Lewisburg, Pa.

FRIDAY MORNING, JULY 8, 1859.

ADVERTISE!—Manufacturers, Merchants, Mechanics, Professions, Public Officers in City and Country, Publishers—everybody who has ought to sell—should advertise in the columns of the *Lewisburg Chronicle*, which has a large and increasing circulation in a community containing a large proportion of active, solvent producers, consumers and traders, as any in the State.

See New Advertisements.

Judge Schnable offers to sell valuable Market Street and other Real Estate in Lewisburg.....Esq Merts offers a small Farm just out of Lewisburg on the west, and some Woodland.

Auction Sale at 1, P. M., Saturday, July 9, (to-morrow,) of Household Goods, &c., by O. P. Chamberlin, next door to Thomas Mackey's, S. 2d street, Lewisburg.

"THE GLORIOUS FOURTH," for 1859, was a day of surpassing loveliness—perhaps a little too cool for the full glow of patriotic fervor. The triple conjunction of mid harvest, Monday, and the 4th, probably tended to keep our farming population more at work than usual.

The morning was duly ushered in by the ringing of bells and the discharge of fire-arms. The national flag was displayed in front of the Buffalo House, Lewisburg; it floated from the cupola of the Female Institute, and also from the loftiest point of the University Buildings.

The almost impromptu celebration by the College youth, we trust, has re-established the annual observance of the day in that quarter. A responsibly sized and appreciative audience assembled, (considerably diminished by a funeral at about the same hour.) The Glee Club gave us "Hail Columbia," the "Star Spangled," and other songs, in the best style. President Loomis made the opening prayer. The Declaration was read by Mr. Aiken, in a style that impressed a stranger with a supposition that he *believed* in it, (which it is supposed he does.) The Oration, by Prof. Bliss, was delivered in a plain but impressive manner, and was designed principally to illustrate the advance of the English people, in the enjoyment of natural and constitutional rights, during the last eight hundred years. It was rich in matter, and highly encouraging to the friends of true progress. Mr. Aiken related a few anecdotes.—And if anybody, anywhere, had a better Reader, a better Discourse, better Singing, a more comfortable place or a chance for an earlier dinner, they were highly favored indeed. We were fully satisfied.

Twenty-five or thirty of the Female Institutes visited Blue Hill—certainly a cool and airy resort that day—and enjoyed its delightful revealings. Handfuls of our citizens departed for the more noisy demonstrations at Muncy, Sunbury, &c.

At evening, the drum and fife were heard—Dr Horlacher, near the Revere House, "saved the Union" by showing the perfect harmony between Slavery and Democracy. We forgot to say "the faithful" did not well sustain their champion with their presence, his auditors being mostly "heretics."—Professor Curtis, at his residence, amused a large number of the youthful, small and great, by successful displays of fireworks, and by treats of a more substantial character.

—But few were seen, in our town, to disgrace the Birth Day of our Nation by their personal Slavery to Drunkenness, although some there were who took that occasion to indulge in that folly and shame. Elsewhere, we heard of excessive and most debasing exhibitions of Intemperance. In Williamsport, a boy's hand was badly injured by a pistol ball. The only accidents in our town, were the burning of one boy's arm, and of another's eye, by a fire-cracker. The latter sufferer was shut up in a dark room, and endured much pain, but it is hoped his eye is not destroyed. The agony of his injury is greater than all the pleasure enjoyed by the dangerous and unmeaning practice.

*The ordinance against fire crackers was not issued by the Burgess; the binding town officer in legal time to be endorsed. Another account of the affair should be left in the publication in due season, but in the press to be written and papers, and extra efforts opposition to and on the part.

MIFFLINBURG.—During the day, cannonading was distinctly heard, supposed to be at the Muncy celebration. In the evening, a party of patriotic young men engaged in martial music and firing of anvils. Several Sabbath School prayer-meetings were held at the same time.

FARMERSVILLE.—A large number of the neighbors convened after the close of the labors of the day, for a celebration in the open air. Conrad Sheckler Esq. was chosen President; teacher Joseph Kleckner read the Declaration; and John B. Linn, Esq., of Lewisburg, delivered an Oration. A display of fire-works satisfactorily concluded the evening's entertainment.

