DOWN AND COUNTY MATTERS.

THE FREMONT JOURNAL.

Campaign of 1867.

EDITION IN THE PRIOR.

for the double purpose of disseminating Republican sentiments, and enlarging the foundation upon which rests the circulation of our paper in the future, we have determined to offer the FREMONT JOURNAL for the campaign, commencing now and ending the 16th of November, next, at less than the cost of the white paper. Of course we will make no money by this as a separate transaction, but will have the satisfaction of having contributed to a cause dear to all our noble cause; whilst we hope to receive some pecuniary return from the fact that most families which take the JOURNAL once, will want it continued to them during the campaign, rather than to dispense with its weekly visits.

The prices for the Campaign, to new subscribers, will be as follows:

10	Cents, in Advance, for	5	Weeks.
15	" "	7	"
20	" "	10	"
25	" "	12	"
30	" "	15	"

We do not extend this offer beyond the 16th of November.

New Potatoes are in the market in considerable quantities.

Take Notice of the new Advertisements of D. June & Co. in this issue.

See Notice of meeting of stockholders of the Green Springs Hygeian Home.

Taxes.—The taxes on property in Toledo for City purposes (alone) amount to 48½ mills on the dollar.

Russell's Block has taken a new roof and is now getting a new coat of paint on the woodwork of the front.

The Walls of Tyler's Block are nearly up. We understand that parties are already negotiating for the rent of the new rooms.

New Walk.—A new walk is being laid on the North side of State street from Kesser's to the bridge.

A heavy rain fell in the Western part of the Country on Monday although Fremont and vicinity had only a light shower.

The Dance.—Remember the dance on the Second at Fabing's Hall for the benefit of the Hook & Ladder boys. They deserve a crowing benefit.

Addition.—Perry Clark is making preparations to build a two story brick addition to the rear of the west end of his block, to accommodate his large and growing business.

Gen. R. P. Buckland has returned from Washington where he has been in faithful attendance on his official duties, during the last of congress just closed.

New Library.—The German Reform S. S., Rev. J. H. Thompson, Pastor, has just purchased a fine new library. It is one of the most flourishing and best organized schools in the city.

Dredging.—The work of dredging the river under g[illegible] was begun last week. Fremont and Sandusky county are indebted to Gen. BUCKLAND for this important improvement.

For the School House.—The election held last Tuesday to decide whether the necessary money to complete the new school houses should be raised, resulted in the casting of ninety votes for, to twenty-seven against the tax.

Dance.—There will be another grand New Dance in the Grove at Ballville on Thursday evening, August 1, 1867. All are invited to attend. The best of music has been provided and all arrangements for a good time are in order.

New Wheat.—New wheat is coming in in small quantities this week. For prices see our market report which is carefully corrected weekly by D. Garvin & Co., who are among our heaviest and most liberal dealers.

In Town.—The friends of the [illegible] will be glad to hear that Capt. Geo. Redway, the former editor, is in town looking quite like his former self, in spite of the demoralizing atmosphere of Washington city, where he has been spending the past year.

New Block.—The work of tearing down the old buildings in rear of Perry Close's Block has commenced, and Messrs White & Herbster are to build a fine two story brick block this fall. Croghan Street is looking up.

New Cross walk.—A new cross walk is being laid on the south side of Croghan Street, across Front Street. The water channel below it has been thoroughly cleaned out under the supervision of the Health officer.

A Handsome Job.—We call attention to the "invitations" of the Rescue Hook & Ladder company to the 2nd of August Dance at Fabing's hall, as a specimen of arti-tic printing. We have as good workmen as can be found in the state and our work will bear comparison with the very best.

S. S. Celebration.—The Shiloh Sabbath School, numbering about sixty-five scholars, with nine or ten other schools are to have a celebration on the 8th of August in the grove near Eaton Church at Winters Station; addresses will be made by Rev. Mr. Bulger and others.

The scholars have neat badges and mottoes and devices executed at the *Journal* office and expect a grand time.

Midnight Row.—We call the attention of our very active (?) Marshals who are now flourishing on fat salaries, and fat fees thrown in to the frequent occurrences of rows in the night time. Last Saturday night there was an exciting battle in front of Reefe's saloon and the Kessler House. We are informed that the assistant marshal was in the vicinity but no arrests were made. Such things ought not to exist in a well ordered city which pays 1,000 a year and fees for a police.

