SOME THINGS WHICH MIGHT HAPPEN.

A Change needed in our Mode of Electing Presidents.

The New York *World* thinks Mr. Colfax ought not to resign the Vice-Presidency, because, should Gen Grant die previous to the 4th of March, the resignation of Mr. Colfax would plunge the country into the heat and turmoil of a new Presidential election next year, which would be a great and disquieting public evil. If General Grant should happen to die on the 5th of March, the next day after his and Mr. Wilson's inauguration, the new Vice-President would succeed to the Presidency for the ensuing four years. But if he should die on the 3d of March, the day before the inauguration, Mr. Wilson would be simply installed as Vice-President for the four years; the accidental President of the Senate, or if there were none, the Speaker of the House, would become acting President of the United States, and a new choice of Presidential Electors would have to be ordered next year. A difference of two days, or even of two hours, in the time of the President's death might make all the difference between Mr. Wilson's succession to the highest office and a new election.

If Mr. Colfax does not resign, and General Grant should die before the 4th of March, the outgoing Vice-President would immediately succeed as President up to that date and as no vacancy would then exist in the second office, Mr. Wilson would succeed according to the Constitution.

Nothing could be more incongruous, or even farcical, than our methods of filling the two highest offices. We begin this prodigious farce with the useless, cumbrous machinery of Presidential Electors who are mere servile puppets created and moved by party caucuses. If they do not happen to make a choice, the election is flung into the House of Representatives to be scrambled for by the three leading candidates; the great State of New York, with its population of 4,382,759, having no more influence in that corrupting scramble than Nevada with its population of 42,491, each State being entitled to but one vote. No member of Congress can be a Presidential Elector, and yet the members of Congress may ultimately choose the President, and in a way so monstrously inequitable as to give one citizen of Nevada more political weight than a hundred citizens of New York. If the candidate of the majority happens to die between the popular vote and the meeting of the Electoral Colleges, the Electors pledged to him may scatter their votes and either elect the candidate of the minority or throw the election into the House controlled by a different political party from the one that triumphed in the popular contest. If a Vice-President happens to resign before his successor is inaugurated the country may be exposed to the danger and tumult of the same prodigious farce in the following year.

It is high time that a system so abounding with absurdity, injustice and peril, should be replaced with something more reasonable. Its continuance is a standing satire on the intelligence and good sense of the people.

The pawnbroking idea of government is remarkably manifest in the way Postmaster-General Creswell deals with partially prepaid letters. Two sections of the new postal law read thus:

"SEC. 152. That all mail matter deposited for mailing, on which at least one full rate of postage has been paid, as required by law, shall be forwarded to its destination charged with the unpaid rate, to be collected on delivery."

"SEC. 153. That if any mail matter on which by law the postage is required to be prepaid at the mailing office shall by inadvertence reach its destination without such prepayment, double the prepaid rates shall be charged and collected on delivery."

The common-sense construction of these provisions is that if A send B a six-cent letter with a three-cent stamp, B shall pay the three cents lacking; but if A's letter be not prepaid at all, and yet by inadvertence—which, by the bye, can only be the inadvertence of Mr. Creswell's own messroach B. B must pay double the postage A should have paid. Mr. Creswell, however, insists that double the lacking amount shall be collected on all mail matter, whether partially prepaid or not, and we are glad to see Mr. Leonard Myers bring in a bill to set him right. The present practice is dishonest and absurd. A six-cent letter should be carried for six cents, and if a post-office clerk inadvertently forwards an unpaid letter the recipient should not be fined for a clerk's fault. Let the inadvertence be traced to the inadverter and mulct him. Mr. Myers's bill is to repeal section 152 and any other part of the new law requiring double rates on unprepaid mail matter. To this might be profitably added another provision forbidding the Post-office authorities charging for the weight of the stamp or stamps. It sometimes happens that a letter is so near up to a full rate that the stamp or stamps thereon cause it to run a fraction of a rate, which in Post-office law equals a full rate, over. The stamp being the evidence that a man has paid for his letter, is it fair to charge him two prices for his proof?

