LANCASTER, PA., May 31.—(Special.)—The Johnny Rebs made their first appearance in Lancaster this afternoon, and after a sharp engagement with Captain Ward's Maroons were vanquished by the close score of 9 to 8. Despite the lengthiness of the game, some yellow fielding and poor umpiring, the uncertainty of the result made it the most exciting contest of the season. The Richmonds owe their defeat to young Hepting, Lancaster's fledgling, who, in the face of the most discouraging support, pitched splendidly. The visitors played a sharp, hard fielding game, but marred their work by attempting dirty tactics. Stuart tried to kick Madison in the face in being retired in a futile steal. Elberfeld attempted to block Larocque, and was knocked down for so doing, and Steelman made an effort to knock a caught ball from Larocque's hands. Umpire Cline was away off in his balls and strikes decisions, the clubs suffering about equally from his incompetency. The Richmonds were unable to touch Hepting for two innings, but in the third they opened up on the youngster in lively style, and singles by Elberfeld, Stuart, Steelman, and Leever, and a double by Kain, aided by three errors, and a hit by the pitcher, netted five runs. Hepting steadied up after that, and during the rest of the game allowed only four hits. Two of them—a single by Wells, and Red McDonald's double—came in the fifth inning, and helped by Buttermore's bad muff, resulted in two runs. The eighth run was scored in the sixth by Leever, who went to base through another error by Buttermore, and scored on Ward's wild throw. Meantime, the Lancasters were having trouble with Schoolmaster Leever. He was stingy with hits, but very liberal with bases on balls. In the first six innings the Maroons connected with them successfully only three times, which, with an equal number of free bases to the initial bag, and errors by McDonald and Elberfeld, netted three runs. They caught his combination in the seventh, and on three singles, two bases on balls, and three stolen bases, scored four runs. The locals increased their score to nine in the last inning, and the Reds marched up for their last bat with one run less. Bill Stuart opened auspiciously with a single, only to be retired a moment later in attempting to steal. Pitcheman Hargrove ingloriously fanned out, McDonald knocked an easy grounder to Ward, who ended the game by throwing the red-thatched chap out at first.

The Former Won in a Close Contest by Good Stick Work.

HARTFORD, CONN., May 31.—(Special.)—Hartford won from Paterson in a close contest this afternoon by superior stickwork. The visitors played a listless game, their poor base-running being a feature in this respect. Gastright's work in the box and at the bat won the game for Hartford. Score.

NORFOLK LOST.

Newark, Although Outbatted, Won the Game.

NEWARK, N. J., May 31.—(Special.)—Although slightly outbatted by Norfolk this afternoon, Newark had no trouble in landing the game at Shooting Park by the score of 7 to 2. The defeat was especially galling to Manager Smith in more ways than one. To begin with, he ordered Catcher Heydon to the bench in the second inning for failing to hold two of Newton's wide curves. After this things went along smoothly enough, until the seventh inning, when the visiting right-fielder again got into difficulty. This time it was with Umpire Snyder, and when it came to a case of getting out of the game the boot was on the foot. Smith was caught napping at second by a clever throw from Hodge to Gilman, and when Snyder called the runner out, Smith protested in no mild terms. Charley ordered him to keep quiet, but when he still persisted in kicking he imposed a fine. Still Smith kicked, and then Snyder ordered him out of the game, and told him to leave the grounds. Smith has been making himself anything but popular with the local crowds during the present series, and the cranks were one and all with Umpire Snyder in his ruling. Norfolk secured eight hits off Pitcher Cogan, but on only one occasion were they bunched so as to bring in an earned tailey. Cogan was particularly effective with the men on bases, and no less than seven of the opposing batsmen fanned the air in vain endeavors to connect successfully with the sphere. Newton pitched well enough to win an ordinary game, but all of the locals' six hits came at the right time, which accounts for the difference in the score. The score:

READING, PA., May 31.—(Special.)—Reading succumbed to the Athletics today in a well-played game. Jordan, for the visitors, pitched a magnificent game, allowing the home players but one hit. His support was none of the best. Lucid was admirably supported. He was somewhat wild, and gave five free passes to first. This was his first appearance with the Reading Club, and he was heartily applauded. Score:

NATIONAL LEAGUE BALL.

Twenty Thousand People See New York Defeat Pittsburg.

NEW YORK, May 31.—Twenty thousand persons saw the New Yorks administer a good drubbing to the Pirates this afternoon at the Polo-Grounds, the morning game having been postponed on account of rain. It was all over after the first inning, when the Giants scored eight runs, on a double, a couple of singles, and errors by Pittsburg. Tannehill went in to pitch for Pittsburg, but could stand the pace for only two innings, when Hastings relieved him, and pitched good ball. Rusie was in good form, and pitched a pretty game.

WON WITH A HOME-RUN HIT.

Host's Lucky Strike in the 7th Gave Newport News the Game.

Pitcher Host, for Newport News, hit a home run to centre-field, when three men were on bases, and won the game from Pop Tate's team at Broad-Street Park yesterday afternoon.

