LIFE'S HISTORY;

Is Smiles and Tears. Such is the course of life, made up of sunshine and gloom, gladness and sorrow, riches and poverty, health and disease. We may dispel the gloom, banish the sorrow and gain riches; but sickness will overtake us, sooner or later. Yet, happily, that enemy can be vanquished; pains and aches can be relieved; there is a balm for every wound, and science has placed it within the reach of all. There is no discovery that has proven so great a blessing as Dr. Tutt's Liver Pills. In malarial regions, where Fever and Ague, Bilious Diseases and ailments incident to a deranged liver prevail, they have proven an inestimable boon, as a hundred thousand living witnesses testify.

Consumption.

MR. JOHN JOHNSON, 521 St. James st., Richmond, Va., writes:

Last fall I was attacked with hemorrhage from the lungs, soon followed by a hacking cough, shortness of breath, great emaciation, loss of appetite, and profuse night sweats. I grew worse rapidly under medical treatment, and my case seemed hopeless. I was recommended to try A. B. C. Tonic and Expectorant, and did so in March, have used the A. B. C. Tonic since that time (my cough soon left me, so I discontinued the use of the Expectorant), and am today entirely restored and as I have not had any other remedy than the A. B. C. Tonic and Expectorant use my recovery entirely to them.

Bad Blood.

MR. F. W. MARABLE, 317 N. 17th street, Richmond, Va., writes:

I have used "A. B. C. Alterative" with marked benefit to myself, and take pleasure in recommending it to any one who wishes the best blood medicine and tonic on the market. That it will invigorate the digestive organs, improve the appetite, and is a never-failing remedy for blood disease I finally believe.

TOBACCO DEPARTMENT.

RICHMOND, VA., April 28.—No offerings of tobacco at auction on 'Change to-day.

Private sales reported to the secretary today: Wrappers, 16 hogsheads; fillers, 20 hogsheads; cutters, 8 hogsheads; smokers, 4 hogsheads; scrap, 1 hogshead. Total, 59 hogsheads.

Office of the tobacco inspector reports today: Inspections—Bright, 39 hogsheads; dark, 5 hogsheads. Re-inspections—Bright, 23 hogsheads; dark, 14 hogsheads.

Farmer's, Wilson's, Alleghany, Old Dominion, Shockoe, Blanchard's, Davenport's, Crenshaw's, Planter's and Merchant's, Myer's, Shelburne's and Seabrook's warehouses report to-day: Receipts, 59 hogsheads. Deliveries, 111 hogsheads; 3 tierces; 4 boxes.

Office of the collector of the United States internal revenue reports collections for the city of Richmond to-day as follows: Tax paid, cigars and cigarettes, $675.80; tobaccos, $4,825.08; special, $716.69. Total, $7,217.48.

Registered at the Tobacco Exchange to-day: T. H. B. Hoose, Danville; Frank Harrison, Richmond, Va.; A. D. Wilton, Pulaski.

Mr. Thomas E. Hicks, of Oxford, was on the Richmond tobacco market as a buyer to-day. He reports very little tobacco coming into the Oxford market just now, owing to the want of a season for handling; and says great complaint is made at want of plants, owing to the destructiveness of the flies; that the majority of the plant beds have been seriously injured; that he planted a bed three times, the last time about a week ago, and found on inspecting it just before he left home that it had been almost completely eaten up. He does not think a full crop can be planted for want of plants, but cannot say how much an increased acreage may prevent the falling below an average.

The Richmond tobacco market opened active to-day with good sales of bright wrappers and fillers. Inspections and re-inspections, light; receipts, light; deliveries, heavy (nearly double its receipts); Internal Revenue collections, good, particularly on plug tobacco. C. MC. L.

South Boston, Va.

SOUTH BOSTON, VA., April 26.—Since the last report from our market the breaks have been, as a rule, small, though better this week than last, the offerings embracing some very fine wrappers, which sold from fifty to seventy-six dollars per hundred, with a very decided advance on all grades, and with a few more seasons this crop will be exhausted, as the general impression is that the balance in farmers' hands does not exceed twenty per cent. There is great complaint coming in from every direction of the ravages of the fly, which are greatly augmented by the cool weather.

A. B. WILLINGHAM.

Louisville Tobacco Market.

LOUISVILLE, KY., April 26.—Large offerings more in bad order, but prices higher generally for all desirable new Burleys and darks, and rainy weather were the leading features this week.

New Burley.—Offerings rather larger this week, but quality and condition worse generally, with more heated and funked hogsheads rendering stock in every respect desirable scarcer, more in demand and higher. Red smokers were in good demand and sustained. For all grades of red and colory fillers the demand was quite active at higher prices for all in good order. I quote trash fillers ½@c. to 1c.; common, ½@c.; medium, ½@ to 1c.; good, 1c.; fine and select, 1c. to 1½c. higher. In brights, both fillers and cutters, the offerings were, as a whole, larger, with more of better quality and strictly bright color, for all of which the demand was very active and prices higher all around, especially for the few crops of really bright color, of which we have seen so very little this season, notwithstanding the oft-repeated assertions that there was such a great deal of it in the crop. I quote trash and common ½@c. to 1c.; medium, 1c. to 1½c.; good, fine, and select leaf, 1½@c. to 2c. higher, with demand ahead of the supply, strictly bright showing the largest advance and most animation. Remanders had better opportunities this week, although the manufacturing demand was steadily strong. For export, business was light, and confined to common and medium colory and bright lugs when in good order, which were hard to get and ½@c. to 1c. higher. The highest this week was 25c., with more running from 18c. upward, for fillers, wrappers and cutters. Prices, if unsatisfactory to any holders, were solely owing to too soft or heated condition.

