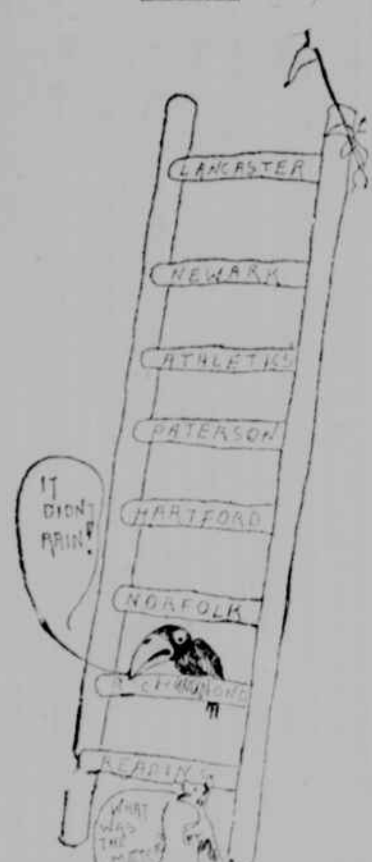
NUTMEGS WIN AGAIN.

IT WAS THE CHERUBS' GAME FOR FIVE SHORT INNINGS.

Cherubs Went to Pieces in the Sixth and the Hartford Boys Took Advantage of That Fact—Norfolk Wins.



The Cherubs won a game of ball yesterday afternoon, and then they lost it.

The drizzling, murky, Prince of Wales fashion of weather didn't succeed in drowning the hopes of the faithful bang-ers-on to the ragged edge of despair, and over one thousand of them—men, women and children—made their way to Pinel Park, there to contract the pneumonia and the heart disease, and to see, with dimmed eyes and sad hearts, the champions of the late Virginia League and the prospective champions of the Atlantic League, go down before the men from the land of wooden nutmegs like ten pins in an alley.

Oh, for some red-headed mascot, some dozen of two hare's feet cut from cross-eyed animals in a church-yard at the hour of midnight; for some prophet that could place his hands upon the Jonah aboard the Cherubs' bark and land him beneath a stone crusher!

For five innings the half-frozen crowd sat back in their seats and guyed the jumbie cutes from Hartford town, ber gosh, for just one little lonesome run was down on the blotter against their name, while the Cherubs had a quartette to their credit.

A very dark cloud hovered over old Pinel, however, and it swooped down on the Cherubs and dampened their wings, and then it was all up with them, for a Cherub with damp wings can't even flutter.

WON OUT IN THE STRETCH.

The grim visitors from north of Mason and Dixon's line gathered themselves together, and with a mighty rush pulled the game out of the mire, and won hands down, even if Fry did pitch.

Manager Burns took it into his head to raise a kick in the third inning, and so vociferous was he that Umpire Betts very properly ordered him out of the game for his own safety. Then Mack thought he was entitled to a kick, although none was coming to him, and he raised the dust just $5 worth.

After this little episode things settled down to regular routine and nothing of special interest to the general public developed.

In the third inning, after two cases of goose-eggs had been disposed of for both sides, Wells was given the walk and Steelman went down on Fry's measly fumble of a bunted ball. Chesbro banged the pill out for an easy single and Jake scored. Then Elsey duplicated Chesbro's play and Steelman crossed the rubber.

The fun didn't end there, however, for Elberfeld got to first on a choice and shinned to sack No. two on a passed ball while Elsey took possession of third and scored on Roach's error in dropping the ball at the plate. Stewart went to first on a choice, and just at this point Fry made a grievous mistake by balking, which gave Stuart a base and scored the Brownie.

Then Hargy and Barley went out in order.

THE LAST RUN.

It was one, two, three for two innings, when Kain pushed the sphere out for two bags, scoring on Fry's error in throwing wild. This closed the game for the Cherubs, for they were blanked the next two times up.

After Burns had been placed on the bench in the fourth, Lyle went out to Elsey. Then the fun began. Doherty singled and stole second. Cavelle flew out to the Brownie and Roach banged the hide for two bags. He anchored there, however, for Fry cut three chunks from the misty ozone.

