American and Foreign STEREOSCOPIC EMPORIUM.

E. ANTHONY, 308 Broadway, New York. After May 1st, 1860, 501 BROADWAY, two doors from the St. Nicholas Hotel.

The Stereoscope is the most instructive, interesting, entertaining, amusing, and exciting of modern inventions. None are too young, none too old, none too intellectual, none too uneducated, to acknowledge its worth and beauty. No home is complete without it, and it must and will penetrate everywhere. It presents to your view every part of the world, and the relief, boldness, perspective, and sharpness of detail, as if you were on the spot. Photographers are everywhere exploring Europe, Asia, Africa, America, in search of the grand and beautiful, and the results of their skill are constantly enriching our stock. We have an immense variety of paper Views of Cities in Paris, London, England, Scotland, Ireland, Wales, France, Belgium, Holland, Switzerland, Spain, the Rhine, Versailles, St. Cloud, Fontainebleau, Palaces, Italy, Turkey, Egypt, Athens, the Holy Land, China, India, Crystal Palace, also Groupe His Majesty, Queen Victoria, Princes, Statesmen, Generals, Actors, Actresses, Dancers, Opera Singers, Ballet Dancers, Nude Statuary, &c. &c. An exquisite assortment of Illuminated Interiors of Palaces, Churches, and Castles of France, Italy, &c. &c. The effect of these illuminated views is most remarkable. EVERY GENTLEMAN OF WEALTH AND REFINED TASTE should have in his drawing room some of our exquisite views on glass, with a revolving stereoscope, showing 12, 25, 50 or 100 scenes. Nothing can be more fascinating, and one can offer no greater treat to a friend fond of the picturesque and the beautiful. Anthony's Instantaneous Stereoscope Views are the first Photographic wonder. They are taken in the 60th part of a second, and everything, no matter how rapidly it may be moving, is depicted as sharply and distinctly as if it had been perfectly at rest. This gives an additional value, for to the beauties of inanimate nature it adds the charm of life and motion. The process is a discovery of our own, and is being unknown in Europe, we receive from London and Paris large orders for Anthony's Instantaneous views of American life and scenery. Among other things we have just published Stereoscopic Illustrations of the Scene of the FULTON STREET PRAYER MEETINGS, in which many hearts feel a deep interest. The particulars of this will be found in our catalogue.

OUR CATALOGUE of subjects and prices will be forwarded to any address on receipt of a stamp. Parties at a distance sending us $5, $10, $15 or $25 can have a good instrument and such pictures as they may request, sent by Express. Views alone, (without instrument) can be sent by mail. Persons who wish to be advised of everything valuable in the line that comes out, may send us their names to place on record, and will keep them advised at our own expense. Amusement of leisure will find Photography a most fascinating and delightful amusement. We are prepared to furnish amateurs with everything necessary for success, together with instructions "How to Make Stereoscopic Pictures."

E. ANTHONY, Importer and Manufacturer of Photographic Materials, Stereoscopes and Stereoscopic Views. Merchants from every section of the country are respectfully invited to make an examination of our stock, as our discount to the trade will be liberal.

Photographers.—First class stereoscopic Negatives wanted.

Sent by mail a print unmounted, with price of Negatives. jan14-4m.

VALUABLE REAL ESTATE FOR SALE.

WISHING to make other investments, we propose to sell all our Real Estate in Davidson Co., as follows:

That Suburban Residence, situated on the Franklin Turnpike, within half a mile of the city, and opposite the residence of the late Joseph W. Horton. This is, perhaps, the most commanding site in the vicinity of Nashville, and is a most delightful country residence. The house will be sold with 12 or 15 acres of land as the purchaser may choose.

That Valuable Farm, known as the Sims Tract, situated on the Smith Turnpike, (old Lebanon road) within three miles of Nashville, containing 330 acres. The soil is good, it is well watered and timbered, and can be divided into small tracts of twenty acres and upwards, all of which are admirably adapted for country residences, market gardens and dairy farms. Also that

Beautiful Farm, on same road, now occupied by T. C. McCampbell, and formerly owned by Tom Harding, containing about 250 acres. This place is so well known as to need no further description. It will also be divided to suit purchasers. T. C. McCampbell will show these places to any one who will call.

All the above property will be sold on reasonable terms, and on a credit of one, two, three and four years.

Apply to A. V. S. Lindsley, Nashville, or to either of the undersigned. THOS. C. McCAMPBELL, Six miles from Nashville. J. A. McCAMPBELL, Nashville. apr1

RAILROAD COAL.