WIND STORM, 2D INST.—Late in the afternoon of Saturday last—after a day of excessive heat—a storm of wind and rain passed over this country from the north-west, and inflicted considerable damage.

About ten feet of the roof, on the north-west side of the Eagle Mill, in Lewisburg, was carried some rods down the river bank,—the crash of the disruption and of the falling mass of shingles being heard squares off, above the roar of the winds... We have heard of destruction of trees, fences, &c., throughout the county.

In Williamsport, we are informed, the same storm very badly injured the walls of the new Baptist church building, unroofed Judge Smith's new block, the Public school house, and the Seminary building, and did other mischief...In the county, especially northward, many barns were destroyed, and other damage done.

The Telegraph wires were broken in many places, cutting off communications for some time...The three days following were very cold for the season.

On the 29th ult., a cargo of sixteen thousand bushels of Wheat, from Havre, in France, was landed, and duties paid at the Custom House in Philadelphia. It was so clean that it readily sold for ten cents per bushel above the best Western wheat.

Most delightful harvest weather. A friend from Mifflinburg estimates a half of the grain in the good now [illegible]

The peace officers of Lycoming are getting in a bad way. We some time since noticed that the Sheriff, Mr. Rissell, was bound over for an assault on a woman, (the sister of a female prisoner, who, we are informed, was arrested by the District Attorney, in Canada, and, when the trial came on, he had no proof against her!)... Last Saturday, the Deputy Sheriff and Deputy Marshal, John Piatt, made a deliberate and severe assault on Mr. Bower, of the *Press*, for an article which appeared in that paper intimating an exposure of some of his failings...We thought when we read the article, it was unnecessarily personal, but such revenge can not be tolerated, especially in peace officers... with such officials, the people of the county will be apt to make a change next fall. Mr. Piatt's reputation will not be enhanced by his attack upon a clever, unarmed Printer, any more than the Sheriff's chivalry will be elevated by official lonshiness to a woman!

The Milton *Democrat* gives a "first rate notice" of a man formerly connected with that paper, who is now attempting to palm himself as one of the "press" and thus to sponge a living by the most disgusting lying and cheating. Such men are the scandal and the curse of the profession.

Mail Change.—From 1st inst. the mail through Mifflinburg leaves Lewisburg only three times a week—Tuesday, Thursday, and Saturday mornings—returns on Mon., Wed., and Friday evenings.

The mail to Nittany, Mondays—to Buf. X Roads, Mon., Thurs. and Sat. morn.

The Cattawissa, Williamsport and Elmira Railroad shows an increased revenue, during the past nine months, of $24,000 over the corresponding nine months of the preceding financial year. This indicates good management, and an increase of business.

Arrangements have been effected by which the Penn'a Railroad Company will furnish *half price* Excursion Tickets to Lewisburg during Commencement week—20th to 30th of July. Similar arrangements are contemplated with all the roads.

A woman who was picking cherries on the farm of Mr. Joseph Meixell, half way between Lewisburg and Milton, fell about ten feet, and injured her back considerably, but we learn is recovering. The report of her death was erroneous.

The Lycoming County Insurance Company last year paid out $99,000 for damages caused by fire—$911,000 since it commenced operations!

The *Miltonian* and Williamsport *Press* unintentionally misprint the name of our candidate for Auditor General—it should be Thomas E. Cochran, (not C.)

THE WAY HE RUNS.—Wm. H. Keim was *unanimously* re-elected Major General of Berks, Lebanon and Dauphin counties.

News from Abroad.

The steamer Persia, in her outward trip, came very near coming in collision, at sea, with the steamer America. A letter, written by a Philadelphian who had taken passage in her, says that the incident occurred in a dense fog, and the order "hard a port" was given in both vessels. They came within four or five feet of each other. For paddle wheel steamers to approach within four or five feet of each other before either knew it, would imply a very bad watch on board.

