OPERATIONS OF THE NEW YORK STOCK MARKET.

Situation of Tobacco at Richmond and other Important Centres—Quotations of the New York and Liverpool Cotton Markets—Provisions and Grain.

NEW YORK, August 11.—Money closed at 2 per cent., the highest rate; lowest, 1½. Exchange closed steady; posted rates, 484½ for sixty days and 486½ for demand; actual rates, 483¾@483½ for sixty days and 485½@486½ for demand. Government bonds closed quiet; currency, 6's, 110 bid; 4's, coupon, 116¾ bid; 4½'s do., 109¾ bid.

The stock market opened weak and ⅛@¾ per cent. lower in sympathy with a lower market in London. The weakness did not last long. A subsequent buying of Rock Island and Burlington and Quincy started prices on the up grade. By 11 A. M. both those stocks had advanced 1 per cent. The rest of the market improved ⅛@¾. Trading was limited, being principally confined to St. Paul, Burlington and Quincy, Union Pacific and Louisville and Nashville. In the hour to noon there was very little done and prices reacted somewhat. Louisville and Nashville was especially pressed for sale in the second hour, most of the offerings of the stock being by houses having foreign connections. The sale of 200 shares of Richmond and West Point preferred caused that stock to break from 5½ to 4¾. President Inman of the railroad authorizes a denial of the statement that the roads controlled by the Richmond and Terminal showed deficits and still paid dividends. London houses sold up at the opening, and during the day German houses were very heavy sellers of the stock. Some large short accounts were covered late in the day, causing a rally. The market was extremely dull during the afternoon, and prices suffered further declines in most cases. The selling of Louisville and Nashville was continued at times, and the closing figures were irregular, with most of the list from ½ to 2 per cent. lower. The sales for the day amounted to 144,412 shares.

New York.

NEW YORK, August 11.—Messrs. Hubbard, Price & Co. in their cotton circular to-night say: "Manchester spinners bought moderately to-day on the Liverpool market at 1-16 decline on the spot, while the arrival market, under the influence of weak American markets closed easy at six points decline. Our Manchester advices report a fair demand for the East Indies brought about by the recent rains in India and the decline in silver. Locally, our market opened slightly easier, improved, closing after a very quiet day at three points above yesterday's final quotations. Considerable interest is manifested in the result of the liquidation of the low grade cotton remaining here which is only tenderable on August contracts, which do not appear to be in demand. The interest in this market has been greatly reduced during the past week and the market waits upon crop advices and receipts."
