CIVIL SERVICE EXAMINATIONS.

Opportunities Offered for Obtaining Employment Under the Federal Government.

The United States Civil Service Commission announces the following examinations to take place on the dates given below, and circulars containing further information relative thereto may be seen at the office of this paper:

April 7 8—Assistant geologist, to fill vacancies in the geological survey, at salaries ranging from $1000 to $1600 per annum, as they may occur. It is estimated that ten appointments will be made at an early date as a result of this examination. Employment in the position of temporary field assistant will also be made from the resulting eligible list, at compensation ranging from $60 to $100 per month. Age limit, 20 years or over. Application form 1312.

April 14 15—Mechanical draftsman—topographic draftsman, to fill vacancies in the Isthmian Canal Service. The entrance salaries are as follows: Mechanical draftsman, first class, $150 a month; second class, $125 a month; topographic draftsman, $125 a month; tracer, $100 a month. Age limit, 20 to 45 years. Application form 1312. Applications for the examination for mechanical draftsman must be filed with the Commission at Washington prior to the hour of closing business on April 3, while those for topographic draftsman will be accepted if received by the Commission in sufficient time to arrange for the shipment of the necessary examination papers to the places of examination.

April 21—Assistant physicist, to fill ten or more vacancies in the bureau of standards, at salaries varying from $900 to $1200 per annum for laboratory assistant, and from $1400 to $1800 per annum for assistant physicist, and vacancies requiring similar qualifications as they may occur. Age limit, 20 to 35 years. Application form 1312. No application will be accepted unless properly executed and filed, in complete form, with the Commission at Washington prior to the hour of closing business on April 10.

Assistant chemist, to fill three or more vacancies in the bureau of standards, at salaries varying from $900 to $1200 per annum for laboratory assistant, and from $1400 to $1800 per annum for assistant chemist, and vacancies requiring similar qualifications as they may occur. Age limit, 20 to 35 years. Applications must be filed with the Commission at Washington not later than April 10.

Assistant photographer, to fill a vacancy in the reclamation service, at from $900 to $1200 per annum, and vacancies requiring similar qualifications as they may occur in any branch of the service. Age limit, 20 years or over. Application form 1093.

Assistant electrical engineer, to fill a vacancy in the position of assistant electrical engineer, expert in wireless telegraphy, in the signal service at large, at a salary of $1500 to $1800 per annum depending upon the experience and qualifications of the appointee, and vacancies requiring similar qualifications as they may occur in any branch of the service. Age limit, 25 years or over. Application form 1312. Applications must be filed with the Commission at Washington not later than April 10.

Application blanks may be had of the District Secretary, Room 18, Customhouse, New Orleans, Louisiana.

Out of the Ginger Jar.

The tomato can but will it?

The cheaper the shoes the louder the squeak.

The wife of a henpecked husband is usually set in her ways.

The man who persistently sits down is sure to become hard up.

No matter how well mother may feel she is continually on the mend.

It is important to have clear vision. Even the potato must have sound eyes.

Neither a boil nor a cabbage amounts to anything unless it comes to a head.

If young Spendthrift would settle down he might soon be able to settle up.

One of the most insidious and unexpected forms of attack, is to tread upon a tack.

You can not always gauge the importance of a man by the angle at which he wears his hat.

A simple worm went out to play
Upon an April morning;
An early robin chanced that way
Without a chirp of warning;
And that is the end of the story.

Most anybody can retail butter, eggs and vegetables, but we have never met a man smart enough to re-tail a dog.

Sometimes when a woman throws a brick at an old hen in the garden, it is harder on the scenery than it is on the hen.

The best way to cultivate an appetite is to cultivate a field, and then you will have both an appetite and the wherewithal to appease it.

Some folks have rats in their garrets, some have rats in their cellars, while not a few young ladies have good-sized rats in their hair.—April Farm Journal.

T. P. A. State Convention.

A state convention composed of representatives from the various posts of the Louisiana Division, Travelers' Protective Association of America, is to be held in New Orleans on April 16, 17 and 18, and Post B of that city is making extensive preparations to give the delegates a good time. Recognizing the importance of the convention and the wide possibilities it offers in the way of effectively advertising the resources, advantages and attractions of Louisiana and her metropolis, the New Orleans Progressive Union has set a good example by making a liberal contribution to the fund for entertaining the delegates, and the other commercial organizations and business men of the city generally should cheerfully follow suit. Donaldsonville has a post of the T. P. A., and it is to be hoped that it will be represented at the approaching convention by full delegation.

AROUND THE STATE.

Items of Interest Culled From the Louisiana Press.

