NO TRUTH GIVEN REPORT OF O'SHAUGHNESSY'S WITHDRAWAL

By Associated Press

Washington, D. C., Jan. 6. — State Department officials do not credit reports that Charge O'Shaughnessy is to be recalled from Mexico City. Although Secretary Bryan is absent and other officials here have not learned the conclusions reached at the conference between President Wilson and John Lind at Pass Christian, Miss., it was pointed out to-day that Mr. O'Shaughnessy has had the endorsement of the department throughout the trying period during which he has been head of the American Embassy in the Mexican capital.

DIVIDEND OF 33 PER CENT. FOR HOLDERS OF U.P. RAILROAD STOCK

Stock Valued at $82,000,000 May Be Distributed With $3 Cash on Each Share

By Associated Press

New York, Jan. 6.—The executive committee of the Union Pacific Railroad Company announced to-day that it would recommend the distribution among its stockholders of the Baltimore and Ohio stock owned by the company and valued at about $82,000,000, together with $3 per share in cash. Estimated on the present market value of Baltimore and Ohio stock, this is equivalent to an extra dividend of 33 per cent.

The executive committee will lay this recommendation before the board of directors, which meets Thursday. It recommends also that if this distribution is carried into effect the regular annual dividend be correspondingly reduced, that is, from 10 per cent. to 8 per cent.

Sentences of 24 of 30 Dynamiters Affirmed by Court of Appeals

By Associated Press

Chicago, Jan. 6.—The judgment of the Federal District Court at Indianapolis sentencing to prison thirty members of the International Organization of Structural Iron Workers was affirmed to-day by the United States Circuit Court of Appeals here in twenty-four cases. Six cases were reversed.

The cases reversed were remanded to the lower court for retrial. The defendants in these cases are:

Olaf A. Tveitmore, San Francisco; William McCain, Kansas City, Mo.; James E. Ray, Peoria, Ills.; Richard H. Houlihan, Chicago; Fred Sherman, Indianapolis; William Bernhardt, Cincinnati.

The sentence of seven years' penal servitude against Frank M. Ryan, of Chicago, president of the association, was affirmed.

There were thirty-two convictions on charges of conspiracy to transport dynamite illegally. Two of the convicted men did not appeal.

Ryan was the only one of the convicted men in court when the decision was rendered.

No effort will be made by the government to compel the return to prison of the men denied retrial pending argument on their petition for a hearing. If this petition is denied, it was announced by E. D. Zoline of counsel for the convicted men that an appeal would be taken to the United States Supreme Court.

Flaherty, of Philadelphia, supreme knight of the order. Mgr. Thomas J. The large sum has been collected by the knights in the last four years. It will be used to establish fifty scholarships at the university.

McAdoo Objects to Only One Bank For Northeast

By Associated Press

New York, Jan. 6. — Although Secretary McAdoo, of the Treasury Department, said to-day that he had formulated no views regarding the division of the country into regional reserve districts, he gave a strong intimation that he was opposed to the creation in New York of a huge regional bank, embracing most of the Northeast and 40 or 50 per cent. of the country's banking power. Such a bank was advocated yesterday by New York bankers at the hearing of the Federal reserve organization committee, composed of Secretary McAdoo and Secretary Houston, of the Department of Agriculture.

"If we put 40 or 50 per cent. of the banking power into a New York district," said Mr. McAdoo, "we would be obliged under the law to divide the remaining territory into seven districts that will be comparatively lean."

Mr. McAdoo said the establishment of two or three banks in the Northeast—as for example, at New York, Boston and Baltimore—would not dislocate the closely interwoven business and financial relations of the Northeastern territory.

Woman Gives $300,000 to Catholic Schools

McREYNOLDS AND ELLIOTT CONFER ON REORGANIZATION

By Associated Press

Washington, D. C., Jan. 6.—Attorney General McReynolds and Chairman Howard Elliott, of the New York, New Haven and Hartford Railroad, conferred again to-day over the problem of reorganizing the New Haven on a basis satisfactory to the Department of Justice and fair to the road. It was the third conference between the two men since Mr. Elliott became head of the New Haven and department officials were hopeful such progress would be made that but few further discussions would be necessary.

