THE CLOSING QUOTATIONS OF MONEY.

Offerings and Sales at the Richmond Tobacco Exchange—Internal Revenue Collections—Foreign Advices.

NEW YORK, Feb. 15.—Some disappointment was felt in stock circles this morning at the defeat of the Wilson gold bond resolution in the House, but the pressure to sell was not pronounced. In the first hour the decline was less than a point. Later on there was considerable selling of Jersey Central and Lead. Other weak spots were Lackawanna, Delaware and Hudson, Chicago Gas, Louisville and Nashville, Missouri Pacific, and Western Union. Jersey Central was down from 89½ to 89⅜ on statements that the forthcoming annual report will show only 3.31 per cent. earned on the stock. Northwestern fell from 99⅝ to 99⅛, and the other Grangers 5/8 to ⅞ per cent. The feeling on these stocks is more bearish, because of the poor prospects for business in the section of the country traversed by these lines. An effort to make capital out of the small commission paid by certain members of the new bond syndicate for gold fell flat as it deservedly so. In the afternoon American Sugar bounced up 2¾ to 92⅝, the announcement that the Senate Finance Committee had recommended the House bill repealing the one-tenth differential not having had the slightest influence. It was believed here that tariff legislation stands no show of passing at this session, and for this reason little attention was paid to the action of the Senate Committee. Lead, on the other hand, was depressed, the failure of the directors at the special meeting to take action on the dividend on the common having led to a decline from 29 to 28. The directors, however, ordered the distribution of 1¾ per cent. on the preferred, payable March 15th. Near the close Chicago Gas developed weakness on rumors of a block and decreased 1⅞ to 72⅞. The general market in the final dealings was slightly better and left off steady. Net changes show losses of ¼ to 1 per cent., outside of American Sugar, which gained 1¾, and Tobacco, which gained 1⅛ per cent. Interior Conduit brought 38¼, against 35⅞, the last previously reported sale. Total transactions were 191,558 shares, including 140,000 listed and 45,000 unlisted shares. The bond market was lower.

Money has been easy at 1½ per cent., last loan at 1½ per cent. and closing offered at 1¼ per cent.; prime mercantile paper, 3@4 per cent. Bar silver, 59⅝. Mexican dollars, 48. Sterling exchange is firm, with actual business in bankers' bills at 487¼ for sixty days and 488⅞ for demand; posted rates, 487¼@489; commercial bills, 482@483⅞. Government bonds firmer. State bonds dull. Railroad bonds weaker. Silver at the board 59⅝.

Treasury Balances—Coin, $71,140,000; currency, $7,140,000.

CHICAGO.

CHICAGO, ILL., Feb. 15.—But for the buying of wheat by Lamson Bros. & Co., which extended over the entire session, and was the subject of considerable conjecture, touching the prices paid, to-day's market would have eclipsed many of the previous "dullest on record" for inactivity. The purchases by the firm mentioned were set down in turn for a well-known local plunger, for an equally renowned St. Louis professional and for Armour, but a party qualified to speak is responsible for the statement that a heavy New York operator had covered an enormous line of short wheat, and without causing much of a flurry to prices. When the support so given to the market was withdrawn a sagging tendency developed, and the close was about the weakest moment of the session. May wheat opened from 53⅝c. to 53⅞c., sold between 53⅝@53¾c. and 53¼c., closing at 53⅛@53⅜c., ⅝@⅞c. under yesterday. Cash wheat was quiet and steady.

Corn—The receipts of 185 cars of corn to-day and the promise of 225 for to-morrow upset the calculations of the bulls in that grain to-day. A little more of a disposition to accept profits and a desire to go it blind on the side was noticeable. There was an easier feeling, except during a portion of the morning, and the close was verging on weakness. May corn opened from 45⅝c. to 45¾c., declined to 44⅝c., closing at 44⅝@45c., ⅝c. under yesterday. Cash corn was easier. The inquiry was not brisk.

Oats—From buyer to seller, at the one quotation, oats rose and fell, responding thereby to weakness or strength in wheat and corn. There was nothing to distinguish to-day's market from the other dull and uninteresting ones recently predominating. The close was ⅛c. under yesterday for May. Cash oats were dull and steady.

Provisions—Offerings of product were more liberal at the opening than they were later in the session. Tired of offering without receiving bids, sellers withdrew after an hour or so, the removal of the pressure being followed by a rally. The hog market was weak and lower, which explains the lack of strength at the beginning of the session. Domestic and foreign markets are steady.
