Bank of England Rate Not Changed—Wheat Opened Higher—Ribs and Lard in Demand—Clearances—Estimates.

NEW YORK, Oct. 8.—[Special.]—Although people here expected an advance in the bank of England rate to at least 5½ per cent. still the governors of that institution decided to leave the rate unchanged. On this news London bought about 10,000 shares of stock, which produced an advance of ½ per cent. all around. After London buying orders had been supplied the market became very dull, and prices were swayed forward and backward by room traders. The only two stocks that showed any vim were Atchison and Chicago Gas. The former was sold by the Gould interest, and the latter advanced on a decision in a law suit that was favorable to the company. Considering the foreign buying the market did not come up to expectations, and we think, say Cohen & Co., that this dullness shows conclusively that the buying power is for the time satisfied.

Following is the report of the United Press:

Money closed at 3 per cent.; highest, 5; lowest, 3. Exchange closed steady; actual business at 4.79½@4.79¾ for sixty-day bills, and 4.83@4.83½ for demand; posted rates, 4.80@4.84. Governments closed steady; currency 6's, 111 bid, 4's coupon, 116½ bid; extended 2's, registered, 99½ bid.

The market opened with a moderate amount of business, and first prices were from ⅛ to ⅜ per cent. higher than last evening's closing figures. A continuation of the hammering process caused a loss of ⅛@⅜c. The market then became dull, and at noon was heavy at small fractions below the opening figures. After 12 o'clock Rock Island, Burlington, Atchison, Missouri Pacific and the Vilards rallied to the opening figures, but at 2:15 the market, while firm, was dull at insignificant changes from opening prices in either direction. In the last hour there was a slight rally, prices closing generally from ⅛ to 1 per cent. higher than last night's close. Total sales, 247,493 shares.

GRAIN AND PRODUCE.

CHICAGO, Oct. 8.—[Special.]—As indicated Tuesday, the wheat market opened higher. This morning London and Liverpool cables reported strong and higher. The condition of the wheat in the fields in the Northwest is unimproved. Speculators in that region are inclined to be bullish, and had a few buying orders to be executed on the opening. Those, with the local shorts, were about the only buyers. On the other hand some Eastern and a few local speculators, who were heavy buyers a few days ago, supplied the wants of shorts and others who were willing to pay about $1. The market closed rather heavy, with about one-half the advance lost. We think, say Lamson Bros. & Co., it will require not only strong cables, but good buying orders from abroad, to sustain prices to-morrow. The feeling in corn still continues quite bearish. The market is very dull and inactive without any special tendency. Holders of December pork were again the principal sellers and the decline has a depressing tendency on all kinds of hog product. Demand for ribs and lard continues good, and we are inclined to think the long side safest after the recent decline. Estimates: Wheat, 300 cars; corn, 80 cars; oats, 225 cars. Two days clearances from the seaboard, 579,000 bushels of wheat. Board of Trade closing, Liverpool cable: Spot wheat, 1d. higher; futures, ⅝@¾d. higher. Charters: Wheat, 195,000 bushels; corn, 120,000 bushels; oats, 50,000 bushels.

The following is the report of the United Press:

Wheat was firm on reported crop damage and higher cables and closed at ⅝c. to 1c. higher. Receipts, 631 cars. Corn was firm on the continued small receipts and closed ⅝c. to ⅞c. higher. Receipts, 88 cars. Oats firm and ⅛c. to ¼c. higher. Receipts, 306 cars. Provisions were weak on free selling by longs and packers. Pork declined 7½c., lard 2½@5c. and ribs 2½@7½c.
