The Telegraph.

MONROE, LA., JULY 21, 1888.

Chatham's Chill Tonic is free from Quinine, Arsenic, Strychnine, Mercury, or other dangerous drugs. Purely vegetable. Guaranteed to cure. Sold by all druggists.

Ouachita's famous fishing stream, the Cheniere, is now affording splendid sport to lovers of the rod and nearly every day witnesses large parties going to or returning from that favorite habitation of the finny tribe.

A little girl, name unknown, was run over and killed by a train on the Vicksburg, Shreveport and Pacific Railroad at Sibly last Tuesday. Mr. Dick Monk of this city was the engineer and naturally deeply regrets the sad accident notwithstanding it was no fault of his.

That enterprising firm, Messrs. Mitchell & McCormick, who are manfully holding their own during these hot and usually dull summer months, are making extensive preparations for a greatly increased fall and winter trade. They are seeking more commodious quarters to store their large stock arriving and yet to arrive and ere the opening of fall will be amply prepared to handle a tremendous volume of business.

"The beautiful Printup House, which has been built at Gadsden, Ala., at a cost of $100,000, has been opened to the public. Another Southern town thus enters the list of those which afford to the traveling public the comfort of a first-class hotel. This is an evidence of progress which always has a good effect, and the benefits are far-reaching."—*Baltimore Manufacturer's Record.*

What is the matter with the monied men of Monroe that they do not organize a stock company and build a big hotel here. Monroe puts on many city airs but she lacks this greatest of all necessities—a first-class hotel.

The Ouachita Pelicans were formally presented to their sponsor, Miss Maymie Richardson, at the armory last Thursday evening, quite a number of the admirers of the gallant citizen soldiery being present. Miss Richardson made a beautiful little speech of acceptance, counselling the Pelicans to knightly bearing and patriotic devotion to country. It is to be hoped that the Pelicans will never be called upon to display their valor upon the battle field, but if that necessity should ever arise the Telegraph feels sure that they will not discredit their fair and queenly sponsor.

Work continues to progress slowly upon the Houston, Central Arkansas and Northern Railroad, but assurances are not lacking that the road will be ultimately built. The line has been permanently located and the right of way cleared to Bayou DeSiard, and nearly two miles of track bed thrown up, and a small force continues steadily at work. Four railroad plows and fifty wheelbarrows were received Wednesday and President Bright says that a largely increased force will be put to work at an early day. In the meantime the engineer corps under Mr. J. C. Polk has been disbanded and expressions of lack of confidence and discontent are numerous.

To Mr. P. L. Wynn, who resides about 7 miles back of Trenton, midway between the Arkansas and Claiborne roads, belongs the blue ribbon as the champion water melon producer of Ouachita. He raises none but the orange variety and they are the best that it has ever been our good fortune to sample. They do not grow to a very large size but what they lack in quantity is over made up in quality. Capt. Oaks used to wear the horns as the boss water melon grower but after devouring one of Mr. Wynn's in the cool of the evening at his hospitable home he transferred the horns, threw away his planting seed and laid in a supply of the orange variety.

While the newspapers of North Louisiana have been persistently "whooping up" truck farming several long headed farmers have been practically experimenting in that line to their sorrow. Two gentlemen of this city have this year made large shipments of Irish potatoes and it is a sore subject to them. One of them, Mr. N. G. Skipwith, gave the Telegraph the details of his experiment, but the other, Mr. D. A. Breard, Sr., says that the results of his undertaking will never get into the newspapers with his consent. Mr. Skipwith shipped two lots of 45 sacks each to New Orleans and on one shipment he realized the full sum of $18 while on the other, dug, sacked and shipped at the same time, he came out $1.25 in debt.

Society and Personal.

Mr. J. E. Behen has gone to Bessemer, Ala., where he will locate.

Messrs. E. M. Behr and Ferd Levy are summering it at Waukesha.

Miss Annie Clinton returned to her home, St. Joseph, La., Wednesday.

Master Sterling Boatner is again visiting his young friends in Monroe.

Mr. R. W. Loughery of the Dallas, Texas, News was in the city Tuesday.

Rev. A. D. McVoy, D. D., president of Mansfield Female College, is in the city.

Capt. H. W. McLeod of Waverly, Caldwell parish, was in the city Wednesday.

Misses Fannie and Drew Davis of Harrisonburg are visiting relatives in this city.

A pleasant entertainment was given at the residence of Mrs. P. C. McFee Wednesday evening.

Mrs. D. G. Trousdale and children are visiting Judge and Mrs. J. T. Strother of Vicksburg.

Mrs. H. Fifield and Miss Louie Delery are visiting Mrs. H. W. McEnery on bayou DeSiard.

Mr. Peter Ezelius left Tuesday for Arcadia where he has accepted a position as compositor on the Advance.

Mr. Sunday Stant returned home Tuesday from Bowling Green, Ky., where he recently graduated, Tuesday

Miss Sallie Lacy has returned home to spend her vacation. She has been teaching a successful school at Columbia.