Bosh.—The report, which several copperheads have been industriously circulating that the injunction "locked up" the money raised for the payment of the city bonds and that they were protested as a consequence, is simple bosh. The injunction prevented the money from being used for any other purpose than the payment of the bonds and reserved it for its legitimate purpose. The intelligent voters of this city are not to be humbugged by any such nonsense.

Runaway.—On Tuesday a horse belonging to Mr. Zeigler ran away down Front Street with a light wagon, striking Dr. Higgins fine carriage which stood in front of Wadsworth's, breaking an axle, reach and wheel and other ways damaging it, and finally leaving the wagon in the street in front of Brandt's, dashed across the bridge at a flying pace and was stopped on the other side of the river.

Attempt at Robbery.—Just at dark, Tuesday evening, some rascal attempted to rob the money drawer of T. C. Baker's desk, in the back part of his store, by crawling into the back door on his hands and knees while the clerk was engaged at the front part of the room. The clerk heard the noise, however, and reached the desk in time to prevent the robbery, and he was unceremoniously take to his heels down Arch Street.

Sunday School Meetings.

Minutes of the May Meeting, Sandusky County S. S. Association, Held at Fremont, Ohio, August 22d, 1867.

MINUTES OF THE MAY MEETING.

The following minutes of the S. S. Convention held in this city in May last were not published at the time:

The annual meeting of the Sandusky County Sabbath School Union was held at the Presbyterian church in Fremont, May 30th 1867.

The morning session opened with reading of Scripture, singing and prayer. Resolutions were then discussed by Rev's Young, Hubbell, Bulger, Harbaugh, and Messrs Patrick, Kean and Ross, after which Rev. M. Bulger delivered the central address.

The afternoon session opened with a children's meeting which was very well attended and the exercises interesting. Short addresses were made to the children by Rev's C. Young, M. Long, J. Thompson, M. Bulger, Harbaugh, Jones and Mr. McCulloch.

The following officers for the ensuing year were nominated and elected:

President: Rev. M. Bulger.

Vice Presidents: Sandusky, John Faugher; York, Wm Shoch; Townsend, R. W. Boice; Riley, Wm. Sones; Ballville, R. C. Hodge; Jackson, Jacob Wilhelm; Scott, J. Donald; Washington, Henry Swartz; Green Springs, Samuel Storer; Rice, Isaac Cooley; Madison, Peter Warner; Woodville, E. Kellogg.

Secretary and Treasurer: Chas. H. Keller.

Executive Committee: President Bulger; Secretary Krebs; Rev. W. E. Lyons; Rev. C. H. Young; Rev. E. Bushnell; Rev. J. P. Thompson; C. R. McCulloch; after which the meeting adjourned.

SANDUSKY COUNTY SABBATH SCHOOL ANNIVERSARY.

In accordance with a resolution adopted by the Sandusky County Sabbath School Union, January 24th, 1867, the Executive committee of the Union have decided to hold the First Anniversary of all the Evangelical Sabbath Schools in the county, at Fremont Thursday, August 22nd, 1867.

A Grand Procession of all the schools will be formed and march through the principal streets to Birchard Grove, where a Basket Picnic will be held, addresses delivered, recitations, songs and singing, &c.

Prof J. Tuckerman, General Agent of the Ohio State Sabbath School Union, and other able Sabbath School speakers, will be present.

Every Evangelical Sabbath School in the County, whether heretofore represented in the Union or not, is cordially invited to be present.

Let there be a full turn out of every school, with banners, mottoes, devices &c, and let us have a grand gala day for the thousands of active, living, energetic christians in youth and children of our County.

Rev. M. BULGER, President.

C. R. McCULLOCH, W. W. ROSS, CHAS. H. KREBS, Committee of Arrangements.

CIRCULAR.

The following Circular to Superintendents and Vice Presidents of S. S. in this County has been issued:

At a meeting of the Sandusky County Sabbath School Union held at Clyde January 24th 1867, it was resolved that a Sabbath School anniversary, of all the schools in the County be held once in each year; time and place to be designated by the Executive Committee.

At a meeting of the Executive Committee held at Fremont, June 27th 1867, it was decided that the Anniversary be held at Fremont, Thursday, August 22nd 1867.

