The Richmond club did not play yesterday. There was a game scheduled, but a circus was also scheduled for the same day, and not being willing to take chances of playing to empty benches, the Champions and the Allentown tail-enders doubled up on Tuesday, leaving yesterday an open date and giving the ball-tossers a chance to see the tented exhibition.

The Richmond club has done valiant work since it left home. It is true it has won nothing but the Allentown team, but the tail-enders have given the Champions hard fights in each of the four games, and the victories were hard-earned by Wells's lads. This afternoon the boys open up an engagement with Lancaster, and on Monday they return home to open up with Paterson. They will remain here only one week, but during that time they will play eight games—four with Paterson and four with Allentown. The Champions are far in advance of the other clubs now, and it would seem that it would be the easiest thing imaginable for them to land the pennant, unless the other teams strengthen greatly.

LANCASTER DEFEATED SCRANTON.

The Visitors Could Not Touch Minor, and Were Easily Beaten.

LANCASTER, PA., May 24.—(Special.)—Lancaster this afternoon defeated Scranton by a score of 8 to 4 in a game that was featureless, outside of the fine pitching of Minor. For five innings the visitors could not touch him, and after that got only four hits, two of which were rank scratches. Here is the score:

STOCKS ARE LOWER.

DULNESS OF MARKET ENTIRELY NORMAL FOR THIS SEASON.

TOBACCO SHARES NOTABLY WEAK.

Some of the Newly Floated Industrials Having a Rather Hard Time—Wheat Strong and Higher—Provisions Lower.

NEW YORK, May 24.—The prices of stocks drifted to a lower level to-day in the uncertain and irregular manner which is characteristic of a dull and undecided market. The dulness of the market is entirely normal for this time of the year, when the fate of the coming crops, on which so much depends, is still in the balance. In present conditions, however, the market has several unfavorable factors to contend with. In the first place, there is evidently hanging over it still some of the large holdings that were taken on for the purpose of averting a panic, and which are offered for realizing purposes at a certain point in any advance.

In to-day's market also it was rather obvious that some of the newly-floated Industrials were not having an easy time. This was especially true to the various companies which were to have been aggregated in the projected steel combination, the plan for which seems to have been materially altered. American Hoop, Tin-Plate, Steel and Wire, and National Steel were all quite acutely affected, and in the late dealings Federal Steel and Colorado Fuel also succumbed to attack. The continued heaviness of Amalgamated Copper in the outside market also gave evidence of the saturated state of the public demand for new Industrial securities.

BEARS HAVE GOOD FIELD.

Add to these incidents of weakness, continued fears that the coming crop would turn out badly, and the bears had a good field for operations. There was very little resistance offered to their manipulation, but their operations were not very bold, and not on a very large scale. The early strength in Sugar served to deter them somewhat. The failure of the foreign wheat market, after the recent holiday, to be impressed with the fears expressed in the domestic market regarding the crops, also had its influence in restricting operations of the bears. The break in Sugar, however, and the persistent weakness of the steel stocks, and the rally in wheat encouraged a late attack on the market, which was directed principally against the so-called Gould Southwesterns and Brooklyn Transit. The whole railroad list showed the effect of the raid, but the Grangers and Atchison preferred showed the least resistance.

Net losses are the rule, but in the railroads are restricted to fractions, except for a few cases. Sugar was the leader in point of activity, and after covering 3 1-2 points, closed 1 5-8 lower.

TOBACCO WEAK.

The Tobacco stocks and Anaconda were also notably weak, the latter on London selling, accompanied by a further decline in the price of copper. Air-Brake lost 11 1-2 points.

The demand for railroad bonds continued active, and the market was strong, many of the reorganization 4 per cents. continuing to make new high records. New issues, which are, in course of disposal by underwriting syndicates, and second-grade bonds, are about all that have not been put at prohibitive prices. Total sales, par value, $2,790,000. There is a good investment demand for government bonds, which are at record prices. The 3's, the 5's, and the old 4's, registered, advanced 1-8 in the bid price to-day.

The total sales of stocks were 391,000 shares, including Atchison, preferred, 31,955; Burlington, 13,490; Manhattan, 9,080; Missouri Pacific, 1,900; Northern Pacific, 11,400; St. Paul, 14,177; Union Pacific, preferred, 7,105; American Steel and Wire, 16,150; Federal Steel, 18,650; People's Gas, 14,550; Brooklyn Transit, 25,685; Continental Tobacco, 5,870; Sugar, 40,775.
