The Telegraph.

MONROE, LA., SEPTEMBER 14, 1889.

Go to Bailie & Brewer's and see the prettiest assortment of Lamps ever brought to this city.

There will be services at the Presbyterian church to-morrow, (Sunday), Rev. W. D. Spurlin, officiating.

Mr. J. M. Breard is collecting material on the vacant lot adjoining Mr. J. S. Ray's for the erection of a handsome cottage thereon.

September, the first month of the r's is here and the Crescent Restaurant is ready to appease the appetite of every lover of the succulent bivalve.

The lot corner of South Grand and Calypso streets has been purchased by Mr. E. Fudickar, who anticipates, so we are informed, building a storehouse thereon at an early date.

Our Juish friends give notice that all of their faith will close their places of business on Friday, September 26th and Saturday, October 5th for the appropriate observance of the holidays falling on those days.

Prof. J. Mook, of Memphis, Tenn., will open a dancing school in the hall over Goldman Bro's. store this evening at 5 o'clock. Prof. Mook comes highly recommended and we predict for him a successful school.

There are two things lacking in Monroe which are necessary to her future development—a Board of Trade and a Cotton Exchange. Or, perhaps, these may be consolidated. The TELEGRAPH offers this as a suggestion without in any manner desiring to be officious.

It's "a cold day in August" when the Monroe boys "get left." This has been exemplified the past week in the sensational, but successful matrimorial escapades. Monroe is "long" on sensations of this nature this week and "Dame Rumor" persists that there are more birds of the same feather on the wing—not trapped yet. Bide a wee.

The South-East Arkansas Fair Association is going to make a big exhibit and furnish other attractions, at Monticello, Ark., Oct. 9, 10 and 11th, and we are quite sure that it will redound to her benefit. How much longer will Monroe be content to remain lethargic on this subject? Let the Ouachita Valley Fair Association get down to work.

About one hundred bales of cotton of the new crop have been received at the compress, and steam was raised Thursday, fifty bales being pressed. The prospect for a busy season at the press is flattering and extensive additions and preparations have been made to accommodate all demands. The storage facilities, as previously stated, are being enlarged and extensive improvements have been made.

Mr. Jas. A. Bethune, late of this city but now a resident of Warrenton, Va., in a recent letter to the editor of the TELEGRAPH says "the advent of solid prosperity to Monroe is truly gratifying to your correspondent." We are pleased to note that Mr. Bethune still watches with interest the destinies of Monroe. She is making rapid strides forward and we trust that he may conclude again unite his destiny with hers.

We direct attention to the new and attractive advertisement of J. W. Woodland's Insurance Agency to be found elsewhere in to-day's paper. Mr. Woodland represents a long line of old and solid companies, the names of which appear in his advertisement which commend themselves to the public. Mr. Woodland's agency is the largest in North Louisiana and does the larges business in this section. Please your risks with him.

Mrs. E. A. Richardson has sold her residence and lot on the river above the compress to the Monroe Compress and Warehouse Company. The price paid was $3,500. The building will be removed to an adjoining lot and the compress will utilize the lot for storage purposes thereby greatly increasing their capacity. Mrs. Richardson has purchased the Liddell residence on South Grand street from Mr. R. O. Alexander for $2,100.

A contract we learn has been entered into by the Merchant's and Farmer's Bank and Mr. H. C. Voss, the well known contractor, for the erection of a handsome two story building on the lot at the northwest corner of Grand and DeSiard streets. The building will have a frontage of over one hundred feet and will be built on the most approved style of architecture, and besides being a valuable acquisition to the city's business interests will be an ornament to that portion of the city.

Prof. Bentley will open his school in the building formerly occupied by the TELEGRAPH on South Grand street opposite the courthouse on Monday, September 30th. Prof. Bentley is too well known to this community as an able and successful educator to need any commendation at our hands, the bare announcement of the fact that he will continue here in his chosen profession being sufficient to insure him a large patronage and successful school. A formal announcement of the opening of the school, scholastic term, tuition, etc, will appear in these columns in due time.

