Coleman's London Mustard.

THE attention of Dealers and Consumers is particularly called to the superior quality and low prices of the above Mustard, manufactured by Messrs. J. & J. Colman, London, now the most extensive Factors of Mustard in Great Britain.

Four different qualities are manufactured, which are packed in Kegs, Canisters, Tin Foil and Bottles, and each package is warranted full weight. The 4, 6, and 10 ℔ Tin Canisters are peculiarly adapted to the South, as they effectually exclude dampness and air, thus preserving the flavor in all its strength.

STAR AND ADAMANTINE CANDLES.

THE undersigned continue the manufacture of their celebrated Candles, of the different sizes, four, five, six, and seven to the pound.

All Warranted Full Weight.

Consumers will find it greatly to their interest to use Candles in preference to those that are short COUNT.

Many Candles that are really seven to the pound, are branded and sold as sixes, making a difference against the consumer of five pounds to the box. The variation usually made in the price is not proportionate to this difference, as the following statement shows:

A Box of Sevens contains 247 Candles, and is sold for 35 pounds, which is the actual weight.

A Box of 14 oz., or "Short Weight Sixes," contains only 240 Candles, SAME SIZE AS SEVENS, and is sold for 40 pounds.

Supposing the price of the former to be 20 cents, and the latter 18 cents, there will be a difference of twenty cents in price and seven Candles in count per box, in favor of the full weight Candle to retailers and consumers; and this will be increased five cents per box for every quarter advance in price.

Those interested would do well to examine be sufficient for themselves. PROCTER & GAMBLE, 24 West Second street, Cincinnati. dec15—datrix6m

ANOTHER TRIUMPH

THE subscriber respectfully invites the attention of the public, and of purchasers particularly, to the superior *Premium Pianos*, Manufactured and constantly on hand.

Our Pianos have received a Premium two years in succession, 1856 and 1857, at the Fair of the American Institute, Crystal Palace, in competition with most of the leading manufacturers of New York and Boston, and are unquestionably of the best quality of tone, full, round and brilliant, as well as finish and durability, and we flatter ourselves, by the approval of renowned artists, in venturing to say that our Pianos stand superior to many others, and equal to any Grand Piano in regard to volume of tone and elasticity of touch, combined with the greatest firmness, which is very rarely met with in other Pianos.

We respectfully solicit an examination from strangers and friends to convince themselves of the above before purchasing elsewhere. All our Pianos are warranted. H. HANSEN,

Medical.

DYSPEPSIA,

AS shown by the statements of the Board of Health of New York, caused the death of 76 persons of 611 deaths, in one week, and 1d deaths, by consumption, indeed by Dyspepsia. As it is a well attested fact that Dyspepsia is the origin of the sufferings of a large portion of those who die of consumption, it becomes the duty of every one to use such precautions against and remedy for Dyspepsia as science and experience have place before them, and which has proved to be efficacious; of this character is Williams' Anti-Dyspeptic Elixir," in corroborative of which read the following testimonials:

Testimony of Mr. Edward H. Rowley, of the firm Rowley, Ashburner & Co., 14 North Wharves, proof of the efficacy of Williams's Anti-Dyspeptic Elixir.

PHILADELPHIA, October 29, 1849.

DR. JAMES WILLIAMS:

Dear Sir—I take pleasure in recommending your Anti-Dyspeptic Elixir, for the cure of Dyspepsia. I have taken it myself for the disease, and have been entirely cured

Yours respectfully EDWARD H. ROWLEY

Communication to John R. Penrose, Esq., from Mr Franklin Eyre, Kensington.

It is with great gratification that I testify to the efficacy of Williams's Anti-Dyspeptic Elixir, which you so strongly recommended to me, and for which I heartily thank you; it has completely restored my health, which I cheerfully publicly acknowledge with the hope that others may be similarly benefitted

Truly yours FRANKLIN EYRE,

KENSINGTON, Sept 12, 1850 OCTOBER 10, 1850

DR. JAMES WILLIAM

Dear Sir:—Having suffered for a long time from Dyspepsia so severely that I was completely prostrated and having tried every means for relief without success, I was advised to use your "Anti-Dyspeptic Elixir." It affords me much pleasure to inform you that I am entirely cured by its use, and I cordially recommend it to all persons suffering under Dyspepsia

