FINANCE AND COMMERCE.

OPERATIONS OF THE NEW YORK STOCK MARKET.

Situation of Tobacco at Richmond and Other Important Centres—Quotations of the New York and Liverpool Cotton Market—Provisions and Grain.

NEW YORK, April 15.—Money closed at 3 per cent., the lowest rate, the highest was 3 per cent. Exchange steady; posted rates, 486@488; actual rates, 485@485¼ for sixty days, and 488¼@488⅝ for demand. Governments steady; currency 6's, 112 bid; 4's coupons, 122 bid; 4½'s do., 103¼ bid.

The bank of England this morning advanced its rate of discount to 3½ per cent. instead of 3. The rate of sixty-day sterling bills in this market was reduced one-half to make the difference between the 60 and demand bills correspond to the higher rate of discount in London. The changes, however, had very little effect on on the stock market here. The early London prices for American stocks were a fraction higher than the closing figures here last night and there was considerable buying by London parties of Union Pacific in this market and also St. Paul and a few others. This market opened ⅛ to ¼ per cent. higher. Dealings throughout the morning were on a limited scale. The principal trading was in St. Paul, Northern Pacific, North American, Louisville and Nashville and Union Pacific. At noon prices were fractionally higher than they closed last night, except in the cases of Northern Pacific and North American stock, which were weak and slightly lower. After mid day the market gradually increased in strength, although there was but very little increase in the volume of business. There was neither news or rumors of any kind to stimulate the market to ease for either higher or lower figures, and the advance was merely due to the prevailing bullish temper of speculators. Closing prices were generally 1@2¼ higher than yesterday. Sales, 224,164 shares.

New York.

NEW YORK, April 16.—Cotton circular to-day: An advance of four points fairly sustained to the close, with light trading mainly in August has marked a quiet session. The demand that found willing sellers appears to have come from the South, and later in the day purchases were made by a prominent importating house against sales of spot cotton in Liverpool. Without firmness the market has been steady, and there was little disposition to check the natural advance which the small demand has stimulated. The bears at the close were somewhat more aggressive, and their offerings were more than the market was prepared to receive. Receipts continued on an enormous scale to which all have been accustomed and cease to exert the influence which at a higher price would be felt. For to-morrow the interior towns promise figures—15,000—with a plantation movement of 48,000, and New Orleans 38,500 bales. Reports from Liverpool, barring the rumor of spot sales, are of a depressing nature, and Manchester cables dull with many looms stopped. The wheat market has been strong and higher with short, anxious buyers on strong cables. Rain in the Northwest delayed seeding and Bradstreet's announcement of decrease of 2,000,000 bushels in visible stock in the United States for the week. Corn stronger and higher in sympathy with wheat. Provisions firm and higher as a result of advance in corn."

Spot market steady; middling-uplands, 8 15-16d.; sales, 174 bales. Futures closed 2 to 4 points higher; transactions, 44,000 bales: April, 8.5@8.5?; May, 8.6@8.61; June, 8.7@8.73; July, 8.80@8.81; August, 8.86@8.87; September, 8.90@8.91; October, 8.93@8.94; November, 8.95@8.96; December, 8.98@8.99; January, 9.03@9.04. Receipts estimated at 8,000 bales, against 9,981 bales last week and 3,119 bales last year.

Liverpool.—Spot cotton steady; middling-uplands, 4 13-16d.; sales, 8,000 bales. Futures closed quiet; April, 4.44@4.45; May-June, 4.47@4.48; June-July, 4.52; July-August, 4.56; August, 4.46; August-September, 4.38@4.39.

Wanted—A Subject.

[Birmingham News.]

The school girls are now casting about for suitable subjects for their compositions. The merits of the "Trotean Problem," "Imagination," "Love," "Happy Days of Childhood," "I Came, I Saw, I Conquered," etc., are discussed, chosen or discarded, as the taste of the writer may select.

The man who can invent a new subject for a school girl's composition deserves more praise than the inventor of a new labor-saving machine.

Railroad Legislation.

LANSING, MICH., April 16.—Yesterday the House was in a pandemonium over the bill to prohibit the use of railroad passes by legislators and State and judicial officers. The members who were loudest in insisting that the bill should pass were confounded on the floor by proof that their pockets were filled with passes. The bill was finally referred to a joint committee.

FOR SALE CHEAP.

A very nicely-located FARM of 300 acres in Goochland county, two miles from railroad station, and thirty-two miles west of Richmond. It is in a thinkly-settled neighborhood, close to church, store, postoffice and high school. No healthier spot could be found in the entire State.

The land lies nicely for cultivation, only slightly rolling, and the soil is adapted to the raising of grain and grass. Mica has been recently discovered on the farm. The improvements consist of a Frame Dwelling, two stories, containing eight rooms besides hall and closets. Outbuildings consist of Barn, New Stable for twelve cows, Carriage-house, Poultry-house, Office, Out-Kitchen, Quarter, &c., Good Garden, Orchard with Apples, Peaches, Pears, Cherries, Quinces, &c.

About one-third of the farm is in wood, balance cleared. Watered by spring branches, and good well of pure soft water in yard. This farm being in such a healthy location and so convenient to railroad would make a desirable summer home for persons doing business in Richmond. Price, $3,000, on easy terms.
