NASHVILLE:

THURSDAY MORNING,.....APRIL 29, 1858.

Gen. Jackson's Legacies.

Among other provisions the Will of Gen. JACKSON contains the following:

"The large silver vase, presented to me by the ladies of Charleston, South Carolina, my native State, with the large picture representing the unfurling of the American banner, presented to me by the citizens of South Carolina, when it was refused to be accepted by the United States Senate, I leave in trust to my son, Andrew Jackson, Jr., with directions that, should our happy country not be blessed with peace, an event not always to be expected, he will, at the close of the war, or end of the conflict, present each of said articles of inestimable value to that patriot resting in the city or State from which they were presented, who shall be adjudged by his countrymen, or the ladies, to have been the most valliant in defence of his country and our country's rights."

Under this clause, Gov. ALLSTON, of South Carolina, has suggested that the remnant of the Palmetto Regiment, be regarded as one man, and be made the recipient of the above bequest. The Governor makes this suggestion because, he says, "that no soldier of Mexico, who should be singled out from among all those who behaved so gallanty in Mexico, and should be made for that reason, the inheritor of Gen. JACKSON's bequest, could ever again live in peace." The suggestion is made the more plausible by the fact that the remaining members of that Regiment, have, a year or so ago, "formed themselves into an association, in order to secure annually, a reunion of the scattered fragments of their body, and at the same time, to care for each other when old and decrepid and needy, and each other's family." The Governor says:

"This association held its first meeting in May last; and, after listening to an oration, marched in a body to pay homage to the master roll of the regiment, and its tattered flag, which is in the keeping of my department, preserved in a glass case. It was a touching exhibition of natural and honorable sentiment."

The Trustee, ANDREW JACKSON, Jr., has adopted the suggestion, and forwarded the relics mentioned in the Will, which will be presented to the Palmetto Regiment at Columbia, S. C., by the Governor on the first day of May, prox.

SUBURBAN HOMES.—The attention of those wishing to purchase grounds for the erection of residences in the neighborhood of the city, is referred to the advertisement of Mr. A. H. FORD, in this morning's PATRIOT. He proposes to sell some handsome lots, on the Murfreesboro' turnpike, within a few minutes' drive of Nashville, in one of the most desirable neighborhoods in the county. A residence there cannot be otherwise than agreeable, to any one who has any regard for beautiful rural scenery, and the advantages of pure fresh air. We doubt not these lots will be disposed of on terms advantageous to the purchasers.

☞ We are glad to see our good friend, E. R. GLASCOCK, out again, and looking as if he were ready to give the public the benefit of his services as an Auctioneer and Real Estate Agent. Three months confinement to the house with inflammatory rheumatism, is no pleasant retrospect. It is hardly better than Sicily Buras's recollections of her wedding night. We trust his escape from the clutches of the aches is final, and that his future may be entirely free from such rough customers.

AN HONEST SCOUNDREL.—The Secretary of the Treasury, on Tuesday, 20th inst., received fifteen hundred dollars in Treasury notes, from an unknown individual in New York, who stated that he had cheated the Government out of that amount during the administration of Gen. PIERCE.

☞ We are indebted to Hon. F. K. ZOLLICOFFER for "The Congressional Globe" and "Appendix" for the third session of the 34th Congress—1856-7; the third and fourth volumes of "Commercial Relations," and other important public documents. He will please accept our thanks for his attentions.

☞ We learn from a distinguished Southern Democrat, just from Washington City, that the redoubtable Andy Johnson is regarded on all sides as the *lowest* man in the Senate—just what we styled him—a dirty dog. He may thank Hon. John Bell for elevating him to his proper dignity.—*Eagle & Eag.*

☞ Bishop EARLY, of the Methodist Church South, arrived in this city yesterday. We understand that a number of the delegates to the Conference, which meets next Saturday, have also arrived.

☞ The fine stock of Watches, Jewelry and Plated Ware advertised by BENJ. F. SHEARS, will commence this morning at 10 o'clock. The ladies are most respectfully invited to attend.

☞ The Atlanta *American*, of the 26th, contains the sentence of Radford Crockett, for the murder of Landrum, which is that he is to be hung on Friday, the 18th of June, next.