Go where you will in Monroe and evidences of improvements are percievable in all directions. New houses are being constructed and old ones renovated and repaired and there is a general aspect closely resembling, if not positively indicating, a boom in the building line. Now let us again suggest that the example being set by some of improving their side walks be universally followed, and the good opinion that strangers are beginning to cherish for us will be still further augmented. Speaking of sidewalks reminds us that Col. Garretson leads the van in this matter, the tiling walk to the entrance of the Opera House being both substantial and ornamental. The contrast with other walks on the same street is too striking, however, and a spirit of pride should induce others to follow the example set.

Society and Personal.

Mr. E. C. Drew, editor of the Arcadia Advance was in the city yesterday.

Mr. and Mrs. D. A. Breard, Jr., returned home by Thursday evening's train from their summer trip to Virginia resorts.

Mrs. M. N. Coe, of New Orleans, arrived on Thursday evening's train and will spend some time with her sister, Mrs. J. A. Moore.

Miss Mary Green, of Jackson, Miss., the talented niece of Hon. Austin Green, is in the city on a visit, and is the guest of the latter.

Mr. Wm. Schneider, of Bastrop, has recently arrived in our city and accepted a position with Mr. E. Fudickar, succeeding Mr. A. H. Bernhardt.

Mr. F. C. Bres of Logtown was in the city Thursday. He informed us that he had purchased a farm in Texas and contemplated moving to that State at an early day.

Col. F. R. Southmayd, formerly of New Orleans, but now of Chicago, spent several days of the past week in Monroe. He paid the TELEGRAPH a highly appreciated visit while here.

Mr. J. D. B. Greig, late with the drug firm of G. L. Batte, Agt., in this city, but now traveling for the Southern Drug Co., of New Orleans, was in the city several days this week.

Mr. W. L. Morris, the affable West Monroe grocer, who has been very sick for the past three weeks, is, we are glad to chronicle, rapidly recovering. Slow fever has been his ailment.

The genial and old reliable Ed Ferry, whom every one herebouts knows as the clever representative of Nelson McStea, of New Orleans, was circulating among his many friends and patrons several days this week.

We are gratified to learn that Major Woodbridge, chief engineer of the H. C. A. & N. R. R., will soon locate permanently in Monroe and will shortly build a residence here. His family will be cordially welcomed and we trust they will be agreeably impressed with the Queen City of the Ouachita.

Maj. W. A. Bright, to whom more than any other individual Monroe is indebted for the building of the H. C. A. & N. R. R, we are pleased to learn, has decided to locate permanently here and has leased the residence of Mr. R. C. Aby, which he will shortly, together with his family, take possession of.

Mr. Joe C. Gaulden, until recently an attache of this office, but now special agent and correspondent of the New Orleans Times-Democrat, was in the city Thursday and Friday, leaving on Friday evening's train for Ruston, whence he goes to Farmerville in the interest of his paper. The TELEGRAPH wishes Mr. Gaulden much success in his new field of labor.

Cascarino acts as a tonic to the bowels. It is the only positive cure for constipation, 50c and $1.

A Woman's Discovery.

"Another wonderful discovery has been made and that too by a lady in this county. Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly and could not sleep. She bought of us a bottle of Dr. King's New Discovery for Consumption and was so much relieved on taking first dose that she slept all night and with one bottle has been miraculously cured. Her name is Mrs. Luther Lutz." Thus writes W. C. Hamrick & Co., of Shelby, N. C.—Get a free trial bottle at Dr. A. B. Sholars' drug store.

For Fancy and Toilet articles Bailie & Brewer's are headquarters.

River News.

The steamer Prince, which has been above for some time, passed down yesterday morning for New Orleans having a few bales cotton aboard.

Our young friend Mike Fahy, who has been spending the summer with relatives at Logtown, left by yesterday morning's train for Vicksburg to meet the steamer Pargoud, of which boat he will be chief clerk during the present season.