THE finest lot of Coal in the city of Nashville is at the ÆTNA YARD, which is the only place that gives the full weight per bushel. It is guaranteed to give more heat, less ashes and soot than any other now offered for sale. We will continue to supply our friends and customers at our usual low prices during the coming winter. Try the ÆTNA COAL and be convinced that it is the most economical in the market. Orders dropped in Box 94, P. O., or at the Yard back of N. & C. R. R. Depot will be promptly attended to. SAMUEL J. AGNEW. oct11-tf

Miscellaneous.

VESPER GAS LIGHT. The Cheapest, Most Brilliant, —AND— Most Convenient Artificial Light IN THE WORLD.

THIS GAS is generated from Pure Coal Oil and for elegance, economy, safety and simplicity cannot be surpassed. The fixtures are in the same style as the ordinary Gas fixtures.

Its advantages are: that it is a portable gas light, unrivaled for brilliancy, cheapness, cleanliness and simplicity, and can be used wherever artificial light is required. It is easy to regulate, and requires no trimming, and for attention, whatever, after lighting. It is perfectly safe and free from explosion, and has no odor or smell while burning. The light can be made to burn with any degree of brilliancy, by turning a screw, and be increased instantaneously in volume from that of a candle to ten or twenty, by turning a valve as in ordinary gas.

The Vesper Gas flame and fixtures precisely resemble, in form, those of coal gas, but in brilliancy and purity of light, it possesses a decided advantage over any coal gas. It requires no chimney, there is no need of daily trimming of a wick, and the construction of the fixtures is so simple that it is not liable to get out of order, and a child can manage it readily. The gas burned in the Vesper fixture is generated from pure coal oil, or "Vesper Oil," (which is manufactured expressly for this burner,) without any admixture of alcohol or other foreign ingredients, and its supply is unlimited. The fixtures themselves are adapted in styles to suit all tastes, from the plain, simple light burner to the most elegant and costly chandelier. Each fixture is perfect in itself; there is no outlay to be made for service pipes, meters, regulators, &c. The gas is generated in this burner, and all fixtures, from the cheap single-light to the expensive chandelier, miniature gas works, are in themselves. They are sold at prices which do not exceed the cost of ordinary gas fixtures of similar styles and ornamentation.

Churches, hotels, public halls, stores, steamboats and private residences throughout the State can now be fitted up with these elegant and convenient chandeliers and other beautiful gas fixtures, which add so much to the appearance of such places, and to the comfort of the home circle, and which, heretofore, could be used only in those favored districts embraced within the coal gas limits of large cities.

TESTIMONIALS.

Scientific men and others who have thoroughly tested the merits of the Vesper Gas or Air Light, pronounce it the best and cheapest light now known. Numberless testimonials are being received daily from all quarters, vouching for the excellence of this light, a few of which are given below.

Kentucky Testimonials.

From His Excellency, Gov. C. H. Morehead, and Thos. S. Page, Esq., State Auditor.

TO WM. H. SETTLE, Esq., Louisville, Ky.—Dear Sir: We have been and are using your "Vesper Gas," and are perfectly satisfied with its utility. It gives a soft, brilliant and beautiful light, and is perfectly secure from explosion. It is very cheap and economical in its use, and of far less cost than any other light. We are satisfied that it will soon be adopted by all persons who have not the opportunity of obtaining gas, and also to whom gas is accessible and with whom cheapness is the original outlay for fixtures and the continual expense of burning is an object. Yours, &c., C. S. MOREHEAD, THOS. S. PAGE.

LOUISVILLE, Ky., Sep. 5, 1859. W. H. SETTLE—Dear Sir: After having made a thorough examination of the "Vesper Gas," in relation to its illuminating power, chemical composition, &c., I do not hesitate to recommend it as being safer and more economical as well as possessing great intensity of illumination than any other material now in use.

In the laboratory it is superior to the alcohol as a means of obtaining heat, and will be found of invaluable service to the druggist as well as the manufacturing chemist. CHAS. W. WRIGHT, M. D. Prof. of Chemistry in the Ky., School of Medicine.

From Rev. Stuart Robinson. LOUISVILLE, Aug. 20, 1859. W. H. SETTLE, Esq.: It gives me great pleasure to state after a trial of one of the "Vesper Gas Lamps," in my study for six weeks past, and after observing closely for the same length of time, the experiment of lighting our "Union Hall," with these lamps, I have entire confidence in their efficacy. It seems to me they afford all the advantages of the best gas lights to those who live out of the cities and large towns.