The one thousand faithful heaved a mighty sigh of relief, and they began to smile when the lads from the frigid north were blanked in the fifth. The smile faded into a gulp of despair in the sixth and it never returned again.

Chesbro went all to pieces in the fatal sixth. Eleven men went to bat. Two of them were given the walk, both of whom scored, and five men hit, one for a double, four of them scoring, and Radford, who got hit squarely in the back, also scored.

The little dog howled dismally and ran out of the field, and the grand-stand shuddered. 'Squire Donati and Rooter Lawson grew dumb and Jack McDonald went home.

Cavelle reached first on McDonald's error in the seventh, and stole second, scoring later on Roach's single. Radford got to first on a choice and was forced down by Schmidt, who took the place of Chesbro in the sixth, and he scored on a choice.

And then darkness came on, while the faithful one thousand wandered aimlessly down town to prepare to go out to the park again this afternoon and see the Cherubs redeem themselves. The score:

Base-Ball Notes.

The Brownie is doing wonderful work. His remarkable catch of a foul fly caught the audience by storm.

Elsey got under them all yesterday, and nothing escaped him.

Wells stopped a splendid bad throw at first and nailed his man.

Vickery is a comical bloke and must be a jolly customer in hot weather. He can also hit the ball.

Roach is some smokes of a catcher.

A pretty little incident occurred on board the noon train from Washington Monday. An old darkey was on her road to Petersburg and had mislaid her ticket somewhere among her numerous packages. When the conductor came through she grew very much excited and fidgety. She could not locate that ticket and the conductor wanted his fare. The old woman had no money and was on the verge of despair, when a gentleman sitting near volunteered to pay her passage to Petersburg. The unhappy face of ebony beamed on him, and the darkey murmured a blessing upon the head of the kind stranger. Long before reaching Richmond, however, the old woman found her ticket stored away in one of her packages, and she turned it over to the conductor with a happy smile. Then the conductor went to the gentleman who had done a kind act and handed him the money he had put up for the darkey. The kind gentleman was Umpire Betts.

A very interesting game of base-ball was played yesterday afternoon between the Little Hickories and the Star Light clubs at Cary street field. The score was 5 to 4 in favor of the Little Hickories. Batteries for Hickories, Sykes and Davis; for Star Lights, Phillips and Herndon.

NORFOLK, 7; ATHLETICS, 2.

Pfanmiller Pitches a Great Game and Plays Like a Fiend.

NORFOLK, VA., June 8.—Special.—In a brilliantly-played game, Norfolk won easily from Philadelphia to-day. Pfanmiller was in superb form, shutting the visitors out in seven innings, and allowing them but two runs in all, both brought in by Battam, who scored in the seventh on a single, succeeded by two more safe hits, and in the ninth on a two-bagger, followed by another from F. Schaub's bat, two men having gone out in the meantime.

The brooms played an errorless game, fielding like clockwork, and hitting when hits were needed. Pfanmiller fielded his position like a fiend, hit safely twice, sacrificed, and was in the game generally, at all points.

The rest kept up with him in great shape, and the issue was never in doubt after the fifth.

Ames never had a chance to win out after that.

A fine rain fell through the whole performance, and the crowd was small, numbering about 400.

PATERSON AND NEWARK.

Manager Ellis to Contest Monday's Game. An Inexpert Umpire.

PATERSON, N. J., June 8.—Special.—The Patersons and Newarks declared an armistice of twenty-four hours' duration this afternoon, hostilities being prevented by rain. After the game yesterday, Manager Ellis, of Newark, said he would protest the game on account of the incompetency of the umpire.

While O'Loughlin is by no means a star as an umpire, he was unquestionably right in his decision on the play that caused the trouble.

President Barrows has been requested to send another umpire here as Paterson has suffered more by O'Loughlin's decisions than any visiting club.

He is particularly weak on balls and strikes, and his decisions on these gave the Athletics a victory on Friday.

READING, PA., June 8.—Special.—No game with Lancaster to-day on account of rain.

Hampton Notes.

HAMPTON, VA., June 8.—Special.—A large number of Hamptonians attended the opening exercises of the Master Car Builders' Association at Old Point this morning. This afternoon Hampton has been thronged with the members of the association.

Toano Topics.