The river at this point is rising and stands about 8½ feet on the guage. The Josie W., in place of the Hanna Blanks, which boat is undergoing repairs at New Orleans, is due up this evening or to-night and will experience no difficulty in coming through.

Capt. Lez. Brunner returned from his tour of the northwestern cities Wednesday evening looking much improved by his trip. While absent he contracted for a boat which he will introduce to the tributary trade on the opening of the boating season. Capt. Brunner is the most popular steamboatman on our waters and it goes without saying that his new boat will be a success.

Months of sickness, long doctor bill, and broken health can all be avoided by taking Cascarine.

More Testimony.

WALKERSVILLE, S. C.

Gentlemen: My wife was suffering with all the symtoms of dyspepsia, and could not eat anything without suffering very great pain. As a consequence of this deranged and morbid condition of the digestive organs, she took yellow jaundice, and was treated by the best of physicians without any benefit. I heard of Dr. Westmoreland's Calisiava Tonic, and bought two bottles, from the use of which she was entirely cured, and has not had an attack for nearly two years.

Very respectfully,

ABNER WALKER.

Sold by Bailie & Brewer, Monroe, and G. B. Haynes, West Monroe. 2t.

The Federal Building.

The following note from Capt. Garrett explains the status of the U. S. Government building matter. The preliminary matters noted by him having been adjusted work will probably begin at an early day:

MONROE, LA., Sept. 11th 1889.

To the Editor of the Telegraph:

My attention has been directed to an article in the Bulletin of this date in reference to the U. S. Government building to be constructed at Monroe.

The act of cession of jurisdiction, from the State of Louisiana to the United States, over the lot selected—corner Grammont and St. John streets—was prepared while I was in Baton Rouge on the 26th June.

Yesterday I received official notice that the Treasury check in payment of the lot would be turned over to me on or about Sept. 14th inst.

In common with all our citizens I trust that now, as the title, etc., is complete in the United States, work will be begun at an early date. Yours truly,

FRANKLIN GARRETT.

Regulate the liver by using that pleasant but sure remedy, Cascarine.

Abreast of the Times.

With the advent of the fall trade a spirit of activity has taken possession of our business men in all trades but it has not been more marked in any than with Mr. J. S. Bloch, the leader of the wholesale trade in wines, liquors and cigars. Mr. Bloch is recognized as one of our most progressive and enterprising merchants and anticipating a rushing business this fall and winter has laid in the largest stock in his line ever carried in Monroe. He buys in car load lots only and for cash and therefore buys at rock bottom prices and can sell the same way. No other firm in Monroe can compete with him in this particular and it follows without saying that his is the cheapest house in his line in Monroe. But Mr. Bloch goes farther. He informs us that he will duplicate St. Louis and Cincinnati prices. He is determined to push Monroe to the front as a wholesale market and will not be undersold by anybody anywhere. These are fine promises and we advise all in need of goods in his line to invade his big establishment and make him redeem them. Our word for it he will take pleasure in doing so. His word is as good as his bond. Speaking of the stock carried by Mr. Bloch we will say that he carries the purest and the best and the proof of the pudding is in the tasting. We commend Mr. Bloch to our friends and the public with the assurance that they will receive the best and kindest and promptest attention at his hands. Give him a trial order for verification of the statements herein made.

The Verdict Unanimous.

W. D. Sult, Druggist, Bippus, Ind., testifies: "I can recommend Electric Bitters as the very best remedy. Every bottle sold has given relief in every case. One man took six bottles, and was cured of rheumatism of 10 years' standing." Abraham Hare, druggist, Belleville, Ohio, affirms: "The best selling medicine I have ever handled in my 20 years' experience, is Electric Bitters. Thousands of others have added their testimony, so that this verdict is unanimous that Electric Bitters do cure all diseases of the Liver, Kidneys or Blood. Only a half dollar a bottle at Dr. A. B. Sholars' drugstore.
