FOR PRESIDENT.

ABRAHAM LINCOLN

☞We are requested to give notice that an adjourned meeting of the citizens of the county will be held at the Court House, Saturday evening at half past seven, for further consultation in regard to the payment of Government premiums.

☞We learn that on the night of the 22d, two men, one of them said to be an engineer on the Cattawissa Railroad, appeared at the Cameronia House, in Chillisquaque, and after becoming intoxicated got into a fight with the proprietor, which resulted in the stove being overturned, the bar torn away, bottles and glasses broken, and a soldier who was on his way to the army hit in the face with a bottle and badly injured. Before officers could be brought to arrest them they jumped into a buggy and left.

☞The 45th Pa. Vols. passed through Lancaster en route for the front, on the 18th inst. It was recruited to over one thousand men.

☞The Copperhead seat of Government has been removed from the United States, and is located at Windsor, Canada West. The President, Copperhead L. Vallandigham issues his proclamations from that place to his minions across the lake, and they are considered much more binding than those of President Lincoln; they are so strictly "Constitutional." His latest manifesto is, in effect, if a man hits you in a passion, knock your next neighbor in the head, no matter whether he was a party to the attack or not. For instance, should a Copperhead printing office be demolished by a party of inebriated soldiers, a Union office must be torn down immediately, no matter whether the attaches of the latter do their best to prevent the demolition of the former or not. He has failed to say what should be done in case a Union office should be torn down by Copperheads first; but to carry out the law as laid down by this modern lawgiver, we suppose a Copperhead establishment would have to be scattered to the winds. All his votaries urge obedience to his mandates.

Harrisburg Correspondence.

THURSDAY, March 24.

The Legislature adjourned over until Monday, to accommodate the Democratic Members who desire to attend their State Convention in Philadelphia.

Tuesday, I was told, *ninety three* bills passed the Senate—too many to be duly and carefully considered, as they should be.

The General Bounty Bill has passed both Houses, and I will send it to you as soon as printed.

The bill to make a Turnpike between Lewisburg and Buffaloe X Roads, passed the House.

In Senate, a bill was passed to form a new Judicial District from Lycoming and Union—not that Union is anxious for a change, but Lycoming is; and Juniata is proposed, in another bill to be attached to Judge Woods' district, who might in that case spare Union.

The Jersey Shore Boom-ers have been "prospecting," I think not hopefully. W.

ARMY ITEMS.—The Newbern gas works have been seized as abandoned rebel property.....The Raleigh *Progress* says that D. H. Hill will assume command at Charleston, and Beauregard is to go to the South West.....Twenty-five Union prisoners escaped while under guard near Raleigh.....Two blockade runners, with valuable cargoes, have recently been captured.....On the 20th inst., a block of buildings, in Memphis, fell, burying in its ruins about 40 negroes.....A number of fires, caused by incendiaries, have lately occurred in Vicksburg.....Before daybreak on the 17th inst., the rebels were about to make a formidable attack on Seabrook, S. C., but their designs were foiled by the vigilance of our pickets.....Gen. Smith (Union) captured Fort De Russey, on the Red river, La., together with 300 prisoners and 11 guns.....A new rebel iron-clad has just been launched in the harbor at Charleston, called the Ashley.

☞The Copperheads are "down on" Hon. Michael Hahn, the new Governor of Louisiana on two distinct counts; first, for talking, two years ago, as they do now; second, for recanting, and coming out in favor of the old flag. Verily, these sons of Judas are hard to please.

☞We learn that the Buffalo House property was knocked off to the trustees of the University for $2,900.

The allegation made recently by Mr. F. Waldron, of Md., that Gen. M'Clellan had a personal interview with Gen. Lee after the battle of Antietam, turns out to be wholly false. Mr. Waldron, it seems, was either drunk or insane, and has probably been used by some over-zealous correspondents to get up a sensation.

Our force in the field exceeds that of one year ago by over two hundred thousand men; this is shown by official records in the War Department.

☞The Secretaries of the different School Boards are respectfully asked to answer the questions in the following Circular. The object is humane, and highly commendable, and will receive the sanction of all good citizens:

The Governor, in his annual message, urges upon the Legislature the claims of "the poor orphans of our soldiers, who have given or shall give their lives to the country in this crisis," and expresses the opinion, "that their maintainance and education should be provided for by the State." Of the justice of this claim no one for an instant can doubt. The first step toward carrying out this humane suggestion of his Excellency, is to ascertain the number of such children in the State.