Every Evangelic Sabbath School in the County whether heretofore represented in the Union, or not, is cordially invited to be present. Superintendents are earnestly requested to bring the matter before their Schools at once, and that immediate action be taken, plans laid, committees appointed, banners gotten up, &c; and as the design is to have a general "Basket PicNic," explain to the children the necessity of bringing their basket of provisions with them. At the grove the schools will be formed in groups by themselves, and every precaution will be taken to avoid mixing of baskets, &c. Let each School have its own Committee appointed for managing this part, whose duty it shall be to take baskets in charge, see that they are properly labelled, and attend to distribution.

It is hoped that each school will be represented in full, and that this first Anniversary of the Sandusky County Sabbath School Union will be a monster gathering of the active, living, energetic christian children of our county.

Superintendents will please report to the Committee of Arrangements as soon as possible, giving the probable number of Scholars that will attend from their respective schools, and upon arriving at Fremont will report to the chief marshal of his, and actual number of Scholars in attendance.

Selections will be made from the following pieces (published in the "Golden Chain") for singing by all the schools during the exercises at the Grove, and the particular attention of Superintendents is called.

"Never Late."

"Oh come to the Sabbath School,
Who shall sing, if not the children?
"I'll live up early in the morning."
"The sweetest name I know,"
"The pleasant Sabbath bells."
"Hail, hail, this happy day,"
"Marching along."

Rev. M. BULGER, President.

C. R. McCULLOCH, W. W. ROSS, CHAS. H. KREBS, Committee of Arrangements.

C. R. McCULLOCH, Chief Marshal.

Mr. Ochs.—Mr. Ocus has found a champion in the *Courier*, which declares, in an article as elegant in style as it is tender in sentiment that the City Father alluded to, has been maliciously and unjustly assulted and maligned by the *Journal*. As most of our readers are probably entirely ignorant of the existence of such a paper in Fremont, we will state for their information that it is a small sheet, printed in the German language and edited by our Democratic City Chief, who is also Physician Extraordinary, Notary Public, and Justice of the Peace, and who especially endeared himself to the copperhead party by his course during the war. It is devoted to "pulling the wool over the eyes" of such readers as can get access to, and who have no other means to get knowledge of local or general politics.

As for Ocus, he promised at first to be, at least, independent of Boteler, who assumed the leadership of the copperhead majority of the Council, but he long ago yielded to party pressure and now follows the lead of the bell-wether faithfully as the lambs and confiding Quilter and Kellis have done from the first.

How will the friends of Mr Ocus explain his absence from the Council on Monday? He had committed himself to the salaries fixed by the committee, but Schaal got the pluck to vote for them in the face of his party or to take the back track and expose his own weakness and inconsistency, and so he chose the po less cowardly course of staying away and allowing the ordinance to be passed by his party friends.

The Mystic arrived on Thursday last week and left on Friday loaded with Corn for Gill, Toledo.

The *West* made the quickest time on record, on a late trip to Buffalo, going to the latter port from the bay and returning to Fremont in *four days*.

The Base Ball Match set for Friday afternoon did not come off on account of the refusal of the Dexters to play the "nine" chosen by the Croghan club on the ground that Mr. Wilson, the captain of another club, had refused to show up in uniform as a reserve to demand and the match was dropped, less but justice to the Croghan club [illegible] and their notes published in the [illegible] before the Dexters offered their challenge.

A game was played on the grounds, however, between the Croghan "nine" and a "nine" composed of Dexters and their outsiders, resulting in a victory for the former of 16 to 24 in a game of [illegible].

Units.—The body of men have been talking of organizing an Ancient and Honorable Band of Units similar to the one now in active operation in Toledo, some of the members to weigh less than two hundred material. A union with the Lazy club, who walk their bases and hire reliable contrabands to chase balls, will help the bones along.

Match Games.—The Croghans have accepted a challenge from the McPherson club of Clyde to play a single friendly match game on the grounds of the latter on Tuesday afternoon July 30. The Croghans will probably leave here by the 11,02 train returning in the evening. The Croghans have challenged the Buckeye Club of Findlay to a single game for August 2nd, and the Dexters have also challenged the Fostoria Club to a single game for the same day. The second this year to be celebrated only by the parade of the Fire Department and the Base Ball matches so far as we can learn.