☞ We noticed our old friend, JOHN GREENE, in the city yesterday, looking remarkably well. His numerous friends were no doubt glad to shake his honest hand.

☞ We wish to inform the public, that we have just returned from the east, with a beautiful stock of dress goods, and feel confident we can offer inducements to purchasers, equal to any other Merchants in the city. If prices are an object, we are determined to sell as cheap as the cheapest. We would call the attention of the ladies especially to a lot of side striped Berege and Muslins, which we bought unusually cheap and will sell them the same way. Also silks, duculs and all the different kinds of dress goods. Our stock of staple goods is very complete, all of which we wish to dispose of immediately on terms most favorable to purchasers. Call soon and examine for yourselves.

I. C. NICHOLSON & CO.,
apr6-tf No. 22 Public Square.

SPRING FAIR.

The Annual Spring Fair of the Davidson county Agricultural and Mechanical Society, for the year 1858, will be held at the Fair Grounds near Nashville on the 4th to 8th of May inclusive. Liberal premiums are offered, a list of which, with regulations for holding, may be had on application to I. P. WILLIAMS, Secretary, at the office of the Southern Homestead, No. 17½ Deadrick Street, or at the Office. Membership Tickets entitling the holder to all the privileges of the Society for the year 1858, and free access to the grounds during the Spring Fair, may be had for $1, on application to THOS. B. JOHNSON, Treasurer.

WM. G. HARDING,
Feb. 22—triw&wtd. President.

THE CRYSTAL OIL LAMP,
For Burning the Crystal Oil, Combining Economy and Safety.
Patent Rights for States and Counties for Sale.

THIS important invention for producing the *cheapest* light in the world is now perfected and offered to the public. Numberless other attempts have been made to produce a cheap light, but were attended with such inherent objections as to destroy their utility and adoption. But for Crystal Oil Lamps, while it is the cheapest, is both *safe* and *agreeable* in every position, making a *clear, white and brilliant* flame—entirely free from *smoke or odor*. There is no danger from explosion, but is *perfectly safe* under all circumstances. The oil can be used in any place without fear of soiling the most garments. The lamps are *simply* arranged and perfectly controllable by the children and domestics, and so constructed that the light can be varied in a moment from that of one to eighteen or twenty ordinary lamps. While it is free from the disagreeable smell arising from the Kerosene and the danger attending the use of the burning fluid, it is found upon scientific comparison to produce

As much Light for ONE CENT as Kerosene will for THREE CENTS, or Burning Fluid will for SIX CENTS,

Thus saving five sixths of the entire amount now expended, or the price of the lamp in about a month. They are adapted to all situations, making the cheapest and most desirable light now in use for every purpose—for the largest halls or churches as well as private dwellings. The patent on this lamp for the different States and counties throughout the Union, with the exclusive sale of the Crystal Oil, now offered to the public, presenting a rare opportunity for merchants to secure for themselves the monopoly of a trade entirely free from opposition. Facilities are completed for the manufacture of the lamps in such quantities that they will be furnished to the purchasers of rights in any style, at such a cost as will yield an almost incredulous profit. These rights will be closed off immediately, and the lamps and oil delivered as soon as desired. As no lamps or oil will be sold to any but purchasers of rights, all letters making the request will not be noticed. Communications addressed to the "Crystal Oil Lamp Office," No. 5 Merchants Row, will be promptly attended to.

Crystal Oil Lamp Company, No. 5 Merchants Row, Boston.
apr28—2m(p. o.)

1858. J. H. McGill. 1858.

Mar25—1y.

The Crystal Oil Lamp.