About 150 rooters journeyed to the park just because a ball game was to be played, but they got more than they even hoped for, for quite a ball game was played. The locals had everything their own way until the fated seventh, when Host performed the trick of making a home run, putting his side one ahead. The lead was not taken again, though it was fought hard for. The college men who assisted the professionals played like old-timers, and were warmly applauded. Sholta, Marr, and Tate did very nice work, but they did not eclipse their associates. Marr got in a home run, and brought in young Ratcliff, who was perched on second.

Newport News had a hard up-hill fight, but they kept everlastingly at it, and quit winners. Host pitched a fairly good game, but if he had not gotten that homer he would never have won.

Pop Tate played a good first base, making a brilliant catch of a short first-line foul, but he did not get a hit.

The score by innings follows:

Mr. Morgan's Point—Illegal Congress Session—Tariff Litigation.

WASHINGTON, D. C., May 31.—The point made by Senator Morgan in the Senate that the present proceedings in the House under the rule of semi-weekly sessions, with its adjournment for three days, are unconstitutional, is giving anxiety to some of the Republican leaders. The question was discussed to-day by several Republican members of the Ways and Means Committee, who were in the committee-room, and two of them expressed the opinion that Senator Morgan's view might prove to be correct. The possibility that importers may stir up considerable litigation over the tariff bill after it becomes a law, following the suggestion by Senator Morgan that Congress could not be legally in session when the Senate passes the bill, is viewed with some apprehension by a minority of the committee, though not by Mr. Dingley.

Speaker Reed, it is said, does not in the least share in the apprehension of those who think there is something in the point, but believes that the House can fix the days of its adjournment. It is pointed out that on the occasion when senators desired to go to Monticello, Mr. Chandler, on Wednesday, moved, and the Senate adopted the motion, that when the Senate adjourned on Thursday it was to meet on the following Monday, and the whole objection made in the Senate to the proceedings of the House were covered in that order.

TILLMAN SUGAR INQUIRY.

Objection to Democratic Chairmanship of Committee.

WASHINGTON, D. C., May 31.—There will be an effort on the part of some senators to have the Senate Committee on Contingent Expenses amend the Tillman resolution for an investigation of the charges that senators have been speculating in Sugar stock, and to have the inquiry made by a standing committee. Objection is made on the part of some of the Republican senators to having the chairmanship of the committee go to a Democrat, as it would do if the author of the resolution should be given this post.

While this is parliamentary practice, it is not always followed in the Senate. The resolution under which the inquiry of 1894 was conducted was introduced by Senator Lodge, though the original resolution leading up to the investigation was presented by Senator Peffer. Senator Peffer was not given a place on the committee, and Senator Lodge was given the place next to the last.

It is suggested by those who object to a special commitee that the investigation should be made either by the Committee on Privileges and Elections or by the Committee on Judiciary.

NATIONAL T. P. A. CONVENTION.

Attendance Large—Election of President.

NASHVILLE, TENN., May 31.—Delegates to the National Travellers' Protective Association, which meets at the Capitol in this city to-morrow, are arriving on every train, and the attendance will be very large. Much interest is shown in the election of president, J. A. Lee, of St. Louis, declining to again serve. The contest promises to be a lively one. The 5,000-mile interchangeable railroad ticket is the most prominent subject discussed by the delegates who have arrived, and by the many railroad men who are also in attendance.

The drowning of a woman is a shuddersome sight. Yet it is swift and comparatively painless, and blissful, compared to the pain and agony suffered for many years by many thousands of women. Most of the suffering endured by women may be traced to one great, aggravating set of disorders. The woman who does not take proper care of the organs distinctly feminine is sure to be sickly, nervous, fretful, and racked with pain. She is unfitted for wifehood and motherhood. Every woman owes it to herself to be strong and healthy in a womanly way. She may insure this if she will use the proper remedy.

The greatest of all medicines for weak and suffering women is Dr. Pierce's Favorite Prescription. It acts directly upon the delicate organs that make wifehood and motherhood possible. It makes them healthy and vigorous. It cures all weakness and disease. It allays inflammation, soothes pain and stops weakening drains. The nerves become steady, and calm, and health resumes its natural sway throughout the system. It prepares for wifehood and motherhood. Over 90,000 women have testified to its marvelous virtues and all good druggists sell it.

Ignorance of her own physical nature is responsible for a great deal of the pain and suffering that woman undergoes. Dr. Pierce's Common Sense Medical Adviser is the best medical book for the home. It is now on the bookshelves of over a million American households. Several chapters of the book are devoted to the diseases and weaknesses of the organs distinctly feminine. Every woman should read it. It contains over 1,000 pages. Any one may obtain a paper-covered copy, absolutely FREE, by sending 21 one-cent stamps to cover the cost of mailing *only*, to World's Dispensary Medical Association, Buffalo, N. Y. If a handsome, durable cloth binding is desired, send ten cents extra (thirty-one cents in all).