TOANO, VA., June 8, 1897.—Special.—The truckers hereabouts have their crops all worked out, and the prospects are favorable, despite the continued cold weather.

A new warehouse for the firm of Richardson & Wright is just completed, and is an ornament to the town.

Enterprising land agents here are kept busy, disposing of farms to Western people.

Several tracts have been sold during the past week.

Mrs. B. H. Ratcliffe, of the Hotel Felix, who has been very ill, is rapidly recovering.

Mr. D. W. Marston, one of Toano's leading merchants, has recently completed a new dwelling, and houses of all kinds are in demand.

TOOK THREE STRAIGHT.

The Pittsburgs Were Still Crippled and Boston Downed Them.

BOSTON, June 8.—Boston made it three straight with Pittsburg to-day, the visitors still being somewhat crippled. Lewis pitched good ball, and received excellent support, and especially on the part of Collins, whose marvelous fielding caused the entire body of spectators to jump to their feet twice during the game and cheer him wildly.

MEETING OF THE S. P. C. A.

The Society Does Not Protect Worthless Dogs—The Agent's Report.

The Board of directors of the Society for the Prevention of Cruelty to Animals held its regular monthly meeting last night. The following were present: Dr. J. B. Wood, president; Messrs. W. Ben Palmer, treasurer, Frank J. Craigie, Jr., secretary; E. C. Taylor, agent; John Chamblin, E. C. Mayo, Cyrus Bossieux, Wm. Redding, J. R. V. Daniel, Misses Pearl and Ruby Bodeker, and Mrs. W. Ben Palmer.

The following report of the agent was read and approved:

Following is the report of Agent Taylor for the month of May:

Number of cases investigated, 111; horses and mules unfit for work, unhitched and sent to stables, 5; horses and mules, lame, sore backs, and galled shoulders, 17; overloaded teams, 7; admonition given drivers, 52; admonition given owners, 11; horses cared for by agent, 3; no cause for complaint, 7; driver discharged by owner for cruelty to horse, 1; cruelly overdriving horse, 1. Total, 111.

In the last case the men were each fined $5 and costs.

In another case the agent found a horse with a large tin water pitcher tied to its tail. The pitcher was filled with empty tomato cans, and the frightened animal battered it out of shape, doing itself considerable injury. This occurred near the Lee monument. The Society hopes to find the guilty party.

A negro wilfully broke a cow's leg with a rock. He left town upon learning that the agent was in search of him.

During the month the following animals were humanely destroyed:

Dogs, 42; cats, 19; horses and mules, 13; cows, 5. Total, 79.

E. C. TAYLOR, Agent.

The reading of this report called forth a discussion upon the killing of dogs. Dr. Wood spoke of the impression existing in the public mind that the Society in its efforts to minimize cruelty to animals was protecting the worthless dogs which swarm about the city streets.

This is not the case. Many of the dogs which are such a source of annoyance to the citizens of Richmond are diseased and these are being humanely disposed of by the Society as far as it is able to do so.

Citizens desiring dogs or cats destroyed by the Society should whenever they are able to do so, bring them to the office, 618 east Main street, as the agent is so fully occupied by the numerous cases reported every day that he cannot in all cases spare the time to visit the homes of the complainants.

The question of watering troughs was again brought before the Board and a resolution was prepared and adopted recommending to the Superintendent of Water Works the placing of fountains at the rear of office of the Old Dominion Iron and Nail Works, near Virginia street, at Eighteenth and Dock streets and on the Ninth-street hill near the store of G. and A. Bargamin.

After the transaction of other business the Board adjourned.

VIRGINIA BIBLE SOCIETY.

Monthly Meeting of the Board of Managers Held Yesterday.

The monthly meeting of the Board of Managers of the Bible Society of Virginia was held yesterday afternoon in the pastor's study of the Seventh Street Christian church.

There were present: Rev. Drs. Jabez Hall, president; and W. V. Tudor, Revs. J. J. Gravatt, L. R. Mason, R. A. Goodwin, J. C. Stewart, and Messrs. R. T. Brooke and Rev. William S. Campbell, the secretary and general agent.