PATENT RIGHTS.—Almost with precise regularity, at the expirtion of certain periods, we see some valuable patent offered to the public out of which fortunes are made as if by magic. In the Patent of the Crystal Oil Lamp, we recognize one of this class, and are anticipating the reaping of rich harvests by hundreds of enterprising merchants throughout the Union. It is a great and worthy invention—great because it so far excels every other invention for the production of a cheap light, and especially worthy as an economical substitute for the dirty and disagreeable smelling oils and dangerous fluids now in use. It has no parallel for usefulness among the long lists of patents granted for years—because it reaches and benefits the masses, blessing alike all mankind, the poor as well as the rich; for notwithstanding its superiority to, and manifold advantages over every other for safety and cleanliness, this beautiful light costs to burn but about one sixth as much as many others, thereby making a saving of five sixths of the entire cost, or in reality saving FIVE dollars out of every six dollars now expended. We hear the inventors intend to dispose of the patent rights for the States and Territories of the Union; if so, presenting a golden opportunity for investment, and undoubtedly many now possessing their few hundreds will soon boast of their thousands as the result of it. It is indeed a rare chance, either for the small trader or heavy merchant, to acquire the control of a healthy permanent trade, yielding a greater profit in a few months than any ordinary business would in a long series of years. While we heartily condemn the many worthless patents offered to the public, we are pleased to commend to the world a *reaille* entirely worthy their confidence.—*Boston Journal, April 22nd.*
apr28-2m(p. o.)

The Ladies! The Ladies!

It is a well established fact, that fully one half of the female portion of our population, are seldom in the enjoyment of good health, or to use their own expression "never feel well." They are languid, devoid of all energy, extremely nervous, and have no appetite. To this class of invalids the Hoofland's German Bitters are *especially* recommended. Their peculiar tonic and invigorating properties render them invaluable in such cases.

☞ Read the Testimony. ☜

F. M. CHALFANT says:

MORGANTOWN, VA., Sept. 25, 1855.

Ship me immediately 12 dozen German Bitters, and I assure you no medicine that I sell gives such general satisfaction, the demand for it being being beyond all precedent. It affords me pleasure to sell a medicine so satisfactory to all. Our physicians no longer scout at it, but are compelled to acknowledge its intrinsic value, and the greater part of them have had magnanimity of soul sufficient to lay aside their prejudices and prescribe it in their practice.

Ask for Hoofland's German Bitters, and take nothing else. They are prepared and sold by Dr. C. M. Jackson, No 418 Arch street, Philadelphia, and are sold by druggists and store keepers in every town and village in the United States, Canada, West Indies, and S. America, at 75 cents per bottle. See that the signature of C. M. Jackson is on the wrapper of each bottle.
apr1-1m

☞ We think is hardly known even to the most intelligent of our readers, how deep some of the sciences are looking down into the mysteries of creation. We know there were wonderful discoveries in these times, and wonderful uses made of them, but did not know the Chemists were imitating in their crucibles and even surpassing the most wonderful productions of organic life. During our visit to Lowell we were introduced by one of their prominent citizens to the laboratory of Dr. Ayer, (inventor of Cherry Pectoral and Cathartic Pills,) where we were shown with generous frankness his processes and his products. This master genius of his art is manufacturing the subtle essences of flowers from tar and other vegetable substances. His essence of Pine Apple, Strawberry, Checkerberry, Quince, Pear, Canella, Cinnamon, &c., not only equal but they exceed in purity of flavor, those vegetables themselves. His oil of Winter-green is purer and of better flavor than any that can be gathered from the plant—and yet is made by chemical composition from the Hydro-carbons in tar! His process is, to analyze the substance and find the exact ultimate atoms of which it is made, then recompose them in the same proportion, a which exist in nature.—*Christian Advocate.*

Kane's Arctic Expedition.

Very few persons, while sitting at home comfortably in their easy chairs, can form any adequate idea of the hardships endured by the bold men who followed the lamented Dr. Kane on the Grinnell Arctic Expedition. Besides the suffering caused by the inhospitable climate, the intense cold brought on Rheumatism, stiffness of the Joints, Chilblains, &c., and, in many instances the limbs and members of the daring explorers were frozen or frost bitten. Their sufferings from these causes were very great and would have been unendurable but for the happy effects of a Liniment, invented expressly for their use by the celebrated Dr. A. G. Bragg, a plentiful supply of which was taken along with the expedition. This Liniment proved so valuable, and its merits so fully confirmed under the most unfavorable circumstances, that Dr. Bragg has been induced to commence its manufacture for the public. He calls it very properly "BRAGG'S ARCTIC LINIMENT." It is now for sale at all the Drug stores, and will undoubtedly come into universal use.
apr1-1m

The "Elixir."

