CANCER OF TONGUE!

A CASE RESEMBLING THAT OF GENERAL GRANT.

Some ten years ago I had a scrofulous sore on my right hand which gave me great trouble, and under the old-time treatment was healed up, and I supposed I was well. I found, however, it had only been driven to the system, and developed in the form of a tumor on the tongue. I took it out in my throat and demonstrated its whole course. The doctors diagnosticated cancer. I was placed under treatment for this disease, which I continued for three years, visiting the country and use all different times under their charge, among them three specialists in this line; but one after another would exhaust their skill and drop me, for I grew worse continually. The cancer had eaten through my cheek, disfigured the roof of my mouth and topped up; then attacked my tongue, palate, and eat up, destroying the palate and under lip entirely and half my tongue, eating out to the roof of my left cheek-bone and up to the left eye. From a hearty robust woman of 115 pounds I was reduced to a mere frame of 80 pounds, and so crippled I was unable to turn myself in bed. I could not eat any solid food, but subsisted on milk and my tongue was so far gone I could not talk. The anguish of mind and the horrible sufferings of body which I experienced never can be retraced. Given up by physicians to die, with no hope of recovery upon the part of friends who sat around my bedside expecting every moment to be my last, in fact, my husband would place his hand on me every now and then to see whether I was alive or not, and at one time I had ceased breathing, I was pronounced dead, my death was reported all over the country.

Such was my wretched and helpless condition the fall of last October 1884, when my friends commenced giving me Swift's specific. In less than a month the swelling began stopping, the cancer commenced well from the heart. Aperture in my cheek has healed and firmly knitted together. A process of a new under lip is progressing finely, and the tongue, which was almost destroyed, is being reconstructed, and I am able to talk very plainly, in a new tongue. I can talk so that my friends can readily understand, can and can eat solid food again. I am able to walk about wherever I please without the assistance of any one, and have gained fifty pounds of flesh. All this, under the blessing of a merciful Heavenly Father, is due to Swift's Specific. I am a wonder and a marvel to all my friends, hundreds of whom have known my intense sufferings, and have visited me in my afflictions. While I am not entirely well, yet my gratitude is none the less devout, and I am confident that a perfect recovery is now in sight. If any doubt these facts, I would refer them to Hon. John H. Traylor, State senator of this district, who is my neighbor; Dr. T. S. Bradfield, of La Grange, Ga., or to any other persons living in the southern part of Troupe county, Ga.

CITY AND SUBURBAN.

DEMOCRATIC CONVENTION.

The Representatives of the People to Assemble Here July 29th.

The State Convention of the Democratic party will meet here at 12 M. July 29th to nominate candidates for Governor, Lieutenant-Governor, and Attorney-General, and will, it is expected, continue in session two days. The Theatre has been secured for its meetings, and the prospect is that the Convention will be largely attended. The hotels are making arrangements to comfortably quarter and feed all who may come, and at reasonable rates.

The Convention is not only to nominate these three candidates to be voted for in November and go in office January 1, 1886, but is to adopt a platform for the party suited to the present condition of affairs in the State, and to elect members of the State Committee.

The preparations being made indicate that the Convention will be well cared for; that is, as well as the warm weather will allow, and to temper the asperities of it there will be at hand plenty of palm-leaf fans and ice-water.

A band of music will be engaged for the occasion.

In these preparations the District Committee (Messrs. Berne, Hancock, and Nash) are acting with a sub-committee of the City Committee. The former will collect the money to pay Theatre rent and band hire, and the latter will attend to nearly all else. Among other things they (Messrs. H. M. Smith, Jr., and E. A. Cullen) have to do is to secure ten comfortably-sized halls for headquarters of the district delegations. There are ten congressional districts in this State, and at 10 A. M. of the 29th the delegates from each of these districts will meet to choose a member of the Committee on Credentials, a member of the Committee on Permanent Organization, a member of the Committee on Resolutions, and members of the State Committee.

For each delegation a room will be needed capable of holding from fifty to seventy-five men. Some of these district headquarter-rooms have already been secured—viz., two very large rooms at the Exchange Hotel, and one each at the following places: Ford's Hotel, St. Claire Hotel, Murphy's restaurant, and Krouse's European Hotel. Four more such halls will probably be obtained to-day, and then the committeemen will assign the delegations to the halls they are to occupy, and the publication thereof will be made.

The Theatre will be divided off by placards into ten sections—one section for each congressional district—and every effort will be made to arrange the delegations in the most agreeable way. Tickets to the Theatre, for delegates and for alternates and others, will be printed here, and will be turned over to the secretary of the State Committee, by whom they will be distributed. The chairman of each city or county or district delegation usually gets the tickets for himself and colleagues.

Parnell Parliamentary Fund.