The following items are gathered from the report of the secretary and general agent for the month of May:

Amount on hand at the beginning of the month, $8.42; amount received during the month from sales in the depository, $28.61; collected on open accounts, $28.91; received from contributions, $201.65; miscellaneous, 25 cents. Total receipts, $457.61. Disbursements: Paid American Bible Society for Bibles, [illegible]; salary and expenses, $122.28. Total, [illegible]; leaving balance in treasury, [illegible].

Number of destitute families supplied, 34; number of destitute individuals supplied, 6.

The secretary and general agent during the month delivered 7 sermons and addresses in behalf of the Society's work, and 8 other sermons and addresses. Total, 15. Number of miles travelled, 357; number of letters written, 158, number of circulars distributed, 97.

Colporteurs, who will canvass various parts of the State, appointed as follows, in addition to those already at work: Rev. William Hodges, of Roanoke; Mr. L. Blair, Sr., of Salem; Mr. E. A. Meredith, and Mr. J. F. Meredith, who will work in Giles and adjoining counties, and Mr. Graham C. Palmer, of Albemarle county. And Rev. Fred. C. Gaines, of Clarke county, and Rev. George T. Tyler, of Fauquier county, were appointed agents of the Society.

The colporteurs and agents each have a supply of Bibles furnished them, and they sell these at the cost of manufacture to those who want to buy and give them to those who are not able to buy.

The Board made several donations of Bibles and Testaments for mission and Sunday-school work.

The following paper in reference to the late Bishop Newton was offered by Rev. W. V. Tudor, D. D., and was adopted by a rising vote:

Whereas it has pleased God, in His wisdom, to take to Himself our fellow-member of this board, and a true friend of the Virginia Bible Society, the Right Rev. John B. Newton; therefore,

Resolved, That, in common with all who were associated with him in any relation, we mourn the loss of a man "greatly beloved," elect of God, holy, and beloved."

2. That we will ever cherish the memory of his gifts, grace and eminent usefulness.

3. That we hereby enter on this minute the expression of our sincere condolence with the bereaved family, and that we pray for them the constant benediction of the God of the widow and fatherless.

4. That a copy of these resolutions be forwarded to the family of the deceased Bishop.

Rev. L. R. Mason was elected vice-president from the Episcopal Church to fill the vacancy made by the death of Bishop Newton, and Bishop C. C. Penick was elected his successor as a member of the board.

The work of the society is in a prosperous condition, and much good is being accomplished through its various agencies.

INHALING INSECTS.

Not a Careless, but a Needless Thing to Do. How to Avoid It.

Hundreds of poisonous insects called "germs" are being drawn into the body with every breath. These small creatures at once begin to live upon the body and cause what is known as disease. They must be driven out. How much better it is, though, to kill these poisonous germs as soon as they come. And yet there is only one thing will do this, and that is a pure stimulant, preferably whiskey.

Professor Austin Flint, of Bellevue College, says: "The judicious use of alcoholic stimulants is one of the striking characteristics of progress in the practice of medicine during the last half century."

Professor Henry Mott, Ph. D., F. C. S., says: "By a most careful analysis I have found Duffy's pure malt whiskey free from adulterations or foreign substances, and it deserves to meet with great success."

The well-known Dr. R. W. Hutchison, of New York, says: "I highly recommend Duffy's pure malt whiskey and prescribe it extensively in my practice."

Rev. H. Mills, of Princeton, Iowa, says: "I have used Duffy's pure malt whiskey with great benefit to my wife, who is a confirmed invalid. I know from experience it is a pure and most valuable medicine. I am also using it in the case of my son, who is threatened with consumption. I am a Presbyterian clergyman and a doctor of divinity, but I am not afraid to recommend Duffy's malt whiskey as the purest and most efficient tonic that I know of, and my experience is a large one."

MR. ARTHUR SCRIVENOR ELECTED.

He Was Chosen Musical Director of the Philharmonic Association.

The meeting of the Philharmonic Association held in the store of Walter D. Moses & Co., last evening was well attended and of considerable length.

Much interest was manifested by those present, and the zeal and energy of the members augurs the success of the Association.

