We are authorized to announce Judge T. B. TOMPKINS, of Union, as a candidate for Judge of the 11th Judicial district, composed of the parishes of Union, Jackson, Claiborne and Bienville.

For Judge of the 14th District.

We are authorized to announce HON. ISAIAH GARRETT as a candidate for Judge of the 14th Judicial District, composed of the parishes of Morehouse, Ouachita and Richland.

This announcement is made at the request of many friends.

For District Attorney of the 14th District.

W. D. BRIGHAM, Esq., of Morehouse, is hereby announced as a candidate for District Attorney of the 14th Judicial District, composed of the parishes of Ouachita, Morehouse and Richland.

Democratic Convention, 5th Congressional District.

MONROE, LA., June 17, 1872.

A Democratic Convention, to be composed of delegates from the parishes included in the 5th Congressional District, is hereby called, and will be held at the city of Monroe, on the Second Tuesday (10th) of September next, for the purpose of nominating a Democratic candidate for Congress from said District. The First Tuesday of September, suggested and recommended by the caucus of delegates from said District, recently held in New Orleans, for the assembling of said Convention, has been changed to the Second Tuesday of September next, for reasons satisfactory to the Congressional Committee.

By order of the 5th Congressional Executive Committee. JOHN MCENERY,
Chairman of Committee.

☞ Papers in the District please notice or copy.

Mr. J. G. Sanders has removed to his new brick Store, and an excellent business house it is.

COL. GARRETT FOR JUDGE. — We had closed our "forms" when Col. Garrett's announcement reached us.—Further notice is impossible this week.

The Supreme Court reached the Red river cases on the docket Wednesday, and adjourned over till Monday, when, it is presumed, several opinions will be rendered.

Dr. Bracey, dentist, will be absent from Monroe, from August 1st to September 1st. Those needing his professional services previous to that time will please call as early as possible.

T. J. Hough, Esq., has become sole proprietor of the Castor Springs, and has made a reduction of prices for board. Those who have visited these Springs express themselves, we learn, as pleased with the fare and the place.

New Storehouses.

Mr. H. Gerson is rebuilding, but upon a larger scale and better model, his brick store on Grand street. Messrs. S. & H. Gross have purchased the new store Mr. Conner is erecting on DeSiard street.

The annual examination and exhibition at the Ouachita Female Academy, Mrs. Benton principal, was one of the events of last week. A correspondent passes a high encomium upon both teachers and pupils, in which we fully concur, and would be happy to publish in full, but cannot do so, because of the urgent demand made by attorneys upon our composing force.

Our Boys.

North Louisiana was ably taken care of at the recent Commencement of the University. Cadet Fred Price, of Jackson, received the gold medal in Greek; Cadet Van Hook, of the same parish, the gold medal in Oratory; Cadet Feazle, of Union, graduated with distinction; Cadet Millsaps, of Trenton, received the Freshman medal in Latin, and Cadet Ives, of Vernon, the Sophomore medal. Well done, Cadets!

Grand Ratification Mass Meeting!

It has been decided to give a grand barbecue and hold a Democratic ratification mass meeting, in the Court-house Square, on the 20th inst. The enthusiasm shown since this announcement was first made, among our Democratic citizens of all classes, could hardly be greater or more encouraging. The necessity for action appears to be felt among high and low, rich and poor. Provisions and funds were obtained in abundance in a short time, to meet every demand. Eloquent speakers are invited to attend, and there is no doubt of the attendance of a sufficient number from other sections of the State to interest our people, without calling upon our own local champions of the good and glorious cause of home redemption. Will the friends of the cause please circulate this announcement?

Instructive Example.

Jacob Wolfson, Esq., an Israelite, 62 years of age, was admitted to the Bar by the Supreme Court last week. Mr. Wolfson, before the war, was in a very prosperous condition, but lost every thing in that great revolution which overturned so many hopes and prospects. He manfully renewed his efforts, as a merchant, to regain his fortune, but a disastrous fire rendered him penniless a second time. In June, 1870, he entered the law office of Jack and Pierson, at Natchitoches, and began the study of law. Unawed by difficulties and struggling against poverty, he applied himself to his books and bravely sought the end. His examination by the Court disclosed how zealous and successful he had been, and that tribunal readily granted him the usual licenses. Mr. Wolfson will begin practice with a good business already secured, and we trust his success will be commensurate to the worthy example he has set.

Improved Breeds of Stock.

Dr. P. M. Ryan, of Richland, has secured the agency for the sale of improved breeds of stock, from Mr. W. M. Brooks, a large dealer in Memphis, and the Doctor is now canvassing North Louisiana to secure orders. All stock sold by him will be fully guaranteed to be as represented. Dr. Ryan has had considerable experience in planting and in raising stock on Boeuff river, and is, therefore, prepared to tell planters and others exactly what kind of stock they require and how it should be managed. He is an old citizen of the country. The enterprise in which he is engaged deserves encouragement. Our country is sadly in need of more fine hogs, cattle and horses, and fewer of the land-pike, scrub breed. Dr. Ryan's guarantees are the best warrant for the quality of the stock he offers to sell. All orders left with Mr. H. Gerson will be promptly attended to by Dr. Ryan.