How the House looks at Senator Sumner's proposition about the battle-flags is shown in the subjoined resolution adopted by that body on the 16th instant:

"WHEREAS, The national unity cannot fail to be strengthened by the remembrance of the services of those who fought the battles of the Union in the late war of the rebellion; therefore,

"RESOLVED, by the Senate and House of Representatives of the United States of America in Congress assembled, That as the expression of the sentiment of Congress, no measures should be taken towards removing from the Army Register of the regimental colors of the United States the names of the battles of the rebellion."

The jewel here is the toad's head. It strengthens the national unity to commemorate how one part of the nation "licked" the other. To be good friends with a man you have pounded you must often remind him of the weight of your stick.

Poor Louisiana!

Louisiana is to all intents and purposes a satrap State. The Federal Government paid in 1871 to postal contractors in the State of Louisiana $258,835.39. That this enormous sum for the thinly populated State is an outrage and scandal can best be judged by comparing it to the cost for postal contracts for the State of Tennessee, which is a larger State and has more population.

In 1871 the Federal authorities paid for postal contracts in the State of Tennessee just $99,142.32. And to make the postal subsidy swindle in Louisiana still more glaring we will give the population of these respective States:

States.	Population. 1870.	Cost for postal contracts. 1871.
Tennessee	1,258,520	$99,142.32
Louisiana	726,915	258,835.39

Can any sane man reconcile the above disgraceful discrepancy except on the ground the $140,000 more of the Federal money was uselessly expended in Louisiana than in Tennessee because the services of the hirelings were needed in other ways than for what the ostensible expenditure calls for?

In the general squander $140,000 or even $250,000 may not be very alarming. But the most alarming part is that Federal money is used most lavishly in a State where the liberties of the people are in the greatest jeopardy.

Mr Brooks has stood up like a man in the House and freed his mind about the scandal of the Credit Mobilier so far as his name had been tainted with it. Thereby, even more than by what he said in his own vindication, he convinced everybody that his cause was good and his conscience clear. We are told that they who love darkness rather than light do so because their deeds are evil. Mr. Dawes and the rest choose darkness. They hold secret sessions for their public vindication. They crawl into dark places to come out, who doubts, glimmering with fresh pellucid whitewash. But they are mistaken if they expect to impose a coat of whitewash so acquired for the effluence of their spiritual purity. Their case is as bad now as ever, and will be as bad till they have confronted their accuser in the light of day, heard his story, and told their case to all men, and let all men judge between them. As Professor Tyndall says, "Turn on the lights."—*N. Y. World.*

SPECIAL NOTICES.

"FOR WAYS THAT ARE DARK AND TRICKS THAT ARE VAIN," it is said that the "heathen Chinee" is peculiar. This is doubtless true. But these features are also apparent within the ranks of the American people. We would suggest to those unfortunate persons who have been in the "ways that are dark, or who have injudiciously practiced "tricks that are vain," that there is help for them. Dr. E. J. Reynolds, of Rochester, the great friend to erring humanity, is the person to furnish the proper and speedy relief and cure. The advertisement of Dr. Reynolds will be found in this paper, and from his great success in the branches of the profession to which he has devoted so many years of his life, he is very generally confided in.

Testimonial for Epilepsy!

BOWAYTON, Conn., Feb. 2 1872.

DR C. CHARLES BROWN, No. 21 Grand St., Jersey City N. J.

Dear Sir.—My brother who is now in his 14th year, has been subject to Epilepsy or fits from childhood. The spasms would invariably occur during the night, and our local physicians here could do nothing to help him save prescribing Bromide or Potassium, which would afford only a temporary relief. He was gradually but surely becoming insane, and in this condition we procured your restorative stimulant, herbal ointment and pills, and used as directed, and but a short time elapsed before the spasms entirely ceased, his intellect grew brighter, and in short, was entirely restored to perfect health. You may use this testimonial as you may deem proper, as what I have said are facts.

Respectfully yours,

6dbl&wly CHARLES RAYMOND.

A Warning.

There is no case of Consumption that did not commence with a cough. Therefore the slightest Cold or Cough should receive immediate attention. Take at once the great remedy of the age, DR. TUTT'S EXPECTORANT, and thereby save years of suffering, perhaps life itself.