Upon a motion of Captain A. B. Guigon, Mr. Arthur Scrivenor was unanimously elected musical director, and the Executive Committee were instructed to negotiate with him. In placing Mr. Scrivenor's name before the Association Captain Guigon said, he was aware that many people thought it was the purpose of the Philharmonic Association to clash with the Wednesday Club, of which Mr. Scrivenor is director, but that such was not the case. He stated that the Association desired to work in harmony with the Wednesday Club, and also that Mr. Scrivenor's ability and reputation as a director would prove of great benefit to the Association.

Upon a motion of President McCreery, it was decided that any one might become a contributing member upon the payment of $5, which would entitle them to that many dollars' worth of seats at all concerts given by the Association during its fiscal year, and also the freedom of its rooms.

After some impromptu music the Association adjourned to meet next Tuesday night at 8 o'clock.

TWO LADIES FRIGHTENED

By a Bold, Bad Man Who Made Good His Escape.

Two young ladies, who wish their identity withheld from print, while on the way home from a friend's in the neighborhood, were accosted by a man on Fifth street, near Grace, Monday night about 11 o'clock. The man caught hold of one of the ladies and tried to drag her into an alley way, when both the ladies screamed for help.

Gentlemen ran in pursuit of the man, but he escaped. The ladies took refuge in the home of Mrs. Norwood, at 108 north Fifth street. They say they were so frightened that they could not identify the man, but think he was white and wore a light suit and hat.

The police will try to locate him.

Will They Go to Camp?

It is rumored that an effort will be made by members of the First Regiment to arrange for a military encampment this summer at Ocean View, and that Companies B, E, and F desire to undertake the trip to the seashore. Similar rumors have loomed up annually since the regiment made a trip to Wrightsville, N. C., several years ago, but they have never materialized.

Car and Vehicle Collide.

About 5:30 o'clock yesterday afternoon Electric Car No. 25, of the Main-Street line, collided with a buggy at Tenth and Main streets, in which were Mr. J. W. Talley, his wife and child. Mr. Talley at the time was attempting to cross the street, and did not see the car. The collision was unavoidable. The shafts of the buggy were broken, but none of the occupants were hurt. Mr. Talley is an engineer on the Chesapeake and Ohio road, and lives at No. 127 south Fifth street.

"Cyclone" Samuels' Capture.

The luminary of Cyclone Samuels, of Henrico county, is again in the ascendant.

Yesterday he succeeded in capturing Frank Clements, a negro, for whom the police have been on the hunt for about two weeks.

The man was found hiding in the county, and was arrested by the Cyclone and turned over to the police. He is wanted for cutting with a razor Mary Christian, a negro woman.

For Shooting in the Street.

"Buck" Spotswood and John Jones, both colored, were arrested last night and charged with shooting pistols in the street. The men were locked in the First station, but subsequently bailed for their appearance in the Police Court this morning. It appears that they were simply amusing themselves by discharging their weapons in the street.

A GAME OF CRAPS

Results in One Negro Shooting and Dangerously Wounding Another.

About 2:30 o'clock yesterday afternoon, Napoleon Williams, a colored laborer, was shot and severely wounded by John Mayo, another negro. The trouble occurred over a game of craps, which they played on Twenty-sixth, between R and S streets.

The men had passed a few words before Mayo suddenly pulled a revolver and shot Williams. The ball entered the man's side a couple of inches below the heart. Williams fell to the sidewalk with a groan, and as a crowd gathered the man who did the shooting coolly walked away.

The wounded negro was carried into Smithers' drug-store, on Twenty-sixth and Q streets, and the ambulance was called. It promptly responded, and Williams was taken to the Almshouse, where he was resting easily late last night, although he was seriously injured.

When asked soon after the shooting why Mayo did the deed, Williams said that they had a few hot words about a little private matter, and that Mayo had lost his temper.

Mayo was later in the day arrested by Constable "Cyclone" Samuel and taken to the Henrico county jail. Mayo was drunk when he shot Williams, and he was in the same condition last night while in jail.

Reception of the Greeks.

A grand military reception of the Greek Army will be given to-morrow night at 8:15 o'clock in the big hall at the Young Men's Christian Association. An order to that effect has been issued by General E. M. Long, who also announces that there will be "fun to beat the band."