The Administration papers claim the Vermont Delegates as Buchanan men. The first report was that they were for Douglas. Don't know which is true—probably both. Judge Douglas is in New York, and his friends there at work...Another Filibuster expedition is confidently predicted, but may prove a false alarm or may be frustrated as others have been.

The N. O. *Picayune* thinks that the new issue of the re-opening of the slave trade introduced by the late Vicksburg convention is destined to divide the South unless it be speedily put at rest.

At the recent session of the O. S. General Assembly, at Indianapolis, Rev. Dr. Rice preached for the Campbellites, with whom their founder had his celebrated controversy, many years ago. Rev. Dr. Breckenridge was sent to a colored congregation, but they declined having him enter their pulpit, because he was a slave-holder.

A LONG BRIDAL TOUR.—A happy couple have just returned to Falmouth, Mass., from their wedding trip, which was a whaling voyage that lasted *five years*. During their absence the wife gave birth to two babes, one of which was a child of four years when it reached home.

The great Napoleon was known as the "Little Corporal" among the French. The Zouaves have recently made a "corporal" out of King Victor Emanuel.

VERY PROPER.—The performance of "Jack Shepherd" at the Victoria Theatre, in London, lately, was prohibited. It ought to be prohibited at every other theatre, as well as at the Victoria.

Deacon Cox, an U. S. Marshal for Ohio, has been excluded from a Baptist church in Zanesville for aiding, officially, in capturing a fugitive slave. "Thou shalt not oppress a stranger."

Dr. A. J. Morrison, a Physician in Kentucky, attempted to poison the Prosecuting Attorney, and not succeeding killed himself. He was a skillful physician, honorable and prompt in his dealings, and an intelligent and intellectual gentleman. Moreover, he had been eminently successful, and had accumulated a fortune of $40,000, and was therefore above suspicion until he altered a poor man's note from $2 to $22, when he was arrested.

At the last session of the Ohio Legislature, it was made the duty of the township assessors to return the number of sheep and the owner of each lot, and the number killed by dogs within the year. The assessors in Licking county performed their duty according to the act of Assembly, and the aggregate return of sheep killed by dogs in that county, within the past year, was little short of *thirteen hundred*. The whole number of sheep in the county is put down at 139,605.

There seems to be no diminution in the tri-weekly cargoes of specie carried away from our ports to Europe. Last week, over two millions departed, and six millions in foreign merchandise were received at the single port of New York in the same time!

It is said that the Secretary of War has refused to permit any more officers on leave to depart for Europe.

Luscious peaches have made their appearance in the New York market at $10 a bushel. They grow near Charleston, South Carolina. Our Texas exchanges speak of roasting on green corn.

The bridge over the Ticino, at Buffalora, destroyed by the Sardinians, by blowing up with gunpowder, was a magnificent structure of hewn stone, over 1000 feet in length, and cost even that country of cheap labor nearly $700,000.

A light fingered individual in Washington on Friday last, succeeded in extracting a draft for $7,000 from the possession of the President's messenger, as that individual was taking it to the bank for deposit.

The Indians in Arizonia have recently created great excitement among the few whites there, and have defeated the U. S. Government troops in several contests.

Latest Pike's Peak news are more favorable for the gold hunters, and a tide is again setting in for that region.

RELIGIOUS NOTICE.—A Quarterly meeting will be held in the Christian Chapel in this Borough, commencing on Friday evening, (8th inst.) at 1 before 8 o'clock. Service also on Saturday evening, and Lord's Day, morning and evening. Elders Jas. G. Noble, of Bradford county, and Z. M. Ellis, of Lycoming county, are expected to be with us. The public are respectfully requested to come out and hear "the truth as it is in Jesus."

S. W. McDANIEL,
Pastor of the Church.

Over a Bridge.—In the town of Athens, Georgia, is posted the following notice: "Any person driving faster than a walk over this bridge, shall, if a white man, be fined $5; if a negro, receive 25 lashes—half of the penalty to be bestowed upon the informer." We do not think that many persons would be half ready to inform upon the transgressor as they would be to inform their friends that G. Marsh, right opposite the Bank, keeps the largest, best, and cheapest assortment of Boots and Shoes to be found in Lewisburg. Call and see to be convinced—which is much better information than the above would be in reference to fast driving.