GAINS AT OPENING REDUCED GENERALLY

After an Early Outburst of Strength, Stocks Gradually Fell Away in Markets

By Associated Press

New York, Jan. 6. — After their early outburst of activity and strength stocks gradually fell away and for the balance of the morning session business was on a limited scale. The gains recorded at the opening were quite generally reduced, and in some instances altogether effaced. Heaviness of Baltimore and Ohio, which declined acutely on rumors that lacked confirmation, and weakness in New York Central, probably counted among the factors that militated against an immediate continuance of the rise, while Amalgamated Copper was under pressure in connection with adverse trade reports. The Mexican situation and another batch of unfavorable railroad statements helped to check the advance.

Bonds were steady.

PUBLIC SERVICE TACKLES BIG JOB

Numerous Complaints Filed Before the Body; Judge Ewing Outlines Plan

"Companies giving adequate and reasonable service to the public have nothing to fear from the Public Service Commission," to use the words to-day of ex-Judge Nathaniel Ewing, chairman of the commission, which is inaugurating its work under the legislative act which became effective last Thursday.

"On the other hand," continued Judge Ewing, "the public that is not getting a square deal from the service corporations can rest assured the commission will do all within its power and authority to make improvements."

Stacks of complaints, in letter form and petitions, were before the commission during its executive session to-day, during which plans for its future work were discussed. The protests touch upon the service and rates of railroads, trolley lines, gas and electric, telephone and telegraph and water companies. These complaints were classified by the commission, the more serious ones being listed for a hearing. Judge Ewing said that the principal new complaints from Harrisburg ask an investigation of express rates and suburban water service.

The commission referred all questions involving legal interpretation to its counsel and will take some action before it closes the session at the end of the week. John P. Dohoney, investigator of accidents, will submit a report on the grade crossing situation in the State and the advisability of trolley cars being equipped with jacks. Several hearings are scheduled for the ensuing three days.

With the complete organization of the commission, the seven members of which were appointed last August by Governor Tener, the other principal positions specified under the act having since been filled, the salaries of the commissioners and others, including the clerical force, will require between $135,000 and $140,000 annually, Judge Ewing declares. The Legislature, in the general appropriation bill, set aside $400,000, and if this is used by division into two parts for this year and next, nearly three-fourths of it must go for salaries. The commission may be limited in its work, therefore, until the Legislature provides more liberally.

Residents of Madera, Clearfield county, will have the "honor" of the first hearing before the commission in the complaint cases now taken up under the operation of the Public Service act. Their complaint is against the New York Central and Hudson River Railroad, which they say furnishes inadequate train service between Clearfield and Irvona, Pa. This case comes before the commission at 3.30 o'clock to-morrow afternoon in the Supreme Court room at the Capitol.

$10,000,000 PROFITS FOR FORD EMPLOYES

Detroit Automobile Manufacturer Will Add Share to Earnings of Men; Wages High

Special to The Telegraph

Detroit, Mich., Jan. 6.—Henry Ford, head of the Ford Motor Company, yesterday announced one of the most remarkable business moves of his entire remarkable career. In brief it is:

To give to the employes of the company $10,000,000 of the profits of the 1914 business, the payments to be made semimonthly and added to the pay checks.

To run the factory continuously instead of only eighteen hours a day, giving employment to several thousand men who are out of work here now by employing three shifts of eight hours each instead of only two nine-hour shifts, as at present.

To establish a minimum wage scale of $5 a day. Even the boy who sweeps up the floors will get that much.

Before any man in any department of the company who does not seem to be doing good work shall be discharged he will have an opportunity to try to make good in every other department. No man shall be discharged except for proved unfaithfulness or irremediable inefficiency.

The Ford Company's financial statement of September 20, 1912, showed assets of $20,815,785.63 and surplus of $14,745,095.57. One year later it showed assets of $35,033,919.86 and surplus of $28,124,173.68. Dividends paid out during the year are understood of aggregate $10,000,000. The indicated profits of the year, therefore, were about $37,597,312.

About 10 per cent. of the employes, boys and women, will not be affected by the profit-sharing, but all will have the benefit of the $5 minimum wage. If, however, any of them are supporting families, they will have a similar share to the men of more than 22 years of age.

In all, about 26,000 employes will be affected. Fifteen thousand now are at work in the Detroit factories. Four thousand more will be added by the institution of the eight-hour shift. The other 7,000 employes are scattered all over the world in the Ford branches. They will share the same as the Detroit employes.