In company with a few friends, one morning of last week, we rode over the fine plantation, 3 miles below town, cultivated by Messrs. Cobb and Kennedy. We were pleased to find most flattering prospects of a liberal yield of both cotton and corn. The cotton averaged about two feet in hight and is well filled with squares, blooms and bolls. The clean rows showed the good and careful planter, such as our friend Kennerdy is known to be to all who have watched his management. The corn is richly green, tall and well-eared. The yield will average fully 30 bushels per acre. A plentiful sprinkle of cow-peas had been sown in the middles, and are well up and vigorous. Our party, stimulated by the fresh morning air, sat down with keen appetites, to an excellent breakfast,—all to our mean selves, ladies, Mr. K. living as a bachelor—and after a thorough test, the verdict was unanimous that our host's cuisine was superior to his corn and cotton, fine as they are. The visit was exceedingly pleasant.

Good, if True.

The Rev. C. K. Marshall, after interviewing Col. Tom Scott, informs the Vicksburg Times that he is of opinion matters will be so arranged by the 1st proximo as to admit of the extension of the North Louisiana and Texas railroad beyond this place to Shreveport. The Picayune mentions the fact that Col. Scott and the parties on both sides of the pending suit for possession of the road, have been in consultation; but that paper seems to doubt the probability of a transfer of the road to Col. Scott. We forbear indulging any fond hopes in the premises, or from begetting any in the minds of the people.

A telegram received, as we go to press, from Col. Jno. McEnery, now in New Orleans, gives us the pleasing intelligence that the Democrats and Reformers of that city are now actively in motion. A monster ratification meeting was held there last night. Let the country respond.

Returns show the Republican majority in Oregon to be $46. In the Legislature, there is a Republican majority of two in the Senate and fifteen in the House. Attorney General Williams will be elected Senator.

Mr. E. W. Mealy has returned, and will keep his photograph gallery open until the 1st of August. All who wish pictures taken are requested to call soon.

The Rayville District Camp meeting has been postponed, as we are informed by Rev. J. T. Davis, Presiding Elder.

Bob't Layton, Esq., has our thanks for the May and June part of the Department of Agriculture.

Board may be had at the Crater Sulphur Springs at $50 per month.

New Lawyers.

The Supreme Court has granted attorneys' licenses to the following applicants:

D. F. Head and T. J. Butler, of Natchitoches; J. W. McDonald, of Webster; Jos. Pipes, of Union; J. N. Nash, of Richland, and Walter Farrar, of Madison.

We congratulate these gentlemen upon attaining the object of their ambition, and trust that the honor and dignity of the legal profession and the cause of justice and the pleas of mercy and charity will always find an advocate in them.

Change of Firm.

Mr. Frank W. Michaux succeeds the firm of Pico & Co., recently dissolved. We regret, in common with legions of friends, to part with Mr. Pico. In the direction of the affairs of his house he has won many golden opinions. His successor is a gentleman, who, several years ago, was one of us, and will manage the new and the old business in a manner to gain applause and secure popular favor. We ring out the old with regret and ring in the new with pleasing anticipations.

MONROE, LA., July 13, 1872.

The members of the different Committees appointed by S. D. McEnery, Chairman of the Parish Executive Committee, are requested to meet at the office of J. & S. D. McEnery, to-day at 4 o'clock P. M. Business of importance will be brought before the Committee. GEO. CHAMBERLAIN,
Chm'n Com. of Arrangements.

Midsummer Maladies.

The hot solar rays that ripen the harvests generate many distressing diseases. If the river be at all predisposed to irregularities, this is the season in which bilious attacks may be anticipated. A weak stomach, too, is weakest in the summer months, and the loss of vitality through the pores by excessive perspiration is so great, that a wholesome tonic, combining also the properties of a diffusive stimulant and gentle exhilarant, is in many cases necessary to health, and under no circumstances should be dispensed with by the sickly and debilitated. Of all the preparations intended thus to refresh, sustain, and fortify the human frame, there is none that will compare with Hostetter's Celebrated Stomach Bitters. They have been weighed in the balance of experience and not found wanting; have been recommended from the first as a great medicinal specific, not as a beverage, and in spite of interested opposition from innumerable quarters, stand, after twenty years trial, at the head of all proprietary medicines intended for the prevention and cure of all ordinary complaints of the stomach, the liver, the bowels, and the nerves. In the unhealthy districts bordering the great rivers of California, Hostetter's Stomach Bitters may be classed as the standard one for every species of intermittent or remittent fever. The people who inhabit those districts, place the most implicit confidence in the preparation—a confidence that is increased every year by the results of its operation.

As bitters, so called, of the most pernicious character, springing up like fungi on every side, the public is hereby forewarned against the drum-shop frauds. Ask for Hostetter's Bitters, see that the label, etc., are correct, and remember that the genuine article is never sold in bulk, but in bottles only.