This can best be accomplished by the officers of the school boards, in the several counties and cities. It will be an act of benevolence that will result in good to those who have been made widows and orphans by the war. You are, therefore, requested to forward to this Department, answers to the following questions, viz:

1st. What are the number of indigent children in your school district, whose fathers have been killed, or have died in the military or naval service of the United States?

2d. Are there any institutions of learning in your county, that will undertake to provide for the maintainance and education of a number of said orphans, if security be given that all reasonable expenses shall be paid by the State?

3d. If there are any such schools, how many children will each take?

It is highly important that this circular, with the questions answered, be returned promptly by the fifteenth of April, if possible. This Department can not too strongly urge upon the officers herein addressed, the necessity of prompt action in this matter. They may thereby bring joy to many a sorrow-striken, destitute family.

THE EFFECT OF COPPERHEAD SYMPATHY AT THE SOUTH.—A Southern gentleman writes over his own signature to the Baltimore *American*, deprecating the pernicious influence of Northern Copperhead demonstrations on the rebels of the South. He says:

"I have been a resident of the State of Mississippi for more than twenty three years, was there at the breaking out of the rebellion, and till long after the fall of Vicksburg, and I know something about the pernicious influence of the speeches of the pretended peace party of the North on the rebels of the South. They have done more by their clamor for peace to prolong this bloody struggle than any other single cause touching the war. And by their false pretensions of horror at the great slaughter of human life in this war, they have indirectly been the cause of the untimely death of tens of thousands of their fellow-citizens. If I have any prejudice in this matter, my early education and all my associations through life would predispose me to side with the South. But I see no redeeming features in this unholy rebellion."

It is said that the rebel guerrillas have killed and carried off more than 50,000 hogs on the Kansas border. This upsets the old proverb of the *pen* being mightier than the *sword*.

There will be preaching in the M. E. Church on to-morrow (Saturday) evening at 7 o'clock, by Rev. J Guyer, the Presiding Elder. Quarterly Conference immediately after the conclusion of the services.

REPORT

Of the Committee appointed to Investigate the Payment of Government Premiums for Recruits credited to Union county.

THE Committee appointed by resolution at the Town Meeting held March 16, 1864, to prepare for publication the report made to the said meeting by the committee previously sent to Harrisburg to investigate the payment of Government Premiums, submit the following in obedience to said resolution.

The whole matter is clearly shown by the papers which follow below, and which are genuine copies of the originals remaining of record in the proper offices at Harrisburg. But a few words of explanation may not be out of place.

It is understood by all that the Government, in addition to the bounty, pays a premium to any person who *actually procures* the enlistment of recruits, fifteen dollars for each new recruit, and twenty-five dollars for each veteran recruit. The complaint made by the people against the parties implicated by this report, is that they have taken from the Government a large sum of money upon a representation that they had *actually procured* the enlistment of the recruits on whose account they have drawn the premiums. The justice of this complaint will be acknowledged by an inspection of the following papers.

The first paper is the form of the certificate made in each case by the recruiting officer and without which the money could not have been obtained.

The next paper is a copy of the bill made out by Sergt. L. J. Crossgrove for the first squad of recruits taken to Harrisburg. A similar bill was made out for all the recruits, and, when paid, was a voucher to the disbursing officer.

The resolutions adopted by the meeting are as follows:

Whereas, the Government by an order of the War Department pays for every recruit mustered into the United States' service under the late call for volunteers; and, whereas, the patriotism of the people have raised local bounties to aid the Government in procuring said volunteers, and individuals of the several localities having spent their time and used their best endeavors to recruit the men, and paid men especially for recruiting, therefore,

Resolved, that whatever money is paid for recruiting the men belongs justly to the localities that furnish the men.

Resolved, that we will aid the Government in putting down this unholy Rebellion, whether upheld by Rebels in front or Robbers in the rear.

Resolved, that we will, to the utmost extent of the law, punish every person found guilty of cheating or swindling the Government or the people.

Hoyt's Hiawatha Hair Restorative.

The standard staple preparation for the hair, *warranted* in all cases to restore faded and gray hair, and whiskers, to their original color. It does not claim to make the hair grow in where it has once fallen out; nothing will do that whatever may be advertised to the contrary, but it will prevent it from falling out, make it soft and silky, cleanse it and the scalp from impurities and humors, and effectually overcome bad effects of previous use of preparations containing sulphur, sugar of lead, &c. It requires no washing, washing, and hours for its application, nor will it stain the skin, but is so easily applied and wiped from the skin or any hair dressing. It restores the natural shading of one hair with another, which gives a lively appearance instead of the dull uniform black of dyes.