Sunday afternoon there was a joint meeting at Cathedral Hall of Richmond Branch, No. 80, and Thomas Brennan Branch, Irish National League of America, for the purpose of devising means to raise a Parnell parliamentary fund, to aid in electing and sustaining Home-Rule members to Parliament. The matter was fully discussed—Captain J. L. Capston in the chair—and it was decided to appoint committees from each district to solicit subscriptions.

A committee of twelve were elected as follows:

West of First street: William Rankin, J. V. Reddy, T. McGovern.

West of Twelfth to First: E. Cummins, P. J. Burton, James T. Ferriter.

Twelfth to Twenty-fifth street: J. Kelly, E. P. Murphy, A. W. Roesse.

East of Twenty-fifth street: James Hayes, John O'Keefe, Philip O'Neill.

Norfolk and Portsmouth: Patrick Keenan.

John Murphy and J. L. Capston were made collectors at large.

Mr. William Rankin was elected treasurer of the fund, and Mr. Ed. Cummins chairman of the Committee on Collections.

A meeting of the committee will be held at Mr. Cummins's, on Broad between Ninth and Tenth streets, this evening.

Death of Father Benno.

A telegram received last evening at St. Mary's Benedictine Priory, corner of Fourth and Marshall streets, from Newark, N. J., announced the death at 4 P. M. yesterday, in that city, of Rev. Father Benno Hegele, O. S. B., formerly of St. Mary's German Catholic church in this city, of which he had been pastor twelve years, but which he was compelled by ill health to resign about a year ago.

Father Benno was greatly beloved by his congregation, and highly esteemed by all outside of his Church who knew him. His zealous labors in the cause of religion endeared him to his flock to such a degree that the announcement of his demise will be received with the deepest regret.

Father Benno was forty-seven years of age, over twenty of which he had devoted to the service of God, as a member of the Order of St. Benedictine and of the priesthood.

Purchase of State Bonds.

The following Virginia new 3 per cent. bonds were purchased yesterday by the Commissioners of the Sinking Fund, under their advertisement for offers of bonds of July 9, 1885:

From Lancaster & Lucke, $5,000 at $54.50.

From Davenport & Co., $18,000 at $54.24; $5,000 at $54.30; $2,000 at $54.37½; $4,000 at $54.50.

Amount of bonds purchased, $34,000 at a cost of $18,473.70.

The high prices asked prevented the Board from making a larger investment in the bonds.

Actor Mitchell All Right.

Early last week a long article was copied in this paper from the New York *World* showing that Mr. Charles Mason Mitchell had most probably been massacred during the Riel rebellion whilst acting in the capacity of an independent scout. Connections of Mr. Mitchell living in Richmond have received the authentic and cheering intelligence that Mitchell is all right, and left Winnipeg on Friday last for New York. His many friends here will be pleased to learn this.

Henrico Democrats.

The Henrico Democratic Committee will hold a meeting at the county court-house on Saturday next at 11 o'clock.

The Water Turned On.

The water has been turned on the Old reservoir at last. It was turned off directly after the finding of Lillian Madison's body, the 14th of March, over four months ago, and, with the exception of a few days, has been off ever since. During that period there has been much dry, hot weather, and for most of that time our citizens have had to endure the dusty streets, which were allowed to be sprinkled only at night.

It is thought now, however, that this reservoir is in good order, and that we can have an abundant supply of water for all purposes.

The Good Templars.

The campaign of the Good Templars having closed in this city, they determined to storm the fort in Manchester, and on Sunday night Major Holden, with a large number of the members of the lodges in this city, went over to that city, where a meeting had been arranged for in the Central Methodist church. A very large audience had assembled previous to the arrival of the speaker. The choir of the church discoursed excellent music.

The meeting was opened with prayer by the Rev. Mr. Thornhill, of the Baptist church. Rev. W. H. Christian, pastor of the church, introduced Major Holden, who spoke for over an hour in an earnest, impressive manner. The large audience seemed deeply interested as the speaker warmed on the great subject which he had in hand. The interest in the temperance question manifested itself when, at the close, on calling for volunteers, forty-one responded as ready to organize a lodge of Good Templars.

The new lodge was organized as soon as the public exercises closed. The following officers were elected and installed: J. R. Tillery, W. C. T.; Miss Cora Morris, W. V. T.; G. W. Jewett, W. S.; Charles Galloway, W. F. S.; Mrs. Mary E. Foster, W. T.; J. T. Jewett, W. M.; R. C. Traylor, W. C.; Miss Lena Lithgow, I. G.; R. J. Hall, Sentinel; Philip Browder, P. W. C. T.; Miss Vania Bailey, D. M.; Mrs. M. O. Jewett, R. H. S.; Miss Jennie Crooks, L. H. S.; Miss Ada Morris, A. S. The lodge will be known as "Star of Hope."

Major Holden had another good meeting in Manchester last night at the Central Methodist church, and forty-one more names were added to the roll, making a total of eighty-two charter-members. A resolution complimentary to Major Holden was passed with great unanimity.

