Consumption.

MR. JOHN JOHNSON, 521 St. James st., Richmond, Va., writes:

Last fall I was attacked with hemorrhage from the lungs, soon followed by a hacking cough, shortness of breath, great emaciation, loss of appetite, and profuse night sweats. I grew worse rapidly under medical treatment, and my case seemed hopeless. I was recommended to try A. B. C. Tonic and Expectorant, and I did so in March; have used the A. B. C. Tonic since that time; my cough soon left me, and I discontinued the use of the Expectorant, and am today entirely restored, and as I have not used any other remedy than the A. B. C. Tonic and Expectorant owe my recovery entirely to them.

Bad Blood.

MR. F. W. MARABLE, 151 N. 19th street, Richmond, Va., writes:

I have used "A. B. C. Alterative" with marked benefit to myself, and take pleasure in recommending it to any one who wishes the best blood medicine and tonic on the market. That it will invigorate the digestive organs, improve the appetite, and is a never failing remedy for blood disease I firmly believe.

TOBACCO DEPARTMENT.

RICHMOND, VA., April 11.—Offerings of tobacco at auction on 'Change Friday April 11th, 1890, very light. Highest price $13.75 (West Virginia bright tobaccos.)

Private sales reported to the secretary to-day: Wrappers, 4 hogsheads; fillers, 8 hogsheads; smokers, 5 hogsheads; sun cured, 4 hogshead; dark tobaccos, 14 hogsheads: Total, 33 hogsheads.

Office of the tobacco inspector reports today: Inspections—bright, 4 hogsheads; dark, 32 hogsheads; Western, 3 hogsheads. Reinspections, bright, 16 hogsheads; dark, 34 hogsheads.

Farmer's, Wilson's, Alleghany, Old Dominion, Shockoe, Crenshaw's, Seabrook's Shelburne's and Myers' warehouses report to-day: Receipts, 32 hogsheads. Deliveries, 46 hogsheads.

Office of the collector of the United States internal revenue reports collections for the city of Richmond to-day as follows: Tax paid, cigars and cigarettes, $4,169.33; tax paid tobaccos, $2,550.08. Total, $6,719.41.

Registered at the Tobacco Exchange today: Colonel Randolph Harrison, Cumberland; A. B. Cayce, Henderson, N. C.; B. L. Winston, M. D., Henrico; John O. Taylor, Manchester; Rives Tatum, M. D., Harrisenburg.

Messrs. Edward Samuelson & Co.'s monthly report, dated Liverpool, April 1st, 1890, says: "Brights continue to be the chief object of interest, and sales were made of really fine leaf at high prices—from any but an American point of view. Strips have also been in request, and several parcels found buyers. In dark classes nothing of importance took place. All colory tobaccos are firmly held, owing to continued advance in the Virginia markets, consequent upon the bulk of the crop having been sold. The preparations for the new crop have been delayed, owing to the destruction of the plant beds by the recent severe frosts."

The Trade to-day was too much occupied with a general meeting of Trade held to-day at the Tobacco Exchange, to transact much business. C. McL.

Clarksville, Tenn.

CLARKSVILLE, TENN., April 9.—Receipts still continue on a liberal scale, and from this time forward, we expect to see the offerings steadily increase in volume. Sales for the week ending to-day, foot up 567 hogsheads. Market continues full and strong, without much irregularity. The condition of new crop offerings has been very unsatisfactory since the commencement of the season, and only a small proportion is in reliably safe-keeping order. There has been some improvement in this respect during the last two weeks, and we hope that nearly all of the soft prizings have been sold. Our market has been mainly sustained by speculative and factory demands, and we are convinced that re-samplings later on will show a vast quantity of badly damaged tobacco.

FINANCE AND COMMERCE

New York Stock Market.

Reported by C. W. Branch & Co., bankers and brokers, No. 1111 Main street.

NEW YORK, April 11.—The market was rather more active to-day at the expense of values. Mr. Gould's Missouri Pacific and Manhattan, Rhode Island and Chicago, Burlington and Quincy were the weakest stocks, but the whole list in tone was heavy. The weakness in the Gould stocks, the bad government crop report and quite active money assisted the bears materially, and Western news regarding the rate situation was not reassuring. Some people think the bank statement to-morrow will be bad, because the sub-treasury took in over $2,000,000 more than it paid out. The foreign exchange market was some weaker, but good many think we will have to export some gold in May. Unless there should be intensely bearish news soon, the market ought to have something of a rally, but it is dull and very unattractive to both sides.

Chicago Market.

Messrs. Baldwin and Farnum telegraph to Thomas Branch & Co. as follows:

CHICAGO, April 11.—This has been another excited and active day. Trading has been enormous. The Government report started another wave of buying. There has also been very large buying for local account, which continued pretty much all day, and not until near the close was there selling enough to weaken the market. Speculation is making this advance and foreign markets fail to sympathize with us. Outside markets, which are governed by the demand for cash, failed to advance. Liverpool firm; demand good, ½d. higher. That there is a short interest which may be driven in is unquestionable, and if persistent buying of May and June shall continue, we will see higher prices. Receipts, 142,000; shipments, 398,000; exports, 30,000 wheat, and 77,000 packages of flour. Corn has been weak, except in sympathy in wheat, but we believe this will have its day, and advise its purchase on all weak places. It is the cheapest thing on our floor, and is now lower than for years, and when it starts up it will be sharp and quick. Liverpool firm; demand fair; price unchanged. Receipts, 700,000; shipments, 1,463,000; exports, 562,000. Oats were dull from opening to the close. Shorts seem to have covered; very little trading. Provisions were strong from opening to the close. The clique have been sellers of pork to-day, while shorts have been buyers. Cudahy and Wright, and one or two large shorts are said to have covered. Armour was buyer at the close. It is said that Hutch sold about 20,000 lard and five and seven million ribs were bought at lower prices, taking his profits. They may believe it some higher, but we believe stuff sold from here will show handsome profits. Fifteen thousand to 20,000 hogs to-morrow. Curb, 84⅝.

