GRATUITOUS ADVICE.

This species of advice is not always acceptable, but in many instances much benefit would be derived were it acted upon. No section of the country is exempt from disease. To know the best means of combatting this common enemy, with the least injury to our pockets and tastes, is certainly a great advantage. We must expect Torpid Liver, Congested Spleen, Vitiated Bile and Inactive Bowels, and all prudent persons will supply themselves with Tutt's Pills, which stimulate the Liver, relieve the engorged Spleen, determine a healthy flow of Bile, thus regulating the bowels and causing all unhealthy secretions to pass off in a natural manner. "An ounce of preventive is worth a pound of cure." Be advised and use

FINANCE AND COMMERCE

New York Stock Market.

Reported by C. W. Branch & Co., bankers and brokers, No. 1111 Main street.

NEW YORK, June 27.—To-day's stock market has been very unsatisfactory to everybody; but the professional room-traders, who are always just as happy catching fish going down as up stream. They are content with fractional fluctuations, and expend a deal of vital force chasing eighths and quarters, first on one side of the market and then on the other. There is no significant feature to the market at present. Good and bad influences are almost equally divided, and the absence of any organized forces of either bulls or bears, the market has become narrow and unprofitable. Yesterday's closing of the market pointed to lower prices at to-day's opening, but when business began, there was no such pressure of stocks for sale as was expected, and the market soon began to improve slowly. Suddenly Chicago Gas became a leader, and on reports from Chicago that the suit against the trust had been dismissed, and the receiver discharged, the price advance rapidly three per cent to fifty-eight. This had the effect of still further strengthing the general list, and for a time it looked as though we would have higher prices, but money became active when stocks were at about the highest point, and this was the signal for a general decline that carried many stocks below yesterday's lowest prices. During the last hour, on favorable reports as to trunk line affairs and easier working of the money market, prices rallied again, but the market closed dull and uninteresting, at prices that showed merely fractional changes for the day, outside of Chicago Gas. The approach of the 1st of July, with the calling in of loans incident thereto, has made it an easy matter for those working for lower prices to manipulate money market, and this, in connection with the fears of further gold shipments leaves the market in the hands of local traders who manipulate it up and down within narrow limits. It is not likely there will be much change in this state of affairs until after the Fourth of July holidays. Money loaned as high as 8, closing at 6.

Chicago Market.

CHICAGO, June 27.—Messrs. S. Y. White & Co. telegraph to C. W. Branch & Co. as follows: The wheat market has been heavy most of the day, yesterday's buying not considered. This morning the crowd turned sellers, and the forcing weather, together with receipt of better reports, receipt of considerable new wheat in St. Louis that inspected No. 2, and last the apathy of the shorts, made it difficult to find buyers, and a break of one cent from last night's closing was the result. The close is heavy, particularly on July. The reported stand that the elevator owners had taken created some uneasiness early in the day, which passed off later. The market seems to bull harder each time, and a good many good men are talking eighty cents for July wheat shortly. They may be right, as they certainly have the bulls frightened. Provisions are heavy, on account of large stocks and the hot weather. Corn and oats very dull; nothing doing worthy of notice.

VERITABLE WORDS OF
REV. SAM P. JONES.

The following is an extract from a letter written by the World's Renowned Evangelist:

"I returned from Tyler, Texas, on the 12th. I find my wife has been taking ROYAL GERMETUER to the great upbuilding of her physical system. She is now almost free from the distressing headaches with which she has been a martyr for twenty years. Surely it has done wonders for her. I wish every poor suffering wife had access to that medicine."

Again, on February 6th, he writes:

"My wife, who has been an invalid from nervous sick headache, has been entirely cured by six weeks' use of Dr. King's ROYAL GERMETUER. Her health is perfect. In three weeks two of my children were cured completely of nasal catarrh. It is truly a great remedy."

Price, $1.50 Per Bottle.
