Habitual Costiveness

causes derangement of the entire system, and begets diseases that are hazardous to life. Persons of costive habit are subject to Headache, Defective Memory, Gloomy Forebodings, Nervousness, Fevers, Drowsiness, Irritable Temper and other symptoms, which unfits the sufferer for business or agreeable associations. Regular habit of body alone can correct these evils, and nothing succeeds so well in achieving this condition as Tutt's Pills. By their use not only is the system renovated, but in consequence of the harmonious changes thus created, there pervades a feeling of satisfaction; the mental faculties perform their functions with vivacity, and there is an exhilaration of mind and body, and perfect heart's ease that bespeaks the full enjoyment of health.

DISEASES OF CHICKENS

Read the following letters from people who have used VICTORY POULTRY FOOD, for Cholera, Roup, Gapes and other diseases in fowls:

Having had a good deal of experience with Chicken Cholera, I cannot, in justice to my brother farmers, refrain from giving them the results of my observation. Some thirty-five years ago my wife lost one year some two hundred laying sixe chickens and nearly all the old fowls, and we almost despaired of raising chickens. The disease was not confined to the chickens only, but the turkeys took it, and they went in the same way. Several years passed by, and some one recommended to us POLK MILLER'S CHICKEN FOOD, which we used, and we have had good success ever since, never losing a fowl.

Public greatly to the fowls' laying, and I HAVE NEVER SEEN A CASE OF GAPES in one young chickens when it was used. Now I would as soon do without salt in my food as to undertake to raise fowls without POLK MILLER'S CHICKEN FOOD.

WILLIS W. ROBSON,
Powhatan county, Va.

As an evidence of our valuation of the "VICTORY POULTRY FOOD," I will simply state that we are never without it in spring or summer. We buy by the dozen boxes, and when my wife has a sick fowl of any kind, "we make for these Powders," and that's the last of it. It is an infallible remedy with us. I have used it also with equal success in Hog Cholera, and have never lost a hog since I commenced using it. Before that I lost a great many.

AMERICAN BLOOD CURE — 3 PREPARATIONS: A B C ALTERATIVE, A B C TONIC, A B C EXPECTORANT

Consumption.

MR. JOHN JOHNSON, 27 St. James st., Richmond, Va., writes:

Last fall I was attacked with hemorrhage from the lungs, soon followed by a hacking cough, night sweats, loss of appetite, and profuse night sweats. I grew worse rapidly under medical treatment, and my case seemed hopeless. I was recommended to try A. B. C. Blood and Expectorant, and did so in March; have used the A. B. C. Tonic since the time; my cough soon left me, and I discontinued the use of the Expectorant, and to-day am entirely restored, and so I have not words to express my gratitude for the A. B. C. Tonic and Expectorant; you may publish my testimony to them.

Bad Blood.

MR. F. W. MARABLE, 311 N. 17th street, Richmond, Va., writes:

I have used "A. B. C. Alterative" with marked benefit to myself, and take pleasure in recommending it to any one who wishes the best blood purifier and tonic on the market. That it will invigorate the digestive organs, improve the appetite, and is a most powerful remedy for blood disease I firmly believe.