Later.—The challenge of the Dexters to the Fostoria club has been accepted.

A Handsome Bat.—The Young Club presented the Croghans with a handsome English willow bat, very beautifully finished, and a model in shape, size and weight. The Croghans accepted the appropriate and kindly gift with a Toledo toast of Hurrahs.

The Eureka have received a set of fine and handsome balls such balls from New York.

The "first nine" of the Croghans are to add to their uniforms, dark blue pants with a light stripe, cut Jonathan style, the Jonathan style and buttoning right around the ankle. The Actives have a new ground in the old Fair Ground.

The Council.—The city council met for regular session on Monday evening, Ocus absent. The principal business transacted was rescinding the resolution authorizing the publication of the ordinances in the *Journal*, and the report of the proceedings in the *Messenger* and *Courier* and the passage of the following ordinances.

To close houses of ill-fame.

To provide for the improvement of streets.

To fix the salaries of city officers.

By the latter the salaries are fixed as follows:

Mayor, $350 per year.

Clerk, $500 per year.

Solicitor, $400 per year.

Marshal, $500 per year.

Health officer, $50 per month for three months.

City Engineer, $4 per day when employed.

Street Commissioner, $50 per month when employed.

Engineer Steamer, $50 per year.

Trustees, $1 for each meeting attended.

By a resolution the Council voted to pay an Assistant Marshal $500.

The County Fair.—The officers of the Agricultural Society of Sandusky county are making preparations for the Fair which they intend to make the largest and best ever held in the county. The new grounds are already in fine condition and only need stalls and sheds for stock to be ready for exhibition. The committee are making great efforts to get a first class speaker to deliver the address, with fair prospects of success. Next week the "premium list" will be circulated in a neat pamphlet, the work of the JOURNAL office, which contains a new feature in the shape of business cards, from our enterprising business men. This will doubtless be made a regular thing hereafter, as the pamphlets are neat, convenient for reference and furnish an excellent advertising medium for business men who appreciate the advantages of bringing their business before the eyes of the farming population, who are the real wealth producers of the country.

Good Record.—In a recent examination for graduation from the Union Business Institution, two young men made a record in attainments worthy of mention. Mr. James Ewarts, out of 176 questions, missed but 2. Mr. F. W. Fuller, out of 206 questions, missed but 2. The latter, in 162 questions on Commercial Law, answered all but one promptly. In all that age of knowledge, it will be a rare business experience if he does not find much that will pay him over and over again for the expense of a commercial course.

We clip the above flattering and well deserved notice from the Lorain county *News*, Oberlin, O., of 17th inst. Mr. Fuller, although quite a young man, has for several years past been engaged in the Bank of Fremont, where by his strict attention to business, and his uniform kindness and courtesy, he has won the esteem of the entire community. His "good record" is the result of good habits and close application to his studies, together with a determination to master whatever he undertakes to do.

Tail to Tail.—Last Monday night two men got up a bet on the relative strength of their horses and agreed to put them to it by turning them loose in an alley, fastening the whiffle trees together and "letting them out" for a pull. The experiment was tried on the pike between Front street and the bridge. Both animals scratched gravel lively, for a few minutes, to the despair of their owners but the thing could not last. One of them finally gave out and gracefully traveled back towards Front Street with a "hippity-hop" movement, to the great disgust of his owner and delight of the boys, big and little, who looked on the sport.

Attention, Firemen!—The Fire Department of the City of Fremont are hereby notified to hold themselves in readiness for Parade and Inspection on the Second of August. The members of the Engine and Hook & Ladder Companies will assemble at their Engine Houses promptly at one o'clock in the afternoon of August 2d. From 2 to 3 o'clock P. M. the Department will parade through the streets. At 3 P. M. the Mayor and Council and City Officers will inspect the Department on Front street.

The Ex-Chief Engineer and Assistants are invited to attend and participate.

By order of

E. M. JONES, Secretary. A. YOUNG, Chief-Engineer.

aug26-3w.

Attention, McPherson Co. No. 1.—The members of the McPherson Steam Fire Engine Company are respectfully requested to meet at the Engine House, to participate in the Department Parade on the 2d day of August, at 10 o'clock A. M.

