*OPERATIONS OF THE NEW YORK STOCK MARKET.*

**Situation of Tobacco at Richmond and Other Important Centres—Quotations of the New York and Liverpool Cotton Market—Provisions and Grain.**

NEW YORK, April 28.—Money on call loaned at easy rates to-day. Three was the closing and the lowest, and 4 the highest rates. Exchange closed steady; posted rates, 486@489; actual rates, 485¼@485¾ for sixty days and 489@489¼ for demand. Governments closed quiet; currency 6's, 113; 4's coupons, 121; 4½'s, 101 bid.

The stock market opened strong with a sharp recovery from yesterday afternoon's decline, and notwithstanding that Exchange was higher, and that it was almost certain that a considerable amount of gold would be engaged for export to-day, there was a buoyent tone and a continued advance in prices until 11 o'clock. The majority of active stocks had nearly recovered their decline of yesterday. London was buying back a good many of the stocks sold yesterday. The market continued strong during the second hour, and at noon the best figures of morning were generally current. The market was less active during the last half of the day. There was some selling to realize between 1 and 2 o'clock and considerable reaction. In the final hour there was more demand, especially for Louisville and Nashville, which London parties continued to take in some round amounts. It was predicted that the stock would go to 92½ as it did last May, but it closed eleven points below that figure to-day and at an advance of 1⅝c. for the day. The remainder of the market closed strong at or near the best figures. Total sales, 349,086 shares.

### New York.

NEW YORK, April 28.—Cotton circular to-day: "A slight decline in Liverpool and the corresponding shading in values here is the record of a comparatively quiet day in cotton. At the opening the market here showed a tendency toward improvement despite the decline abroad, but a break of 10 points in New Orleans positions as a result of issue of May notices upon a money market that seems to be locally strong, led to some selling and a decline of 4 to 5 points here. Final prices were quiet and steady. Our advices from New Orleans led to the belief that the liquidation of May contracts there is about completed and that the sources of weakness will therefore have disappeared by to-morrow, and Liverpool cables showed a more confident feeling current there."

The spot market is quiet, unchanged; sales, 143 bales. Receipts estimated, 18,300 bales, against 16,723 last week, and 4,012 last year. Futures closed one to four points lower; Transactions, 65,000 bales; April and May, 8.38@8.54; June, 8.62@8.63; July, 8.72@8.73; August, 8.80@8.81; September, 8.81@8.82; October, 8.89@8.90; November, 8.84@8.85; December, 8.89@8.90; January, 8.95@8.96; February, 9.01@9.02.

In Liverpool, spot cotton steady; middling uplands, 4¾d.; sales, 10,000 bales. Futures closed steady; April, 4.42@4.43; April-May, 4.42@4.43; May-June, 4.43@4.44; June-July, 4.52; July-August, 4.52.