Old Burley—Offerings were again larger this week, but mostly common and medium grades, for which there was little demand, unless when sweet, which sold at unchanged figures. Of good to select leaf very little, with 21½c. paid for the best offered.

Darks—We had again very light offerings of new crop, and nearly all common and medium, for which there was a good demand, with lugs at nearer outside figures, common leaf ½@c. medium leaf ½@c. to 1c., and good leaf 1c. higher for all such sorts. Of old offerings were larger, but mostly redried Green River lugs and leaf, which at auction did not meet the views of holders, and were largely rejected, with some lines passed to be held for private sale. Dark Southern Kentucky and Indiana leaf and lugs firm but unchanged.

Private sales embraced 27 hogsheads, Green River fillers and other scattering lots, making 47 hogsheads in all.

To-day. The sales consisted of 65 hogsheads new, and 4 hogsheads old Burley, 34 hogsheads old dark lugs and leaf. In the offerings of new Burley were a good proportion of the higher grades of bright red fillers and bright cutters, which sold at 12 cents to 19½ cents, fully up to any sold this week.

Quotations of new darks and Burleys revised.

The weather has been mild and too rainy for the season, while good for growing plants, a continuance of dry mild weather is very desirable now.

The United States government returns for March show an increase of $80,188 in 1890 over 1889 from chewing and smoking tobaccos. From cigarettes the increase was $3,177.

The turn-out of the Louisville manufacturers for the quarter ending 31st March was 433,889 pounds more this year than for the same time last year.

FINANCE AND COMMERCE

New York Stock Market.

Reported by C. W. Branch & Co., bankers and brokers, No. 1111 Main street.

NEW YORK, April 28.—London was the principal buyer in this morning's market. The local bulls advanced New England, Reading, Missouri Pacific, Erie and Western preferred, Sugar and Tennessee coal, but in other stocks there appeared to be extensive realizing so that by 2 o'clock the market had reacted from the best prices. The bullish tone is no wise abated, everybody appreciates the fact that good news about the western rate situation or about threatened strikes all over the country would boom this market rapidly, while bad news would certainly repress the enthusiasm if it did force a re-action. The feeling that America is soon to parrake of the speculative craze which prevailed abroad up to a year ago, and which carried securities to the highest level ever known. It will be welcome after all the dullness and consideration of the hereafter, will not be profitable until said speculation has had a very considerable run.

RICHMOND, VA., April 28, 1890.

Receipts—185 head of cattle; 378 sheep; 520 hogs.

Sales—171 head of cattle; 140 sheep; 520 hogs.

Prices—Cattle, best, 4¼ to 4½c. gross; a few extra fine higher, medium to good, 3¾ to 4¼c. gross; common to fair, 2½ to 3½c. gross; sheep, 3 to 5½c. gross; hogs, 5½ to 6c. net; bulls, 2½ to 3¼c. gross.

Chicago Market.

Messrs. Baldwin and Farnum telegraph to Thomas Branch & Co., as follows:

CHICAGO, April 28.—Wheat—Has been dull all day. At the opening short bought a little at 87⅛@87¼ for July, since that spurt there has been very little doing with market, practically in one place all day, 87 bid and for sale at anything over that no news of any importance received. Bertin wheat market somewhat higher, Paris lower, Liverpool about ½d and higher, New York and St. Louis both close lower than Saturday for July; receipts 112,000, shipments 299,000. Exports 114,000 wheat and 6,000 flour. Corn was also weak for the May options, its near approach causes this to be weak, although cash is in good demand, still the option seems to be neglected and the market dull and closes the lowest of the day. Between now and the first of the month we may possibly see lower prices, but advise its purchase whenever weak. Liverpool, firm; the demand moderate. Receipts, 1,278,000; shipments, 1,355,000; exports, 992,000. Oats dull the entire day, we look to see other option keep up with May. Provisions have been dull all day, seems to be no disposition to trade. The fear of the labor troubles on the first of May causes holders of the near option to be a little nervous, but we believe this has all been discounted, and on any weakness would rather buy than sell. Hogs, to-morrow 25,000.

New York Cotton Market.

[By Telegraph.]

NEW YORK, April 28.—Messrs. Hubbard, Price & Co. say: "The market to-day was somewhat disappointed in the character of the advices received from Liverpool prices there, showing a slight recession as compared with Saturday. There was a small decline, but the loss was quickly regained, and an advance over Saturday's closing established early in the day. The improvement was most pronounced in new crop deliveries, the autumn positions especially showing great strength, and September at one time being some thirteen points above Saturday's figures. At the close there was an obvious effort to realize profits on the part of some of the their buyers with the result of bringing prices back to Saturday's figures on the new crop positions, but a considerable portion of the improvement in September and October was retained."

Receipts at our ports to-day estimated at 2,500 bales, against 3,107 bales last week.