To-night a grand rally of all the Good Templars of this city will take place at Elliott's Hall, corner of Fifth and Marshall streets. It is to be a firewall meeting to Major Holden, who leaves on Wednesday.

Steamer Ariel will leave Richmond to-morrow morning at 7 o'clock, touching at Cox's wharf 8 A. M., Bermuda Hundred 8:30 A. M., City Point 9:45 A. M., and arrive at Old Point about 1 P. M.; take steamer up the bay and Potomac river, arriving in Washington Thursday morning at 6 o'clock. Tickets good for ten days. Returning, go on board steamer Ariel at Old Point at 5 o'clock P. M. Friday, July 24th, spend a night free of charge, and return to Richmond Saturday morning.

In the fifth inning Smith was substituted by Lancaster for Deagle. The fielding of the Virginias was perfect, and the game as a whole was very interesting. Score:

Eastern-League Record.

The following is a detailed record of the games played by the clubs of the Eastern League, and with which clubs they were won and lost. The table is for all games, including those of yesterday:

The Virginia Club is now nine games ahead of her nearest competitor, the Washington Nationals, and the team are playing such ball that it is hardly likely they can be overtaken. It's possible, but not probable. Trenton is third, Lancaster fourth, and Newark fifth. The Norfolk Club brings up the rear. There is, however, but a small margin between the four last-named clubs, and a week is likely to make some change in their relative positions. All the clubs have been strengthened, and are playing an even game.

"Sporting-Life" Notes.

Newark is giving Pitcher McCaffrey, of Baltimore, a trial.

The Virginia Club have thirty home-runs to their credit.

The Lancasters are about the freest batters in the Eastern League.

A strong point about the Virginia Club is that the team plays as good ball abroad as at home.

This has been an unlucky trip for the Nationals. It does seem as if the club was only very strong at home.

"Jonny" Latham is getting himself disliked in all the cities visited by the Virginia Club by his extensive and inelegant vocabulary.

The attendance at the Nationals' games is not what it was earlier in the season, owing to the club's apparent inability to catch Virginia.

Manager Simmons, of the Virginias, started with eleven men, and he has not signed nor retained a player this season. How many managers have done this?

The Eastern League certainly contains some fine pitchers—viz., Kimber, Fyle, Orme, Wetzel, Mattimore, Henry, Hickman, Hughes, G. Smith, Cox, Murphy, Tiernan, and Deagle.

Richardson, that fine utility player, is not getting much chance to display himself on the New Yorks. This inaction chafes good players, especially one of his kind, who would rather play than eat.

Kimber, of Virginia, and G. Smith, of Newark, performed some worthy pitching feats last week, each disposing of Newark and Norfolk respectively for but two hits in an entire game.

Lancaster never had so good a team as the present one, and it should receive support. It would make a fine team for the Southern League.

Several players of the Lancaster Club have been fined because the stockholders do not think they have been playing the ball that they should, and others will receive less than their salaries because it is alleged that they have violated rules of the team. The players feel greatly aggrieved at the action of the club's management.

A regular meeting of the Missionary Society of the Bainbridge-Street Baptist church was held at 5 o'clock Sunday afternoon. Considering the intense heat and the cloudy appearance of the weather there was quite a fair congregation present. Rev. Dr. W. E. Hatcher was present and delivered a very interesting address, giving a brief sketch of the work done by the Education Board, for the aid of which this Society was organized. He said that since the organization of this Society the Bainbridge Baptist church has contributed more liberally, considering its ability, to the Education Board than any other church in the State.

Meetings will be held in the several wards of the city to-night for the purpose of electing delegates to the Legislative Convention. Each ward is entitled to four delegates, except the Fourth, which is entitled to five. In the First Ward a delegate and alternate to the State Convention will also have to be elected. These meetings will be held at the usual places, and should be well attended.

Paul Taylor, a youth about thirteen years old, who lives in this city, came near being drowned while bathing in the river near Mayo's island Sunday afternoon. Hot Weather.

In the shade at numerous places in this city on Sunday the thermometer was up to 100 degrees. A storm-cloud—very promising-looking, but non-productive—arose in the afternoon and brought down the temperature considerably.

The thermometer at the *Dispatch* office at 3 P. M. yesterday indicated 97. The heat was very severe, but not as bad as on Sunday, for there was some breeze.

The health of the city continues very good, indeed, but the heat is driving people away in crowds.

A Colored Boy Drowned.

A DOUBLE TRAGEDY.

A Wife Falls Dead on the Body of Her Husband, Burned to Death.

A Pittsburgh special says: The body of a man almost burned to a crisp was found at an early hour this morning by two men on Market street, McKeesport, about fifteen miles from this city. The limbs and trunk of the body were a black mass, and the face was horribly contorted, indicating the terrible sufferings of the man. He was recognized as Patrick Flaherty, a laborer, who lived with his wife and five children