W. H. Tutt:

Dear Sir:—My little son, aged about three years, was attacked with pneumonia last winter, which left him with a wheezing cough, that lasted till within about a month since, for the cure of which I am indebted to you and your valuable Expectorant. I had tried most every kind of medicine recommended for coughs, but none did any good until I tried your Expectorant, one bottle of which removed the cough entirely. With many thanks for your valuable preparation, I am, yours truly,

The Real Velpeau Female Pills.

Warranted French.

These Pills, an celebrated many years ago in Paris, for the relief of female irregularities and of those in the delicate situation, are now offered for sale for the first time in America. They have been kept in comparative obscurity from the fact that the originator, Dr Velpeau, was a physician to Paris at great expense and has some conscientious principles, and has withheld these from general use, but they should be employed for humane purposes.

In overcoming female obstructions, Fulling of the Womb, Weakness in the Stomach, Nervousness, Headache, or Immediate Flow of the Monthly Discharges, Nervous and Spinal Affections, Pain in the Back and Limbs, Fatigue on slight exertion, Palpitation of the Heart, Hysterics and Whites, they will effect a cure when all other means have failed. The circulars around each package give full directions and advice, or will be sent free to all writing for them, sealed from observation.

N. B.—In all cases where the GENUINE cannot be obtained, One Dollar enclosed to the Sole Proprietor, JOB MOSES, 18 Cortlandt St., New York, will insure a bottle of the *genuine*, containing Fifty Pills, by return mail, *securely sealed* from any knowledge of its contents.

SPECIAL NOTICES.

Schenck's Pulmonic Syrup

Sea Weed Tonic,

AND

Mandrake Pills

Will Cure

CONSUMPTION

Liver Complaint,

AND

DYSPEPSIA,

IF TAKEN ACCORDING TO DIRECTIONS.

They act all three to be taken at the same time. They cleanse the stomach, hasten the liver and put it to work; thus the appetite becomes good; the food digests and makes good blood; the period begins to grow in flesh; the diseased matter ripens in the lungs, and the patient outgrows the disease and gets well. This is the only way to cure Consumption.

In these three medicines Dr. J. H. Schenck of Philadelphia, owns the unrivalled success in the treatment of Pulmonary Consumption. The Pulmonic Syrup ripens the morbid matter in the lungs; nature throws it off by an easy expectoration, for when the phlegm or matter is ripe a slight cough will throw it off, and the patient lets rest, and the lungs begin to heal.

Taking this, the Seaweed Tonic and Mandrake Pills must be freely used to cause the stomach and liver so that the Pulmonic Syrup and the food will make good blood.

Schenck's Mandrake Pills act upon the liver by moving all obstructions, relax the ducts of the gall bladder, the bile starts freely, and the liver is soon relieved; the stools will show what the Pills can do; nothing has ever been invented except calomel is deadly poison which is very dangerous to use unless with great care; this will unlock the gall bladder and start the functions of the liver like Schenck's Mandrake Pills.

Liver Complaint is one of the most prominent causes of Consumption.

Schenck's Seaweed Tonic is a gentle stimulant and alterative, and the alkali in the Seaweed, which this preparation is made of, assists the stomach to throw out the gastric juice to dissolve the food with the Pulmonic Syrup, and it is made into good blood without fermentation or souring in the stomach.

The great reason why physicians do not cure Consumption is, they try to do too much; they give medicine to stop the cough, to stop the chills, to stop night sweats, hectic fever, and by so doing they derange the whole digestive powers, locking up the secretions, and eventually the patient sinks and dies.

Dr. Schenck in his treatment does not try to stop a cough, night sweats, chills or fever. Remove the cause and they will all stop of their own accord. No one can be cured of Consumption, Liver Complaint, Dyspepsia, Catarrh, Canker, Ulcerated Throat, unless the liver and stomach are made healthy.

If a person has Consumption, of course the lungs in some way are diseased, either tubercles, abscesses, bronchial irritations, pleura adhesion exist, or the lungs are a mass of inflammation and fast decaying. In such cases what must be done? It is not only the lungs that are wasting, but it is the whole body. The stomach and liver have lost their power to make blood out of food. Now, the only chance is to take Dr. Schenck's three medicines, which will bring up a tone to the stomach, the patient will begin to want food, it will digest easily and make good blood; then the patient begins to gain in flesh, and as soon as the body begins to grow the lungs commence to heal up, and the patient gets fleshy and well. This is the only way to cure Consumption.

