The Columbus Evening Dispatch has a more perfect news service than any other paper in Central Ohio Its columns are daily filled with the cream of the news sent by the two leading press associations in the country, the Associated Press and the United Press, and the dispatches sent by a large corps of special correspondents in this and other states To this is added an excellent local service covering matters of interest all over the state as well as in Columbus. CIRTIFICATE OF THREE DIRECTORS OR AUDITING COMMITTEE.

We, the undersigned, Auditing Committee, of The Logan Home and Savings Association, of Logan, Ohio, do hereby certify that the foregoing is a true and correct statement of the financial condition of the Association, on the 31st day of December, A D 1892.

A COLD DAY IN LOGAN.

We dont mean the weather. The Ground Hog has nothing to do with it. Will Winterraft is attending the matter.

It is one of the most entertaining plays of the season.

It will appear in Logan on the evening of Feb 14th, St, Valentine's day and all should attend.

The following notice is endorsement that can not be questioned.

"A Cold Day, or the Laplanders, which was produced last night at the 14th Street theater, is one of those roaring farces where a slender plot serves as a basis for some very funny and ridiculous situations. The stage business is sufficiently funny to guarantee it a good run, if the applause last night was any indication. Messrs. Fisher and Morose contributed the most fun.—N. Y. Herald.

FOR TEACHERS.

COLUMBUS, O., January 29, 1893
To the Editor of HOCKING SENTINEL.

In reply to the numerous inquiries coming to this office regarding the employment of teachers for the sub-district schools for the spring or summer term, I desire to state that, under the "Workman Law," the Township Boards of Education will have entire control of the management of the schools, including the employment of teachers for their townships.

The members of the board to be elected under the provisions of this law, however, do not enter upon their duties until the third Monday of April, 1883.

If the three local directors now in power employ a teacher for the spring or summer term which is to begin prior of the third Monday of April, then the contract will be valid. If the term is to begin after the third Monday in April, it is my opinion that the contract will not be valid. It may also be in place to state in this connection that nothing in this new law can in any way effect existing contracts legally made under the laws which it repeals. Respectfully,

O. T. CORSON,
Commissioner.

In a large measure, the progress of the schools for the past month is shown in the above report. Our pupils have never been more regular in attendance than now, and as a result there seems to be a deep interest on the part of the great majority of them. Many of the pupils are not only doing the work of the regular course, but are taking the "Ohio Pupil's Reading Circle work also. In this way, the pupils are induced to read good literature and are thus brought in touch with the thoughts of the very gems of juvenile literature. The real aim of the Pupils' Reading Circle Course is to instill the habit of such reading as will make better citizens by securing to them the right views of real manhood and womanhood. The object of education is not simply that we may learn how to make a living but that we may learn HOW TO LIVE.

Very Respectfully,
R. E. RAYMAN, Supt.