Prepared by Dr. JAS. WILLIAMS, for the cure of DYSPEPSY, and nothing but DYSPEPSY, (as advertised in another column,) has, by its own merits, obtained for its-if so high a reputation in Philadelphia, that Physicians acquainted with its properties, are using it themselves and prescribing it to their patients, convinced, by observation, of its great efficacy in restoring the disordered digestive organs to a healthy function. Numerous cases of Dyspepsy, of the most aggravated character, which were abandoned as incurable by some of the Medical Faculty, have, by the use of this Elixir, been restored to perfect health, as attested certificates testify. apr13-1y

We would particularly call the attention of our readers to a remedy known as McLean's Strengthening Cordial, and Blood Purifier. It is certainly a valuable remedy. We therefore say to all, call at the agent's, and test for yourselves its intrinsic merits. It is delicious to take. We ask our lady readers to try it. See the advertisement in another column.

April 26—2w.

Alfred Marks, Esq..

Says—"My wife has been sorely afflicted with Dyspepsia for the last year. During this time, she had used so many medicines which seemed to aggravate rather than remove the disease, that we almost despaired of her recovery. Living in the country, she enjoyed all the advantages of pure air and exercise, yet each day she seemed to be more enfeebled. With some difficulty, I persuaded her to take your *Hollaud Bitters*, which, I am happy to state, has completely cured her."

☞ Wanted Immediately, 10,000 men to engage in the sale of the most popular selling Books in America. Invalids, mechanics, farmers and teachers, wishing to travel, will find this a very profitable and pleasant business, enabling them to see the country and make money at the same time. Agents now in the business are clearing from $200 to $1,500 per year. For full particulars, and a list of Books, address H. M. BULLSON, Queen City Publishing House, 141 Main street, Cincinnati, Ohio, or 1 Ludlow last, D. BULLSON, Philadelphia, Pa
Sept. 21.—1y

To Nervous Sufferers.

A retired Gentleman having been restored to health in a few days, after many years of nervous suffering will send (free) to assist others, a copy of the prescription and a supply of the remedy, on receiving a stamped envelope bearing the applicant's address. Direct the Rev. JOHN M. DAGNALL, 186 Fulton street, Brooklyn, N. Y. apr15-tri-w—s

BANK OF COMMERCE.

NASHVILLE, Tenn., Jan. 13, 1858.

I will give 85 cents on the dollar for Lawrenceburg money; and other uncurrent money at the market price. I wish to purchase $100,000 of Tennessee State Bonds to fill an order, and will give the highest market price for Land Warrants to any amount.
jan14—tf JNO. D. JAMES.

Soda Fount.

WELLS, HOOVER & Co. inform the [illegible] that they have received and have now in operation one of the Nichol's celebrated Soda Founts, an entirely new patent, and the most complete one of the kind extant. Their assortment of syrups is inferior to none in the city. apr12

☞ N. P. WILLIS' *Home Journal* advertises circulars furnished gratis explaining the reasons why it requires a gentleman of "accomplished mechanical genius" to operate a Wheeler and Wilson's Sewing machine, and why so many "excellent house-keepers" can not do it. feb22-tf

Swaim's Celebrated Panacea.

FOR the cure of Scrofula, General Debility, and all Disease, arising from Impurities of the Blood and the effects of Mercury.

Swaim's Panacea has been for more than thirty five years celebrated in this country and in Europe for its extraordinary cures, some of which are too frightful for general publication, where the patients have been almost eaten up with Scrofula, and were deemed incurable by physicians.

It has been used in hospitals and private practice, and has been recommended by the most celebrated physicians and other eminent persons. Among others, by W. G. Gibson, M. D., Prof. of Surgery, Penn. University; Valentine Mott, M. D., Prof. of Surgery, N. Y. University; W. P. Dewees, M. D., Prof. Mid. Penn. University; N. Chapman, M. D., Prof. of Physic, Penn. University; T. Parke, M. D., President College Physicians, Philadelphia.