By order of the Foreman.

W. L. SCOTT, Sec'y.

July 24th, 1867.

Grain Market.—We wish to call the attention of farmers throughout the county to the advantages of Fremont as a grain market. The facilities it enjoys of shipment by water direct to Eastern markets enable our buyers to deal more liberally, than those can who are obliged to pay the heavy railroad freight. Agent, "The Salesman" is now in new hands and in charge of Mr. Joseph L. Rawson, who is well known throughout the county as a business man of strict integrity and first-class abilities. A reference to his advertisement in another column of our paper, will show what he proposes to do for grain producers and dealers.

Dissolution.—The firm of Dillon & Son, Druggists, is dissolved by mutual consent, Dr. E. Dillon, Jr., retiring. The business will be continued by the remaining partner, who will be found at the old stand, ready to supply his customers with everything in his line, and to do all business entrusted to his care, promptly and faithfully.

Letters Remaining Uncalled for in the Post Office at Fremont, Ohio, on the 25th of July, 1867:

Anderson Duncan, Joshua Shawl, Mary A. C. Dorr, Neely Tollottson, Lewis Tilton, Mrs. Ann Walbert, Mrs. Ann Kingsley, W. C. Wirsman, Isaac Wirsman, R. R. Williams, Joseph Zimmerman.

Mr. Lutmer represented at the Toledo and Lake Shore Railroad convention.

One of the favorite and certainly the most beautiful rooms in the Post Office, is the place in which we now hang our letters. We were some time in finding it, on the first of the projected rooms, and to "guess" possible that the project may be carried out.

Cherries.—A few days ago, a cherry tree known as the Dorset, popular variety in Ohio, commenced ripening its fruit, which continued for a week, a lot of the luscious cherries found on his shelves and counters out, or stored away. The cherry crop has been unusually large this season, and as a consequence the fruit has been unusually cheap and cheap in the market, the quality being much above the average. This season's experience in the production of fruit, and the prices realized, are upwards of twenty bushels. The large yield of all kinds of fruit trees this season will give a marked impetus to fruit growing, which is already attracting the attention of our most intelligent and enterprising farmers.

The Martial Band.—A lively Martial Band has been organized in this city, under the leadership of Mr. Herbert, and is now busily engaged in practicing for the Second of July celebration. The uniform is very neat, consisting of a black cap trimmed with gold, a blue coat trimmed with red and light pants with red stripes. They will make their first appearance on 25th of August. The following is the list of members: Leaders, J. Simper, F. Ochs; F. Swartz, Sam'l Dunmeyer, J. Bletcher, A. Seibert, Bas Drummer, C. Homan, Flag bearer, J. Stibel. We understand that their friends propose to raise money to buy them a new Best Drum on the 2nd. They certainly ought to be encouraged.

Temperance Discussion.—Ten Minute Speeches by Hons. Schuyler Colfax, Henry Wilson, Richard Yates, William S. Hodge, Hiram Price, Samuel Merrill, R. C. Woodbridge, J. B. Grinnell and J. W. Patterson, delivered at the 3rd session of Congressional Temperance Society, Washington, D. C. Gem in Internal Religious Members, New York: S. R. Wells, Publisher, 389 Broadway. Price, 25 cents. Price 25 cents.

"Ten Minute Speeches on Temperance in Congress" is beautifully printed on tinted paper, in large clear letter, and is in every way worthy of the great occasion which called it forth. We would have every special mechanic of every young man in the nation. It would serve to fortify him in resisting temptations, which will sooner or later meet him. Walled in with the heat recollections he will be able to defy the concentrated and powerful appeal will be such a one to keep his resolutions, and must produce conviction in the heart of the skeptic, and *hold* the convert.

The New York papers are discussing the policy of the State selling out its public works to get rid of the State debt. This debt is now $40,000,000. And the public works, the Syracuse and Oswego Canals, will sell for four-fifths of this amount. The sale would almost free the State from debt. The enlargement of the canals is, however, proposed, and will have to be made at an expense of twice the increased traffic, and this will cost $50,000,000 more; so that the alternative is presented to New York of contracting $100,000,000 of debt, or getting out of debt and keeping out.

