Fourteen Years Ago

The first number of the TELEGRAPH was issued, and by its present editor and proprietor, who has continuously controlled its course and policy, whether wisely or unwisely others may say. He only claims that neither have sensibly varied. To-day we begin the Fifteenth Volume, and greet our brethern and the public with a right hearty "God bless us all!"

By the 1st proximo we hope, and will, with proper encouragement, issue the TELEGRAPH as an *Evening Daily.*

Vicksburg and Delta are just now enjoying themselves, as Monroe and Trenton did recently, with quarantine. Delta it appears allowed New Orleans packets to land there and discharge certain kinds of freight. The "Hill City" thereupon closed its gates and gave the Deltaites to understand that such proceedings on their part could not possibly be telerated. And when Delta protested, and successfully, against the continuation of the work on the jetties opposite Vicksburg, because refugees from Memphis sought and obtained employment on the works, and consequently jeopardized the health of Delta, what did the Vicksburgers do? They sent a petition to the Secretary of War asking that the work be continued—and the Secretary honored it and the work goes on. The authorities of Vicksburg will, we hope, be kind enough to let the mails for North Louisiana come through.

Later—Since the foregoing was put in type, we learn that Vicksburg agrees to permit passengers and mail to pass through the city, but in *this direction* only.

The omission in Judge Garrett's announcement that he is a candidate subject to the action of the Judicial District Convention may be charged to this office. The Editor wrote the announcement, omitting these words, as, at the time, neither he, Judge Garrett nor any one else knew there would be a Convention to nominate a District Attorney. We may add, in justice to the Judge, that his canvass has been conducted as a Democrat and one who would abide the action of the party.

The Democratic Parish Convention, which assembles to-morrow will, we hope, have a harmonious session, and present a ticket with such unanimity and brotherly feeling as to leave not a particle of bitterness behind. This is important, and will not be overlooked. Mistakes will probably be made, but none of such a character as should endanger the success of the Democratic ticket in Ouachita parish.

Mr. W. H. H. Mullen, who is suffering from erysipelas and was thought at one time to be dying, was improving yesterday evening.

No Eastern mails for the last two days, owing to the quarantine which Vicksburg has established against Delta.

River News.

The river during the past week has fallen six feet, and now stands about two feet above low-water mark. Indications point decidedly to an early rain, and it is probable that the Ouachita will maintain its equilibrium for the present, at least, and shortly begin to boom again. It is so deceitful, however, that we must refrain from making any prognostications.

The John Wilson, from New Orleans, arrived at one o'clock last Saturday evening and discharged a very good freight here, mostly goods from New York which were reshipped at New Orleans by permission of the quarantine officers there. Her last trip, previous to this one, was made on June 10th, nearly three months apart. She left on her return at 6 p. m. the same day, receiving 47 bales cotton here, which is a pretty fair pick-up ... early in the season. She left ... Orleans as usual Wednesday, a... she cannot get higher up than Courth... bia, will be met by the Little Bo... that place.

The Little Bob, from El Dor... Landing, arrived yesterday. Her officers report the river at dead low water up there, and say that they had a hard time coming back pulling over sandbars. She left for Columbia yesterday, where she will meet the Wilson. She added about 50 bales cotton here.

The Timmie Baker arrived at Jackson, Miss., last Thursday. When she started up Pearl river, for Jackson, she had to await a rise, and after she arrived there she had to wait for the river to fall to allow her to pass under the bridge. She was purchased by Mr. W. H. Richardson, son of Col. Ed. Richardson the "cotton king" of the Mississippi Valley and partner in the firm of Richardson & May in New Orleans. The price paid was $3,200 cash.

The new Natchez will be down South in Dixie in about two weeks. The John H. Hanna is now filling her place in the Vicksburg and New Orleans trade, and of course you all know that the Hanna can fill it to satisfaction.

Capt. Jack Blanks is in Cincinnati and will remain there until his new boat is completed. She was at last accounts nearly ready to be launched, and will then be taken from Madison, Ind., to Cincinniti where she will be completed, and will start South as soon as possible.

Capt. Rabun's new D'Arbonne packet will be named Rosa B. (Rosa Brunner). She will soon be ready to start South. A Louisville letter gives the following description: "Capt. Rabun's D'Arbonne packet is launched and is one of the best *little* boats that has been built for years. Her length is 137 feet, 29 feet beam and 4 feet hold. The cabin frame is up and is being hurried to completion as fast as possible. It will have six rooms on each side; will be plain, but very comfortable. The hull is ready for the engines, which are 12 inches in diameter, with 4 feet stroke. She will have two boilers and will prove to be a good running boat, the best Bayou D'Arbonne boat ever built."