The process of preparing and lighting the lamp is so readily learned, the fixtures are so simple and so little liable to get out of order, the cost is the light comparatively so little, and the whole so free from all danger, that I needs only more acquaintance on the part of the public with the Vesper Gas Lamp to bring them into general use throughout the country. Yours truly, STUART ROBINSON.

Home Testimonials.

From the Rev. F. S. Fall, Nashville. NASHVILLE, Dec. 21, 1859.

COL. T. H. TAYLOR—Dear Sir: I have used, for some time, one of the Vesper Lamps; and beg leave to express my obligations to you for having introduced it to my notice. To persons living in the country or in parts of the city where gas cannot be had, or who may desire a light much more economical than gas—and for the same light equal to it in illuminating power—this apparatus will prove a desideratum.

I regard this as the most beautiful and most useful invention for procuring, at a small cost, the advantages of gas light that I have ever seen; at the same time that it perfectly safe—an explosion being impossible—and the lamps are simple in construction and managed with ease. Very truly yours, P. S. FALL.

From Mr. Alexander Fall, Nashville. MR. THOMAS H. TAYLOR—Dear Sir: I have been using the Vesper Gas Lamp, sold by you, since September 1st, and I am perfectly satisfied that it is one of the most economical, if not the most economical, as well as brilliant lights that can be had. It is easily managed, and I unhesitatingly recommend it to all out of the reach of gas. ALEXANDER FALL.

From Seabury & Co., Gas Fitters, Nashville. The Vesper Gas makes a brilliant and beautiful light, that is cheap and portable, and perfectly safe. The construction of the Vesper Gas burner and the retort is so perfectly simple, that it cannot get out of order, nor can it explode.

The management of the burner is easily understood, and requires but little more attention to keep it clean and in good order than ordinary gas fixtures. The light produced by the Vesper Gas we consider fully equal, in every respect, to any other kind of Gas light. JOHN M. SEABURY, T. J. SEABURY, H. S. PEACH.

NASHVILLE, Dec. 1859. From N. D. Cross, Nashville. NASHVILLE, Tenn., Dec. 17, 1859.

MESSRS. T. H. TAYLOR & CO.: I have had in use for about two months past, one of your Vesper Gas Lights, and it gives me great pleasure to state, that I regard it as far superior to any other portable light that I have met with.

Its simplicity of arrangement, freedom from danger of explosion, cleanliness, steadiness, and purity of light, are qualities that must recommend it to any one who will try it. It gives a light which to me, seems to be equal in brilliancy to the ordinary gas light. Very Respectfully, N. D. CROSS.

Those are only very few of the testimonials we have. Call and examine for yourself, at No. 47 Collonade Building, Cherry street, Nashville Tenn. THOMAS H. TAYLOR & CO. jan12-tf

VESPER GAS LIGHT. The Cheapest, Most Brilliant, —AND— MOST CONVENIENT ARTIFICIAL LIGHT IN THE WORLD!!

Transportation.

Notice to Shippers.

Being of the utmost importance for the proper protection of the Track, and to keep out of the way of gravel and other trains, that freight trains be run at regular uniform rate of speed, which can only be accomplished by running on schedule time; therefore in order that the freight trains may be run on the time laid down in the schedule, it is ordered that after thirty days from this date, freight will be received by the Nashville and Chattanooga Railroad Company, at Schedule Station only.

Rates on Flour Reduced. THE Nashville and Chattanooga Railroad will receive at Nashville, Wartrace, Shelbyville and Stations on N. & C. R. R. between Nashville and Wartrace, and give through receipts for Flour by Carload to Charleston or Savannah at One Dollar per barrel through E. W. COLE, Sup't of Transportation N. & C. R. R. jan22-tf

Daguerreotyping, Painting

ART GALLERY Of American Portraiture. Corner of Union and College streets.

THIS establishment, the most extensive in the Southwest, still continues to be the resort of the fashion and beauty of our country, which fully endorses the sentiments of thousands, that it is the great CENTRAL ROOM for Photographs! Ambrotypes! Melainotypes! and Ambrotypes! Ambrotypes pictures are warranted to please or no charge will be made. We would especially invite the community and our friends in general to visit our great Hall of Portraiture, where pictures of the most celebrated Statesmen and Divines can be seen, viz: His Excellency President Buchanan, the Vice President, His
