TOON, NELSON & CO.,
NO. 44 UNION STREET,
Have received the following very popular Work which they offer at Publishers prices.

REV. C. H. SPURGEON.
OF LONDON.
His Sermons, with an Introduction and Sketch of his Life,
BY THE REV. E. L. MAGOON,
With a fine Lithograph Portrait.
1 volume 12mo, Muslin. 357 pages. Price $1.

"Never, since the days of George Whitfield and Edward Irving, has any minister of religion acquired a great reputation as this preacher in so short time. There is no man in Great Britain who can draw such immense audiences; and none who in his happiest efforts, can so completely enthral the attention and delight the minds of his hearers."—*Correspondent of the Independent.*

"What the Jenny Lind *furore* was in the musical world the Spurgeon mania seems to be in the Calvinistic one; for wherever the young declamatist goes, the people rush to hear him with a suffocating, elbowing, almost fight vehemence, amusing enough if you be sufficiently high to overlook the crowd, but the choking and alarming if you should yourself be in the midst of the melee. The latter was my case on Tuesday evening last, and I write with ribs sored and wrists bruised in my efforts to reach Broadmead Rooms, but only to be too thankful that I ever got out with my life."—*Bristol (England) Paper.*

"He is rated by his adherents above Fox or Whitfield. Converts and baptisms are frequent and numerous. Exeter Hall will not contain the multitude who seek to catch the sound of his voice."—*New Yorker.*

UNION AND AMERICAN.

NASHVILLE, SATURDAY MORNING, SEP. 20, 1856.

NASHVILLE THEATRE.
This establishment will open for the regular season on Monday evening next. Within the last few days, artists, carpenters, property-men, upholsterers, &c., have been busily at work making such alterations in the interior as will make the Theatre one of the handsomest and most comfortable places of amusement in the Union. Mr. DAVIS, the new lessee, is determined that nothing shall be wanting on his part to insure the support of the public. The auditorium has been re-decorated, the seats newly covered, private boxes added, new scenery painted, and an entire new wardrobe made. Furnaces are also to be introduced which will thoroughly heat the house in the coldest season. The company already engaged consists of first class talent and report speaks very highly of many of them. They are all, we believe, new to our city. Mrs. W. WARD, a lady of great histrionic ability, will appear on the opening night, and we have no doubt but our citizens will amply repay the well directed efforts of Mr. DAVIS to furnish them with a dramatic treat of the highest order.

☞ A Grand Democratic Mass Meeting and Free barbecue will be given by the citizens of Robertson and Sumner counties at White Hill, one mile south of Tyree Springs on Thursday, September 25th, and at Springfield on the 26th.

Wood's Hair Restorative.—This wonderful preparation is having an extensive sale in all parts of the Union. It is one of the few patent medicines which are now sold over the country, that are really what their inventors claim for them. Wherever it has had a fair trial, the result has been precisely as Wood predicts. It has never failed to turn the white hair back to the natural color, where the directions have been strictly followed, and in numerous cases it has restored the hair upon heads that had been bald for years. It is not pretended that it will make the hair grow in every case, but where it fails there is certainly no remedy. The restoration of the hair has been effected in so many instances where the case seemed utterly hopeless, that it is certainly worth while for all who have lost their hair to try the experiment of using a bottle or two of Wood's Restorative.—*Mobile Workman.*

SHARPE'S RIFLES.—All sportsmen, who are in want of a good and reliable gun, especially adapted for large game such as Bear, Deer, &c., are invited to call at the store of Fall & Cunningham, No. 47, Public Square, and examine "Sharpe's Patents porting Rifle," which in rapidity of firing, accuracy of aim, and length of range is far superior to any gun ever invented, and unlike any other Patent Gun its construction is so exceedingly simple that it is not more liable "to get out of order" than the common Kentucky Rifle.
F. & C. have also a few shot guns made on the same Patent.
NASAVILLE, July 16, 1856.—6m.

NOTICE TO CONSIGNEES.
TRANSPORTATION OFFICE, N. & C. R. R.
NASHVILLE, September—, 1856
THE Draymen of Nashville having discontinued receiving goods at the Depot, Consignees will hereafter be notified of the arrival of their goods and furnished with a bill of freight due on same. Any one presenting the notice and paying the bill will be recognized as the authorized agent of the Consignee. The responsibility of the road terminates with the delivery of the goods, and claims for deficiencies and damages will not be allowed after delivery unless by consent. It being the duty of the agent to have in his possession evidences of delivery, consignees or their agents will be required to receipt for all articles as delivered. Notices for all consignees whose place of business or residence is not known, will be sent to the Post Office. CHAS. W. ANDERSON, Agent.
N. B.—The object of the above notice is not to give Consignees any unnecessary trouble, or compel draymen to assume responsibilities that do not legitimately belong to their business, but simply to define the position of the road, leaving merchants and draymen to make their own arrangements.