Base Ball.

The match game of base ball between the Ouachita Valleys of Monroe and the Morehouse Bluffers of Bastrop was, according to announcement, played in this city last Friday. The game began at about 10 o'clock in the morning, and as will be seen by the score, which we append, was closely contested up to the end of the eighth inning, when both nines stood even, but the Monroe boys were "skunked" in their last inning and the Bluffers, having the last inning, then had things all to themselves. The Bluffers did the best fielding, while the Valleys are entitled to the honor of the best basemen.

The Valleys gracefully accepted their defeat; transferred their title to the championship of North Louisiana to the Bluffers; gave them a pair of buckhorns, and closed the programme with a grand complimentary ball in the evening at the Opera House. Being one of the attendants at the ball, we can conscientiously say that we have not seen it surpassed for many a day in Monroe.

	INNINGS.								
Bluffers	5	1	3	0	1	0	1	0	7
Total									18.
Valleys	0	3	0	0	2	0	1	5	0
Total									11.

These were the players in the two nines:

Morehouse Bluffers—L. F. Leavel, captain; C. Hayden, R. R. Ross, John Reilly, G. A. Spyker, B. F. Schroeder, Thos. Reilly, J. A. Williams, George Pratt.

Ouachita Valleys—Richard Jacobs, captain; Chas. Phillips, Frank McFee, W. Y. Logan, C. P. Keller, W. Ray, Geo. Ezelius, W. G. Surghnor, R. C. Dinkgrave.

History.

Mr. Dr. Natus ...fied in rear of this office on the river two pelicans, one of which measured 8 feet from tip to tip of wings. Some eight or ten were seen on the same day (Wednesday.) Doctor Calderwood, who is an amateur taxidermist, obtained one of the birds and has stuffed it for preservation.

The Doctor has also stuffed a brown weasel killed by Mr. Morris in rear of Sanders's, the first one of the little animals we have ever seen here. As it preys mostly on rats, and not on fowls as some suppose, the little fellow certainly met an undeserved fate.

Trenton.

It is thought that Trenton will receive fully 350 bales new crop of cotton this week. The farmers are hurrying in the staple while prices are fair.

...J. Souter, formerly of New Or... West Point ...om which he ... where he has been several years ...1853, received as a watchmaker and jeweler, ...permanently located in Monroe ...advertises his card in this paper ...is comi... Fo...day.

A Local Packet.

Editor Telegraph:

If the Monroe merchants and the Board of Trade really wish to do something that will materially increase the business of this city let them purchase or charter a small steamboat and run her as a local packet, for and in the interest of Monroe, to such a point as they may designate. A good, small sternwheel boat will answer the purpose and during high water ought to be able to make semi-weekly trips to Camden, Ark. The charges on a bale of cotton for instance from Ouachita City to Monroe are equal to those of a bale from here to New Orleans. The former place is but 25 miles distant from Monroe; whereas the distance from here to New Orleans is nearly 500 miles. The discrimination is too perceptible to need any comment. While the project may not at first prosper, I believe it ultimately will, and don't think that the person who may try the experiment will be any the loser thereby. Put the ball in motion!

Tribute of Respect.

To the W. M., Wardens and Brethren of Urim Lodge, No. 111, A. F. & A. M.:

Whereas, By dispensation of the Supreme Grand Master of the Universe, our esteemed Brother RICHARD GAINEY has been called from labor here below to eternal refreshment above; and, whereas, we deem it highly proper to express the deep sense of the regard which we entertain for our deceased brother, who in this life was long afflicted with and became a victim of that terrible disease cancer, and who departed this life on Saturday, 6th of September, 1879, at his residence near Forksville, Ouachita parish, La., at the age of 66 years, 11 months and 5 days.

Therefore, be it resolved, That in the death of Brother RICHARD GAINEY another support of Masonry has fallen; another brother has gone who was a Mason in the true sense of the term, one who never forsook a friend.

Resolved, That as a Lodge and as individual friends, we extend to the family and relatives of our deceased brother our earnest sympathy in this their sad hour of bereavement, and suggest to them that their loss is his eternal gain; and may they be both ready and willing, like him, to meet him in the glad heaven of eternal joy.

Resolved, That we wear the usual badge of mourning and drape of Lodge furniture for thirty days; and a copy of these resolutions be furnished the family of our deceased brother, and also be spread upon our Book of Memorials, and published in the OUACHITA TELEGRAPH.
