QUOTATIONS OF THE NEW YORK COTTON MARKET.

Situation of Tobacco at Richmond and Other Important Centres—Cotton and Farm Products—Peanut Quotations—Miscellaneous.

NEW YORK, Sept. 29.—Money closed easy at 3 per cent. Exchange closed steady; posted rates, 481½@485½; actual rates, 480½@480¾ for sixty days, and 484¾@485 for demand. Governments closed lower; currency 6's, 114 bid; 4's, 123½; 4½'s 103½.

Although the London market for American securities opened strong with higher prices for nearly all the stocks than at which they closed Saturday, this market was slow to follow, but some buying in the early dealings finally started upward. Lackawanna was the feature of the railroad stocks, advancing rapidly and showing a gain by noon of 2½ per cent. After 12 o'clock the market was not so strong, while trading was on a comparatively limited scale. Union Pacific was sharply sold on its August statement, which showed a decrease in the net earnings of $208,757, as compared with the same month last year. The stock declined 1 per cent, and closed that much lower than on Saturday. Lackawanna lost a part of its early advance. The general list closed irregularly, changing from Saturday's closing, but the changes for the most part were fractional. The sales were 215,081 shares.

Chicago.

CHICAGO, Sept. 29.—H. V. Lester telegraphs C. W. Branch & Co. as follows: The wheat market has been uninteresting during the entire session. The local bulls attempted to run the market up on the decrease in the visible and lighter receipts in the Northwest than have been expected; but the bulge did not hold, principally because trade was so limited. It begins to look as if the outsiders would not come into the market again until the spring wheat movement was over, and if such proves the case the markets will probably be draggy and devoid of much interest for some little time to come. There were killing frosts in Eastern Iowa and Nebraska Sunday. The state crop bulletin, issued Sunday declared turn out of the way of frosts. The weather today is clear and cool.

A sad gloom and sudden pall has fallen upon our trade, individually and collectively. As men we have lost a loved and respected friend and brother, and as a trade, a most highly valued and honored member. A handsome, manly, high-toned, honorable gentleman was our, Lewis M. Griffin, and his sudden and tragic taking off leaves a void which none may hope to fill. We cannot yet realize that we shall see his manly form, his genial, handsome face, and kindly smile, no more forever, but as time goes on, we will miss him more and more, and learn to know the full extent of our loss. We tender our sympathy to those who were nearest and dearest to him, as we feel we have right to do, and to share their grief, which is ours.

Lynchburg, Va.

LYNCHBURG, VA., Sept. 29.—[Special.]—The receipts in our market have been exceedingly small this week, but are changing gradually from old to new crop tobaccos, and consequently our market is showing more animation and all new tobacco, which consisted of colory bright grades, is in good demand at satisfactory prices. The tobacco is well cured on the whole, but rather thin and nondescript, containing, however, a small quantity of quite desirable grades. Sales this week have reached only 35,200 pounds, swelling the total since October 1, 1890, to 14,499,300 pounds against 23,706,600 pounds during same period last season.

Asheville, N. C.

ASHEVILLE, N. C., Sept. 27.—Our receipts still continue to be small, showing little increase over the date of our last report (a week ago). The quality of offerings show decided improvement. Prices remain unchanged, as yet, and are lower than the corresponding period last year. Several cool days last week, with slight frost in a few localities, served to hasten the work of housing the crop. Very little is now thought to be uncut in this section.

Much of the crop of this section may be shipped to other markets by the farmers and thus diminish the statistical showing of this section, but it is now universally conceded that we have an exceptionally large crop, and many opinions are expressed that it is very superior in color and other important requisites.

FIRST GREAT SALE OF WEST LYNCHBURG LOTS
AT THE FAIR GROUNDS,
OCTOBER 8th, 9th, and 10th, During the Fair, at 10 o'Clock P. M.

500 DESIRABLE LOTS of good size and well located will be sold at auction and at prices within the reach of everybody. They are adjoining the beautiful ASYLUM GROUNDS, the FAIR GROUNDS, and the PARK, and are being connected with the city by an

Electric Street Railway and Belt Road.

The entire street railway system of Lynchburg now in operation is controlled by this company.

The Norfolk and Western also passes through the property. The lands of the company are traversed by many streams, furnishing an abundance of water for all purposes, engineers say, for a city of 100,000 inhabitants. Manufactories will not have to depend upon an artificial supply of water. Quarries of splendid Building Stone are now being operated on the property to supply stone for various building enterprises. Among the new industrial enterprises established by the company are:

Automatic Engine and Machine Works, $100,000 Paid Up Capital,

the only establishment of its kind in the South; an extensive Furniture Factory employing many operatives, and paid-up capital, $150,000 (the buildings for these plants, constructed of brick and stone—one of these buildings is 350x110 feet, three stories, and the other 280x80 feet, five stories—are now in course of erection); the WASHINGTON ZINC WORKS, the buildings of which are substantially constructed and cover an acre of ground; a BRICK WORKS of 30,000 to 40,000 daily capacity, now in operation.

A Magnificent Modern Hotel

under construction; many comfortable residence buildings for operatives are being built, and other extensive improvements are in course of construction. **Miles of Streets** have been graded, bridges built, and sewers constructed. The weekly pay roll of the company for its hundreds of employes will be very large, and will of itself be a good basis for profitable business in all branches.

West Lynchburg Contains Over 900 Acres,

located adjacent to the prosperous city of Lynchburg with 26,000 inhabitants, and in the direction of its natural growth. Lynchburg is at the intersection of the three great trunk railways of the South, with lines radiating in seven different directions and reaching the sources of cheap iron, coal, coke, lumber, wool, and other raw materials. The city has ample banking facilities through SEVEN PROSPEROUS BANKS, and has a larger list of established industries of various kinds than any other city in Virginia with one exception, including a mammoth new COTTON FACTORY that competes successfully with the New England Factories. Its future is assured. Investors can find no place in the South to put their money to better advantage or with a surer guaranty of quick and profitable returns than in West Lynchburg. Remember the place and date of sale—FAIR GROUNDS, OCTOBER 8th, 9th, and 10th. **TERMS:** One-fourth cash; balance in 6, 12, and 18 months.

First and third deferred payments payable in paid-up stock of the Company at $75 per share.

J. C. FEATHERSTONE, Manager of Sales. JAS. G. WATKIN, General Manager. W. W. FLANNAGAN, President.

BICYCLES, &c.

THOSE WERE GREAT DAYS THEY WERE!

When we started in the CYCLE BUSINESS eight years ago, we had lots to contend with; the country roads were poor, the city streets badly paved, and, worse than all, "old fogy prejudice" had to be ridden over.

Thanks to a decade of progress, the roads are good, the streets are improved, and "old man prejudice" had a sudden taking off after a lingering sickness.

People buy BICYCLES now-a-days much the same as horses. Different makes serve different purposes.

We have them all, from the little tots pony "MIKE" to the 50-pound road machines.

When the desire to own one of these steel steeds strikes you call on