New York Cotton Market.

[By Telegraph.]

NEW YORK, April 11.—Messrs. Hubbard, Price & Co., in their cotton circular tonight say: "The firm tone of the spot market in Liverpool and the light interior movement caused a movement to cover on the part for spinners' use, and this brought the small, short interest in the market to cover. This movement was influenced to some degree by the bill now pending before Congress to abolish all transactions for future delivery of cotton, either by the planter, against his growing crop, the manufacturer against his stock of unsold goods, or to procure his supply of cotton of several months in advance, and finally to prevent any speculation. A feature of the situation is the absence of all premiums on all the old crop, and the stock in New York is now being carried at the expense of the owners. To-day's advance appears to have closed the local short interest, and the market will now depend upon the actual demand from spinners abroad, who can hardly enter the market to secure their needed supplies without advancing the price. Estimated receipts at New Orleans to-morrow are 500 bales, and it is thought the plantation movement will not reach 10,000 bales this week, because of the heavy shipments from the interior towns. Receipts at our ports to-day estimated 2,500 bales, against 3,942 bales last week. The spot market is steady at 1-16 advance, midling uplands 11 9-16; sales 384 bales. Transactions in futures 40,000."

Futures closed 3 to 10 points higher, as follows: April, 11.58@11.59; May, 11.59@11.60; June, 11.59@11.60; July, 11.59@11.61; August, 11.59@11.60; September, 10.60@11.00; October, 10.58@10.59; November, 10.38@10.39; December, 10.37@10.38; January, 10.39@10.40.

In Liverpool, spot cotton closed steady; middling uplands, 6⅝d. Sales, 8,000 bales.

A Scientific and Honest Medicine for the Millions!

Dr. King's Royal Germetuer!

CURES WHEN ALL ELSE FAILS.

Thousands of men women and children throughout the United States have used it, and are loud in their praise of it. They were afflicted with many diseases some considered incurable. Some have been cured after suffering twenty-five and thirty years.

HOTEL HAY, HOT SPRINGS, ARK., Sep. 4, '89.

I have been taking Dr. King's Germetuer with great benefit. I have been quite a dyspeptic, suffering more or less from indigestion for a great many years. But now my digestion is nearly normal. The oppression at my stomach (after eating) with which I have been annoyed so long, has nearly entirely disappeared. I find great benefit to my kidneys also, my back being greatly strengthened.
C. D. HAY.

Dr. C. D. Hay is the proprietor of the Hay Hotel, one of the leading hotels of Hot Springs, and many years ago was a prominent physician of Franklin, Tenn. After that he traveled and lectured extensively on medicine and electricity.

In testimony to the great value of Dr. King's wonderful Royal Germetuer, allow me to say the bottle I bought for my patient did its work well. She was prostrated with chronic vaginitis, with sympathetic affection of the kidneys. I believe it will effect a permanent cure, and I heartily recommend it.
Respectfully,
J. A. MORRIS, M. D.
Waco, Texas.

CHESAPEAKE AND OHIO RAILWAY,
AFTON, VA., June 24, 1889.

For some years I have been troubled with a torpid condition of the liver. I had frequent headaches, feeling of extreme lassitude, no appetite, blood in a very impure condition—so much so that only a slight abrasion of the skin would develop into sores. Was losing flesh rapidly. I used different tonics and cathartics, but nothing seemed to do me any good. I was induced about three weeks ago to try a bottle of Germetuer, a new medicine. In a few days I noted a decided improvement in my feelings, and now, though I have just commenced my second bottle, I find all of my unpleasant symptoms gone, am rapidly gaining flesh, appetite perfect, and am in better general health than I have been for years. The effect of Germetuer upon myself was so beneficial, I induced my wife, who for years has been a sufferer from sick headaches, to try it. She has not had a headache since she commenced its use, and her general health, which was run down, is rapidly improving, and she says she has not felt so well for ten years. I have just commenced its use with my little son who is afflicted with epilepsy, and I already note the most beneficial results, and feel satisfied that its continued use will entirely cure him.
SAMUEL SHEPHERD.

ATLANTA, GA., January 2, 1890.

Six months ago, at the request of a friend who was interested in the sale of King's Royal Germetuer, I made a written statement of the benefits I had received from the use of that medicine. In that statement I expressed the belief that it would cure me entirely of Catarrh. Within the last two months I have received letters from every quarter of the nation calling on me for further information in regard to my health. It has been impossible for me to write privately to each person who has made this request, and I am therefore under the necessity of making another public statement.

I am free from Catarrh. I believe that I could get a certificate to this effect from any competent physician. I have used no medicine within the last six months except King's Royal Germetuer. My health is better than it has been in thirty years. I am in possession of information which warrants me in saying that the relief which I have experienced from the use of the medicine is not more certain and radical than that which it has brought to hundreds of persons in Georgia and other States.
J. B. HAWTHORNE.

OFFICE OF THE COLLECTOR OF CITY TAXES, CITY HALL,
RICHMOND, VA., June 20, 1889.

I take pleasure in saying that I have been very much benefited by the use of Dr. King's Royal Germetuer. For the past ten years I have suffered from a very severe catarrhal affection, and despaired of getting relief, but hope dawns, now that I can see the good effects of the Germetuer. I am now using the second bottle, and am improving very much. I cordially recommend Dr. C. R. King's Royal Germetuer to all who are suffering from catarrh.