The Board of Education Make Nineteen Changes in Text Books—F. F. Bauvey to be Tried at Plaquemine on April 5—Numerous Fires.

A new jail is in course of construction at Tallulah.

Fire at New Roads destroyed property valued at $40,000.

A syrup factory will be erected at Plaucheville shortly.

The Standard Oil Company will erect a big station at Franklin.

The twenty-third annual convention of the Louisiana Sunday School Association was held at Jennings.

F. F. Bouvy, indicted for the murder of Prof. F. S. Vanlngen, will go to trial in Plaquemine on April 5.

Fire at Ruddock destroyed the sawmill of the Ruddock-Orleans Cypress Company, causing a loss of $90,000.

Dr. McKowen, of Jackson, will be tried on April 12 at Baton Rouge on the charge of sending improper matter through the mails.

Mrs. Elizabeth Carey, of New Orleans, attempted to commit suicide in Washington, D. C., by taking an overdose of laudanum.

Frank Veal, a negro, pleaded guilty to attempted criminal assault at Minden, and was sentenced to serve twenty years in the penitentiary.

A meeting will be held at Opelousas on April 7 for the purpose of advocating the building of a natural gas pipe line from Shreveport to New Orleans.

The United States government has tendered to Dr. W. H. Dalrymple, of the State University, the position of chief veterinarian in the Philippine Islands.

The Louisiana Board of Education, in session at Baton Rouge, made nineteen changes in the text books to be used in the public schools during the next four years.

Edward B. Hayes, a lover of the New Orleans and its Mardi Gras festivities, having failed to attend them until this year, died at his home in New York city, aged ninety-seven years.

Isaac Henry, a negro, abuscaded and equipped with plenty of ammunition, battled for nearly an hour with a posse at Natchitoches, and it was only after he had received a fatal wound that he submitted to arrest.

Opponents of the effort to divide the parish of St. Landry in order to form the new parish of Evangeline secured a temporary injunction at Opelousas against the special election called to decide the question, alleging that the act is unconstitutional.

State High School Rally.

Baton Rouge will entertain from April 30 to May 1 fully one thousand high school pupils from the different high schools of Louisiana, who will be the guests of the citizens of the capital city during the state high school rally.

Fifty high schools will be represented in the different contests. Five hundred children are expected to come as contestants, and as many more as "rooters" for their schools and spectators of the events.

The railroads in Louisiana will give a rate of one fare plus twenty five cents for the occasion, and all of the children who attend and the teachers who accompany them will be entertained in Baton Rouge homes without cost.

The details of the program, now being worked out, provide for two classes of contests, literary and athletic. The literary contests will include debates, spelling matches, compositions and declamations. In the athletic program will be races, shot putting, high and broad jump, pole vault, and championship games of all kinds. Scholarships, cash prizes or medals are offered to winners in all events.

Baseball tomorrow at Cleveland Park.

Of Interest To Women.

To such women as are not seriously out of health but who have exacting duties to perform, either in the way of household cares or in social duties and functions which seriously tax their strength, as well as to nursing mothers, Dr. Pierce's Favorite Prescription has proved a most valuable supporting tonic and invigorating nervine. By its timely use, much serious sickness and suffering may be avoided. The operating table and the surgeons' knife, would, it is believed, seldom have to be employed if this most valuable woman's remedy were resorted to in good time. The "Favorite Prescription" has proven a great boon to expectant mothers by preparing the system for the coming of baby, thereby rendering childbirth safe, easy, and almost painless.

Bear in mind, please that Dr. Pierce's Favorite Prescription is not a secret or patent medicine, against which the most intelligent people are quite naturally averse, because of the uncertainty as to their composition and harmless character, but is a MEDICINE OF KNOWN COMPOSITION, a full list of all its ingredients being printed, in plain English, on every bottle-wrapper. An examination of this list of ingredients will disclose the fact that it is non-alcoholic in its composition, chemically pure, triple-refined glycerine taking the place of the commonly used alcohol, in its make-up. In this connection it may not be out of place to state that the "Favorite Prescription" of Dr. Pierce is the only medicine put up for the cure of woman's peculiar weaknesses and ailments, and sold through druggists, all the ingredients of which have the unanimous endorsement of all the leading medical writers and teachers of all the several schools of practice, and that too as remedies for the ailments for which "Favorite Prescription" is recommended.

A little book of these endorsements will be sent to any address, post-paid, and absolutely *free* if you request same by postal card, or letter, of Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Pleasant Pellets cure constipation. Constipation is the cause of many diseases. Cure the cause and you cure the disease. Easy to take as candy.