The wonderful cures effected by Swaim's Panacea have for many years made it an invaluable remedy, and have occasioned unprincipled persons to imitate it, and thus impose on the diseased and afflicted. Almost daily we are informed of several who have been deceived in this city.

Swaim's Panacea is in round bottles, fluted longitudinally, with the following letters blown on the glass:

"Swaim's—Panacea—Philada."

Having the name of JAS. SWAIM stamped on the sealing wax and written on the label covering the cork, and a splendid engraving on the side of the bottle, but no Ga. Jas. Swaim, (copyright secured.)

If persons purchasing the Panacea will be careful to observe the above caution, and that the name SWAIM is correctly spelled, they need not be imposed on.

Prepared only at Swaim's Laboratory, the old stand, South Seventh Street, below Chestnut, Philadelphia, and sold by all Druggists in the United States.

Commercial.

DAILY PATRIOT OFFICE,
NASHVILLE, April 29, 1858.

COTTON.—Cotton, for several days past, until yesterday, was a drug in the market—little sold and few caring to sell. Yesterday, however, the market suddenly became quite active, and, as far as we could learn, about 300 bales were sold at prices ranging from 8½ to 10¾c. per lb., an advance of ¼c.

TOBACCO.—The market continues active, and prices firm. Sold yesterday at FISHER, WHELESS & Co.'s, 9 hhds at 5 35, 5 50, 5 75, 6 25, 7 35, 7 95, 8 00, 8 25, 9 10; and 15 at A. HAMILTON's, at 5 45, 5 65, 5 70, 6 20, 6 25, 6 75, 7 00, 7 50, 7 55, 7 65, 7 85, 8 25, 8 60, 8 85, 9 55.

BACON.—We continue to quote at 8@8¼c. per lb., from wagons. It continues to arrive freely, and sales are readily made at these figures.

LARD.—Owing to advances in other domestic markets, Lard has gone up, as we mentioned yesterday, a figure in this market. It is now selling at 9¼@9½c. per lb. in first hands.

GROCERIES.—Market dull. Stocks are being rapidly diminished to a summer footing. No change in prices; for those of leading articles see table.

Atlanta Market.

ATLANTA, April 26, 1858.

A little Cotton continues to arrive, which is freely taken at full prices. About 100 bales have been sold in the city, mostly at 11¼. Extremes 9 to 11¼. About the same quantity has been bought in the country, to be delivered at Stone Mountain, at prices not transpired.

BACON is active at the following quotations. Hog round 9¾ to 10c; Clear Sides 11c; Shoulders 8 to 9c; the lower price for an inferior article. The partial excitement of last week has subsided.

New Orleans Market.

NEW ORLEANS, April 23.

COTTON—The inquiry has continued active, but the supply of desirable lists being very limited, the sales were only about 8500 bales, making a total for the last five business days of about 44,000 bales, against receipts in the same time of only 19,993. Prices are very full, and tending strongly upward for the middling and better grades.

COTTON QUOTATIONS.

Inferior	5@ 7
Ordinary	8 @ 9
Good Ordinary	9¾@10¼
Low Middling	10¾@11
Middling	11¼@11½
Good Middling	11¾@12¼
Middling Fair	12½@
Fair	—@—

SUGAR—Prices continue very firm, with sales of about 700 hhds Fair to fully Fair at 6½@6¾c.

MOLASSES—The sales include about 1000 bbls at 26@27½c for Fermenting, and 27@28c for Prime and Choice; also 125 half bbls Fermenting at 31c per gallon.

BACON—Sales confined to small lots of Ribbed Sides at 9¾@10c, but offers of 9⅞c refused for large lots.

LARD—Prices have advanced ½ a cent, with sales of 950 tierces and some bbls at 11, 325 kegs at 13, and 250 at 13½c ⅌ lb. Demand understood to be principally for Havana.

COFFEE—Prices have improved ½@¾c and with a more active demand; the sales reach 3500 bags, viz: 1600 at 10, 1515 at 10½, 100 at 10¾. 350 Prime at 11, and 150 "Skimmings" at 8½c ⅌ lb.
