DON'T DO IT.

From the "*Medical Review*." "Upon the first symptoms of Liver Complaint the misguided sufferer applies blue pill, calomel and other mineral poisons, in the delusive hope of obtaining relief, whereas these powerful purgatives but aggravate the disease and debilitate the constitution. Dr. Tutt has had the courage to ignore this killing practice of the old school. His remedies, drawn from the vegetable kingdom, are almost miraculous in renovating the broken down body. The letters of cured patients in the Doctor's possession are a tribute of gratitude to his genius and skill which but few can exhibit. His Liver Pills are sent all over the world. They can be found in every town and hamlet in the United States."

Messrs. J. M. Conrad's Sons received a letter today of the following date and from Louisville, July 16, 1890.—There were heavy rains yesterday in the West and South, but none of consequence in Ohio and Kentucky. There is every indication of rain now, but it may not come."

The Louisville Courier-Journal of Tuesday, July 15, 1890, in its report of the leaf tobacco market of Louisville says: "Offerings today were very light, there being but two sales, and neither in quantity nor quality was there opportunity for a conclusive test of the market. The darks, however, were strong, and the bulkers were up to last week's tone. Reports from the growing districts indicate slight showers, but rain is still the pressing need, and upon its appearance or absence will depend very much the course of the market this week."

The Richmond tobacco active today, with good sales of bright wrappers and very heavy sales of bright fillers. There were heavy inspections of bright tobacco today; moderate inspections of dark and Western tobaccos. Light reinspections of bright, only moderate reinspections of dark, and no reinspections of Western tobaccos.

Receipts and deliveries about a tie today. Deliveries exceed receipts by only eight tierces and boxes.

Internal revenue collections were heavy today both on cigarettes and plug tobaccos. C. McL.

FINANCE AND COMMERCE

New York Stock Market.

Hoffet & Greenbeck telegraph to C. W. Branch & Co., bankers and brokers, No. 1111 Main street, as follows:

NEW YORK, July 16.—The market today has been utterly without feature or significance outside of the dealings in sugar certificates. This so-called industrial stock has been characteristically erratic, and between 10 and 2 o'clock did the sugars act most beautifully. It opened at 74½, sold up to 76½, then back to 75½, and closed at 74. No trader in this sweet security can complain of not having activity. The sale similar strokes of the list varied up and down within fractional limits for the great majority, and at the close of the market no one could claim that it had been other than a stale, flat and unprofitable day. For the which of a better explanation, we are inclined to charge up today's extremely feeble movement to the excessive height of the mercury. It has been hot enough to melt the horns off every bull and singe the hair of a polar bear.

Chicago Market.

Messrs. S. Y. White & Co. telegraph C. W. Branch & Co. as follows:

CHICAGO, July 16.—Wheat—The wheat market sold down to 87⅛c. to-day on continued bright weather. In Europe lower cables and very limited demand. Quite a little long wheat was liquidated, and the decline was materially assisted by some fairly large selling of August by Hutchinson at the bottom. It became known that the Farmers' Review, to be issued to-morrow, would state that "Nebraska, Iowa and Dakota had declined in average on account of dry weather." This started shorts covering, and the advance to about the highest point of the day resulted. I have not expressed any opinion on wheat for some time, but believe it in now, and around present prices would keep on the long side.

New York Cotton Market.

[By Telegraph.]

NEW YORK, July 16.—Messrs. Hubbard Price & Co., in their cotton circular tonight, say: "An excellent demand for spot cotton in Liverpool at advancing prices, together with an additional rise in silver to 5-16 pence should have been sufficient to maintain prices at home, but our market opened with a disposition on the part of holders to realize the profits the recent advance of nearly ¼ cent had given them. Liverpool was evidently disappointed at this response, and closed quiet at a slight decline."

Fatal Accident in Bombay.

The London News and Chronicle reports that shaikh Ali Comey street, Bombay, has been the scene of a shocking fatality, in consequence of the sudden collapse of a four-storied house which was in course of completion, belonging to Haji Essa Hajl Leesh. A number of Hindoo and Mohammedan men and women, numbering about forty-two, were at work, some in making a new flooring, cleansing and carpentering, when the whole of the wing of the building on the south side suddenly collapsed, burying some nine bricklayers, twenty-four female labourers, five men, three Mohammedans and one Hindoo carpenter. It appears that the workmen saw a large crack in the wall of a room on the first story of the building, and while they were engaged in making the necessary repairs to the wall and giving support to it, the whole of the wing suddenly came down with a crash and buried the men and women who were at work in different parts of the building. Superintendent Sawchey, accompanied by Inspectors Dillon and Greene, and Constable McCormack immediately repaired to the scene of the catastrophe, and rendered prompt assistance in removing the men and women who were buried under the debris.

Microbe Killer?

The greatest discovery of the age. Old in theory, but the remedy only recently discovered.

The MICROBE KILLER is prepared on scientific principles. It starves the germ of all disease, and cures by removing the cause of the disease.

Do you suffer with Catarrh?
Have you inherited Consumption?
Have you any Kidney Disease?
Are you afflicted with Rheumatism?
Are you troubled with Asthma?
Have you any disease that causes you anxiety or inconvenience?
Have you any disease that your doctor has pronounced incurable?

Give the Microbe Killer a Trial

It is an experiment upon untried remedy. Hundreds of persons in this city have tried it and are now using this medicine, and the cures effected in many cases are miracles.

It has cured thousands who have been pronounced INCURABLE, sometimes in one-half the time, from three to five dollars. A small investment, when life and health can be obtained.

Beware of fraudulent imitations. They are usually cheaper, as they use that method of imposing on the public, one of them held their price at $2.50 per gallon for nearly two years. Sen being sold in quart bottles at $1.50, which is evidence enough that it has fail and with success. A good medicine sustains itself in all communities. A worthless medicine is the most that on earth a suffering man sends. The genuine sold only by

VERITABLE WORDS OF

REV. SAM P. JONES.

The following is an extract from a letter written by the World's Renowned Evangelist

"I returned from Tyler, Texas, on the 12th. I find my wife has been taking ROYAL GERMETUER to the great upbuilding of her physical system. She is now almost free from the distressing headaches with which she has been a martyr for twenty years. Surely it has done wonders for her. I wish every poor suffering wife had access to that medicine."

Again, on February 6th, he writes:

"My wife, who has been an invalid from nervous sick headache, has been entirely cured by six weeks' use of Dr. King's ROYAL GERMETUER. Her health is perfect. In three weeks two of my children were cured completely of nasal catarrh. It is truly a great remedy."