When there is no lung disease, and only Liver Complaint and Dyspepsia, Schenck's Seaweed Tonic and Mandrake Pills are sufficient, without the Pulmonic Syrup. Take the Mandrake Pills freely in all bilious complaints, as they are perfectly harmless.

Dr. Schenck, who has enjoyed uninterrupted health for many years past, and now weighs 225 pounds, was wasted away to a mere skeleton, in the very last stage of Pulmonary Consumption, his physicians having pronounced his case hopeless, and abandoned him to his fate. He was cured by the aforesaid medicines, and since his recovery many thousands similarly afflicted have used his preparations with the same remarkable success. Full directions accompany each, making it not absolutely necessary to personally see Dr. Schenck, unless patients wish their lungs examined.

Dr. Schenck and his son, J. H. Schenck, Jr., M. D., are professionally at their store, Northeast corner of Sixth and Arch streets, Philadelphia, every Saturday. All advice given free of charge, but for a thorough examination by the Respirometer the price is $5. This instrument will detect the slightest movement of the respiratory organs; by it can be readily determined whether the disease is tubercular, bronchial, or only a sympathetic affection of the bronchial tubes, which is often mistaken for Pulmonary Consumption, but which is caused by a torpid liver.

DR. SCHENCK'S MEDICINES are prepared only at the Laboratory of

CATARRH REMEDY.

Catarrh of 25 Years' Standing,

With droppings in throat almost to Choking, Headache, Pains in Shoulders, Back and kidneys, and entire Breaking Down of the System, cured by Constitutional Catarrh Remedy.

To Messrs. LITTLEFIELD & HAYES, Proprietors of Constitutional Catarrh Remedy, Manchester, N. H.:

I reside at Manchester, N. H., and previously resided at Henniker, and am a native of Weare, this State. I have had Catarrh 25 years, ever since I was 19 years old; had it bad all the time. It run all that period, and nights it would fill up and drop down in my throat, causing a feeling of choking, so that I would spring up in bed to save myself from strangulation. It affected my head so that I felt confused, and was troubled with severe headache at intervals for a week at a time. I also had pains in the shoulders, back and kidneys, from which I suffered immensely. So bad were they, that a year ago last summer I was obliged to lie in bed most of the time for three months. I have tried all kinds of snuff and Catarrh remedies with no particular benefit, and consulted physicians. I began to take the Constitutional Catarrh Remedy last August. I began to grow better before finishing the first bottle. My catarrh is cured; my health is restored. I have no pains, aches or cough. My whole system is made over new. I know it is this medicine that has rescued me from intense suffering and almost the grave. I am now able to do the hardest work and bear the greatest exposure, and feel that I cannot say too much in favor of the Constitutional Catarrh Remedy.

MRS. E. J. FLANDERS.

Manchester, N. H., Feb. 1, 1871.

Why Have Catarrh?

I have had Catarrh for two years, and have had all troubles arising from it, such as dropping from the head, sore throat, etc. It troubled more in the morning than at any time, as it would be some half hour before I could breath freely. The dropping from my head has ceased, and in the morning I have no trouble about breathing, which is a great relief to me, and I feel as free from it as ever I did. I have taken two bottles. Yours respectfully,

MRS. R. J. TIRRELL.

What a Leading Druggist thinks of the Constitutional Catarrh Remedy!

CONCORD, N. H., Oct. 24, 1870.

Messrs. LITTLEFIELD & HAYES:—I take pleasure in testifying to the superior medical properties of your Constitutional Catarrh Remedy. It has afforded me much relief during the time I have used it, and I cheerfully recommend it to all who are afflicted with diseases of Catarrhal origin. Respectfully yours,

GEO. P. UNDERHILL, Druggist.

HENDERSON'S

NEW AND IMPROVED

Compound Fluid Extract

—OF—

BUCHU

A Specific Remedy for all diseases of the Urinary Organs, such as non-retention or incontinence of urine, irritations, inflamation, or ulceration of the Bladder and Kidneys, Stone in the Bladder, Gravel, or Brick-dust, Bright's disease, milky discharges, and all diseases of the Bladder, Kidneys, or Prostate Gland, whether existing in Male, Female or Child.

