MARKET ANIMATED AND PRICES HIGH

Stocks Rushed Up in Last Hour to Highest Figures of Week.

THE BANK STATEMENT

Chesapeake and Ohio Reflects Strong Showing Made in Its Annual Report.

(By Associated Press.)

NEW YORK, September 16.—There was a burst of animation with the closing dealings in stocks to-day, making the last prices the highest of the week, and at considerable gains over last week's closing.

To-day's market was very dull until after the appearance of the bank statement, and was similar to its predecessors of the week in being largely professional in its character. The undertone was strong throughout as confidence was strong that the banks would manage to conserve their showing of a surplus reserve by the shifting of loans to the trust companies and other institutions, as was done last week.

The appearance of the bank statement justified this confidence, and was followed by the final outburst of demand, which made the strong closing. The loan reduction, while very heavy, was only about two-thirds as large as the unparalleled contraction effected last week. The decline in cash reserves was up to the common expectations.

The special strength of Canadian Pacific in the market was due to a report of an offer for the purchase of the company's land holdings. Chesapeake and Ohio reflected the strong showing of its annual report. Some special demand also continued for the Wabash issues.

The total sales of bonds, par value, amounted to $1,230,000.

The total sales of stocks for the day amounted to 324,100 shares.

BALTIMORE STOCK MARKET.

BALTIMORE, MD., Sept. 16.—Seaboard Air Line, common and preferred—Not quoted.

COTTON MARKETS.

NEW YORK, Sept. 16.—The cotton market opened easy at a decline of 2@6 points in response to lower cables, good weather and further pressure from local bears. There was considerable demand from the account of shorts, covering for over the week end, however, and the market following the call steadied a couple of points from the opening figures with October relatively firm and selling nearly even with December at a net advance of 4 points. Trading was moderately active at first, but the market later was very quiet.

Cotton futures opened easy and closed barely steady.

Cotton, quiet; middling, 10.75; gross receipts, 6,766 bales; sales, 491 bales; stock, 141,691 bales. Total to-day at all ports—Net receipts, 29,146 bales; export to Great Britain, 4,622 bales; to France, 1,000 bales; to the Continent, 20,863 bales; stock, 453,575 bales.

Consolidated at all ports—Net receipts, 29,146 bales; export to Great Britain, 4,622 bales; to France, 1,000 bales; to the Continent, 20,863 bales.

Total since September 1st at all ports—Net receipts, 419,532 bales; export to Great Britain, 96,739 bales; to France, 22,102 bales; to the Continent, 115,230 bales; to Japan, 500 bales; to Mexico, 100 bales.

NEW ORLEANS, LA., Sept. 16.—COTTON—Spot cotton in moderate demand; sales 800 bales, including 400 to arrive. Quotations unchanged.

Futures opened quiet and 3@5 points down. After the first call there was an advance of a few points, which was attributed to shorts covering. Later on there was a slight reaction, due to scalping longs taking profits. While all the news from the country is that the farmers are holding cotton tight enough, yet the holding does not seem to have the desired effect on prices, and the movement has not yet shown any signs of diminution.

Cotton futures steady. September, 10.10 nominal; October, 10.22@10.23; November, 10.25@10.27; December, 10.28@10.29; January, 10.35@10.36; February, 10.40@10.42; March, 10.49@10.51; April 10.51@10.53; May, 10.55@10.57.