The members of the Evangelical Association will hold a Camp Meeting on the land of Mr. Daniel Rengler, about five miles west of Lewisburg, commencing 8th of Aug. All salesmen of traffic, hucksters, &c., positively forbidden—the proprietor of the ground excepted, who is permitted to hold a boarding tent.

A. LOUSSMORE, Sup't.

Dr. Wistar's Balsam of Wild Cherry may be well called a "member of medical science." It cures coughs, and colds instantly. It soothes the irritated parts, it heals the inflammation, and even consumption does yield to its magic influence.

Buy none unless it has the written signature of "I. Butts" on the wrapper.

WONDERFUL, BUT TRUE.

A few days since, Mr. Jas. H. Beadle, of Huntsville, Alabama, called on us and gave us permission to publish for the benefit of suffering humanity, the astonishing cure which had been effected in the case of his wife by the use of Dr. Hance's Vegetable Epileptic Pills. He informed us, that at the time his wife commenced using the medicine, her system was so entirely prostrated, by the number of spasms she had undergone, as to reduce her weight to 100 lbs. Since she has been taking the pills, she has entirely gone over the spasms and has gained in weight and health. She now weighs at least 200 lbs, and is fast able to be for any amount of wealth than ever believed to be life. Mr. Beadle also related the case of Mr. Harrison Lightfoot of the same town, who has been entirely cured of the worst form of epilepsy by these same pills. Mr. Lightfoot's case was so bad that he never passed a week without having an attack, often falling down in the street. He has not had an attack for more than a year. Mr. Beadle thinks that if the pills ever fail in curing a case, it is for the want of a proper perseverance on the part of the person in taking them, as he feels assured from observation in the case of his wife, that if they are taken for a sufficient length of time, they will cure any case. Sent to any part of the country by mail, on receipt of a remittance. Address Seth S. Hance, for Baltimore street, Baltimore, Md. Price—one box, $1; two, $1.50; twelve, $6.

Dr. Wistar's Balsam of Wild Cherry.

Where the above preparation is known, it is acknowledged to be an infallible remedy for the cure of Coughs, Colds, Sore Throat, Hoarseness, Bronchitis, Spitting of Blood, Pain in the Breast, Pleurisy, Croup, Whooping Cough, and every form of Pulmonary Complaint, that it were a work of supererogation to speak of its merits.

Possessed by a well known physician for more than twenty years above, it has by the wonderful cures it has effected been constantly approaching in public favor, until its use and its reputation are alike universal, and it is now known and cherished by all, and their mothers before them, who have been relieved to health by its use as the GREAT REMEDY for all diseases which it confesses to cure.

Dr. James Clark, physician to Queen Victoria, has given it as his opinion that

Consumption can be Cured!

The whole history of the Medicine fully confirms the opinion of that eminent man. Thousands can testify, and have testified, that when all other remedies had failed, this has completely cured; that when the sufferer had well nigh departed, this has afforded immediate relief; that when the physician had pronounced the disease incurable, this has removed it entirely.

The virtues of the Balsam are alike applicable to cure a slight Cold or a violent Consumption, and its power as a safe, certain, speedy, pleasant and agreeable remedy cannot be equalled.

CAUTION!—Purchase none unless it bears the written signature of "I. Butts" on the wrapper, as well as the printed name of the proprietors.

Wistar's Balsam of Wild Cherry recommended by Physicians.

AUBURN, Sept. 6, 1858.

S. W. FOWLE & Co.—Sirs—I most cheerfully add my testimony in favor of the Balsam. We have used it in our family, in Pulmonary affections, Coughs and Colds, and esteem it a most valuable remedy, and have recommended it in various complaints of this nature with invariably happy results. W. E. LYNCH, M. D.

MINCKTOWN, Jersey Co., Pa., Aug. 1858.

Gentlemen—Having used in my practice the last four years Wistar's Balsam of Wild Cherry, with great success, I most cheerfully recommend it to those afflicted with chronic Coughs, Colds, Asthma, &c.