For Weakness, arising from youthful indiscretion, disease or obstruction, attended with the following symptoms: *Nervous Debility, Loss of Memory, Indisposition to exertion or business, Loss of Power, Shortness of Breath, Trembling, Trouble with Symptoms of Disease, Immense Mental Anxiety, Pain in the Back, Cold and Heat, Rush of Blood to the Head, etc. Epilepsy, Fits, Convulsions and Fits.*

If these symptoms are allowed to go on, very frequently Epileptic Fits and Consumption follow. The mind becomes enfeebled, the memory is gone, and no remedy is in your power to restore it. In the prime of life the young, the married or those about to marry, are made to feel the effects of youthful indiscretion, or excess, when, perhaps, to be unfitted for the married state, or to perform the duties of married life, or to be a parent, is the most severe punishment. In all these and other cases requiring a medical adviser, the best and safest course is to place yourself under the care of the most skillful physician, and the fact that HENDERSON'S BUCHU has been used by him for more than twenty years, and that he has never yet met with a case he could not cure, should be a sufficient guarantee that no pains will be spared, no expense or exertion be wanting to effect a cure in the most speedy manner, and to restore the patient to perfect health and vigor.

FOR FEMALES, young or old, married or single, at the dawn of womanhood or at the turn of life, HENDERSON'S BUCHU has no equal in diseases peculiar to females, such as painful or difficult menstruation, Chronic Inflammation of the Uterus, Falling of the Womb, Leucorrhœa or Whites, Sterility or Barrenness, and the complaints incident to the sex, whether arising from indiscretion, habits of dissipation, or from the effects of the change of life. HENDERSON'S BUCHU is recommended by any remedy known. It is prescribed by the most eminent physicians all over the world, and is used by them in their own families, and all enlightened men of the world know it is a safe and sure remedy.

DYSPEPSIA OR INDIGESTION, headache, pain in the shoulder, coughs, dizziness, sour stomach, eructations, bad taste in the mouth, palpitation of the heart, flatter of the heart, choking or suffocating sensations when lying down, nervous prostration or total prostration, are the offspring of Dyspepsia. HENDERSON'S BUCHU invigorates the stomach, stimulates the torpid Liver, Bowels and Kidneys in a healthy action, invigorates the blood and imparts new life and vigor to the whole system. It is the Great Life giving Principle.

PIN, TAPE AND OTHER WORMS, by which thousands of persons, young and old, are affected, are effectually removed from the system by HENDERSON'S BUCHU. Worms exist upon the diseased humors and not upon the healthy chemistry of the body. Nevertheless, no medicine or system of medicine will so effectually free the system from these monsters of disease like HENDERSON'S New and Improved Extract BUCHU.

ROSADALIS

THE GREAT SOUTHERN remedy for the cure of Scrofula, Scrofulous Taint, Rheumatism, White Swelling, Gout, Goitre, Consumption, Bronchitis, Nervous Debility and all diseases arising from an impure condition of the Blood.

The merits of this valuable preparation are so well known that a passing notice is but necessary to remind the readers of this journal of the necessity of always having a bottle of this medicine among their stock of family necessities.

Certificates can be presented from many leading Physicians, Ministers, and heads of families throughout the South, endorsing in the highest terms *the fluid Extract of Rosadalis.*

Dr. R. Wilson Carr of Baltimore says "he has used it in cases of Scrofula and other diseases with much satisfaction.

Dr. T. C. Pugh of Baltimore, recommends it to all persons suffering with diseased Blood, saying it is superior to any preparation he has ever used.

Rev Dabney Ball of the Baltimore M. E. Conference South says he has been so much benefitted by its use that he cheerfully recommends it to all his friends and acquaintances.

Carrington & Co., Druggists, at Gordonsville, Va., say it never has failed to give satisfaction.

Sam'l G. McFadden, Murfreesboro, Tennessee, says it cured him of Rheumatism when all else failed.

Rosadalis is not a secret quack preparation, its ingredients are published on every package. Show it to your Physician and he will tell you it is composed of the strongest alteratives that exist, and is an excellent Blood Purifier. Did our space admit we could give you testimonials from every State in the South and from persons known to every man, woman and child either personally or by reputation.

Rosadalis is sold by all Druggists.