Very respectfully, &c.,

GEORGE WOODRUFF

Cornwell's Half-way House, Bristol Turnpike

Testimony of Mr. Abner Elmes, Market street, above Sixth, corroborative of the efficacy of Williams Anti-Dyspeptic Elixir

DR. JAMES WILLIAMS:

Dear Sir—It gives me great pleasure to know that you are again preparing your medicine for the cure of Dyspepsia, for many of my acquaintances have repeatedly asked me where it could be secured, knowing that I had been cured by it. As I think that a public acknowledgement of the great benefit I have received from the use of your medicine, is not only due to you, but may be useful to others, I now make it. For several years I suffered from Dyspepsia, which increased to such an extent that my health and constitution were rapidly sinking under it. I was compelled to restrict myself to the most simple food, and even that I could not digest; I felt a loss of strength, disinclination to exercise, and (as you have it in your advertisement) a general feeling of depression and indescribable weariness. In the year 1848, hearing from others high recommendation of your Anti-Dyspeptic Elixir, I procured and used it with the most happy effect; under its influence languor and weariness gradually passed away, and my appetite revived, which I could gratify with impunity. Ten years have now elapsed, and my confidence in the curative powers of your medicine has of course increased, for it completely cured me, when I failed to obtain relief from any other source.

Very respectfully, yours,

ABNER ELMES

FEVER AND AGUE.

FEVER and Ague in its various modifications forms the chief obstacle to health and comfort in the Western States. That this is owing to ignorance among the physicians, must be admitted by those who have carefully watched the progress of intermittent fever, and the unavailing efforts to check it by ordinary remedies.

That the billiary difficulties of the West can be prevented, arrested and Cured is certain.

On this point not a shadow of doubt exists. It is certain that in the mineralic kingdom, which the Divine Wisdom has prepared for the use of man, that a remedy for the dreaded FEVER AND AGUE was not overlooked. It cannot be but he who causes the spring up the herb which heaveth the beast of the forest and of the field, has provided no help for this malady. By his own wise providence he has decreed that the "Star of Empire" shall move Westward; and we may be sure that the fearful contingency in question was well guarded, and that the means there of would be vouched to the earnest and patient seeker. We can therefore say that in furnishing the certain remedy for the cure of Fever and Ague, we are entitled to the confidence and consideration of our common country.

We hereby certify that we have submitted the Graefenberg Fever and Ague Remedy to a close inspection and scientific analysis, and have also tested its curative powers in several cases of Ague and Fever. It is a skillfully compounded remedy and has proved itself completely successful in every instance. It is richly deserving the confidence of our brethren of the Medical Profession, and of the public.

IN WANT OF A FIRST CLASS

SEWING MACHINE.

MISS H. P. HUNT

BEGS to call attention to a new and superior Sewing Machine, Mr. FINKEL'S PATENT, adapted to FAMILY AND TAILORS' USE, being an improvement upon all others in use capable of doing the finest and coarsest work, with double thread, making the most perfect, strong and elastic stitch, with seam alike on both sides.

Having secured the Agency for the entire State of Tennessee, Miss HUNT is traveling for the purpose of ESTABLISHING LOCAL AGENTS, and will offer liberal inducements to some person who may desire the agency for the city of NASHVILLE, on application at her room at B. S. WELLES'S, No. 29 Cherry street, where one of the machines may be seen in operation. Also, orders received from those who desire to purchase.

☞ An early application is requested, as Miss H. will remain in town but a few days.

N. B.—The attention of Tailors is especially invited to the above named Machine.

Economy in Fuel.

WE have just received and have for sale three sizes of the

Tropic Coal Cooking Stove,

Containing one of the greatest improvements ever introduced into Cooking Stoves, viz.: THE BURNING OF THE GAS AND SMOKE ARISING FROM COAL.

By this method fifty per cent of the fuel is saved, and a much better fire conveyed to the oven.

We have one of these Stoves on exhibition at our Store. We believe it to be better for cooking with Coal than any Range or Stove that has yet been invented. It will save its cost in fuel in a few months. We warrant them to be all that we promise for them, and if the do not merit public expectation we are willing to bear any loss that may accrue.