The Sea Serpent.—One of the vessels of the expedition which sailed in search of our sea serpent in possession in the Pacific, returned to San Francisco with a report that her crew, are taking on board a large force of men set sail again on the next day, under a fishing license. Public curiosity is much excited as to what the fishing is to be, and the engineers are so anxious to secure. The position of the island is 40 deg. 31 minute latitude and 131 deg. west longitude, and the discoverer reports the land dotted with birds, and the water alive with seals and sea elephants.—*Scientific American.*

A Richmond paper on Tuesday published a proclamation calling on the soldiers of the Virginia and Potomac armies to march to Mexico and avenge Maximilian's death.

A very sensible offer of a premium is one for the best rat trap at the Sandusky State Fair.

LOCAL NOTICES.

The New Crockery Hand of Wadsworth is the place to buy everything in the Crockery and Glassware line.

Merchant Tailoring.—We call attention to the advertisement which appears this week on our Second page of R. Thomas' Merchant Tailoring establishment on State Street. Mr. Thomas is a gentleman we need say no recommendation from us. His work has secured him a good run of first class custom and he means to keep it. He intends fitting up a fine Merchant Tailoring establishment this fall, with greater facilities for doing work than any similar shop in the city. Attention is especially called to the fact that Mr. Thomas cuts and makes shirts and warrants a fit.

Get your gas fixtures at Wadsworth's.

Barrett's Vegetable Hair Restorative.—We speak from experience, having given a practical trial to this renowned Hair Restorative, when we say that anybody in want of a fine head of hair should at once procure a bottle. It will excite the scalp to new and healthy action, cleanse it from scurf and dandruff, prevent the hair from falling off, cure those eruptive diseases which often appear on the head, and, in most cases, produce a fine growth of hair. By so doing, no better Preparation can be obtained for imparting a rich and glossy appearance to the hair. In fact, *no other Hair Restorative has ever received or deserved a more universal demand than Barrett's.* We cordially recommend it to our readers. It is for sale at the stores of all respectable druggists. Try one bottle, it will demonstrate its merits in a very short time.—*Pittsburg Commercial.*

Steamboat Landing near the Bridge in Fremont.—To clear the river, erect the dock, etc., many laborers will be required, male and female, as cooks, chambermaids, milliners, seamstresses, laboring men, farmers, merchants, doctors, lawyers and mechanics of all trades, classes and professions. The work will soon be completed when we will all take a jolly ride up to Harris' Photograph Rooms, in Buckland's new block, where we can get first class photographs of any size from the fairest picture up.

Enterprise in Education.—No system of education is better adapted to rouse, strengthen and give force to the mind than the discipline of a first class Business College. Such an institute is located at Ann Arbor, Michigan. It is worthy of note that while inferior Commercial Colleges are terminating all pecuniary existence, this Institute has kept on steadily advancing till to-day it is more prosperous than ever before. Third Case of Consumption.—Mr. *Editor:* With your permission I submit the report of another case of "Humboldt Consumption" which has been permanently cured by the judicious employment of those agents, peculiar to my mode of treating diseases of the lungs and air-passages. Wm. Wallace, aged about 45, residing at No. 325 Congress street, had severe cough, night-sweats, hectic, irritable nerves, poor appetite, and had been given up to die, hopelessly, by some of the "best physicians," so-called, in this city, and given over to die! Upon a careful examination by Auscultation and Percussion, I found both lungs in a badly inflamed state—ulcerated—also the bronchial tubes expectorating almost incessantly large quantities of thick, yellow, pus-like sputa—betokening rapid dissolution. There were other alarming symptoms attending this case—as short, laborious breathing, small pulse, beating 100 and upwards per minute; emaciation; pains in the side, chest and loins. But formidable as were all these, I succeeded gradually, by the judicious application of "Medicated Vapors," Alteratives, Chemical Remedies, etc., in gaining complete mastery over them—exalting the capillaries to healthy action—cleansing the whole system of its viscid bile, acrid fluids, and morbid deposits—restoring to prime health and vigor one upon whom death had apparently, but one short month before, set his fatal seal.

E. G. MATTOCKS, M. D.

NOTE.—Dr. Mattocks will be at Kesler's Hotel on Saturday and Monday, Aug 3rd and 5th, on his regular visit and invites all who are sick with any Chronic Disease to call on him on Saturday, Sunday or Monday. 30w2.
