered to and the audience was highly commended for their orderly conduct.

As for the entertainment by the school, it was the crowning scene of the occasion. We have not time to notice each piece seperately, but the declamations and compositions, like the examination, did honor to the students and teacher. Their performance and the interest manifested by the patrons proved clearly to the mind, not only that there is as bright intellect in the mountain counties of East Tennessee as there is any where, but that intellect is being developed, and our enterprising citizens are determined to educate their sons and daughters at all hazards.

The beautiful aurora of education is gleaming brighter and brighter and we believe that the time is not far distant when its effulgent sheen shall flash athwart our beloved East Tennessee with more brilliancy and splendor than was ever hoped for by the teacher of the past.

MARKET REPORTS.

Wholesale Grain and Produce Market

OFFICE CHRONICLE OFFICE
KNOXVILLE, TENN., June 17, 1879.

Produce trade is quiet, but little has been done in the past ten days. The scarcity of Bacon caused an advance for local demand only. There remains in the country yet a surplus of Bacon which will be marketed as soon as harvest is over. The active demand for Corn, which existed some days ago, has ceased, and only occasional orders are received at a decline of 3c per bushel. The old crop of Oats is exhausted; scattering lots are taken readily at advanced prices for local consumption. Flour is dull: no shipping demand. Old Wheat dull and neglected, only a local demand. New Wheat promises well, both in quality and quantity, but no shipping demand is anticipated for 60 or 90 days. Our mills will want some new wheat as soon as it is dry enough to grind; prices will range between 75 and 90c. Lard in moderate demand, mostly for home consumption. Dried Fruit about exhausted; the small lots offered are taken by the retail trade. Field Seeds, trade over, occasional orders for Millet. Old Irish Potatoes wanted for seeding; scarce and high.

No demand for field seeds except for German millet, worth $1.50 to $2.00 per bushel.

LIVER

STILLINGIA. GLOBE FLOWER SYRUP. CHEPATINE.

This important organ, weighs but about three pounds, and all the blood in a living person (about three gallons) passes through it at least once every half hour, to have the bile and other impurities strained or filtered from it. Bile is the natural purgative of the bowels, and if the Liver becomes torpid it is not separated from the blood, but carried through the veins to all parts of the system, and in trying to escape through the pores of the skin, causes it to turn yellow or a dirty brown color. The stomach becomes diseased, and Dyspepsia, Indigestion, Constipation, Headache, Biliousness, Jaundice, Chills, Malarial Fevers, Piles, Sick and Sour Stomach, and general debility follow. MERRELL'S HEPATINE, the great vegetable discovery for torpidity, causes the Liver to throw off from one to two ounces of bile each time the blood passes through it, as long as there is an excess of bile; and the effect of even a few doses upon yellow complexion or a brown dirty looking skin, will astonish all who try it—they being the first symptoms to disappear. The cure of all bilious diseases and Liver complaint is made certain by taking HEPATINE in accordance with directions. Headache is generally cured in twenty minutes, and no disease that arises from the Liver can exist if a fair trial is given.

BLOOD

Grave mistakes are made in the treatment of all diseases that arise from poison in the blood. Not one case of Scrofula, Syphilis, White Swelling, Ulcerous Sores and Skin Disease, in a thousand, is treated without the use of Mercury in some form. Mercury rots the bones, and the diseases it produces are worse than any other kind of blood or skin disease can be. DR. PEMBERTON'S STILLINGIA OR QUEEN'S DELIGHT is the only medicine upon which a hope of recovery from Scrofula, Syphilis and Mercurial diseases in all stages, can be reasonably founded, and that will cure Cancer. $10,000 will be paid by the proprietors if Mercury, or any ingredient not purely vegetable and harmless can be found in it.

HARRISON PHOEBUS, Prop'r.

In Criminal Court for Knox County Tennessee.

BILL FOR DIVORCE.

Caroline N. Brakebill vs. Adam Brakebill,

IN this cause it appearing from the allegations of the bill, which is sworn to, that the defendant Adam Brakebill is a non-resident of the State of Tennessee, so that the ordinary process of law can not be served upon him; it is therefore ordered by the Clerk that the said defendant Adam Brakebill, appear before the Judge of the Criminal Court, at a court to be held for the county of Knox, at the court house in Knoxville, on the first Monday in September next, and make defence to the bill filed in this cause, or the same will be taken for confessed ex parte. It is further ordered that this notice be published in the Knoxville Whig and Chronicle for four consecutive weeks. GEO. L. MALONEY.

jl1w4t Clerk.

State of Tennessee Anderson County.

W. T. Dungan vs. Cyrus W. Dail (known as S. W. Dail.)

IN this cause it appearing to me from the affidavit of the plaintiff, the evidence on file, with the attachment writ, the return of the sheriff made thereon, and the answer of garnishees, that the defendant Dail is justly indebted to the plaintiff in the sum of five hundred and sixty dollars and eighty cents ($560 80) with interest, and is a non resident of the State, and that said garnishees are justly indebted to him; but because it does not appear that the said defendant Dail has notice of these proceedings, it is therefore ordered by reason that publication be made in the Knoxville Whig and Chronicle, a newspaper published in Knoxville, Tenn., for four successive weeks commanding him to appear before me at my office in Clinton on the 7th day of July, 1879, then and there to make defense, or the cause will be proceeded with ex parte, and until which time the judgement of the court upon the answers of the garnishees will be held up.

THE KNOXVILLE CHRONICLE FOR 1879.

Subscribe for a Good, Reliable News paper.

The DAILY CHRONICLE, and WEEKLY WHIG AND CHRONICLE, will be kept up during the year 1879 to their usual high standard. By enterprise, accurateness, and close attention to the wants of our readers, we hope to merit a continuation of the liberal patronage heretofore extended these journals.

Nearly nine years ago, when there was not a Republican daily in the State, and only two or three in the South, we commenced the publication of the CHRONICLE. In all these years we have battled for Republican principles, and see no reason to change our course now. Hence we shall continue to publish a truthful, reliable Republican journal, not the organ of any man
