VOLUME IS MUCH LARGER

Dealings on Stock Market Yesterday Showed Marked Increase Over Recent Days.

MUCH SELLING WAS DONE

Dimensions of Gold Movement Produced Much Influence Upon Sentiment.

(By Associated Press.)

NEW YORK, May 12.—There was a further expansion in the volume of dealings in the stock market to-day, due to the increased pressure to sell stocks, the weakness being more distributed than was the case yesterday. Much influence upon sentiment was produced by the imposing dimensions of the gold movement. The May shipments and engagements for Saturday aggregate more than $25,000,000. The sustained level of the foreign exchange rate makes it evident that the movement has not lost its force, and estimates vary widely as to its limits, which have already reached over $40,000,000, since its inception in April. Heavy demands for corporation purposes are still ahead of the money market.

The statement of domestic exports published for April to-day, contained a gratifying surprise in the heavy increase in value of cotton exports over last April. The gold movement shared in influence with the continuing effect of the crop condition and declining tendency of the Iron and Steel trade. United States Steel common showed a new low record to-day and the preferred stock suffered acutely from the discussion of its prospects for maintained dividends. Further reports were received of decreased railroad earnings. The feeling of general distrust over the stability of the market led to free throwing over of stocks and a sharp break in prices late in the day.

Light covering by room shorts steadied the closing. The rebound in Consolidated Gas on the veto of the Remsen gas bill looked like a squeeze of shorts.

Bonds were irregular. Total sales, par value, $1,850,000.

United States Bonds were unchanged on call.

Total sales were 415,700 shares.

BALTIMORE STOCK MARKET.

BALTIMORE, MD., May 12.—Seaboard Air Line preferred, 17¼@17⅜. Atlantic Coast Line common, 107 bid.

COTTON MARKETS.

NEW YORK, May 12.—The cotton market opened easy at a decline of 3@13 points under liquidation for yesterday's late buyers and a renewal of local bear pressure in response to lower English cables than expected. Weather advices were generally favorable, aside from a continued need of rain along the Atlantic Coast, but the expectation of a complaint from these sections seemed to strengthen the new crop positions, and for a time the market held about steady around the opening figures. Breaking to a net loss of 5@11 points a little later on another wave of liquidation in the absence of support, it was rallied again shortly after mid-day and showed a net gain of 1@2 points on the new crop, while the loss on the old crop months was cut down to a matter of 4@5 points. This was followed by another spell of irregularity, but toward the close one or two of the Wall Street wire houses turned heavy sellers, and the market was finally barely steady at the lowest prices of the day, a net decline of 5@15 points. Sales were estimated at 125,000 bales, a good proportion of which was transacted in the last hour. The early selling was largely for European account, apparently, though it also represented the liquidation of the scalping element, who had gone home on yesterday expecting further advances this morning. Private Liverpool cables indicated weakness in the spit situation, the reason for the decline in futures. A report was circulated during the day that there would be a minus correction of 17,000 bales in the Boston stock, and there was also talk of large clearances from New York toward the end of the months, these having some effect on the mi-day bidding.

Receipts of cotton at the ports to-day were 4,615 bales against 2,429 last week and 7,106 last year, or the week 25,609 bales against 34,812 last week and 56,659 last year. To-day's receipts at New Orleans were 1,909 bales against 3,435 last year, and at Houston 451 bales against 2,218 last year.

Cotton futures opened easy and closed barely steady:

NEW ORLEANS, LA., May 12.—COTTON—Spot cotton dull and easier; sales, 600 bales, including 400 to arrive. Quotations 1-16c. lower.

Futures under the influence of disappointing Liverpool cables opened 4@11 points lower. The big bulls showed not the slightest disposition to support price, but nevertheless prices made fair recoveries from the initial decline. It might be said that the big reduction in the Boston stock of cotton had more effect this morning than it had yesterday. Again the weather map was decidedly bullish, showing low temperatures and no rain. A loud cry for rain is going up from the Central and Eastern portions of the cotton belt. The market remained uniformly dull through the session. In the trading July first lost 14 points at 13.94, recovered to 14.01 and finally declined to 13.91; October lost 6 points at 11.09, recovered to 11.14 and declined to 11.09. The market closed weak with net losses on the old crop positions og 16@17 points and 5@7 points on the new.

PEOPLE'S VOICE WILL BE HEARD

Plans Committee Recommends That Delegates be Voted for Directly.

The Plans Committee of the City Democratic Committee has night perfected the draft of a plan for the primary to be held on May 24th to select delegates to the State Convention and it will be reported to the full committee and adopted at the meeting of the latter body at Murphy's Hotel to-night.

The plan agreed upon provides that the names of those desiring to represent the city shall be printed on the ballots and that the votes shall be cast directly for them, instead of for the presidential candidates. The Plans Committee agreed also upon the apportionments of the sixty-one delegates to which the city is entitled in the convention. Clay Ward gets the largest number and Henry the smallest. The former will have thirteen and the latter six. There will likely be a fight in the full committee to-night over Mr. Hughes's resolution to have an expression of the voters on the State primary principle when the delegates are elected. A full attendance of the committee is anticipated.

NO COLORED BARTENDERS

Bartenders' League Passes Rule Excluding Darkies.

(By Associated Press.)

ROCHESTER, N. Y., May 12.—The delegates to the convention of the Hotel and Restaurant Employes' International Alliance and Bartenders' International League to-day unanimously adopted a resolution that no charter be granted hereafter in any city to the colored bartenders in the States of Kentucky, Tennessee, Missouri, West Virginia, Virginia, North Carolina, South Carolina, Georgia, Florida, Alabama, Arkansas, Texas, Oklahoma Territory and Indiana, unless by permission of a majority of locals, and that no colored bartender be permitted to work on a traveling card in any of the States mentioned. This last provision is intended to strike down the employment of colored labor in buffet railroad cars. One reason given for the adoption of the resolution is that colored bartenders in the South are unskilled workmen.

SAM JONES DRAWS WELL

Five Thousand Men Hear Him Preach Against the Liquor Traffic.

PROHIBITION CAMPAIGN

A Petition to Mayor and Board of Aldermen Was Unanimously Signed.

(Special to The Times-Dispatch.)

GREENSBORO, N. C., May 12.—An immense audience attended last night at a special meeting for men at the Banner Warehouse to hear Sam Jones preach a special sermon. Fully five thousand men were present. Before the service, Rev. Dr. Turrentine gave the audience an opportunity of subscribing a fund to compensate the evangelists, Jones and Stuart, for their services here during the two weeks of their meetings, which will close Friday night. Eleven hundred dollars were contributed in a short while, Mayor W. H. Osborn and Mr. J. A. Odell leading the list with $50 each, many with $25, others with $20 and a great many with $10, while the $5 men rallied manfully to the call.

AGAINST DISPENSARIES.

The sermon last night was on the subject of the love of God for man, and was free from abuse except when he reached the whiskey question, when he poured hot shot into saloons and dispensaries, saying among other things that a preacher who advocated a dispensary was far beneath a man who sells liquor in a licensed saloon, and that a preacher who wouldn't work to run whiskey out of a town was the devil's own little billy goat.

He said he despised a dispensary because it was a place where the church and State were joined together to sell liquor. He preached nearly two hours, winding up with asking all who were in favor of prohibition in Greensboro to stand up. About a thousand stood up.

PROHIBITION ELECTION.

A petition, which, he said, would soon be presented to the Mayor and Board of Aldermen, asking for an election on prohibition to be held this summer, was read, and will be presented for signatures at once for the city authorities to act upon. It will be seen from this that Greensboro will be soon in the throes
