Stocks were extremely dull this morning, sales aggregating only 108,000 shares. Dealings were confined mainly to Rock Island, Northern Pacific preferred, Missouri Pacific, St. Paul, Atchison, Reading, National Cordage and the Sugar Trust. At one time National Cordage preferred sold up to 110% from 108½, while Missouri Pacific advanced 1 per cent. The last named, however, lost all of the advance. Sugar Trust was weak and fell from 96% to 95¼, while St. Paul and Rock Island lost nearly 1 per cent. each. These were the only fluctuations of note. The general market at noon was fractionally higher than on yesterday. After 12 o'clock the market was more active. There was quite an active general covering by the shorts, under which values steadily enhanced. The closing prices were about the best of the day. The improvement as compared with yesterday's figures ranged from ½ to 2½ per cent. The stocks conspicuously strong were American Cotton Oil, Atchison, Erie preferred, National Cordage, Jersey Central and Tennessee Coal and Iron preferred. The advance in these specialties ranged from 1 to 2½ per cent. National Cordage preferred was especially strong, closing 6½ per cent. higher. The sales for the day amounted to 303,341 shares.

New York Cotton Market.

NEW YORK, May 24.—Messrs. Hubbard, Price & Co. say: "The opening market here showed a decline of 2 points, foreign advices showing an easier feeling in the Liverpool spot market. During the forenoon the early depreciation was somewhat increased, July contracts selling as low as 7.33, but before 1 o'clock a slight recovery had been established when it became known that a large proportion of June tenders had probably been provided for. In Liverpool the net decline for the day was about 3-64. Our cables say it would have been greater except for the fact that the spot demand apparently continues active, sales to-day being 12,000 bales. On the other hand, it is stated that the impending dissolution of Parliament and resulting political agitation is likely to make trade dull and exercise an unfavorable effect upon the market. In Manchester yarns are called steady but steady, while cloths do not show any activity. Spot sales of 3,300 bales are reported in the New York market to-day upon private terms. The aggregates of port receipts for the day will probably be 2,000 bales, against 2,500 last week and 4,000 last year. The news with regard to the overflowed region is generally encouraging, although our St. Louis correspondent reports that the Signal Service Department says the lower Mississippi will probably rise between this and the 30th instant, and may flood some lands in the vicinity of Vicksburg. During the afternoon the market became appreciably steadier, closing finally at within 3 points of last evening's prices. Total spot sales since yesterday in this market are 5,087 bales, most of which will go to Liverpool. The receipts for the day are rather larger than was expected, being 3,917 bales."

Cotton futures closed dull. Receipts at the ports are 3,700 bales, against 2,500 last week and 4,000 last year. The spot market is steady at 11-16c. decline in quotations; Middling uplands, 7 5-16; sales, 3,387 bales.
