MARKET PICKS UP AND PRICES RISE

Recovery, However, Did Not Extend Very Far at First and Closing Was Irregular.

PEACE RUMORS INFLUENTIAL

Harmonizing of Interests in Railroad World Had Decided Effect on Sentiment.

(By Associated Press.)

NEW YORK, March 29.—Prices moved upwards again to-day on the Stock Exchange and the advance was notable in view of the downward swing which has been in progress since the first of the week. The recovery did not extend very far at first, and the animation died out of the market to a marked degree. The speculative demand was restrained by the immediate outlook in the money market, which is such as to threaten inconvenience to borrowers unduly extended and dependent on call loans. The immediate influence on the call money market was the placing of subscriptions for the $75,000,000 installment of the Japanese loan. It was believed in the banking world that at least $7,000,000 or $8,000,000 would be involved in deposits on subscriptions. The call loan market to-day showed the effect of this preparation on the 4 per cent. rate at which money was loaned even early in the day. Peace rumors were again a decided influence on the world's security markets, and London was a buyer here as a reflection of this influence. The announcement of the Pennsylvania bond issue was according to expectation, and the co-operation in the underwriting of the two great banking houses which are most representative of the rival lines of division in the railroad world, was of decided effect on sentiment as a sign of the harmonizing of interests. Union Pacific rebounded strongly as a result, and this had a notable sympathetic effect on the whole market. It had been feared that there would be a flurry in call money late in the day, and when this failed to develop the market took on new strength and animation and went to the best prices of the day. The closing, however, was irregular and rather dull.

The striking advance in the Wabash debenture B bonds on the contention of a committee of bondholders for an exchange into a fixed interest bond was the feature of the bond market. The total sales, par value, $3,090,000. United States 3s, coupon, advanced 1-4 and the new 4s 1-8 per cent. on call.

The total sales of stock for the day amounted to 895,500 shares.

MONEY AND EXCHANGE—CLOSE: Money on call strong at 2½@4 per cent.; closing bid, 3 3-4 per cent.; offered at 4 per cent.; time loans, firm; sixty days, ninety days and six months, 3 1-2 per cent.; prime mercantile paper, 3 3-4@4 1-2 per cent. Sterling exchange steady with actual business in bankers bills at $4.85.85@4.85.90 for demand and at $4.83.90@4.84 for sixty day bills; posted rates, $4.84 1-2@4.85 and $4.86 1-2@4.87; commercial bills, $4.83 5-8@4.83 3-4. BALTIMORE, MD., March 29.—Seaboard Air Line common, 18@22; do. preferred, 39@39¾ bid.

COTTON MARKET.

NEW YORK, March 29.—The cotton market was not so active, but ruled generally steady to firm, with prices a little more than recovering yesterday's losses. The opening was firm at an advance of 4@7 points in response to steadier cables than expected and reports of rain in the belt. Yesterday's sellers appeared to be covering, and with offerings for spot account checked by reports that Southern holders were not willing to follow in the decline in futures, prices gradually worked higher on continued covering, a little demand through spot houses and support by local bulls. The best point was reached in the late trading, and the close was very steady, within a point or two of the best, or net 14@16 points higher. Sales were estimated at 150,000 bales.

Port receipts were smaller than yesterday, but more than four times last year's, and to-morrow's movement is expected to be heavy. Receipts at the ports to-day were 35,027 bales against 28,990 last week and 8,240 last year. For the week (estimated) 170,000 bales against 172,802 last week and 53,342 last year. To-day's receipts at New Orleans were 13,138 bales against 4,376 last year, and at Houston 16,410 bales against 1,877 last year.

Cotton futures opened firm and closed steady.

Futures opened quiet and steady at an advance of 4@10 points, influenced by better Liverpool cables than expected, heavy rains over the Western half of the cotton belt and unseasonable weather in the Northeast portion. Lynchburg Tobacco Market.

Lynchburg, Va., March 29, 1905.

Sales of loose tobacco on the Lynchburg market for the two weeks ending March 24, 1905, reported by John L. Oglesby, of Lynch's Warehouse:

Sold week ending March 17th, 578,800 pounds; sold week ending March 24th, 1,104,700 pounds; increase for week ending March 24th 525,900 pounds.

Sold from September 1st, 1904 to March 24th, 1905, 11,091,200 pounds; sold from September 1st 1903, to March 24th, 1904, 13,537,800 pounds; decrease for 1905, 2,206,600 pounds.

The receipts this week were the heaviest for the past two months. The tobacco was in good condition, except a considerable portion was in very soft order, which damaged the price to some extent. The quality of the offerings were generally good, being fairly well divided between common, medium and good, with some fine leaf and wrappers. Prices on all grades were about up to quotations, with the common grades quite active. The planters report about all of the plant-land burned and seed sown. The general impression is that about three-fourths of the acreage of 1905 crop will be planted.