Miss Jennie Belle Weaks, the charming and accomplished daughter of Capt. J. C. Weaks, is visiting her sister Mrs. W. B. Reily of Bastrop.

Mrs. L. D. McLain returned home Wednesday after a protacted sojourn at Sour Lake, Texas. The Telegraph is pleased to announce that she has been greatly benefited.

Mrs. L. G. Johnston and Mrs. Dr. C. B. Johnston are visiting relatives in Kentucky and will sojourn in the delightful region of the blue grass the remainder of the heated term.

Col. Geo. D. Alexander, late of Minden, but who now resides with a married daughter on Red river about 20 miles below Shreveport, spent several days of the past week here on a visit to his son, Wm. H. Alexander, manager of the Western Union Telegraph office. The Colonel still enjoys good health and is as devoted as of yore to the chase. He returned home Thursday.

His Life for a Dollar and a Half.

Albert Johnson, alias Bradley, a negro boy about 17 years old, living in Trenton and employed at the Monroe Oil Mills, was drowned Wednesday evening about 7:30 o'clock in the river near the company's mills. His death was the result of perhaps a foolish fear that he was going to be forced to pay a small debt of $1.50 due Mr. W. L. Morris of West Monroe, or in default of payment have corporeal punishment inflicted upon him, a not uncommon method of forcing the payment of debts now in vogue in this civilized community. From the best information the Telegraph can get it seems that Mr. Morris went to the Oil Mills about 7:30 on the evening of the fatal occurrance for the purpose of collecting the debt and Bradley seeing him coming attempted to get away. The river furnished the only avenue of escape and he unhesitatingly plunged in with the evident intention of swiming the river. His powers of endurance, weighted down as he was with his clothes, was not equal to the emergency, however, and before reaching the opposite shore he drowned. At this writing his body has not been recovered.

Advice to Mothers.

Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once, it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels, and is the best known remedy for diarrhœa, whether arising from teething or other causes. Twenty-five cents a bottle.

For sore eyes, one drop in the eyes 3 times per day. For old sores of all kinds, anoint 3 to 5 times per day. For deafness, 3 drops in ears 3 times a day, (with Balsam alone.) In every case use the Liver Compound to purify the blood.

SAMARITAN
Chill & Fever Cure.
A SURE CURE FOR
RHEUMATISM, NEURALGIA,
Sore Throat, Toothache,
BRUISES, SPRAINS,
CHRONIC PAINS
in any part of the body.

DIRECTION—Apply freely, rubbing in well. For internal pains, take one-half a teaspoonful in 2 table-spoonfuls of water. At chill time take one-half teaspoonful in one-half teacupful of water every ten minutes, for three doses.

A SPLENDID KIDNEY REMEDY.

LIVER COMPOUND
Purifies the blood. A sure cure for dyspepsia and piles.
GENERAL DIRECTIONS.
One teaspoonful three times daily, just after meals. If after a few days use the above dose is found too laxative, the quantity can be decreased until but one evacuation daily is produced, or the dose can be increased if necessary. The proper dose varies in different persons, some requiring a few drops only and others a tablespoonful. To get proper effects from the medicine all indigestible food such as pastry, hot bread, griddle cakes, grease pork, fat meat, and whatever has a tendency to sour in the stomach, should be carefully avoided, also beer, ale and spirituous and malt liquors. Eat slowly and masticate your food thoroughly. Keep the bottle tightly corked.

All the above medicines for sale at Calderwood & Co's. at wholesale and retail.

Agents wanted in every township in the state, to sell an article that will go in every house. No competition. $4.50 to $9.00 per day guaranteed to a good worker. For full particulars address,

"LONDON PURPLE."

THE PLANTER'S FRIEND.

The BEST POISON for COTTON WORMS.

LONDON PURPLE is the best, surest and cheapest material ever used for the destruction of the cotton worm and it has now become a recognised poison for these pests. During eleven seasons "London Purple" has been used by hundreds of thousands of agriculturists and tested by the leading professors and colleges in the United States, the uniform result being that where properly applied "London Purple" gives unbounded satisfaction.

Bulk for bulk, "London Purple" is only half the weight of Paris Green; thus a given quantity will cover twice the space and though not so dangerous to human life, "London Purple" is much more effective. These virtues together with the price, which is very much less than that of Paris Green, have earned for "London Purple" the proud title of

THE PLANTER'S FRIEND.

Notwithstanding our endeavors to bring "LONDON PURPLE" under the notice of every agriculturist in the States, it is possible that some may now hear of this valuable insecticide for the first time; to such we would say that "LONDON PURPLE" is *no new thing*, nor is it being offered to them to experiment with, but as A SURE MEANS OF SAVING THEIR CROPS.

The experience of the past season more than confirms the fact that "LONDON PURPLE" as a Cotton Worm Poison is unequalled and the indications are that if there is any call for Poison, this year the demand for "LONDON PURPLE" will be unprecedented.
